Dr. Glennon, Well-Known Hilltop Dentist, Dies In Home At Age 64

Dr. Walter H. Glennon, well-known Hilltop dentist, was laid to rest Wednesday in a quiet place of his own choosing, near where he and his wife and their two dogs used to spend long summer and fall afternoons roaming the wooded hills.

Dr. Glennon, 64-year-old native of Dalton, Mass., who spent half his life on the Hilltop, died in his sleep of a heart attack at [illegible] a. m. Sunday in his home, [illegible] W. Broad-st. His offices were also in his home.

Average Franklin Twp. Voter Caught In Crossfire Of Annex-Incorporation; Vitally Concerned On Hi School Issue

The average Franklin Twp. resident today finds himself betwixt and between — especially if he has school age children. He is caught in a crossfire between pro-annexation and pro-incorporation forces and at the same time is vitally concerned in another issue — the upcoming June 8 vote on a special $1,050,000 bond issue to build a new high school.

Friday, May 28, is his last chance to register if he has not previously done so and he is the object of a spirited get-out-the-vote campaign.

He finds that all leaders of the incorporation movement are pressing for the bond issue and that many of the annexation leaders are also working on its behalf.

Spokesmen for both sides are agreed that legal complications of either annexation or incorporation could drag on for many years; meanwhile the need for the new school is desperate and easily demonstrable with cold, hard statistics.

A late development that may or may not indicate a trend on the part of the county commissioners was the denial on Tuesday of the Joan Heights petition seeking annexation of 25 acres to the city of Columbus on the basis of Assistant Prosecutor Baxter Evans' ruling that the petition had been improperly circulated and that no proof was given as to the accuracy of the signatures or of the map submitted with the petition.

Boundaries of the territory covered by this petition include Valleyview-dr on the north, city limits on the south, Southampton-av on the west, and Algonquin-av on the east.

The latest public meeting in the township, that of the Franklin Township Citizens Association, Inc., was held Friday night in the South Franklin Elementary School, and was productive of much information on both the school and incorporation issue. Clyde Crandall is president of the association and agent for the recent successful vote for incorporation.

"I'm sold 100 per cent on the action-getting power of want-ads in your newspaper," Norman Green, manager of the Singer Sewing Machine Co. at Central Point, declared last week.

W. L. Stanfield of 2892 Briggs-rd is manager of the store, which opened Oct. 13. He has been with the company for seven years and came to Columbus from Ashland, Ky.

Richman's Stress Perfect Fit

One of the reason's for the remarkable success achieved by Richman Bros. is the close attention paid to fitting clothing perfectly, according to Fred Mink, manager of the company's Great Western Shoppers' Mart store, who is shown measuring a customer for a topcoat.

"We found long ago that the best satisfied customer is the one who receives a perfect fit, plus, of course, receiving full value in material and original workmanship," Mr. Mink said. Sixteen varieties of cookies await a lot of tickled palates at the Bar-B Bake Shop in Great Western Shoppers Mart and if your need for the moment runs to wedding or party cakes, you've still come to the right place.

Under the management of Dale Bachman, former Hilltop resident, the Bar-B Bake Shop makes special cakes to order for any occasion, dressing up the top with any sort of frosting design. Danish pastry is baked on the premises, as are all other baked goods. Each week a special cake is featured. Delivery is made on purchases over $5.

Bachman said that one wall of the store utilizes wallpaper of a western design in keeping with the over all motif of the shopping mart. The Bar-B Bake Shop is open six days a week from 9 a.m. to 9 p.m.

'Classmate' Children's Shoes Added By Schiff

A new line of children's shoes in Columbus—Classmate shoes—will be carried in the very near future by Schiff's shoe store in Great Western shopping center.

Cottons Galore At Cathy Shop

"Largest cotton shop west of downtown Columbus" is the claim made by Mrs. Hona Zahemy, shown at left above, for the establishment she and her husband, Alexander, operate near the Eiffel tower at Great Western.

Meyer J. Ruden, manager of Schiff's Great Western, said that he expects the quality line to make its debut in his store soon.

Ruden emphasized that his store is currently making room for new spring styles with a winter clearance sale, which will continue for several days.

One of the features of the store is "expert shoe fitting," said Ruden. Schiff's Great Western has its own X-ray machine which makes for errorless fitting.

Dr. Glennon, Well-Known Hilltop Dentist, Dies In Home At Age 64

Dr. Walter H. Glennon, well-known Hilltop dentist, was laid to rest Wednesday in a quiet place of his own choosing, near where he and his wife and their two dogs used to spend long summer and fall afternoons roaming the wooded hills.

Dr. Glennon, 64-year-old native of Dalton, Mass., who spent half his life on the Hilltop, died in his sleep of a heart attack at 6:30 a. m. Sunday in his home, 2582 W. Broad-st. His offices were also in his home.

A sight familiar to many Hilltoppers was Dr. Glennon airing his two beloved dogs at regular intervals during the day. One, a large Irish setter, he had had for more than 10 years and he had often ...

... include three sisters, the Misses Marcella, Gertrude, and Elizabeth Glennon, all of Springfield, Mass.

Services at 10 a. m. Wednesday in the Schoedinger Funeral Home were conducted by Rev. Floyd Faust, pastor of the Broad Street Christian Church.

Honorary pallbearers were Maj. Charles L. Hall, Dr. S. P. Cromer, Dr. J. W. Miles, Sr., Dr. J. W. Miles, Jr., Dr. J. B. Miles, S. E. Forney, O. C. Myers, Robert King, and Dr. Earl Simenson.

Active pallbearers were L. W. Byerly, Richard Chrisman, Frank Ongaro, Sherman Edwards, Carl Schulze, C. E. Distelhorst, Russell Carter, and Eugene Todd.

Average Franklin Twp. Voter Caught In Crossfire Of Annex-Incorporation; Vitally Concerned On Hi School Issue

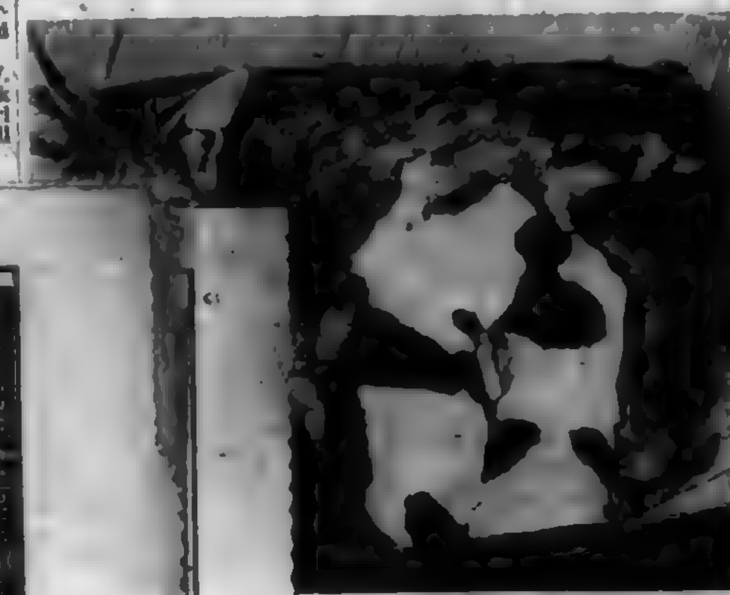
The average Franklin Twp. resident today finds himself betwixt and between — especially if he has school age children. He is caught in a crossfire between pro-annexation and pro-incorporation forces and at the same time is vitally concerned in another issue — the upcoming June 8 vote on a special $1,058,000 bond issue to build a new high school.

Friday, May 28, is his last chance to register if he has not previously done so and he is the object of a spirited get-out-the vote campaign.

He finds that all leaders of the incorporation movement are pressing for the bond issue and that many of the annexation leaders are also working on its behalf.

Spokesmen for both sides are agreed that legal complications of either annexation or incorporation could drag on for many years; meanwhile the need for the new school is desperate and easily demonstrable with cold, hard statistics.

A late development that may or may not indicate a trend on the part of the county commissioners was the denial on Tuesday of the Joan Heights petition seeking annexation of 25 acres to the city of Columbus on the basis of Assistant Prosecutor Baxter Evans' ruling that the petition had been improperly circulated and that no proof was given as to the accuracy of the signatures or of the map submitted with the petition.



Boundaries of the territory covered by this petition include Valleyview-dr on the north, city limits on the south, Southampton-av on the west, and Algonquin-av on the east.

The latest public meeting in the township, that of the Franklin Township Citizens Association, Inc., was held Friday night in the South Franklin Elementary School and was productive of much information on both the school and incorporation issue. Clyde Crandall is president of the association and agent for the recent successful vote for incorporation.

Sold On Want-Ad Selling Power

"I'm sold 100 per cent on the action-getting power of want-ads in your newspaper," Norman Green, manager of the Singer Sewing Machine Co. at Central Point, declared last week.

He ran one of the small, power-packed ads in last week's papers worded like this: "REAL BARGAIN! SEWING MACHINE for unpaid balance. This machine carries new guarantee with tremendous savings."

Green said he was swamped with calls for home demonstrations . . . received more action from the ad in this paper than in all the downtown papers put together!

Take a tip from his findings and carry YOUR message into the homes of 32,000 families. Call RA. 1125 or GA. 8262 for courteous, swift, professional assistance in the best wording of your want-ad.

Crosby's, the shoe store with the largest display windows in Great Western shopping center, offers district shoppers nationally-advertised brands for men, women and children, Manager Dick Redd advises.

As manager of the only Crosby shoe store in the city, Redd said that he was happy to have the Red Goose brand of children's shoes as an exclusive line in Great Western.

Other well-known brands carried in Crosby's are Weyenberg, Fortune and Yorktown shoes for men; Barbie Debs and Roberta for women, and Friedman-Shelby workshoes for men.

The store also carries a complete line of shoes for all sports.

Leslie's Carry Better Line Of Women's Wear

Leslie's at Great Western Shopping Center carries a complete stock of junior and misses better dresses in nationally advertised brands.

Harry Wexner, manager of Leslie's, who has been in department store and ladies' apparel for a good number of years, said he has made a special feature of stocking "those usually neglected half-sizes."

Platex, Bobby Brooks and Jansen just begin the list of well known merchandise at Leslie's, Wexner said.

Boundaries of the territory covered by this petition include Valleyview-dr on the north, city limits on the south, Southampton-av on the west, and Algonquin-av on the east.

The latest public meeting in the township, that of the Franklin Township Citizens Association, Inc., was held Friday night in the South Franklin Elementary School, and was productive of much information on both the school and incorporation issue. Clyde Crandall is president of the association and agent for the recent successful vote for incorporation.

"I'm sold 100 per cent on the action-getting power of want-ads in your newspaper," Norman Green, manager of the Singer Sewing Machine Co. at Central Point, declared last week.

Dr. Glennon, Well-Known Hilltop Dentist, Dies In Home At Age 64

Dr. Walter H. Glennon, well-known Hilltop dentist, was laid to rest Wednesday in a quiet place of his own choosing, near where he and his wife and their two dogs used to spend long summer and fall afternoons roaming the wooded hills.

Dr. Glennon, 64-year-old native of Dalton, Mass., who spent half his life on the Hilltop, died in his sleep of a heart attack at 6:30 p. m. Sunday in his home, 2562 W. Broad-st. His offices were also in his home.

A sight familiar to many Hilltoppers was Dr. Glennon airing his two beloved dogs at regular intervals during the day. One, a large Irish setter, he had had for more than 10 years and he had often

include three sisters, the Misses Marcella, Gertrude, and Elizabeth Glennon, all of Springfield, Mass.

Services at 10 a. m. Wednesday in the Schoedinger Funeral Home were conducted by Rev. Floyd Faust, pastor of the Broad Street Christian Church.

Honorary pallbearers were Maj. Charles L. Hall, Dr. S. P. Cromer, Dr. J. W. Miles, Sr., Dr. J. W. Miles, Jr., Dr. J. B. Miles, S. E. Forney, O. C. Myers, Robert King, and Dr. Earl Simonson.

Active pallbearers were L. W. Byerly, Richard Chrisman, Frank Ongaro, Sherman Edwards, Carl Schultz, C. E. Distelhorst, Russell Carter, and Eugene Todd.

Average Franklin Twp. Voter Caught In Crossfire Of Annex-Incorporation; Vitally Concerned On Hi School Issue

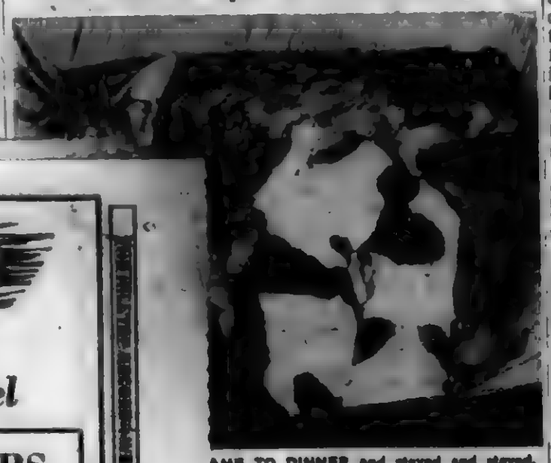
The average Franklin Twp. resident today finds himself betwixt and between — especially if he has school age children. He is caught in a crossfire between pro-annexation and pro-incorporation forces and at the same time is vitally concerned in another issue — the upcoming June 8 vote on a special $1,058,000 bond issue to build a new high school.

Friday, May 28, is his last chance to register if he has not previously done so and be in the object of a spirited get-out-the vote campaign.

He finds that all leaders of the incorporation movement are pressing for the bond issue and that many of the annexation leaders are also working on its behalf.

Spokesmen for both sides are agreed that legal complications of either annexation or incorporation could drag on for many years, meanwhile the need for the new school is desperate and easily demonstrable with cold, hard statistics.

A late development that may or may not indicate a trend on the part of the county commissioners was the denial on Tuesday of the Joan Heights petition seeking annexation of 25 acres to the city of Columbus on the basis of Assistant Prosecutor Baxter Evans' ruling that the petition had been improperly circulated and that no proof was given as to the accuracy of the signatures or of the map submitted with the petition.



Boundaries of the territory covered by this petition include Valleyview-dr on the north, city limits on the south, Southampton-av on the west, and Algonquin-av on the east.

The latest public meeting in the township, that of the Franklin Township Citizens Association, Inc., was held Friday night in the South Franklin Elementary School, and was productive of much information on both the school and incorporation issue. Clyde Crandall is president of the association and agent for the recent successful vote for incorporation.

Average Franklin Twp. Voter Caught In Crossfire Of Annex-Incorporation; Vitally Concerned On Hi School Issue

The average Franklin Twp. resident today finds himself betwixt and between — especially if he has school age children. He is caught in a crossfire between pro-annexation and pro-incorporation forces and at the same time is vitally concerned in another issue — the upcoming June 6 vote on a special $1,058,000 bond issue to build a new high school.

Friday, May 28, is his last chance to register if he has not previously done so and he is the object of a spirited get-out-the-vote campaign.

He finds that all leaders of the incorporation movement are pressing for the bond issue and that many of the annexation leaders are also working on its behalf.

Spokesmen for both sides now agreed that legal complications of either annexation or incorporation could drag on for many years; meanwhile the need for the new school is desperate and easily demonstrable with cold, hard statistics.

A late development that may or may not indicate a trend on the part of the county commissioners was the denial on Tuesday of the Joan Heights petition seeking annexation of 25 acres to the city of Columbus on the basis of Assistant Prosecutor Baxter Evans' ruling that the petition had been improperly circulated and that no proof was given as to the accuracy of the signatures or of the map submitted with the petition.

Boundaries of the territory covered by this petition include Valleyview-dr on the north, city limits on the south, Southampton-av on the west, and Algonquin-av on the east.

The latest public meeting in the township, that of the Franklin Township Citizens Association, Inc., was held Friday night in the South Franklin Elementary School, and was productive of much information on both the school and incorporation issue. Clyde Crandall is president of the association and agent for the recent successful vote for incorporation.

Dr. Glennon, Well-Known Hilltop Dentist, Dies In Home At Age 64

Dr. Walter H. Glennon, well-known Hilltop dentist, was laid to rest Wednesday in a quiet place of his own choosing, near where he and his wife and their two dogs used to spend long summer and fall afternoons roaming the wooded hills.

Dr. Glennon, 64-year-old native of Dalton, Mass., who spent half his life on the Hilltop, died in his sleep of a heart attack at 6:30 a. m. Sunday in his home, 2562 W. Broad-st. His offices were also in his home.

A sight familiar to many Hilltoppers was Dr. Glennon airing his two beloved dogs at regular intervals during the day. One, a large Irish setter, he had had for more than 10 years and he had often requested his wife that she never part with him. The other is a black and white terrier, also a pet for many years.

Dr. Glennon, his wife Gerald-ine, and the two dogs often strolled in the wooded area surrounding Wesley Chapel Cemetery. The doctor was impressed by the quiet solitude and peaceful surroundings of the cemetery and on several occasions made the remark that he would prefer burial there.

Prior to coming to the Hilltop, Dr. Glennon had been a dentist in Westerville and Mt. Vernon. He was a graduate of the Starling Medical College, class of 1913.

In addition to his affection for his dogs, the doctor was also known for the fact that he maintained his office hours to suit his many patients' convenience. For that reason, he worked late at night many nights of the week.

His devotion to the outdoors and growing things and his ceaseless work at raising flowers made his home the corner of Broad-st and Burgess-av a garden showplace.

A veteran of World War I, Dr. Glennon was still a lieutenant colonel in the Inactive Army Reserve.

Survivors in addition to his wife include three sisters, the Misses Marcella, Gertrude, and Elizabeth Glennon, all of Springfield, Mass.

Services at 10 a. m. Wednesday in the Schoedinger Funeral Home were conducted by Rev. Floyd Faust, pastor of the Broad Street Christian Church.

Honorary pallbearers were Maj. Charles L. Hall, Dr. S. P. Cromer, Dr. J. W. Miles, Sr., Dr. J. W. Miles, Jr., Dr. J. B. Miles, S. E. Forney, O. C. Myers, Robert King, and Dr. Earl Simenson.

Active pallbearers were L. W. Byerly, Richard Chrisman, Frank Ongaro, Sherman Edwards, Carl Schulze, C. E. Distelhorst, Russell Carter, and Eugene Todd.

'Princess' Adopts Two Collie Pups

THE PUPS WHO CAME TO DINNER and stayed and stayed. Princess doesn't seem at all perturbed by the fact that two of her nursing kittens are actually puppies. (Hilltop Record Photo)

The old saying "A Mother's work is never done" is practiced even in the animal kingdom.

Princess, a cat owned by Mrs. Luther Roberts, 1067 Harrisburg-pk, has stretched out a helping paw to the family dog.

Mama dog was ill and had 10 puppies to feed. That's when Princess came to the rescue. Now Princess not only has her own three offspring to nurse and raise but also two border collie pups.

The kittens and puppies were born within three days of each other.

Question: Will the pups bark "bow-meow" or merely purr when they grow a little older?

Terry also was awarded a $150 scholarship by the Northwest Kiwanis at commencement Monday evening. Its award was based on scholarship, character, leadership, and community service.

Hilltoppers Have Roles In Staging Annual Cycle Races Of Newsies

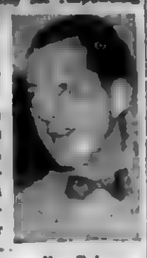
Water Shortage Melody Heard Probably Last Time On Hilltop

Hilltoppers heard an old familiar refrain Tuesday: A warning from the city water department that unless they curtailed sprinkling to save water they would be confronted with low water pressure or even lack of water, Tuesday evening.

City Water Superintendent Paul C. Laux said that the two tanks which store 5 million gallons each failed to fill Monday night because of the heavy sprinkling Monday and water diverted to fight the Northside Lumber Co. fire.

It will be a different tune after June 15 when a 12-inch main in Hague-av will be connected with a new 36-inch West Side force main. The entire 36-inch main project will be completed about July 15, it is hoped, providing the West Side with an additional 15 million gallons of water per day.



Hilltop Lions' Paper Sale Most Successful One Club Ever Held

The noon luncheon auction and the evening street sale of The Hilltop Lion's Tale netted some $4600 to mark the most successful annual newspaper sale ever of the Hilltop Lions Club, it was announced yesterday by Lion President Al Dailey.

Dailey, who was in charge of the auction, which took place at a combined luncheon of the Hilltop Lions and the Hilltop Kiwanis Clubs in the Colony Restaurant, announced that this portion of the sale alone netted $1700. By actual count, 112 attended the auction.

Clarence Latham, well-known Hilliards auctioneer, got top prices for the "first editions" of the newspaper, which Daily described as the "best ever in format, content, and advertising support."

In announcing results of the sale, Daily praised the efforts of Ron Jones as general chairman; Co-chairman Carl Holland, who was in charge of advertising; and Ron Greene, who served as editor. He also lauded the advertising support given by many Hilltop merchants and tossed a bouquet to the entire Hilltop community for responding so generously to the volunteer sales force.

Hilltop Confederate Cemetery Repairs Being Considered

Efforts of Camp Chase Post 98 of the American Legion to secure needed repairs and renovations at the Camp Chase Confederate Cemetery on Sullivant-av, were apparently near success this week.

It was learned that the approximately $2400 previous surveys and plans had shown necessary to lay a concrete sidewalk and repair the entrance steps is contained in a civil functions bill currently under consideration by the Senate Appropriations Committee.

In 1950 the Legion post resolved to request government help in the needed cemetery repairs. Mike Austin was named chairman of the committee and Larry Scales his assistant. Both are descendants of Confederate soldiers.

After several letters were written, the Second Army Engineers prepared specifications for the job. In 1951, the Army Engineers recommended that the sidewalk be laid over a 30-foot strip at the southwest corner of the cemetery. It took the government until October 1952 to obtain clear title to this strip. Then, the plans were approved.

VETERANS HOLD CARNIVAL

Veterans of World War I, Columbus Barracks 7, 697 S. High-st, will sponsor a carnival at Glenwood-av and Rich-st nightly through Saturday, May 29, with a special matinee Saturday afternoon. The carnival, which began Monday, features many rides for adults and kiddies and concessions, both managed by Gooding Shows.

West High's June Class Of 1943 To Hold Reunion

The June graduating class of 1943 of West High School will hold a combination picnic-reunion in the Westgate Park new shelter-house from 3:30 to 5:30 p. m. Saturday, June 5. Class roll will be taken at 6:30 p. m.

Of the 246 in the class, some 25 have still not been contacted. Members knowing of the present whereabouts of class members who have moved recently or who are now living out of the city are asked to contact either John Brown at JO. 8213 or Margie Wharton, reunion chairman, at WA. 7400.

Those wishing additional information on the event may also contact the above named.

LIBRARY SUMMER HOURS

Summer hours will be in effect at the Hilltop Branch Library starting June 1, it was announced yesterday. Under the new schedule, the library will be open week days from 9 a. m. to 5:30 p. m. and from 9 to 9 on Saturdays.

Memorial Day Rites Planned

Camp Chase Post 98 of the American Legion will sponsor special Memorial Day services for fallen veterans at 1 p. m. Sunday, May 30, in Sunset Cemetery, with Rev. George Taylor as the speaker. Immediately afterward, the group will go to Alton Cemetery where the Rev. Paul Milhelm of the Bethlehem Lutheran Church will officiate in similar rites.

Time of both memorial services was advanced in order to permit Legionnaires and others taking part in the rites to attend the dedication services at Hope Memorial Presbyterian Church, which are scheduled to begin at 2 p. m. (For story on church dedication, see Page 7).

STILL HAS 'A SPOT OF TEA'

English Woman Enjoys Stay In Rome

Mrs. Annie Ellison of Albert Grove, Longside, Manchester, England, had to sail the broad expanse of the Atlantic Ocean and cross one-third of the nation to Rome, O., before cultivating a taste for Italian pizza pie.

That, of course, is only a humorous sidelight on the visit of Mrs. Ellison, a gracious and charming lady, to the home of her son-in-law and daughter, Mr. and Mrs. Karl Krohn, 110 Pasadena-av, Rome.

In addition to her new-found fondness for pizza, Mrs. Ellison has developed a liking for ice cream far beyond what she ever felt before. She attributes this, in part, to the variety of ice creams served on the Queen Mary during her voyage which ended in New York on Apr. 27.

Waiting on the pier for her, in addition to her son-in-law and daughter were their children, five-month-old Bonnie Elizabeth, Mrs. Ellison's first granddaughter whom she had never seen; Harry, 7½ and Edmund, six. The meeting with the two boys was a reunion since Mrs. Krohn and her children were able to visit her mother four years ago in England.

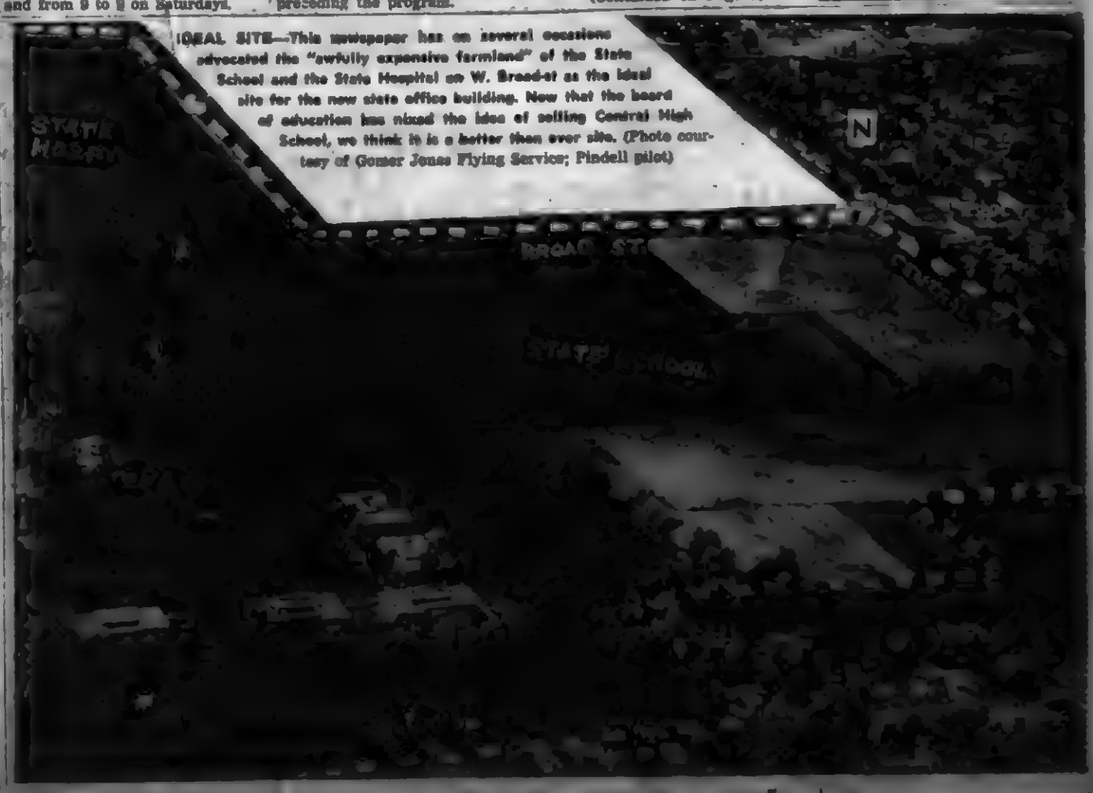
Through a porthole, Mrs. Ellison caught her first glimpse of the Statue of Liberty, which she describes as "a thrilling sight." And through the same porthole, she observed with joy the waiting Krohn family.

"What impresses me most about America? Let me see. I believe the beauty of the countryside, the vast number of private automobiles, and the large stores," answered Mrs. Ellison.

She added hurriedly, "The hospitality of the Yanks is wonderful. Why since I've been here I've been to three banquets, a turkey dinner, and my daughter's friends have taken me out riding several times. And I've only been here a month.

"It's just like the customs man at New York said, 'Have a swell time'."

Back in World War II, Mrs. Ellison made a special point in being hospitable to American soldiers. One of these turned out to be Karl Krohn, then in the air force, who later married her daughter. Mrs. Ellison still corresponds with many of the former GIs. Recently, two of them came back to visit her. Her son-in-law now works for the Ternstedt Division of General Motors.



ENGLISH GRANDMOTHER—Mrs. Annie Ellison of Manchester, England, holds five-month-old Bonnie Elizabeth Krohn, her first granddaughter whom she had never seen before, on her visit to the home of her son-in-law and daughter, Mr. and Mrs. Karl Krohn of Rome. (Hilltop Record Photo)

She has a son, daughter-in-law and small grandson in Manchester. Because of rough crossing weather in mid-winter, Mrs. Ellison is planning to make the return trip in October, "although I'd certainly like to spend Christmas with my 'American family.'"

Mrs. Ellisons visit has brought some changes in the daily life of several of the Rome housewives, too. Three of her daughter's friends, for instance, have recently bought teapots for afternoon tea, which is fast becoming a ritual with them.

When queried about tea bags and concentrated tea, Mrs. Ellison politely answered:

"It's alright, but I still think I prefer it in leaves."

IDEAL SITE—This newspaper has on several occasions advocated the "awfully expensive farmland" of the State School and the State Hospital on W. Broad-st as the ideal site for the new state office building. Now that the board of education has nixed the idea of selling Central High School, we think it is a better than ever site. SHELL COLLECTOR—Dr. Henry C. Shetrone of 3038 Crescent-dr, director emeritus of the Ohio State Museum, OSU, points to one of rarer shells in the representative display of mollusks from the far corners of the world he has loaned to the Hilltop Branch Library. The exhibit, which demonstrates the great variety of form and color found among the "jewels of the sea," is only a small portion of the huge collection owned by Dr. Shetrone. Retired since 1947, Dr. Shetrone is the author of several archeological books, including "The Mound-Builders." (Hilltop Record Photo)

KEY RITUAL—Among the rites last Wednesday afternoon marking the turning on of Columbus water to taps in Lincoln Village and the New Rome area was the traditional urn of key presentation. Here, New Rome Mayor D. J. Kunz, left, hands the keys to the new $155,000 pumping station to County Sanitary Engineer Deese T. Mitchell. Franklin Twp.—

(Continued from Page 1)

Crandall, who is chairman of the Franklin Local School District building committee, told an audience of some 80 residents, that the high school on the 40-acre tract at Demorest and Briggs-rds could be completed within two years of a favorable vote on the bond issue. Claude Yost has been named as the architect.

It was brought out at the meeting that the Davis project in the eastern portion of the township with 287 homes planned will add to the school problem.

Although Franklin Twp. high school pupils will still be allowed to attend South next year, Grove City has indicated that it will be unable to accept students. A few students from the Skidmore section will be accepted by West. In the following year, spokesmen said, there is no assurance that "foreign" high schools will be able to accept any township students.

Township Clerk Paul Wichterman listed the following chronology of actions concerning incorporation:

Apr. 5—Petition for incorporation presented to and accepted by the board of trustees; Apr. 8—Petition taken to Franklin County board of elections; Apr. 20—township vote on issue with incorporation forces winning; May 5—Trustees met to order transcript of election results; May 12—Transcript prepared; and May 13—Incorporation papers filed with county recorder.

Members of the Citizens Association were urged to be present at the County Commissioners' at 10 a.m. to oppose annexation proceedings on the following days:

May 25—Joan Heights (this one was denied at the hearing; June 1—352-acre tract from corporation limits to Briggs-rd and to the west; June 16—161-acre tract south of Valleyview; June 22 — 2300-acre tract west of Columbus, including both the Westinghouse and the General Motors plants in the petition boundaries; and June 29—strip south of Mound-st, which includes both Columbus Plastics and Nippert Electric Co. plants.

The attorney for the Citizens Association challenged the validity of the five injunctions filed Friday against the incorporation move on the basis that all the injunctions were worded the same and were mimeographed and that three of the five filing injunctions that day live within 100 numbers of each other.

He said it was his opinion that the annexation petitions must be heard and that the courts must decide the issue concerning incorporation. He declared that only the Joan Heights and Briggs annexation petitions were filed before the ...

Challenged also were two rulings by the county prosecutor's office on Friday on the grounds that they conflicted with each other. The association attorney said that the first ruling implies that if the annexation petitions are approved, the incorporation is set aside, while the second ruling set forth that the faction attaining jurisdiction in the township retains it until the courts finally settle the ...

It was made clear that if the court grants an injunction against incorporation, a move will get underway immediately to start a new incorporation campaign.

Injunctions that had been filed against the incorporation as of late Monday include those of Larry Hoye, of 656 Derrer-rd, Helen B. Jones of 745 Wilson-rd, Robert ...

Seen at Seiller's

by Sue Frodendall

That two weeks with pay will be coming along pretty soon now, so don't wait 'till the last minute to pick out your beautiful new glamorizing bathing suit. And believe me those suits Seiller's have will do just that. Of course they are famous make suits and they are all designed to bring out your best points.

The Jantzen people will tell you, the smoothest lines don't always come from men. The eye catching bra line is accented with smart stitching "Bewitchin' Stitchin'" they call it. The new Jantzen suits have added figure appeal this year with the new "Pellon" interlining to mold and hold your curves.

Seiller's also carry the famous Catalina line of swim suits, that come in many styles, the slenderizing, sleek smart style or the little girl bloomer type that is so sweet and feminine. Then they have the Sea Goddess and that's just what you'll look like in one. They are designed from a man's point of view.

There are so very many beautiful styles of swim suits at Seiller's, some designed to credit your every curve, others do a skillful job of minimizing an over abundance of curves, but all designed with one single aim, flattery. So before you choose any suit this year be sure to see Seiller's first. Ads.

Sunday Sermonette

"THE REFRESHING DIFFERENCE"
BY REV. R. L. TITUS
PASTOR OF IMMANUEL BAPTIST CHURCH.

"For we preach not ourselves, but Christ Jesus the Lord." II Corinthians 4:5. At the basis of all human philosophy is the preeminence of self or the ego.

That is the reason why human philosophy completely fails to satisfy the inner hunger of man's heart. The basis of the Gospel, the "good news" of Christ is the preeminence or exaltation of Jesus Christ as Lord. The reason why Christ is so satisfying to the heart of man is because in His demand for complete yieldedness to Him as Lord, we are put directly into the hands and at the disposal of the omnipotent God, with whom nothing is impossible.

"Believe on the Lord Jesus Christ, and thou shalt be saved, and thy house." (Acts 16:31) is the simplest expression of God's formula for salvation. Heading the list in this formula is the acknowledgement of Jesus Christ as Lord. The expression of this truth in actual life comes from the lips of the Apostle Paul when he says, "For to me to live is Christ, and to die is gain." (Philippians 1:21).

Rev. R. L. Titus

How refreshing! The difference between this and man's philosophy of self-accomplishment.

God Made the Supreme Sacrifice
This Sunday we honor those who gave of themselves for us—for our freedom. Such memories are sacred!
Jesus Christ, God Himself, gave His life voluntarily and suffered more than man could endure, to defeat the Devil, and to bring peace to your soul. (John 3:14-18.)
Hear of His sacrifice for you in our Church this Sunday.

Hilltop Y Indian Guides Inducted

WHOOPING BRAVES of the Hilltop Y Fathers and Sons Indian Guides are shown above dancing around the second annual campfire induction held by the local tribe, which was staged the night of May 21 at South Y Park. The little braves were authentically clad in Indian costumes they made themselves and wearing warpaint applied by their dads.

On the 21st night of the planting moon the Hilltop Y Fathers and Sons Indian Guides held their second annual campfire induction at the South Side Y Park. The approximately 125 dads and their sons attending represented the following seven tribes of the Hilltop Y: Wyandotte, Kickapoo, Cherokee, Miami, Delaware, Powhatan, and Shawnee.

Big Chief Frank Watts, of the Hilltop Y Indian Guide Longhouse, presided at the induction and was assisted by Assistant Chief Stan Ruoff and Pipe Bearer Bob Phillips. The Spirit Dancers, who are the little braves, presented authentic Indian dances and also displayed Indian costumes that they have been making during the past several months.

All big and little braves that had become members of the Y Indian Guides during the past year were inducted by the Big Chief of the Hilltop Nation. The two new tribes were formally inducted into the Y Father and Son Indian Guide movement and were presented their charter. Chief Orval Linebrink, Delaware Tribe, and Chief Dewey Parris, Powhatan Tribe, received the charter on behalf of their tribe.

The Y Indian Guides use as their motto "Pals forever with my dad (sons)". These tribes meet semi-monthly and are attended by the father and sons meeting in the various homes of the tribal members.

The slogan puts into a few words the object of the organization. Fathers and their sons of six to nine years join the Y together, use all facilities, and have their small organization to knit the family association together. The tribes are made up of not more than eight dads and sons, all from the same neighborhood. They take turns holding the meetings at their homes. To make it interesting the organization takes on the form and customs of the American Indian tribes. Tribes, in turn, are organized in councils so that larger group activities such as camping can be made available.

Meetings can be held in any interesting surroundings, depending on the choice of the host for the evening. It might be a wiener roast or a baseball game. They begin with a short ritual, based on Indian customs. Emphasis is put on individual participation by the boys. They report any interesting adventures or observations to the chief. They must earn their small dues and report how they obtained the wampum.

The remainder of the evening is spent in play or a project. Everything is done by teams of fathers and their sons. They may work together building a kite or a bird feeder, in games they are teammates.

Fathers are awarded for accomplishments and both adult and boy must pass their tests together so that both may win their feathers.

The fathers and sons live by the following code of the Indian Guides:

To be clear in body and pure in heart; to be pals forever with my dad (son); to love the sacred circle of my family; to be attentive while others speak; to love my neighbor as myself; and to seek the beauty of the Great Spirit's work in forest, field and stream.

Big Chief Frank Watts, chief of the Hilltop Y Longhouse, who in a great measure is responsible for the growth of the local movement, said "Through the Indian Guides the father gets more companionship and enjoyment in work and play with his son than normally rises in family life.

"One father told me that when his older boy was growing up he missed many opportunities to be with him. The tribe forced him to have a closer association with his younger boy and he realized all the pleasure he lost with the first boy.

"In this topsy-turvy world of today, the boys need the guidance and companionship of their dads. But more than they care to admit it, dads need the companionship of their boys to give a feeling of accomplishment and fulfillment of their family life."

Mayor Invites Comment On Package Bond Issue For Improvements

Mayor Sensenbrenner is asking the general public to express opinion on the package bond issue for improved recreation facilities, parks, slum clearance, and railroad crossing elimination.

The mayor proposed the 12¼ million dollar bond issue for next November's election. Opposition to the voting date has developed, contending that the election of county and state candidates might overshadow interest in the package bond issue, and contribute to its defeat.

With this in mind, Sensenbrenner decided to go directly to the people to ask them if they would, or would not, support the improvement program.

Vast expansion of recreation facilities, construction of new recreation centers, purchase of additional equipment for playgrounds, and many other things would go into the $2,408,000 recreation bond program. Urban Redevelopment would get $5,000,000 for continuing the road program to clean out slums.

The parks portion of the bond issue would total $3,053,000. This would give the city more parks and extensive improvements of present facilities. The mayor is seeking the opinions of his fellow citizens on this vital matter.

Opinions may be submitted to this newspaper in the form of letters to the editor. They should be signed and include the sender's address. However, name will be withheld upon request.

The best test of truth is the power of the thought to get itself accepted in the competition of the market.—O. W. Holmes.

3 Hilliards Chapter FFA Youths Are Honored With State Farmer Degrees

By Gene Planck

Hilliards Chapter Future Farmers of America was informed last week that three of its members had received the State Farmer degree, the second highest award that a Future Farmer can achieve.

Receiving the degrees were John Durban, George Woertz, and Charles Hart. To attain the State Farmer degree boys must keep accurate records, be officers of the chapter, and participate in various other activities.

In 26 years, the Hilliards Chapter has had 50 state farmers. The chapter also received three gold awards in parliamentary procedure, the chapter, and the extemporaneous speaking contests.

PUBLIC COMMENT

Three Of Four Hilltoppers Give Nod To Seaway Project

Despite recent headlines and international discussions of more than three decades standing, the Record found in its telephone "Public Comment Survey" this week that a large percentage of Hilltoppers were unaware of just what the St. Lawrence Seaway project involves.

Those who were up on the matter, however, had definite opinions about the effect the project would have on the nation's economy.

Grant Linn, 509 Wiltshire-rd. "I'm in favor of any national improvement and the St. Lawrence Seaway is certainly of tremendous importance in improving the nation's economy. There would surely be advantages to making inland cities into seaports."

J. L. McShane, 638 Binns-blvd. "I think it's a wonderful plan to enable sea-going vessels to come into the Great Lakes. It is certainly an advance."

Sam Young, 355 S. Eureka-av. "It is absolutely the greatest thing that has been passed for a long time. It is going be of enormous help to all the larger cities in the states bordering the Lakes to bring ocean travel inland."

Mrs. Howard Zarley, 2685 Wicklow-rd. "I'm afraid I don't agree that only good would come from the plan. A plan enabling seagoing vessels to get into the interior of the country could also be used for enemy ships."

Joe French Earns Whitney Foundation 'Opportunity' MD Interne Scholarship

Joseph H. French of 220 Highland-av, has received an Opportunity Fellowship for 1954 from the John Hay Whitney Foundation.

French, a student at the College of Medicine, Ohio State University, will begin internship at Philadelphia General Hospital. He received his AB degree from Ohio State University, where he was elected to Phi Beta Kappa and will graduate from the Ohio State University college of medicine in June.

French has served as research assistant, Ohio State Research Foundation; research assistant, Ohio State University, college of medicine, department of research medical; and medical extern, bureau of juvenile research, State of Ohio, department of public welfare.

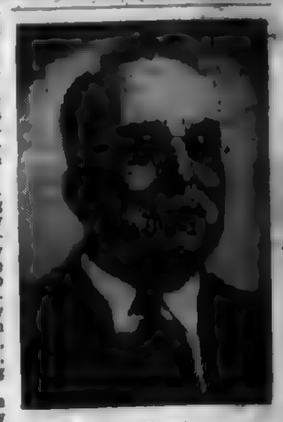
Those Eyes —

How Well Do You Know Them?



How's your perception and memory for details? Did you recognize the mystery eyes in this feature last week as belonging to Newton Thatcher, Hilltopper for nearly 50 years and county treasurer since September of 1949?

Thatcher, who lives at 2966 Crescent-dr, was born on Naghten-st on what was then known as "Irish Broadway." World War I interrupted his study of journalism at OSU, but he later returned to the campus and earned his degree in accounting and business administration. Later, he taught high accounting at Bliss College, and still later, for a six-month period in 1922, he published a weekly newspaper on the West Side.

He first entered politics in 1923. Immediately prior to becoming county treasurer, he was county auditor from 1936 to 1943 and before that he was deputy county auditor under his father, the late Arthur J. Thatcher, from 1933 to 1935. He is a member of the Hilltop Lutheran Church, University Club, Sertoma Club, English Speaking Union, Sigma Delta Chi, Franklin County Democratic Club, and the Franklin County Young Democratic Club.

Today's mystery eyes belong to a man, who though comparatively young, has been associated with a major Hilltop enterprise for nearly 37 years. He's a member of the West High class of 1925.

We'll only list a couple of his affiliations: Aladdin Temple Shrine and the Hilltop Kiwanis. One more clue is that while his off-duty pursuits include fishing and golf, his major hobby is his work.

She was breath-takingly lovely, this bride, and her wedding last Friday was a beautiful affair. But somehow I did not see her exquisite white wedding gown and veil and her as a "radiant, starry-eyed vision of loveliness" — to quote all the authors since there have been brides, and a description which fits this particular bride, incidentally. Instead, I kept seeing a small girl with an impish grin that has stayed in this old heart all the years she was growing up. Jo-Ann Heischman, you were a lovely bride but you were also a lovely little girl.

The kid answered 'Tarzan.'" . . . From Columbus: "One of life's embarrassing moments: When we crossed the Ambassador Bridge and the guard at the Detroit end asked me where I was born, I couldn't remember to save my life! Of course the joker in the car will never allow me to live that down, and tells all our friends I was too young at the time to remember." . . . From Mansfield: "Since TV, we seldom go to a movie, but last week a visiting relative wanted to go so we took her. Two gabby gals sat in front of us and they discussed everything from their husbands to Mamie's Easter outfit, in carrying voices. They were quite indignant when the people in front of them turned around several times, but it didn't stop them. Nothing did, till a man in their row leaned over and hissed 'Shut up.' They took the hint" . . . From Fr. William Conces, Plymouth: "Please pray for safe driving; for yourselves and others."

LETTERS TO THE EDITOR

Editor
The Hilltop Record
2465 W. Broad St.
Columbus, Ohio
Dear Sir:

There has been a proposal made to transform the old Memorial Hall building into a composite Planetarium, Franklin County Historical Society, Music Hall and Recreation rooms for the aged.

If adopted, the proposal will be finally decided upon through a bond issue in some future election.

The plan has drawn much favorable comment because of its social and educational value.

Due to the fact that there now is no Planetarium in this entire state, I believe one is definitely in order.

If this project is undertaken, many school children, scout troops, clubs, and various other organizations will undoubtedly make numerous trips to the Planetarium yearly.

The growing interest in the stars and planets and their apparent motions in the heavens is readily seen in our present and future parents.

There is an ever increasing demand for education in astronomy, above and beyond that which is usually taught in the science classes of our schools.

A great number of our young people anywhere from 7 to 17 also turn to science fiction in comic books in lieu of authentic material.

Let it not be said that the people of this state were not given adequate equipment with which to pursue a fascinating and informative subject.

If there is anyone interested in a Planetarium for our state or in joining the Columbus Astronomical Society, contact Mrs. Ruby Charlton at 642 Joyful-st, RA. 7067, or join members of this Society the first and third Saturdays of every month for open house at the McMillan Observatory on the OSU Campus.

Dear Editor:

If you think the poem below worthy, I would like to see it in the Record.

ODE TO CENTRAL HIGH SCHOOL
(With Apologies to the ghost of Dr. O. W. Holmes)

Go, sell old Central High School now!
It's served its youthful zest,
And many a boy and girl have won,
For learning was their quest;
Along its silent halls will walk
The ghosts of many a year,
While office-city ne'er-do-wells
Would laugh at a failing tear.

Her halls once rang with joy and fun
Throughout the livelong day;
Her students worked with might and main
To make their learning pay;
But now we hear no sound of fun,
Nor shout of victory;
Some human harpies now would pluck
The eagle of the free.

So, sell old Central stone by stone;
Forget the children's need
Of teachers, health, and sympathy,
Make them the spawn of greed;
Give to the State, Old Central High;
Turn out the girls and boys;
Our grand old State must have the site
To house more "office-boys."

Sincerely,
Elzie RadeNiffe
64 S. Central-av.

NO PLACE LIKE THE RICE HOME!

40 Kids Call Them 'Mom' and 'Pop'

"MOM" RICE helps her "current" family with their homework. Seated left to right are Wayne Rice, 14; Judy Jaynes, 9; Annie Havelec, 6; and Phyllis Rice, 13.

By Louise Pohlmann

Most husbands and wives feel that they have done their duty by the next generation when they have reared their own brood, be it large or small. But out Hilliards way, Mr. and Mrs. Nelson Rice who live on Hilliards-Rome-rd, just north of Roberts-rd, have joined in making homes and providing love, training and a priceless feeling of security to 40 youngsters.

Beginning with their own, one his, one hers, and a niece of Mrs. Rice's, and helping out with children of relatives, they branched out in 1940 to caring for and supplying real home-living for children from broken homes, sick children, well children, tiny tots and school-aged children.

Not including those directly related to them, this couple has served as parents to 22 children.

It's "Mom" and "Dad" with every youngster they've ever had. Just now there are four young ones in the roomy Rice house. There is a big yard for play; and chores, housework and an endless variety of things to do and learn about living in an atmosphere of affection and understanding of children's needs.

There have been as many as eight children in the Rice home at one time, but, blessed with an instinctive understanding of underlying psychological factors in child behavior, Mrs. Rice has had few disciplinary problems.

She likes to have children who are related to each other because they feel more at home with someone familiar close at hand. But related or not they soon become as brother and sister to each other and as son and daughter to a man and wife they refuse to call "foster" parents. When they go into the Rice home to live, they become Rice's in a short while and it is as Rice they insist on being known.

Of course, eventually there comes a time when they have to leave, because they grow up and the agency which placed them can no longer keep them there. But wherever they go, whatever they do, they always keep in touch with "Mom," visit her on special days, write to her — report their problems and successes and hopes — and sometimes when they need money or help they write for them. And Mom and Dad Rice are proud that not one child they've cared for has turned out bad.

Farmers all their lives, Mr. and Mrs. Rice feel their richest crop has been the children they've sheltered and trained and sent out to take their places in their generation of Americans, worthy of the name.

Students' Corporation Closes School Year With A Good Profit

"Skool Daze Inc.," a practice corporation which has operated since February, closed the school year with a record of rapidly increasing [illegible].

Planned and set up by the advanced bookkeeping class under Mr. McElheney's supervision, the "corporation" obtained capital to finance its operations by selling shares of stock to members of the class at 10 cents each. By the end of the year, a profit of eight cents was realized on each dime's investment.

Officers of the corporation are Jerry Kaltenbach, president; Bill Upperman, vice-president; Marianne DeMary, secretary and Helen Patton, treasurer. Directors include Earl Porter, Jim Hetrick, and Nancy Suver.

The corporation dealt in a complete line of school supplies and extras, such as pennants, sweaters, and other articles.

The following poem has been contributed by a high school student who wishes to remain anonymous:

Wishes, like fishes, swim in the [illegible];
People who make them, they are such fools.
Fools for this reason, make wishes instead of working and gaining and using their heads—
Wish for a mountain, wish for a star;
Work and you'll get them, see how much better you are.
Wish for a love, that's true in all ways,
Be true to someone, you'll find that it pays.
Wishes are dreams that seldom come true
If they are granted, it comes mostly from you.
So see my dear friends, how silly they are —
Work for your wants and be better by far.

Games, dancing and refreshments were the order of the evening.

In charge of the affair were Mrs. Frank Gardella and Mrs. Gerald Lare, committee heads and refreshments; Mrs. Parker MacCarthy, games; Mrs. Stanley Robinson, Mrs. Robert Gard and Mrs. Glenn Anderson, decorations and Mrs. Jane Chenoweth, dance.

Hams for the banquet were donated by George Holliday of the Main Super Market and J. C. Montgomery of the Sinclair Service Station.

FIRST GRADERS of Mrs. Bessie Heskitts' were entertained with a party at the home of Kathy Call . . . Miss Caldwell's first grade took their lunch and spent a day at the zoo . . . Mrs. Johnston's second grade held a picnic at Tommy Call's home . . . Both fourth grades, chaperoned by their teachers, Mrs. Shaw and Mr. McBride, had a picnic lunch at the zoo . . . The two fifth grade teachers, Mrs. Smith and Mrs. Harsh, took their pupils on an excursion to the Ohio State Museum . . . Mr. Shaw's sixth grade took their lunch and had a fishing party and picnic along the river. They reported catching 50 fish . . . Hilliards Elementary played Norwich Special soft ball team Friday afternoon, winning by a score of 20 to 6.

THE WOMAN'S SOCIETY for Christian Service of Hilliards Methodist Church will hold its June meeting at the home of Mrs. Mae Swepston on June 1. The business meeting will convene at 10:45 a.m. Luncheon will be served at noon and a program will be presented in the afternoon.

VACATION BIBLE SCHOOL of Hilliards Methodist Church will be conducted the week of June 7 through June 11. Sessions will begin at 8:30 and close at 11 a.m. each day of the school. Because of the number of children to be accommodated, the classes will be held at the grade school.

CHILDREN from age four through the eighth grade will receive instruction. Because of the large enrollment, volunteer teachers are invited to contact Mrs. Mae Swepston who is in charge of the project. Mothers who have time to give, or high school girls interested in this enterprise will be welcomed in the teaching ranks. For mothers desiring to serve who have small children, a nursery will be conducted to care for the little ones.

Sewing Contest, Featuring Dresses Among Highlights of Grange Meeting

By Louise Pohlmann

Hilliards Grange held its regular business meeting on Thursday, May 13, with a good attendance. A sewing contest was held, featuring women's dresses. Mrs. Ackley of Plain City judged the entries and awarded first prize to Mrs. Boucher; second prize to Mrs. Greenwood, and third prize to Mrs. Yore.

Mrs. Greenwood, Worthy Lecturer, with Mrs. Bernard Reiselt, assisted by a group of youths put on a Mother's Day program. Mrs. Reiselt presented a cake to Mrs. Mary Kidwell as the oldest mother present. Each member was given a potted petunia. Refreshments of cookies and Kool-Ade were served.

Next meeting will be tonight when the first and second degrees will be conferred upon a large class of candidates.

JOB'S DAUGHTERS held its regular meeting on May 17 and elected the following officers for the coming term: Honorary Queen, Carol Sue Snyder; Senior Princess, Doris G. Yeater; Junior Princess, Jeanne Perry; Guide, Judy Reeb; and Marshal, Kathleen Rhoades. Installation of officers will take place on June 12.

GIRL SCOUTS Troop 301 held its regular meeting at the church on Monday evening and made frosted glass tumblers as the featured activity.

MR. AND MRS. HARRY LISK, children Donna and Donald, together with Sharon Andrews and Mr. Lisk's mother, Mrs. Brill of Lancaster and Reynoldsburg, called on Helen Shambaugh and the family of Walter Brown, Sunday of last week. J. C. Lisk was reported seriously ill following a severe heart attack sustained Thursday night of last week. . . . Mr. and Mrs. Harry Miller attended graduation ceremonies at St. James' School where their granddaughter, Karen Walker, is a student. They also attended the May Day Festivities on Sunday, over which Karen reigned as May Queen . . . Cleveland Turney has been not quite so well the past few weeks . . . Mrs. Jim Dougherty called on Mrs. Bob McAllister, Thursday afternoon.

COMMENCEMENT festivities at Hilliards High School were marred by serious injuries to one of the most popular members of the class of '54. Wib Walker, son of Mr. and Mrs. Wilbur Walker of Hayden Run-rd, sustained numerous cuts and bruises and back injuries when his automobile was in collision Saturday evening with one reportedly driven by Ray Brown of Plain City.

The Walker car was demolished. Hilliards emergency squad removed Walker to the village where his injuries were tended by Dr. George Hoeflinger. Extensive stitching was required to close up the cuts, the most serious being on the tongue. The extent of back injuries were not immediately determined but they were so severe that Walker was unable to attend formal graduation ceremonies. He planned to be on hand to receive his diploma, hoping to be able to go in the family automobile and, on the sidelines, so to speak, participate in commencement services.

THE JUNIOR HIGH GIRLS' CHORUS, sponsored by Mrs. Duncan, music instructor, held a skating party at Smith's Roller Rink as the final social event of the school year. Sixty-five girls and guests enjoyed the evening, chaperoned by Mrs. Lewis McCracken, Harold Willis, Mrs. Frank Carey, James Gibboney, Mrs. G. Lare, Mrs. Warren Weeks, Mr. and Mrs. G. Nicodemus and Louis Esposito.

SIXTY EIGHTH GRADE STUDENTS held their final assembly in the elementary school auditorium Thursday evening, May 20, in the presence of 300 parents and friends. The operetta, "Mulligan's Magic," featured the assembly billed as "The Greatest Show in Hilliards."

The cast consisted of Bob Sweeney as Mulligan, Ronnie McBrayer as Dick, Rosanne Wolpert as Dorothy, Nellie Gardella as Joan, Patty Ann Gard as Margie, Glen King as Jerry, Gary Shively as Slump, Carolyn Morris as Mrs. Jones, Danny Chenoweth as Teddy, Jeanette Earl as Mrs. Skinner, Darlene Gard as Eileen, Bill Salmons as Pete Nosey, Martha MacCarthy as Mrs. White, Sue Lare as Mrs. Whitcomb and Fred Kletrovets as Dan.

Three songs, "Hol-di-ri-d-e," "The Prairie Waltz," and 'Send Out Thy Light," by the eighth grade chorus, piano solos by Linda Gibboney and Carolyn Weeks and a tap dance by Sylvia Nicodemus also were presented.

Diplomas were presented by Supt. Hartsook to 60 students: Linda Giffity, Robert Kirk, Marvin Kurtz, Sue Lare, Martha Ann MacCarthy, Dorothy McFarland, Phyllis Montgomery, Sylvia Nicodemus, Henry Rings, Bill Salmons, Clarice Sparks, George Steuber, Dorothy Toy, Roy Thompson, John Vaughn, Joan Perkins, Larry Adkins, Nancy Armentrout, Joe Bee, Charles Cameron, Sue Campbell, Danny Chenoweth, Vivian Colliton, Carl Earl, Nelda Gaines, Frances Esposito, Patty Gard, Linda Gibboney, Robert Green, Allen Adkins, Nancy Anderson, Dawson Ball, Norman Bohlen, Linda Cameron, Billy Carl, Jimmy Clark, Roger Cramer, Jeanette Earl, Darlene Gard, Nellie Gardella, Mary Louise Gass, Larry Gesner, Carolyn Weeks, Ralph Wilt, Marvin Wright, Elo Salughter, Glen King, Fred Kletrovets, Judy Latham, Ronnie MacBrayer, Douglas Mathews, Carolyn Morris, William Nightingale, Stanley Robinson, Gary Shively, Paul Skaggs, Claude Springer, Bob Sweeney, David Wheeler, and Rosanne Wolpert.

THE ELEMENTARY SCHOOL cafeteria was the scene on Friday evening of a party given by parents to the eighth graders just finishing their school year. The room was attractively decorated in the school colors of blue and white.

Special Week-End Cards To Finish Beulah Park's Most Successful Season

Beulah Park will conclude the most successful spring meeting in its 31-year history with the presentation of a special week-end program with nine races scheduled for Saturday and a like number to be staged Monday, May 31.

E. W. Bury, racing secretary at the Grove City track, has written special conditions in an effort to arrange an attractive card for both of the holidays. Post time for both days will remain at 2:30 p. m.

Jockeys Billy Sackett and Guillermo Silva continue to battle for leading rider honors at the meeting. While they have far outdistanced the other reinsmen, they have never been separated by more than one victory. The lead has changed between them six times. On the other hand, Gale Osborne seems sure to walk off with his second title as leading trainer. Osborne's closest competitor is Herb Jolley, who trails by two in the conditioners' standings.

Frankness Pays Off With Repeat Used Car Sales, Says Bentley

Charles E. Bentley, used car sales manager for the two used car lots of West Side Motors at

Charles E. Bentley

1345 and 1311 W. Broad-st, has a personal policy that has paid off ever since he first got his feet wet in the automobile business at the age of 16 when he began selling Model-T's in Ironton, O.

Here's the way he relates the secret of his success: "I always try to be honest and frank with every customer. That way the company backs me up and I build up a clientele based on honest dealings. Remember that it is the repeat customer who is most important."

Proof of the soundness of his business philosophy is found in the fact that many of his current customers are those who purchased from him some 15 years ago when he first joined West Side Motors. Except for a short time during World War II when no cars were available Bentley has been with West Side Motors continously since he started there.

During his automobile selling career, Bentley has visited every state in the union except Florida.

He is a 32nd degree Mason and a member of Scottish Rite. Fishing is his major hobby and he usually manages to work a summer fishing trip to Canada or Michigan into his crowded work schedule.

Together with his wife, Pauline, Bentley resides at 107 S. Princeton-av.

West Cowboys Increase Pennant Possibilities By Whitewashing Linden McKinley Panthers 2-0

By Woody Owen

Southpaw Dana Deshler kept the 1954 pennant hopes of the West High Cowboys alive by twirling a brilliant, two-hit shutout on the home diamond against the Linden McKinley Panthers last Friday. Deshler kept all the Panthers from reaching third base as the Cowboys handed Linden McKinley a 2-0 whitewashing to avenge an early season defeat by the Panthers.

The game eliminated the Panthers from the flag chase.

The Cowboys scored their margin of victory in the home half of the fourth as Cobb was safe on Pollina's error, Vincent sacrificed, and Hughes doubled to left, scoring Cobb, and then scored on a single to right by Converse.

This week the curtain will ring down on the 1954 City League baseball race, with North and Central holding identical 7-3 records tied for first, followed by the Cowboys with 6-4.

The Pirates and Cowboys clashed on the riverside diamond Tuesday, with the Polar Bears paying a visit to ever-dangerous Aquinas.

Should North and West emerge victorious on Tuesday, May 25, the Polar Bear-Cowboy clash on the Powell-av diamond Friday could then decide the City League title. If the Cowboys should then defeat North and Central beat South on Friday, West, North and Central would then end up in a triple tie for the pennant.

But should the Pirates defeat the Cowboys and North whip the Irish, the locals could still give the Pirates the flag if they defeat North on Friday and Central triumphs over South, or if North and Central lose both of their encounters, the Cowboys could be the outright champs with an 8-4 record.

City League Standings
As of Monday, May 24

Team	W	L	Pct.
Central	7	3	.700
North	7	3	.700
West	6	4	.600
Linden	5	5	.500
East	5	6	.454
Aquinas	4	7	.363
South	3	8	.300

Fancy Fielding Featured In Hilltop Y Slo-Pitch Opener

By Harry Gresham

The Hilltop YMCA Slo-Pitch League, composed of men 30 years and older, opened with a barrage of base hits and some fancy fielding at the Westgate Park diamonds Tuesday evening, May 18. In the feature game, the Westway Post VFW won an extra inning game from the Hilltop Lions. Trailing 7-2 in the seventh, the Lions rallied to tie the score and send the game into an extra inning, only to see Pitcher Bob Zulauf single in the winning run with one out in the eighth. For the Lions, Grassie, Delon, and Al McFarland led the hit parade with three hits each while Bradley, Feaner and Lee Click were the leading swatters for VFW.

West Park Methodist won a hard-fought battle from Hilltop Kiwanis Club by the score of 11-6. For West Park, Bill Kuhn had a perfect day at the plate getting four safeties and scoring four runs. W. Dailey, Shoaf and Brechenridge each had three hits for West Park. Chuck Ditrick was the big gun for the Kiwanis "ten" with a two base blow. Ray McVay was outstanding in the field.

The defending champion New Rome team started off the season with a bang by swamping Hillcrest Baptist 17-2. The New Rome squad banged out a total of 22 safe hits with Jim Feaner and Verlyn Pyles getting four each. Frank Massey was outstanding in the field for the Hillcrest gang.

Westgate EUB slugged out a 17-3 victory over The Hilltop Record team to establish itself a definite title threat. Bob Arrasmith, at shortstop for Westgate, was outstanding both in the field and at the plate, pounding out four hits along with Manager Bill Williams. The top batsmen for the Record were Dixon, Richardson, and Davis with two hits each.

Tuesday, May 25, saw the following teams slugging it out:

Glenwood Methodist vs. Westway VFW; Hilltop Kiwanis vs. Westgate EUB; Hilltop Lions vs. New Rome; and Hilltop Record vs. Hillcrest Baptist. West Park Methodist (bye).

Hilliards School News

On Wednesday, May 19, Mr. Yocum, the driving instructor at Hilliards, officiated in the safe-driving contest the chapter held. FFA boys were the only ones to enter. Charles Spring and Barry Myers were the best drivers of the day. These two boys will enter the driving contest at the Franklin County Fair representing the Hilliards chapter.

The yearly installation of officers for 1954 was held at the night meeting on May 4, with the new president, Charles Hart, taking over. The last part of the year the chapter was lucky enough to have two student teachers from Ohio State University. Mr. Spiegel and Mr. Bischoff, student teachers, attended installation of officers at the May meeting.

Goal Of $20,000 Sought In Franklin County Mental Health Drive For Funds

The Franklin County Mental Health Fund Drive for $20,000 is underway as a part of the national campaign for $5,000,000 the local campaign being sponsored by the Franklin County Mental Health Association.

Nelson Lancione, campaign chairman expressed confidence that the local goal would be exceeded, because, he said, "these funds are urgently needed to support vital research and essential education for the prevention and effective treatment of mental disease. They will support efforts to secure early and proper treatment for all mentally sick people."

The slogan for this year's campaign is "Healthy Bodies Need Healthy Minds" stressing the idea that "total health means physical health plus mental health."

Lancione declared that, "while science has achieved miracles in combatting physical illness, it has neglected an important part of the total picture—mental health."

Chairman Lancione was enthusiastic in his praise of all those who are giving volunteer service to make this Fund Drive a success. "With the help of all of these community groups, everyone should have the opportunity to give to this urgent cause."

The police and sheriffs forces in many areas of the county are placing contribution canisters in the leading business establishments. Bakers with bread deliveries are distributing contribution envelopes throughout the residential areas. These gifts will then be mailed directly by the donors. Also a Special Gifts Committee will solicit individual contributions from interested donors. Anyone may mail his contribution directly to Mental Health Fund, [redacted] S. High-st, Columbus.

Assisting in preparations for the campaign besides committee members are many Girl Scout Troops whose help has been arranged for by Mrs. Margaret Stevens, project chairman. These troops have prepared canisters and envelopes for distribution, working in the recreation department of the Columbus State Hospital under the supervision of Mrs. Reynolds, recreation director. Hospital patients have also given invaluable help in preparing much of the material. And the Fraternal Order of Eagles is assisting with the store collections.

Tickets Available For Police 'Water Follies Of 1954'

A brisk ticket sale was reported yesterday by Sgt. Marty Winters and Jerry Malone for the "Water Follies of 1954," to be presented at the Fairgrounds Coliseum by the Police Athletic Association, Wednesday, May 26, through Sunday.

Tickets may be obtained at the box office at Heaton's Music Store on N. High-st or from any police officer. The aquacade, second ever presented in Columbus, is staged by Sam Snyder and features the largest portable pools in the world.

In addition to the swimming and diving exhibitions a musical revue accompanies the show and the two and one-half hour program is considered an outstanding evening's entertainment.

Proceeds of the show will be used to further physical development and welfare programs in the Columbus police department.

Community Christian Sets Annual Meeting

Community Christian Church will hold its annual church meeting Wednesday evening, June 2 with a pot-luck fellowship at 6:30, followed by the meeting at 7:30 p.m.

There will be election of officers, transaction of church business and annual reports from all church organizations. Final preparations will be made for the observance of the church's sixth anniversary on [redacted]

"Do you think there is any truth in the theory that big creatures are better natured than small ones?" asked the intellectual young woman.

"Surely," returned the young man addressed. "Just look at the difference between the Jersey mosquito and the Jersey cow!"

Construction Starts On '54 Parade Of Homes At Site On Sullivant Avenue

THE GOOD EARTH—It was a happy moment last Thursday when the first basement and sewer excavations were begun by the power shovel above at the site of the 33 homes which will make up the 1954 Parade of Homes near the Sullivant Avenue Airport. (Hilltop Record Photo)

33 Homes In Medium Price Range Featured

The first foundations for the 1954 Parade of Homes were dug last week at the site just west of the Sullivant Avenue Airport and south of Sullivant-av.

Work on the foundations of all 33 of the houses in the Parade, sponsored by the Columbus Home Builders Association, will be underway in the near future, according to Ken Corrigan, project chairman and vice-president of the home builders group.

Buttler Stewart, builder, [illegible] the honor of starting the basement of the first of the houses, all of which will be in the medium price range.

The 1954 Parade of Homes, which will be held Sept. 19-26, will mark the first time such a display of the building talents of the individual builders has been held on the Hilltop. The Parade was held last year on Astor-av east of Bexley. Included will be a number of styles from cottage to ranch-style.

One complete block will be laid out and blacktopped to provide a "neighborhood" atmosphere for the show, Corrigan said. Houses will be located on each side of the street. The site will not be open to the general public until the Parade begins.

Approval for tapping city water and sewer lines was granted last fall.

1903 CLASS REUNION

The 1903 graduating class of Central High School will hold a reunion at the home of Mrs. James W. Miles, 3000 Dublin-rd, on Saturday, June 5, starting with a 5 p. m. covered dish dinner.

For further information, Mrs. Miles may be called at KI. 3027.

Hilltop Church Of God Host To State Youth Convention

The annual State Youth convention of the Church of God was held at the Hilltop Church of God, 635 Whitethorne-av, Sunday evening, May 30, through Monday, May 31.

There were more than 300 delegates to the convention with around 400 in attendance. Elections were held and necessary business was transacted.

The local congregation entertained the many delegates. An attractive box lunch was prepared by the ladies of the local church and the entire group went to the shelter house in Westgate park for lunch and brief recreation on Monday.

Delegation Asks Hilliards Council For Street Repairs

Hilliards Village Council dealt with mainly routine matters at its May meeting held May 24 with the appearance of a delegation of Linda-rd residents presenting a request for the improvement of their street highlighting the session. The village solicitor was asked to work with the delegation to make the improvement effective as soon as possible.

All subdivisions developing new projects in the village will be required in future to post surety bond for construction of streets in the respective subdivisions to meet the specifications of Franklin County. Such specifications have been adopted as standard for the village.

It will cost more, in some cases, to tap village water lines in future. Council passed an ordinance raising the charge from $50 per tap for a maximum of 15 feet for three-quarter inch connection. All others shall be charged a minimum of $50 per tap plus the cost of labor and material.

Because of the heavy flow of traffic along Columbia-st, council decided to ask the Franklin County engineering department to post No Parking signs on either side of the street.

Council also adopted an ordinance authorizing the village to take membership in the Ohio Municipal League.

Barbara Clark Awarded Honorable Mention

Barbara Clark, 36 Dakota-av, a member of this year's graduating class at Starling Junior High School, was awarded an honorable mention certificate recently by the National High School Poetry Association. Her poem was first in the list of outstanding poems in "Young America Sings." Barbara is a member of the 9A English class of Mrs. Helen Bauers.

A three-day visit by farm folks from Australia was announced at the regular meeting of the board of trustees of the Franklin County Farm Bureau on May 26. The visitors will arrive by TWA at noon on July 28 and leave on the evening of July 29.

The first families to volunteer as hosts were Mr. and Mrs. Frank Wilcox of Galloway and Mr. and Mrs. Harry Linebaugh of Grove City.

Action By HBA Secretary Aids In Easing Broad-st Parking Problem

Those official-looking notices which many Hilltop motorists have been finding under their windshield wipers have attained the intended results.

At least that is the opinion of most "Heart o' the Hilltop" business men, who declare that shoppers looking for a spot to anchor their cars haven't had it so good in years.

At least partly responsible for this improvement in parking facilities is C. H. "Doc" Campbell, secretary of the Hilltop Business Association, under whose direction the notices were printed and subsequently affixed to cars parked on the thoroughfare during business hours. The notices called the attention of the car owner to the fact that his vehicle was parked in a time-restricted zone and that he or she would be in violation of the law if left there more than one hour.

Action by Secretary Campbell probably served a dual purpose, as it was taken after a clamp-down by city police officers, who began a check of motor vehicles parked on Broad-st. Some violators were given traffic tickets which cost the recipient $2; others took warning from the notices and possibly saved themselves the price of the penalty.

In any event, both business men and shoppers apparently feel that the notices have resulted in improved parking facilities for shoppers. And it's made the job of the traffic cop easier, too!

Commissioners To Rule Tomorrow On 352-Acre Annexation Petition

County Comissioners Tuesday stopped until tomorrow action on the proposed annexation to Columbus of 352 acres bounded by the city's south corporation line, Chambers-av, and Briggs and Demorest-rds.

The commissioners postponed until then a decision whether the annexation petition contains sufficient number of adult resident freeholders. They also must rule whether four errrors in the plat and description may be corrected.

Opponents led by Attorney Thomas W. Applegate filed affidavits withdrawing names of five persons who signed the original petition.

If they are accepted by the commissioners, there will be only three of 13 eligible freeholders asking for annexation, and therefore the petition will be void.

Meanwhile, Mrs. Thelma Neal, 367 N. Sylvan-av, agent for the annexation of 25 acres in Joan Heights to Columbus, declared that her petition had not been denied, as reported previously in Columbus newspapers, only postponed.

She said that within the next two weeks she hopes to have the necessary affidavit concerning the number of freeholders and their eligibility to sign the petition. After that, the commissioners will hear the petition.

Hilltop Resident Injured In Head-On Crash With Ex-State Senator Ford

Charles E. Gomer, 31, of 416 S Wayne-av, suffered a broken left hip when his auto was in collision with that of Evan P. Ford, former 10th District Democratic state senator, early Sunday on Rt. 33 near Hamilton-rd. Ford suffered a broken left hip and a brain concussion, a doctor at St. Francis Hospital, where the injured were taken, reported.

Also injured in the head-on crash was Paul Harris, 38, of Middleport, who suffered a bruised chest. He was treated and released. Condition of the other two men was listed as fair.

"THE LORD WILLING"

Mon-E-Bak Grocer Hopes To Rebuild Burned-Out Store

"The Lord willing, I'll rebuild again in the same spot," was the courageous statement of a 70-year-old grocery store owner in Mon-E-Bak Addition on Friday, May 28, only a few hours after a pre-dawn fire leveled his store and resulted in an estimated $10,000 loss.

George Hayslip, operator of the only grocery in the addition at 3567 Plainview-dr for the past 16 years, said many of his neighbors had asked him to rebuild just as soon as possible.

Here's the way Hayslip describes the fire:

"It started around 4 a.m. I guess the electrical circuit on a bell leading from the store door to our house must have burned through because we were awakened by the ringing.

"I saw flames coming out from underneath the meat case (it was later determined that an electric motor in the case was the probable cause of the fire) and started to break out a window so I could get in to put the fire out. Then I remembered that I'd read somewhere that giving a draft to a fire was the worst possible thing you could do.

"The firemen came almost immediately when we called Franklin Township Volunteer Fire Companies 1 and 2 responded to the blaze and a water wagon came in from New Rome.

"Right now I want to stop and take my hat off to those firemen. They did a wonderful job. And John Guy, Franklin Township trustee, even came out to see what he could do to help. When they started to run out of water, they concentrated on saving my house, about 20 feet away, and I think they kept damage down to about $200.

"It was burning at least for a couple of hours. I estimate my loss at about $10,000, but I had only $5,000 insurance.

"We just recently beautified the outside of the building and asbestos tiles we were planning to put down on the floor in a few days were burned up with the rest of it. The refrigerator that burned up was brand new, just two days old, and belonged to the milk company.

"My neighbors have been wonderful. Carl Whitacre especially was helpful in sifting the ashes to find the credit books."

Miss Frances Frey and Miss Avah Long both fled from the small apartment they occupied next to the store. They managed to save most of their furniture as neighbors hauled the pieces out of the apartment, but both estimated loss to clothing at about $100. The fire caused extensive damage to the three-room apartment.

SURVEYING DAMAGE—Franklin Twp. Fire Chief J. C. Moffitt at right points to electric refrigerator motor believed the cause of a blaze which levelled the grocery store of George Hayslip. At left below, Mrs. Louise Wolfe, daughter of grocery owner, takes part in search for charred credit books, all but one of which were found. At right below, neighborhood kids aid in checking furniture of Miss Frances Frey which was removed to field from an apartment near store to avoid damage. Left to right are David Latham, Miss Frey, Larry Swank, Bernie Lou Thompson and Robert McIntyre. (Hilltop Record Photos)

CORONATION—Marilyn Shroyer, daughter of Mr. and Mrs. Lowell W. Shroyer, 2553 W. Broad-st, was chosen queen of the eighth annual Slots Teen-Queen dance Friday night, May 28, at the Neil House. Each high school was represented by a queen candidate and a high light of the evening was the choosing of the Slots-Teen Queen for the coming year. Marilyn received a crown, a beautiful bouquet of red roses and the trophy cup. She is a junior at West High. (Hilltop Record Photo)

Tractor Want-Ad Attracts 35 Calls

It's a small wonder that Dr. H. H. Taylor, 3286 W. Broad-st, is this week's top booster for want-ads in this paper.

Last week he used one of the little "miracle salesmen" that weekly visits 32,000 families to sell a Model B Choremaster tractor, approximately a year old but in brand new condition. Included in the asking price of $125 were all the attachments plus seeder-planter.

"I never saw anything like it," declared Dr. Taylor. "I had more than 35 phone calls and I sold it to the second person who called. I'm sold on the fact that it pays to advertise in your newspaper."

Why not convince yourself of that fact to YOUR profit by calling RA. 1135 or GA. 3262 for courteous, skilled assistance in the wording of your want-ad?

LOCAL SLUGGERS in the Franklin County Kiwanis-sponsored baseball night at Red Bird Stadium, June 11, are shown above at a meeting held last week in the Colony Restaurant discussing plans for ticket sales. Members of the Hilltop Kiwanis baseball committee are, left to right, Joe Goodwin, public relations; Bob Schmidt, coordinator; Dick Richardson, executive secretary of the cooperating Big Brothers; Jim Henery, coordinator, and Otto Best, president of Hilltop Kiwanis. Proceeds of the game, which will see the Red Birds matched against Minneapolis, will send underprivileged boys to summer camp. Tickets are available from any Kiwanian. (Hilltop Record Photo)

The Hilltop Record society department is endeavoring to provide an enlarged and improved service to its many readers. In order to accomplish this and assure that weddings, engagements, club notes, and women's activities receive the attention in Record columns they so richly deserve, it has become necessary to restate sub mission deadlines for contributors.

Pictures which contributors desire to appear on these pages must arrive at the Record office by not later than 9 a.m. Monday for publication in the same week's paper.

Church notices and news of church activities must arrive not later than 8 a.m. Tuesday.

Deadline for the arrival of news of clubs and other women's activities has been set as 10 a.m. Tuesday.

Because of space and time limitation, only those contributors who meet these deadlines can be assured of fullest consideration for publication.

Ideally, wedding and engagement pictures submitted for publication should be glossy prints not larger than 5x7 inches. If pictures are larger and their owners will not permit them to be trimmed, a special engraving fee must be charged. Otherwise, the service is free.

Sunday Sermonette

"COMPLETE SALVATION

By Rev. Junius C. Wilber
Pastor of Church of God

"How shall we escape if we neglect so great salvation?" (Hebrews 2:3)

Throughout the history of mankind, God has developed and used

Rev. Junius C. Wilber

great men in providing victorious deliverance of various kinds to individuals, armies, peoples and nations.

The salvation from sin and satan through Jesus Christ is the greatest joy any individual or nation has ever had the privilege to enjoy. Noah and his family were delivered from the flood and destruction that came upon the wicked unbelieving antediluvians. They entered the ark and survived the flood, but sin remained with them. The ark was sufficient to save the natural lives of many more, but that generation neglected their salvation.

God used Moses to successfully lead the Israelites across the Red Sea; whereas, Pharaoh and his army drowned while pursuing the Israelites. This young nation was saved from Egyptian slavery, but remained in bondage to sin and disobedience. They proved to be faithless and godless, for they murmured against their godly leader, Moses. They turned from the true God to worship idols. Only two that came out of Egypt entered the promised land. They neglected their salvation and died in the wilderness of sin.

Today, many are neglecting the greatest salvation God has ever offered to mankind. It is being neglected by all classes of sinners. Infidels, blasphemers, self-righteous men, respectable worldlings and thousands of church going people are procrastinators. All need to give the more earnest heed to the gospel of Jesus Christ, which is the power of God unto salvation.

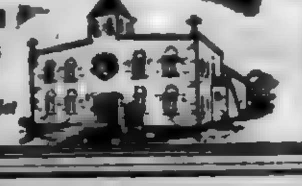
The salvation of Christ delivers all true believers from sin in this present world and from eternal death in the world to come. "Thou shall call his name Jesus for he shall save his people from their sins." (Matt. 1:21) He came unto His own (the Jews). His own received him not. But as many as received Him, to them gave He power to become the sons of God, even to them that believe on His name. (John 1:11, 12) How shall we escape, if we neglect so great salvation; which at the first began to be spoken by the Lord, and was confirmed unto us by them that heard Him."

About Cremation

Cremated remains are not ashes but fragments of bone structure. Cremation of today is vastly different from the method of yesterday. No preheated, crematory vaults. No ashes. No muscular contraction or body movement.

The body is prepared and casketed the same for a cremation service as for any other type of burial. The body is not removed from the casket, the casket is placed in the crematory vault without being opened after delivery to the crematory. The casket is cremated with the body. The cremated remains being calcareaus are heavy—the withered disintegration of the casket and the clothing being light are blown away by air leaving the cremated remains undisturbed.

After cremation the cremated remains may be left at the crematory until the surviving members of the family decide upon their final disposition. The urn with its cremated remains may be placed for all time in a niche in the Columbaria. When the original purchase price of the niche is paid, their is no further cost. A name ineffaceably engraved on a cast bronze urn and placed in a niche of a columbarium is a permanent memorial. A single niche carries with the purchase the privilege of transfer to a larger family niche later. When burial of the cremated remains is desired a suitable burial container may be had from the funeral director of the crematory.



Cremation is not a method of disposal of the dead, but is rather a method of preparation for permanent preservation.

Cremation is within the reach of all. It combines sanitation, economy and perpetuity as in no other form of burial. For further information call Sunset Cemetery and Crematory, ALtos 8-5855, 6959 W. Broad Street. Adv.

Topics OF THE Teens

Anytime you grow tired reading that young America is heading for the rocks, drop in here sometimes.

This particular meeting may go by any number of names. But in a general way, we'll call it a "town meeting for teen-agers"—and it's being held in the basement or conference room of a neighborhood church.

Listen in a minute. There's a lot of *pros* and *cons* being tossed about in here. Don't worry about that. Instead, hark back to your own teens when you were trying to get the world straightened out for yourself.

Here you'll hear current events, world and community happenings discussed as frequently as a page from the Bible. Good! For the Bible, as these young Americans are realizing, is much more than a book of ancient history. It is a set of precepts and principles that must be applied to the modern world—and *are* being applied right here.

As a good citizen yourself, you have a right to be proud of these church discussion groups. In them, a part of America's future is being forged by young people who believe wholeheartedly that the future belongs to those who prepare for it . . . now!

That our sons may be as plants grown up in their youth; that our daughters may be as corner stones. . . —Ps. 144:12

Rome Elementary School Safe Holding $320 Stolen

Burglars carried away a lightweight safe from the principal's office of Prairie Township School on Norton-rd, New Rome, early last Wednesday. The safe contained some $360 in cash, receipts from regular cafeteria sales.

Sheriff's deputies Tom Mahaffey and Don Hall discovered the loss during a routine check of the building at 3:40 a.m. They said thieves broke a window in a rear boiler room door, then went upstairs and to the principal's office. The theft occurred following a school party which ended about midnight.

RAINBOW DIVISION REUNION

A feature of the reunion will be the reading of more than 60 names at the memorial services.

Columbus Boy Scouts, Camp Fire Girls Preparing For Summer Camp

Have you ever gone on a "cook-out," built an Indian tepee, or made a leather belt? According to Virgil Barbee, camping and activities chairman of the Southwest District of Boy Scouts, and Mrs. Elmore C. Langdon, West District Leaders' chairman of the Camp Fire Girls, these are only a few of the skills that will be learned by young campers this summer.

Each year, the children that go to camp find new experiences awaiting them and because the work and play experiences of camping meet a great variety of childhood needs, United Appeal dollars have helped establish campership for the children of Columbus and Franklin County. The campership are available on the basis of need and further information may be obtained by contacting any United Appeal-aided recreation and youth agency.

Both the Boy Scouts, and the Camp Fire Girls rely on United Appeal aid and both are in the midst of preparations for the summer camping season which begins this month, with the boys going to Camp Lazarus and the girls to Camp Wyandote. According to Barbee, some of the children will have their first camping experience, but others will be "old hands" at this business of camp life.

For instance, 14-year-old Linda Metheney of 179 N. Warren-st, will be enjoying the seventh consecutive year that her parents have sent her to camp.

In the Camp Fire organization everyone knows Linda because she is one of its most active participants. In the winter she takes part in all the activities but what she really looks forward to is summer camp where she will not only learn new skills but will have fun planning and working on the camp program.

Right now, Linda is looking forward to camp, but next year, following a training period, she will become a junior counselor or "wolfe" as she will be called at camp. In another few years she will be welcoming new campers as a senior counselor and will help others enjoy their first camping experiences.

Boy Scout Camping Chairman Barbee feels that learning skills and games is always a part of camp life but that developing self reliance and initiative is also a very important phase of the camping experience.

Right now, hundreds of children in the southwest area of Columbus are eagerly looking forward to their first camping season. In another few years these same campers will be serving as junior and senior counselors and will help others to enjoy their first season of camp life.

Division Of Wildlife Asks Cooperation In Its Fish-Tagging Operation

Ohio's fish tagging program, directed toward proper management practices and the ultimate increase in the amount and size of fish to be harvested by fishermen is being conducted state-wide, including the Ohio waters of Lake Erie.

There are approximately a million people who fish in Ohio waters each year which represents a tremendous potential for the return of fish tags. If each of these individuals could be counted upon to cooperate in the return of fish tags, the problems involved would be greatly simplified and success would be fairly certain. After all, the fish tagging program is designed for ultimate benefit to the public.

If you catch a tagged fish, send the following information to the Ohio Division of Wildlife, Columbus, Ohio: The tag or its full description, where caught, date of capture, and length.

I KNEW HER

St. Peter was interviewing the fair damsel at the pearly gate.

"Did you while on earth," he asked, "indulge in necking, petting, smoking, drinking or dancing?"

"Never!" she retorted emphatically.

"Then why havent you reported sooner?" said Peter. "You've been dead a long time.'

Say there, Mr. Worker, take care of that scratch you picked up on the job. It may not hurt anymore and may have stopped bleeding, but remember, big infections from little microbes grow. The Safety Council of the Columbus Chamber of Commerce says: By using first aid instead of endurance, your family has you instead of insurance.

Cool, Dry Weather Shows Crop Growth; Farmers Await Rain To Plant Soy Beans

By Louise Feimann

COOL DRY WEATHER has resulted in backward farm development this past month. Most farmers are through planting corn but little if any has so far shown any growth, at least above the surface. Those farmers who planned to sow soy beans have been holding off until some rain should fall to moisten the ground and assist in early and uniform germination, John Russell of the Russell Grain Co. said.

MARC BROWN, 19, son of Mr. and Mrs. Walter D. Brown of Leap-rd, suffered painful injuries to the index finger of his right hand, last Wednesday afternoon, when the member was caught in a moving cornplanter and all the flesh stripped from the bone from middle joint to the tip. First aid was supplied by Dr. Henry Karrer of Dublin who sent the youth to Grant Hospital for further care.

The surgeons laid back a flap of skin on the abdomen and stitched the wounded finger, hoping to grow new tissues and restore to Brown the use of the finger later on. A freshman at Ohio State University, Brown hopes to be granted oral examination at the conclusion of the school year, due to his disability.

By an odd circumstance Brown was placed in the same bed in the same room of the same hospital where his uncle, George Matthews, was a patient for a heart attack just about a year ago.

Buckaroos Earn 17-5 Win Over Irish of Aquinas

West Junior High baseballers closed their 1954 baseball season Tuesday, May 25, by taking a 17-5 decision over Aquinas and finishing with a fine four win and one loss record in league competition. Their only loss was suffered at the hands of Everett in the opening game of the season.

The Irish counted three unearned runs in the initial inning and loaded the sacks with only one out in the second, only to have Kenny Clapsaddle relieve starter Larry Goodin at this point and halt the threat.

The Buckaroos took the lead with five runs in the third, only to see the Irish count twice to tie the score at 5-5 in the fourth. But in the home half of the inning, the locals broke the contest wide open by scoring nine times. Featuring the rally was a long homerun by Clapsaddle with two aboard and a triple by Price with the bases loaded. The home squad also added three more insurance runs in the fifth.

Featuring the locals' offensive with three safeties apiece were Brigner, Clapsaddle, Guiffi and Price, while Clapsaddle's relief twirling was outstanding.

Hilliards High Art Class Students Produce Outstanding Projects

By Billie Ann Orr

The art class at Hilliards High School is a small group of students united by a mutual interest in arts and crafts. Although limited in facilities they have been able to bring forth some fine work in the past school year.

The most difficult project was that of Joan Johnson. She created a Madonna in a Christmas scene. Joan is a senior and was one of two to receive mention at the annual school recognition assembly.

Another student, Nancy Hankins, spent three months doing a portrait in oils of a classmate, Marianne McCann. Nancy was the other student who received mention for outstanding work during the year.

Various students have experimented with the other materials provided. Rose Mary Collins and Fra Knapp produced paintings in watercolor while poster paint was used by Kathleen McKean for acsaic results.

Bulletin boards have been made by the art class, with plays, rallies, games, and seasons of the year stressed. A three-dimensional effect was produced by Carol Planck when she made a large red and white heart to cover the area for the week of St. Valentine's Day.

Special props for the class play were also made by the class. Billie Ann Orr, made papier mache bottles, six in all. Three had to be made breakable, therefore a combination of jagged pieces of papier-mache put together like a jigsaw puzzle was combined with plaster of paris. The final result was most realistic.

The Junior-Senior Prom created a new project for Junior students in the class. Again showing extreme originality with the limited supply of materials, they produced silver horseshoes set on small wooden pedestals in keeping with the theme of the evening, Diamond Horseshoe. They set up a dark-room in a storage room nearby and produced striking resemblances of many of the seniors in the form of black silhouettes. These were placed on a pale blue background for the evening of the dance.

At Easter, Ann Lou Moore tried her hand at coloring eggs. In order to preserve the eggs for later use she made papier mache ones and then painted them, dressed them in paper costumes and arranged them appropriately for a most interesting table decoration.

Several of the girls tried their hands at drawing house plans. That led to room arrangement and color schemes which the whole class enjoyed.

The one boy in the class tried his hand at heads of plaster of paris and clay, which were quite humorous when painted.

The Christmas season produced a class project as well as Joan's beautiful window mural. Everyone in the class, armed with potatoes and knives, began to make their own wrapping paper. They carved designs on potatoes which, when dipped in paint, was used as a stamp.

By combining designs carved into two or more halves of the potatoes most unique original Christmas papers were made. Wheels, stockings, bells, trees, and candles decorated the papers giving the entire art room a look of cheerful holiday confusion.

Although the students themselves created the final results, Mrs. Kellam deserves recognition for her leadership and encouragement. Mrs. Kellam attended Eastern Illinois State College. She also serves as the Girls Physical Education Instructor and GAA advisor.

PUBLIC COMMENT

Readers Agree Central High Building Should Remain School

Hilltoppers who were questioned this week on, "Was the board of education justified in refusing the request that Central High School site be used for the new State Office Building?", were in unanimous agreement that the building was badly needed for a school.

Mrs. Albert Grehl, 465 S. Eureka-av: "I certainly do not believe that the site should be used for a state office building. Central is the only high school we have that is centrally located. Columbus is short on schools now and there are so many youngsters growing up that they are going to need even more high school facilities than we do have. New school buildings take so long to build."

Mrs. George Greene, 2204 Amherst, "The high school should stay where it is. With the school building situation what it is, I can't understand why there has been talk of using the site for any other purpose."

Mrs. Nelson Mail, 2343 Sullivant-av: "It would be a waste of time and money to build a state office building on a site that is already being used for a school. Another location should be found. Sunshine Park could be chosen or the State School grounds. Although neither of them is centrally located, they aren't too far from downtown."

Mrs. Grace Smith, 644 Birmabivd: "Central high school is still a good building and I think it should remain where it is. We need a centrally located high school and I don't know where another one might be built."

Mrs. Robert Patterson, 606 S. Hague-av: "Central is the only high school we have in the downtown section and I believe it should be kept in that location."

Ohio C. Of C. Directors Hold Quarterly Meeting At Westinghouse Corp.

The regular quarterly meeting of the Ohio Chamber of Commerce board of directors was held Tuesday, June 1, in the new Westinghouse Electric Corp. plant here. The meeting included luncheon and a tour of the new plant and was held at Westinghouse at the invitation of C. L. VanDereau, vice-president of the Ohio Chamber of Commerce and general works manager for the Westinghouse Electric Appliance Division.

Hosts for the occasion were VanDereau and E. L. Smith, works manager, of the local plant. Following the luncheon, the board of directors held the business meeting in the plant auditorium.

Approximately 60 of the board's 80 members attended, among whom were C. I. Weaver, president of the Ohio Chamber of Commerce and director, Ohio Fuel Gas Company; Herschel C. Atkinson, executive vice-president of the chamber; and Robert W. Laylin, the organization's treasurer and a vice-president and trust officer of City National Bank and Trust Co.

BIKE RIDERS SUBJECT TO TRAFFIC REGULATIONS

Do you boys and girls who ride bicycles know that you must obey all traffic rules, just as automobile drivers do? The Safety Council of the Columbus Chamber of Commerce says: When riding at night, always keep your light on. And its a good idea to wear something white, too. You're safe at night—if you're always bright.

Trivial Notes
FROM THE
EDITOR'S DESK

We received a note and an interesting newspaper clip from Dr. Hobart E. Parkins, 1501 Arizona-blvd, 1E El Paso, Tex., concerning the work that "50 of us does down in El Paso have accomplished."

A dentist, "Doc" Parkins is formerly a resident of 2741 Ridge-av and his parents (evidently not convinced that Texas is the bestest) live at 203 Belvidere-av. He is an alumnus of Highland Avenue School and was graduated from West High in 1929 and OSU in 1[illegible].

According to the clip, the half a hundred doctors and dentists, fed up with offices in the crowded downtown district, got together with architects and engineers and had 10 buildings built to form a model medical center on a hillside site on the extreme tip of the Rocky Mountains within easy riding distance of El Paso's middle.

Numerous conveniences to patients, the beauty of the hilltop site, and the functional simplicity of design all contribute to the enthusiastic reception which the community has accorded the El Paso medical center.

Might be worth copying locally.

Wonder how many of our readers heard the take-off Gary Moore did the other night on the miserable people who work at the Brand X factory? According to cigaret manufacturers (not his brand, of course), Gary said that Brand X employes are forced to do such things as add harsh tars to cigaret tobaccos, throw in extra shots of nicotine, make certain that every "coffin-nail" is loosely-packed and check to see that no vintage tobaccos get into the product. We got to feeling so sorry for those poor workers of the tobacco industry that we've asked for Brand X every time we've gone to the cigar counter since.

As long as we're talking about advertising, I wonder how many of you noticed the extremely restful ad that's been running in the Saturday Evening Post. It has to do with relaxation and features beautiful colored pictures of several different animals and tells how they escape tension.

Here's a postcard we received almost a year ago, apparently from a private individual who has decided to further tolerance in a one-man campaign: "Manner of living and methods of doing things are more likely to be the real reasons for discrimination rather than different religious beliefs or racial lines." It's got some thought in it, hasn't it?

Since weve already plugged one other publication in this column, let's take our hats off to Life Magazine for the arty and comprehensive job they did a couple of weeks back when they devoted an entire issue to modern-day Germany. If you haven't read it yet, you ought to borrow a copy and read it cover to cover.

Birds woke me up this morning
at 4:30 a. m. and for some reason
brought to my mind a poem I
haven't heard in years:

A BREAKFAST BELL
At dawn a redbird never fails
To perch upon the hedge
Run through his lovely morning scales
Above my window ledge.

And snotches of his song I hear
As he warms up his throat
Dreaming and sleeping, both in turn,
I catch his trilling note.

But when triumphantly he sings
I know my little friend
Is calling me to breakfast now
And sleep is at an end.

HILLTOP BRANCH LIBRARY

'Space Club' Will Stimulate Kids' Summer Reading Desires

By Mildred Phaler

Flights of fancy into outer space will be the regular vacation reading itinerary for young patrons of the Hilltop Branch Library, from June 1 through Aug. 14. The Reading Club for the summer is a "Space Club" and members of the club become "Rocket Readers."

Purpose of the summer reading club is to encourage the reading habit in young readers. Teachers testify that reading during summer months is especially helpful in that it enables the young student to retain reading habits acquired during the school year. This is not a contest. Each child who joins the reading club and reads a minimum of 12 books during the summer will receive a reading certificate with his name on it. All books read are the free selection of the child, the only stipulation being that they are on his individual reading level. Reading certificates will be awarded at a party to be held Wednesday, Aug. 18, at 10 a. m. at the library.

To belong to the reading club, the child must have a library card. For the children who do not already have a library card, it will be necessary for the child to sign an application, which is taken home for the signature of one of his or her parents. When this application is returned, the child becomes a member of the library, and is allowed all its privileges. Parents may likewise become members of the library by signing a similar application card. A wide range of books and magazines, from sheer relaxation to more serious topics of the day, child care, home and garden care, business and recreation are available at your branch library. If the book you want is not in the branch collection, the main library usually has it.

Beginning June 1, summer library hours will be from 9 a. m. to 5:30 p. m. during the week. Saturday hours are from 9 a. m. until 9 p. m.

Until June 8, 12 paintings of Carolyn Bradley will remain on exhibition at the Hilltop Branch Library, 2956 W. Broad-st. Miss Bradley is a staff member of the school of fine and applied arts at Ohio State University and is well known in art circles, not only in central Ohio but over the country. Miss Bradley has just received the Margaret Pinnie Memorial Water Color Prize, offered by the Cincinnati's Women's Art Club. She is also represented in the National Association of Women Artists now showing in New York City, and has received prizes too numerous to mention.

LETTERS TO THE EDITOR

Editor, The Hilltop Record
2465 W. Broad St.
Dear Sir:

The familiar figure, Dr. Walter H. Glennon, who died May 29 at the age of 84, with his beloved Irish setter on a leash, has passed from the Hilltop scene.

Many is the person who has seen them and marveled at the size of the dog and the strength of the man leading him.

But Dr. Glennon, the man, has passed on to greater rewards. By no means is he forgotten.

And "Doc", the dog, remains to wonder just where his master has gone.

Although the doctor is gone he will long remain in the memory of us who knew him. He was a man hard to forget. One of those you meet once in a great while. A kindly, nice person who was a friend to those who would be friends and a man who believed in letting the other fellow have a break too.

Always he had a smile and a joke or two when you paid a visit to his dental office. You came away with the feeling that dentists were human after all.

His untimely passing has shaken all his friends. For "Doc", as he was affectionately called by one and all, was a man who took pride in his home and those about him. His place in this world will be hard to fill.

He will always be in the memory of those who knew him best.

To his widow, Mrs. Geraldine Glennon, goes the heartfelt sympathy of those who had the privilege of knowing "Doc".

A Friend

Editor, The Hilltop Record
2465 W. Broad St.
Dear Sir:

I am in agreement with your editorial stand that the grounds at the State Hospital and the State School are too valuable to be used as farmlands when the state is planning to buy additional land for an office center.

I live at 1494 W. Broad-st, directly across the street from the State School "gardens." I pay better than $60 each year tax on one improved lot and, on this basis, I know that this "expensive farmland" would be valued at more than $400 per acre if improved.

I'm certain that no matter how hard they work, they can't raise that much cabbage!

In addition, the gardens constitute a nuisance in that odors from the cabbage patch and fertilizers, as well as dust from plowing are noticeable and offensive throughout a huge area. The stench from the cabbage is especially offensive to those residents who otherwise would enjoy sitting on their front porches.

Even if the state can't see the economy in using this land for some other purpose, I believe that something should be done to do away with use of the land for farming.

Rabies Threat Makes Dog Immunization Necessary

Immunization of dogs is particularly important this year, according to Dr. Joseph H. Drayer, chief of the Columbus health department's division of sanitation, because of recent outbreaks of rabies in several localities, including one in southern Ohio.

All warm blooded animals are susceptible to rabies, including humans, but dogs are mainly responsible for its communication because of their mobility. They are more dangerous to humans because of their frequent associations with them.

Rabies is extremely dangerous because there is no known cure once symptoms develop. Rabies brings an agonizing death.

For these reasons, regulations concerning the immunization of dogs will be enforced more stringently than ever before. Dr. Drayer reported. The inoculation may be performed by any veterinarian, who then is required to give the dogs owner both a tag to be affiexd to the dog's collar and a certificate testifying to the fact of the inoculation.

Strays and dogs at large not exhibiting this evidence of an annual treatment will be picked up by the Humane Society. They will be taken to the Animal Shelter, where they will be retained for three days awaiting the owner's inquiry. If such action is indicated, a door-to-door campaign may be instituted to protect the community against an epidemic of rabies.

Theso Eyes —

How Well Do You Know Them?

Last week's mystery eyes shouldn't have been too difficult to identify. After all, practically everyone on the Hilltop has had occasion to pass the time of day with J. P. "Jack" Merriman, genial vice-president, general manager, and co-owner of Seiller's Department Store.

If they haven't seen him at the store, which he practically "haunts"

J. P. "Jack" Merriman

and considers his hobby as well as career, they've run across him at Hilltop Kiwanis, Aladdin Temple Shrine, or Hilltop Business Association. He's also a member of Hoge Memorial Presbyterian Church.

Three strikes and you're out! Batter up, boys and girls. It's baseball time again. But the Safety Council of the Columbus Chamber of Commerce says: If you play ball in the street a traffic accident can strike you out. Be a batter up on the playground—but don't be battered down on the street.

Here's a thought: The more you hear of safety the less you hear of accidents. The Safety Council of the Columbus Chamber of Commerce says it takes longer to report an accident than to prevent one. Drive carefully.

Glenwood Now Holding Practices For Three Knothole League Teams

Glenwood Recreation Center is holding practice for three teams to be entered in the Knothole Leagues this summer. All boys who desire to play on a baseball team this summer should plan to attend practice periods for their age group.

The senior team practices each Thursday afternoon at 3:45 at the Westgate Playground. The team is rounding into shape and won its first pratcice game over a neighborhood team managed by Bill Bryant by a 14-5 score. Only five innings were played, but the Glenwood team made the most of their 10 hits as Herb Brown and Paul Lombard collected three hits each in four "at bats." Mike Posey started on the mound for Glenwood and was followed by Bob Dixon and Paul Lombard. These pitchers held their opponents to 3 hits, but errors allowed four unearned runs. The next game will be today, June 3, against the West Side Red Sox.

The intermediate knothole team is holding regular practice sessions on Fridays at 4 p. m. at the center. More boys are needed to fill out this team and all those interested should contact the center office.

The junior and little league teams have been holding joint workouts on Tuesday and Wednesday afternoons at 4. There are many boys practicing for these two teams and strong teams are expected from these boys.

City's Indian Village Summer Camp Open First Period June 21 - July 3

For the 27th year the Indian Village Camp of the Columbus recreation department will be available for camping in 1954, with the opening date set for June 21.

The camp is open to both boys and girls, 8 through 12 years of age, and will consist of four (4) two week periods ending with Aug. 14.

Registrations may be made at the recreation department, Room 124, City Hall, and are now open for the first period lasting June 21 — July 2.

Through the courtesy of the Columbus Community Chest, campership are available for those deserving youngsters who may not be able to meet the nominal fee of $20.00 for the two-week period.

New Ball Field Is Being Prepared At Glenwood

A new ball field is being readied for the summer program at Glenwood Recreation Center. The maintenance crew of the city recreation department has started to level and drag the field just south of the tennis courts and it should be ready for summer use.

This field will be used for Little League baseball and both girls' and boys' softball. Since the distance from home plate to the end of the outfield is not great enough, the bigger boys on Knotbole teams will have to play their games at some other field close to the center.

300 Attend West's Annual All-Sports Banquet Last Week

By Woody Owen

Thursday evening, May 28, at the Seneca Hotel the annual Hilltop All-Sports Banquet was held honoring the excellent West High coaching staff and its equally fine group of stand-out athletes. Some 300 sports followers were in attendance.

Columbus' Mayor M. E. "Jack" Sensenbrenner was the toastmaster and did his usual excellent job, while "Pug" Hood, head coach of South High School's fine basketball squad, was the guest speaker.

Coach Mac Pemberton, football, Fred Heischman, basketball, Rufe Glass, track, and Gene Pierce, baseball, were introduced and they in turn introduced each member of their respective squads all of whom received fine and well deserved rounds of applause, for a job well done from those in attendance.

An excellent meal was served and a fine time was had by all. In closing, this writer wants to wish each graduating senior the best of luck in whatever your future endeavors may be and may each of you return next year to honor those teammates you have left behind, and make it the biggest all-sports banquet ever.

West Broad Gra-Y Champions Sizzle To 6-3 Win Over Y League All Stars

By Dick Wilson

West Broad Gra-Y champions of the Hilltop YMCA softball tournament, beat the league All Stars 6-3 two weeks ago at Burroughs playground in the best game of the season.

The champs jumped on Mike Cantlon in the first inning to score two runs as Calvin English got a base on a fielder's choice and Johnnie Peterson drove him home with a home run. The All Stars scored one run in the third as Steve Galentine hit a triple to drive home Dave Dildine. The All Stars went into the lead in the fourth on two errors and three singles by Dildine, Terry Linson, and Glen Rohrer.

The Saint-coached champions tied the game up in their half of the fourth as Dick Williamson was forced in on a walk given to Marvin Darling with the bases loaded.

The All Stars' offense was stopped at this point and the West Broaders collected three runs in the bottom of the fifth on two hits, a sacrifice, a walk, and an error.

Winning pitcher was Tommy Hartranft, who was received by Bob Saint. Mike Cantlon was charged with the loss.

All Stars were Thurman Edmonds, Steve Galentine, Ronnie Davis and Dave Dildine of Highland; Roy Buckley, Gary Clark, Mike May, and Fred Frank of West Mound; Ronnie Moder, Mike Cantlon, Jimmy Walker, and Glen Rohrer of John Burroughs; and Jim Cook, Joe Mann, Stu Randall, Bob Ross, and Terry Linson of Westgate.

Starling Captures City's Junior High Baseball Crown With Perfect Record

By Sonny DeLong

Starling took the City Junior High championship by defeating Franklin 9 to 1 on May 25 at the State Hospital grounds.

It is the first time in six years Starling has won the championship. They did it this time with a perfect record, winning all their league games.

Readout on the mound for the winners had a no-hitter going into the top of the sixth when Daniel got the only Franklin hit through second. Roeder and Readout hit triples.

Principal W. W. Barlow promised a banquet to the boys who won the championship, at which time letters will be given out to the winning players.

Plea For Wardens In Area Sounded

An urgent plea for air raid warden volunteers in the area north of Broad-st from the Scioto River to the county line was sounded yesterday by John Wesley, 52 Stevens-av, sone air raid warden.

Wesley said he needs an assistant to help him in the administration of the new civilian defense setup in the zone and must have him by Tuesday, June 8. By the same date, he said, he should have at least a dozen volunteer block wardens. Eligible to volunteer for the posts are any adult, able-bodied American citizens, including, he pointed out, housewives.

Henrietta: Isn't it wonderful, Joe made all that up out of his head.

Bill: Yes, and he has enough left to make a cedar chest.

Hilltop Victim Of Carrier Explosion Is Returned To Columbus For Funeral

The body of Hilltopper Tommy Hackbarth, victim of the Bennington aircraft carrier disaster, was being returned to Columbus for military burial this week, with his twin brother, Teddy Hackbarth, of the Air Force serving as the escort.

The 21-year-old Ted flew all the way from Japan to Newport, R. I., to perform the solemn task, according to their mother, Mrs. G. Louise Hackbarth, 378 S. Huron-av.

Tommy and Teddy went together to St. Aloysius Military Academy at New Lexington and were both graduated from Aquinas High School in 1950.

An explosion last Wednesday on the Bennington caught Tommy below decks on the rocking carrier. He was the first injured man transported to the hospital by helicopter, where doctors at first held a measure of hope. He was able to talk to his mother last Thursday, but died later that night from the effects of burns covering most of his body.

Tommy is also survived by two sisters, Mrs. Ralph Harris and Miss Virginia Hackbarth.

Lions Prove 'Hard Luck' Team With Second Consecutive Loss

By Harry Gresbel

Hilltop Lions proved to be the "hard-luck" team of the Hilltop YMCA Old Timers' Sic-Pitch Softball League by losing their second consecutive extra inning game, this time to the defending champs, New Rome, 11-9.

This game was tied in the seventh inning 8-8, the Lions again putting on a seventh inning rally to send the game into an overtime. This game was very well played and hard fought throughout, with McFarland, Jones, and Grassie starring for the Lions, while Fenner, Daugherty, and Pyles were outstanding for New Rome.

In a slugging bee, The Hilltop Record broke into the win column for the first time this season, winning from the Hillcrest Baptist "ten" 23-22. Everyone in the game got at least one hit and at times there were some fielding gems turned in. Dixon, Rev. Smith, and Lee Koontz turned in fine games for the Record while Dusty Rhodes played a bang-up game at third for Hillcrest.

Westway Post VFW remained in a tie for first place with a 22-7 win over the Glenwood Methodist team. This game was fairly close for five innings until VFW exploded for 12 runs in the last two rounds. Les Click, Ryan, Fenner, and Wolford were the big guns for VFW, with Ritchie, Hutchinson and Strickland swinging the big bats for Glenwood.

In a well-played game, Westgate EUB racked up victory No. 2 by tripping Hilltop Kiwanis 13-8. Johnson, Arrasmith, and Bill Williams were the hitting stars for Westgate with L. Williams again pitching a fine game. Ray McVay, Tom Boyer, Jim Foote and Sam Alford were the top sluggers for Hilltop Kiwanis.

PUBLIC COMMENT

Readers Agree Central High Building Should Remain School

Hilltoppers who were questioned this week on, "Was the board of education justified in refusing the request that Central High School site be used for the new State Office Building?", were in unanimous agreement that the building was badly needed for a school.

Mrs. Albert Grehl, 465 S. Eureka-av: "I certainly do not believe that the site should be used for a state office building. Central is the only high school we have that is centrally located. Columbus is short on schools now and there are so many youngsters growing up that they are going to need even more high school facilities than we do have. New school buildings take so long to build."

Mrs. George Greene, 2204 Amherst, "The high school should stay where it is. With the school building situation what it is, I can't understand why there has been talk of using the site for any other purpose."

Mrs. Nelson Mail, 2343 Sullivant-av: "It would be a waste of time and money to build a state office building on a site that is already being used for a school. Another location should be found. Sunshine Park could be chosen or the State School grounds. Although neither of them is centrally located, they aren't too far from downtown."

Mrs. Grace Smith, 644 Binns-blvd: "Central high school is still a good building and I think it should remain where it is. We need a centrally located high school and I don't know where another one might be built."

Mrs. Robert Patterson, 466 S. Hague-av: "Central is the only high school we have in the downtown section and I believe it should be kept in that location."

Ohio C. Of C. Directors Hold Quarterly Meeting At Westinghouse Corp.

The regular quarterly meeting of the Ohio Chamber of Commerce board of directors was held Tuesday, June 1, in the new Westinghouse Electric Corp. plant here. The meeting included luncheon and a tour of the new plant and was held at Westinghouse at the invitation of C. L. VanDereau, vice-president of the Ohio Chamber of Commerce and general works manager for the Westinghouse Electric Appliance Division.

Hosts for the occasion were VanDereau and E. L. Smith, works manager, of the local plant. Following the luncheon, the board of directors held the business meeting in the plant auditorium.

Approximately 60 of the board's 80 members attended, among whom were C. L. Weaver, president of the Ohio Chamber of Commerce and director, Ohio Fuel Gas Company; Herschel C. Atkinson, executive vice-president of the chamber; and Robert W. Layln, the organization's treasurer and a vice-president and trust officer of City National Bank and Trust Co.

BIKE RIDERS SUBJECT TO TRAFFIC REGULATIONS

Do you boys and girls who ride bicycles know that you must obey all traffic rules, just as automobile drivers do? The Safety Council of the Columbus Chamber of Commerce says: When riding at night, always keep your light on. And its a good idea to wear something white, too. You're safe at night—if you're always bright.

Trivial Notes
FROM THE
EDITOR'S DESK

We received a note and an interesting newspaper clip from Dr. Robert E. Parkins, 1501 Arizona-blvd, 1E El Paso, Tex., concerning the work that "50 of us docs down in El-Paso have accomplished."

A dentist, "Doc" Parkins is formerly a resident of 2741 Ridge-av and his parents (evidently not convinced that Texas is the bestest) live at 208 Belvidere-av. He is an alumnus of Highland Avenue School and was graduated from West High in 1939 and OSU in 1943.

According to the clip, the half a hundred doctors and dentists, fed up with offices in the crowded downtown district, got together with architects and engineers and had 10 buildings built to form a model medical center on a hillside site on the extreme tip of the Rocky Mountains within easy riding distance of El Paso's middle.

Numerous conveniences to patients, the beauty of the hilltop site, and the functional simplicity of design all contribute to the enthusiastic reception which the community has accorded the El Paso medical center.

Might be worth copying locally.

Wonder how many of our readers heard the take-off Gary Moore did the other night on the miserable people who work at the Brand X factory? According to cigaret manufacturers (not his brand, of course), Gary said that Brand X employes are forced to do such things as add harsh tars to cigaret tobaccos, throw in extra shots of nicotine, make certain that every "coffin-nail" is loosely-packed and check to see that no vintage tobaccos get into the product. We got to feeling so sorry for those poor workers of the tobacco industry that we've asked for Brand X every time we've gone to the cigar counter since.

As long as we're talking about advertising, I wonder how many of you noticed the extremely restful ad that's been running in the Saturday Evening Post. It has to do with relaxation and features beautiful colored pictures of several different animals and tells how they escape tension.

Here's a postcard we received almost a year ago, apparently from a private individual who has decided to further tolerance in a one-man campaign: "Manner of living and methods of doing things are more likely to be the real reasons for discrimination rather than different religious beliefs or racial lines." It's got some thought in it, hasn't it?

Since weve already plugged one other publication in this column, let's take our hats off to Life Magazine for the arty and comprehensive job they did a couple of weeks back when they devoted an entire issue to modern-day Germany. If you haven't read it yet, you ought to borrow a copy and read it cover to cover.

Birds woke me up this morning
at 4:30 a. m. and for some reason
brought to my mind a poem I
haven't heard in years:

A BREAKFAST BELL
At dawn a redbird never fails
To perch upon the hedge
Run through his lovely morning
scales
Above my window ledge.

And snotches of his song I hear
As he warms up his throat
Dreaming and sleeping, both in
turn,
I catch his trilling note.

But when triumphantly he sings
I know my little friend
Is calling me to breakfast now
And sleep is at an end.

HILLTOP BRANCH LIBRARY

'Space Club' Will Stimulate Kids' Summer Reading Desires

By Mildred Phelor

Flights of fancy into outer space will be the regular vacation reading itinerary for young patrons of the Hilltop Branch Library, from June 1 through Aug. 14. The Reading Club for the summer is a "Space Club" and members of the club become "Rocket Readers."

Purpose of the summer reading club is to encourage the reading habit in young readers. Teachers testify that reading during summer months is especially helpful in that it enables the young student to retain reading habits acquired during the school year. This is not a contest. Each child who joins the reading club and reads a minimum of 12 books during the summer will receive a reading certificate with his name on it. All books read are the free selection of the child, the only stipulation being that they are on his individual reading level. Reading certificates will be awarded at a party to be held Wednesday, Aug. 18, at 10 a. m. at the library.

To belong to the reading club, the child must have a library card. For the children who do not already have a library card, it will be necessary for the child to sign an application, which is taken home for the signature of one of his or her parents. When this application is returned, the child becomes a member of the library, and is allowed all its privileges. Parents may likewise become members of the library by signing a similar application card. A wide range of books and magazines, from sheer relaxation to more serious topics of the day, child care, home and garden care, business and recreation are available at your branch library. If the book you want is not in the branch collection, the main library usually has it.

Beginning June 1, summer library hours will be from 9 a. m. to 5:30 p. m. during the week. Saturday hours are from 9 a. m. until 9 p. m.

Until June 8, 12 paintings of Carolyn Bradley will remain on exhibition at the Hilltop Branch Library, 2958 W. Broad-st. Miss Bradley is a staff member of the school of fine and applied arts at Ohio State University and is well known in art circles, not only in central Ohio but over the country. Miss Bradley has just received the Margaret Pinnie Memorial Water Color Prize, offered by the Cincinnati's Women's Art Club. She is also represented in the National Association of Women Artists now showing in New York City, and has received prizes too numerous to mention.

LETTERS TO THE EDITOR

Editor, The Hilltop Record
2465 W. Broad St.
Dear Sir:

The familiar figure, Dr. Walter H. Glennon, who died May 23 at the age of 64, with his beloved Irish setter on a leash, has passed from the Hilltop scene.

Many is the person who has seen them and marveled at the size of the dog and the strength of the man leading him.

But Dr. Glennon, the man, has passed on to greater rewards. By no means is he forgotten.

And "Doc", the dog, remains to wonder just where his master has gone.

Although the doctor is gone he will long remain in the memory of us who knew him. He was a man hard to forget. One of those you meet once in a great while. A kindly, nice person who was a friend to those who would be friends and a man who believed in letting the other fellow have a break too.

Always he had a smile and a joke or two when you paid a visit to his dental office. You came away with the feeling that dentists were human after all.

His untimely passing has shaken all his friends. For "Doc", as he was affectionately called by one and all, was a man who took pride in his home and those about him. His place in this world will be hard to fill.

He will always be in the memory of those who knew him best.

To his widow, Mrs. Geraldine Glennon, goes the heartfelt sympathy of those who had the privilege of knowing "Doc".

A Friend

Editor, The Hilltop Record
2465 W. Broad St.
Dear Sir:

I am in agreement with your editorial stand that the grounds at the State Hospital and the State School are too valuable to be used as farmlands when the state is planning to buy additional land for an office center.

I live at 1494 W. Broad-st, directly across the street from the State School "gardens." I pay better than $60 each year tax on one improved lot and, on this basis, I know that this "expensive farmland" would be valued at more than $400 per acre if improved.

I'm certain that no matter how hard they work, they can't raise that much cabbage!

In addition, the gardens constitute a nuisance in that odors from the cabbage patch and fertilizers, as well as dust from plowing are noticeable and offensive throughout a huge area. The stench from the cabbage is especially offensive to those residents who otherwise would enjoy sitting on their front porches.

Even if the state can't see the economy in using this land for some other purpose, I believe that something should be done to do away with use of the land for farming.

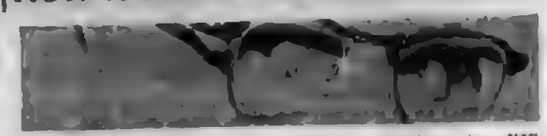
Rabies Threat Makes Dog Immunization Necessary

Immunization of dogs is particularly important this year, according to Dr. Joseph H. Drayer, chief of the Columbus health department's division of sanitation, because of recent outbreaks of rabies in several localities, including one in southern Ohio.

All warm blooded animals are susceptible to rabies, including humans, but dogs are mainly responsible for its communication because of their mobility. They are more dangerous to humans because of their frequent associations with them.



Rabies is extremely dangerous because there is no known cure once symptoms develop. Rabies brings an agonizing death.

For these reasons, regulations concerning the immunization of dogs will be enforced more stringently than ever before. Dr. Drayer reported. The inoculation may be performed by any veterinarian, who then is required to give the dogs owner both a tag to be affixed to the dog's collar and a certificate testifying to the fact of the inoculation.

Strays and dogs at large not exhibiting this evidence of an annual treatment will be picked up by the Humane Society. They will be taken to the Animal Shelter, where they will be retained for three days awaiting the owner's inquiry. If such action is indicated, a door-to-door campaign may be instituted to protect the community against an epidemic of rabies.

These Eyes —

How Well Do You Know Them?

Last week's mystery eyes shouldn't have been too difficult to identify. After all, practically everyone on the Hilltop has had occasion to pass the time of day with J. P. "Jack" Merriman, genial vice-president, general manager, and co-owner of Seiller's Department Store.

If they haven't seen him at the store, which he practically "haunts"

J. P. "Jack" Merriman

and considers his hobby as we'll as career, they've run across him at Hilltop Kiwanis, Aladdin Temple Shrine, or Hilltop Business Association. He's also a member of Hogs Memorial Presbyterian Church.

As long as we're talking about the Merrimans, we might as well work in a plug for his daughter, Martha, who has done such a fine job this last school year reporting the news of students at West High in these columns. Incidentally, when Jack finds time, he enjoys fishing and golf.

We're gonna get real cagey with clues as to the identity of the mystery eyes which appears at the top of this test-your-powers-of-observation feature today.

Their owner is an adopted Hilltopper, who was an outstanding football player and swimmer at Penn State College, and is an extremely orderly man in his work. He recently received two outstanding local honors, each coming to him on a Thursday.

Three strikes and you're out! Batter up, boys and girls. It's baseball time again. But the Safety Council of the Columbus Chamber of Commerce says: If you play ball in the street a traffic accident can strike you out. Be a batter up on the playground—but don't be battered down on the street.

Here's a thought: The more you hear of safety the less you hear of accidents. The Safety Council of the Columbus Chamber of Commerce says it takes longer to report an accident than to prevent one. Drive carefully.

Glenwood Now Holding Practices For Three Knothole League Teams

Glenwood Recreation Center is holding practice for three teams to be entered in the Knothole Leagues this summer. All boys who desire to play on a baseball team this summer should plan to attend practice periods for their age group.

The senior team practices each Thursday afternoon at 3:45 at the Westgate Playground. The team is rounding into shape and won its first pratclce game over a neighborhood team managed by Bill Bryant by a 14-5 score. Only five innings were played, but the Glenwood team made the most of their 10 hits as Herb Brown and Paul Lombard collected three hits each in four "at bats." Mike Posey started on the mound for Glenwood and was followed by Bob Dixon and Paul Lombard. These pitchers held their opponents to 3 hits, but errors allowed four unearned runs. The next game will be today, June 3, against the West Side Red Sox.

The intermediate knothole team is holding regular practice sessions on Fridays at 4 p. m. at the center. More boys are needed to fill out this team and all those interested should contact the center office.

The junior and little league teams have been holding joint workouts on Tuesday and Wednesday afternoons at 6. There are many boys practicing for these two teams and strong teams are expected from these boys.

City's Indian Village Summer Camp Open First Period June 21 - July 3

For the 27th year the Indian Village Camp of the Columbus recreation department will be available for camping in 1954, with the opening date set for June 21.

The camp is open to both boys and girls, 8 through 12 years of age, and will consist of four (4) two week periods ending with Aug. 14.

Registrations may be made at the recreation department, Room 124, City Hall, and are now open for the first period lasting June 21 — July 3.

Through the courtesy of the Columbus Community Chest, camperships are available for those deserving youngsters who may not be able to meet the nominal fee of $20.00 for the two-week period.

New Ball Field Is Being Prepared At Glenwood

A new ball field is being readied for the summer program at Glenwood Recreation Center. The maintenance crew of the city recreation department has started to level and drag the field just south of the tennis courts and it should be ready for summer use.

This field will be used for Little League baseball and both girls' and boys' softball. Since the distance from home plate to the end of the outfield is not great enough, the bigger boys on Knothole teams will have to play their games at some other field close to the center.

Hilltop Victim Of Carrier Explosion Is Returned To Columbus For Funeral

The body of Hilltopper Tommy Hackbarth, victim of the Bennington aircraft carrier disaster, was being returned to Columbus for military burial this week, with his twin brother, Teddy Hackbarth, of the Air Force serving as the escort.

The 21-year-old Ted flew all the way from Japan to Newport, R. I. to perform the solemn task, according to their mother, Mrs. G. Louise Hackbarth, 378 S. Huron-av.

Tommy and Teddy went together to St. Aloysius Military Academy at New Lexington and were both graduated from Aquinas High School in 1950.

An explosion last Wednesday on the Bennington caught Tommy below decks on the rocking carrier. He was the first injured man transported to the hospital by helicopter, where doctors at first held a measure of hope. He was able to talk to his mother last Thursday, but died later that night from the effects of burns covering most of his body.

Tommy is also survived by two sisters, Mrs Ralph Harris and Miss Virginia Hackbarth.

OLD TIMERS' LEAGUE

Lions Prove 'Hard Luck' Team With Second Consecutive Loss

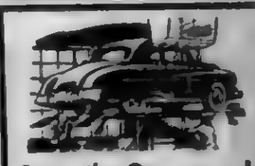
By Harry Gresbel

Hilltop Lions proved to be the "hard-luck" team of the Hilltop YMCA Old Timers' Slo-Pitch Softball League by losing their second consecutive extra inning game, this time to the defending champs, New Rome, 11-9.

This game was tied in the seventh inning 8-8, the Lions again putting on a seventh inning rally to send the game into an overtime. This game was very well played and hard fought throughout, with McFarland, Jones, and Grassle starring for the Lions, while Fenner, Daugherty, and Pyles were outstanding for New Rome.

In a slugging bee, The Hilltop Record broke into the win column for the first time this season, winning from the Hillcrest Baptist "ten" 33-22. Everyone in the game got at least one hit and at times there were some fielding gems turned in. Dixon, Rev. Smith, and Lee Koontz turned in fine games for the Record while Dusty Rhodes played a bang-up game at third for Hillcrest.

Westway Post VFW remained in a tie for first place with a 22-7 win over the Glenwood Methodist team. This game was fairly close for five innings until VFW exploded for 12 runs in the last two rounds. Les Click, Ryan, Fenner, and Wolford were the big guns for VFW, with Ritchie, Hutchinson and Strickland swinging the big bats for Glenwood.



In a well-played game, Westgate EUB racked up victory No. 2 by tripping Hilltop Kiwanis 13-8. Johnson, Arrasmith, and Bill Williams were the hitting stars for Westgate with L. Williams again pitching a fine game. Ray McVay, Tom Boyer, Jim Foote and Sam Alford were the top sluggers for Hilltop Kiwanis.

300 Attend West's Annual All-Sports Banquet Last Week

By Woody Owen

Thursday evening, May 28, at the Seneca Hotel the annual Hilltop All-Sports Banquet was held honoring the excellent West High coaching staff and its equally fine group of stand-out athletes. Some 300 sports followers were in attendance.

Columbus' Mayor M. E. "Jack" Sensenbrenner was the toastmaster and did his usual excellent job, while "Pug" Hood, head coach of South High School's fine basketball squad, was the guest speaker.

Coach Mac Pemberton, football, Fred Heischman, basketball, Rufe Glass, track, and Gene Pierce, baseball, were introduced and they in turn introduced each member of their respective squads all of whom received fine and well deserved rounds of applause, for a job well done from those in attendance.

An excellent meal was served and a fine time was had by all. In closing, this writer wants to wish each graduating senior the best of luck in whatever your future endeavors may be and may each of you return next year to honor those teammates you have left behind, and make it the biggest all-sports banquet ever.

West Broad Gra-Y Champions Sizzle To 6-3 Win Over Y League All Stars

By Dick Wilson

West Broad Gra-Y champions of the Hilltop YMCA softball tournament, beat the league All Stars 6-3 two weeks ago at Burroughs playground in the best game of the season.

The champs jumped on Mike Cantlon in the first inning to score two runs as Calvin English got a base on a fielder's choice and Johnnie Peterson drove him home with a home run. The All Stars scored one run in the third as Steve Galentine hit a triple to drive home Dave Dildine. The All Stars went into the lead in the fourth on two errors and three singles by Dildine, Terry Linson, and Glen Rohrer.

The Saint-coached champions tied the game up in their half of the fourth as Dick Williamson was forced in on a walk given to Marvin Darling with the bases loaded.

The All Stars' offense was stopped at this point and the West Broaders collected three runs in the bottom of the fifth on two hits, a sacrifice, a walk, and an error.

Winning pitcher was Tommy Hartranft, who was received by Bob Saint. Mike Cantlon was charged with the loss.

All Stars were Thurman Edmonds, Steve Galentine, Ronnie Davis and Dave Dildine of Highland; Roy Buckley, Gary Clark, Mike May, and Fred Frank of West Mound; Ronnie Moder, Mike Cantlon, Jimmy Walker, and Glen Rohrer of John Burroughs; and Jim Cook, Joe Mann, Stu Randall, Bob Ross, and Terry Linson of Westgate.

Starling Captures City's Junior High Baseball Crown With Perfect Record

By Sonny DeLong

Starling took the City Junior High championship by defeating Franklin 9 to 1 on May 25 at the State Hospital grounds.

It is the first time in six years Starling has won the championship. They did it this time with a perfect record, winning all their league games.

Readout on the mound for the winners had a no-hitter going into the top of the sixth when Daniel got the only Franklin hit through second. Roeder and Readout hit triples.

Principal W. W. Barlow promised a banquet to the boys who won the championship, at which time letters will be given out to the winning players.

Plea For Wardens In Area Sounded

An urgent plea for air raid warden volunteers in the area north of Broad st from the Scioto River to the county line was sounded yesterday by John Wesley, 52 Stevens-av, zone air raid warden.

Wesley said he needs an assistant to help him in the administration of the new civilian defense setup in the zone and must have him by Tuesday, June 8. By the same date, he said, he should have at least a dozen volunteer block wardens. Eligible to volunteer for the posts are any adult, able-bodied American citizens, including, he pointed out, housewives.

Henrietta: Isn't it wonderful, Jed made all that up out of his head.

Bill: Yes, and he has enough left to make a cedar chest.

Thursday, May 27, officers and board members of the Starling PTA entertained the Starling faculty at the home of Mrs. William Southworth in West Jefferson. A delicious picnic supper was served.

Guests enjoyed riding around the city in a jeep driven by Bob Southworth, a former Starling pupil. A musical evening was also enjoyed both by the guests and hostesses.

Boys and girls, the Safety Council of the Columbus Chamber of Commerce says: As the days grow warmer more children are injured in traffic accidents. Don't miss springtime fun because of an accident. Cross only at intersections and watch out for turning cars. Always be safety alert, so you won't get hurt.

No Dull Moments In Auto Game, Wile Studebaker Manager Asserts

Dealing in new and used automobiles has its headaches, but also its compensations, according to L.

L. T. King

T. King, manager of the Wile Studebaker Company, 3192 W. Broad-st.

"Actually there are few businesses in where there is so great an opportunity to meet all kinds of people," Mr. King says, "and there's never a dull moment when you are dealing with the general public."

The greatest personal compensation to be received, he believes, is the knowledge that a transaction has resulted in a thoroughly satisfied customer, to which end his company continuously strives.

Mr. King is a native of Paris, Ky., having "discovered" Columbus during a training period in the Air Force during World War II, while stationed at nearby Lockbourne. After serving in that branch of the service during 1943-44-45, most of which time was spent in the European theater, he returned to Columbus to matriculate at Ohio State University, where he received a degree in business administration in 1948.

Mrs. King, the former Rose Mary Wile, daughter of Fred Wile, owner of the Wile Studebaker Company, is also an OSU graduate. The couple resides at 548 Enfield-rd.

When he can find the time, the young automotive executive enjoys speed boating and water skiing at his favorite lake—Buckeye.

18 Cups Will Be Awarded In 16th Annual Rose Show June 6 At Park Of Roses

The Columbus Rose Club this year offers to the people of Central Ohio its 16th annual Rose Show, to be held Sunday, June 6, at the Shelter House, adjacent to the Park of Roses, N. High-st at Acton-rd. Exhibitors may enter their roses from 8 a. m. to 11:30 a. m. Containers and entry tags will be provided.

Eighty-three classes are provided for the exhibitors, ranging from the single specimens through the classes on arrangements. The show will be open to the public free of charge from 1:30 to 7 p. m.

A total of eighteen cups or trophies will be awarded to outstanding blooms or arrangements in addition to the 1st, 2nd and 3rd place ribbons, which will be awarded in all 83 classes.

Now that Columbus has the largest municipal rose garden in the world, it is the desire of the Columbus Rose Club to present larger and better shows. This year's show has nearly twice the classes and trophies of the 1952 show. Members of the club will be on hand to answer questions and to assist new exhibitors with their entries.

Hilliards Raceway To Open 41-Night Season On June 8

America's fatest growing sport, night harness racing, will make its debut in Central Ohio, June 8, when Hilliards Raceway opens the 1954 season with 41 nights of racing under the stars.

More than 600 of the country's finest trotters and pacers are scheduled to make their appearance at the popular half-mile oval, located just 12 miles northwest of Columbus.

Charlie Hill, president-general manager, disclosed that many improvements have been added to the track for the pleasure and convenience of the patrons. Probably the most important improvement is the installation of a completely automatic new totalizator pari-mutuel wagering system. Win, place, and show tickets can now be purchased at one window, with the odds automatically calculated for the tote board.

Horsemen now training their charges at Hilliards, report that the track is in almost perfect racing condition. Bob Steele, business manager, related that with the improved drainage system, the track is close to what horsemen call an all-weather track.

Joseph A. McGraw, Washington Pa., has been appointed as presiding judge for the 1954 season. Associate judges will be George "Pug" Hood of Columbus, and Carl S. Weinland, Springfield, Ohio.

Jim Lynch will return as racing secretary, and Briggs Mercer will be on hand with his mobile starting gate. Harry Prentiss, Silver Springs, Maryland will be behind the "mike" to call the thrilling races.

Harnes racing will be conducted nightly at the Hilliards track, Monday through Saturday. The meet comes to a close July 24. Eight races are scheduled nightly, with an extra race carded for Saturdays. Post time as in the past will be 8:15 p. m. A popular feature of the 41 night harness race meeting will be the special ladies' night, every Monday night.

Your Youth

By Dick Wilson and Bob Schmidt

It certainly looks like the Hilltop YMCA Little Nine League is going to be a dandy this year. On a recent Saturday afternoon there were 175 boys out to play in the Little Nine League and to try out for the All Star team. This team will represent the Y league in the City Knot Hole League and will travel to several cities in the state for exhibition games.

Boys who won positions were Dick Williamson, Big Saint, Glen Rohrer, Don Henne, Dave Levering, Dave Brady, Jan Lawrence, Ken McKenzie, Don Barnes, Mike Cantlon, Big Raver, Mike Engle, Bill Ingle, Calvin English, Jim Cook, Terry Linson, Larry Fox, and Big Kuhn.

Manager of the team will be Wayne Engle. Assisting him in the try-outs were Rev. Paul Dunn, A. F. Brown, Bill Cantlon, Tom Reeves, Dick Rice, Jerry Stewart and Dick Wilson of the Y staff.

The All Star team will be divided among the eight teams making up the Little Nine League. There will be an organizational meeting of all players on Saturday, June 12, at 10:30 a. m. Every boy who has returned an application blank will receive a card through the mail within the next two weeks announcing the time, date, and place. At this meeting the individual players will be assigned to a team, given a schedule, and introduced to their managers.

At the present time, the Y has signed up six managers. We still need two more. Managers signed up so far are Don Furry, Little Indians; Dick Rice, Little Redlegs; Tom Reeves, Little Yanks; Jerry Stewart, Little Braves; Cliff Shoemaker, Little Tigers; and Dick Furry, Little Cards. The Little Cubs and Little Dodgers still need a manager. If any boy is interested, he may call Dick Wilson at JO. 4641 or JO. 6945.

Alternates for these conventions are Robert Billups, Richard Martin, Ben Greene, Robert Jones, Joseph Thompson, Wilbur Mimmeyer and Richard Howard.

He also appointed Ray McVay as athletic officer and Paul Schlosser as coach of this year's junior baseball program. Vincent Welker was named manager of the Little Bigger (Babe Ruth) League team. Bill Ferguson, former athletic program chief at the post, will take care of the paper work for both teams.

Franklin Twp. OK's New High School; City Will Ask For Annexation Vote

Six Townships To Get Ballot On Problem

A move by Columbus officials to put all the city's "annexation eggs in one basket" was pending today.

City Council at its Monday evening meeting voted to direct City Attorney Chalmers P. Wylie to prepare legislation placing on the November ballot in six townships the question of annexing to Columbus. Affected townships are Franklin, Marion, Truro, Mifflin, Clinton and Sharon.

Successful annexation votes in all the townships would quadruple the size of Columbus and add another 80,000 persons to the city census.

The danger in the proposal to put the issue to a vote is that, according to law, an unfavorable vote next fall would prevent the

(Continued on Page 13)

WHO'S KIDDING? That was the question we asked Don Boltz (above), 12-year-old son of Mr. and Mrs. Lester Boltz, last week when we saw him selling this sign in front of his home at 1536 Demorest-rd. Although the Boltz's have four children they are perfectly happy with them and the kids for sale are male and female goats.

Four-Fifths Of Light Vote In Favor Of Issue

Less than 600 voters went to the polls in Franklin Township yesterday and approved by nearly a 4-1 margin a $1,058,000 bond issue to build the township's first high school.

Even though some 4,000 voters were eligible to take part in the special election, the 464 who voted in favor of the issue, according to the unofficial count, were sufficient to comply with law calling for its approval by 66 per cent of the voters. Only 120 voted against the issue, the unofficial count showed.

The new high school will be built at Demorest and Stygler on the same tract on which a new elementary school will be built. A $660,000 bond issue was passed a year ago for the new grade school and for additional classrooms to the Skidmore Elementary School.

The regular voting places were open from 6:30 a. m. to 6:30 p. m. Township areas excluded from the voting were Valleyview which is in the Columbus School District, and Precinct C of the township, and Marble Cliff, which are in the Grandview Heights School District.

Students of high school age in the township currently attend Grove City and Hilliards high schools and West, Central and South High Schools in Columbus. All these schools have indicated crowded conditions and only limited assurances were given that township pupils could be accommodated in the future. Some of these schools have indicated positively that they would not accept Franklin Township students next fall.

The architect, Claude Yost, had indicated previously that he would begin work on the drawings of the new high school immediately after a successful election.

Clyde Crandall, chairman of the building committee, had estimated previously that students would probably be able to use the new school within two years.

Court Will Speed Hearing On Main

Five common pleas court judges Tuesday ordered a June 21 hearing on an injunction to stop the city from installing the 36-inch water main along the south side of Fishinel-rd between Hague-av and Williams-rd.

At the same time the judges ruled that if the injunction of Richard A. Evans, 3423 Fisher-rd, and 14 other property holders in the area is denied, juries will be impaneled earlier than September to assess values for easements sought by the city on Evans' property and that of eight other Fisher-rd residents.

The ruling by the judges came over the protest of Attorneys George E. Tyack and Thomas W. Applegate, who represent the parties to the injunction suit.

Judge Dana F. Reynolds declared that the necessity of speed in the case has been shown. "There is a tremendous increase in building on the West Side and the water main is needed," he said.

The water main will supply Lincoln Village and the Westinghouse and General Motors Terrastedt plants west of Columbus.

Mayor's Bond Issue Includes Work On Three Hilltop Parks

Mayor Sensenbrenner's $10 million "package bond issue," which will be presented to voters this fall, includes $18,400 for improvements to Westgate Park, $11,500 for Glenwood Park and $6,700 for Holton-Gleview Park in the $1,280,500 portion set aside for park improvements.

According to plans announced by Ray S. 13 Club To Hold Its Annual Stag Sunday At Beulah Park

The 13 Club will hold its annual stag party to raise funds for its many charitable and civic works the afternoon of Sunday, June 13, at Beulah Park.

All Hilltop men are invited to "all you can eat and drink for $1.50" and to participate in the many games which will follow. Homer Hagans is chairman of the event, which is held once a year for fund-raising purposes. Tickets are obtainable at the gate or from club members.

Hilltop Lions Will Sponsor Fete On July 5

The Hilltop Lions Club will sponsor its fourth annual Hilltop community Fourth of July Celebration on Monday, July 5, from 7:30 p. m. to 12 midnight at West High School.

There will be no admission charge and "everyone from eight to 80" is welcome, according to chairman Chuck Neil.

A variety show at 7:30 p. m. on Magley Field under the chairmanship of Bill Coon will start the evening rolling. Fireworks, arranged by Bill Lynch, at 9 p. m. will be the second feature attraction. There will be street-dancing, featuring both the round and square variety, 10 p. m. to midnight, with Pinky Higgins in charge of this part of the program. Other Lions on the committee are Bill Myers, who is handling the promotion and publicity, and Bob Phillips, who will be in charge of the financial arrangements.

Funds for the celebration are raised by such activities throughout the year as carnivals, turkey sales, and other projects and do not come from money collected in the newspaper sale, according to chairman Neil. Funds from the newspaper sale are allotted only for sight-saving work and assistance to youth of the community.

Eight loving cups will be awarded at the street dance, with couples—man and woman or boy and girl — judged best at round, square, polka, and foxtrot each earning cups.

In previous years, the Lions held an afternoon Fourth of July fete for kiddies. This was eliminated this year to make way for the street dance, Neil said.

Rome Business Assn. To Sponsor Picnic For Community On June 12

The Rome Business Association will sponsor a community picnic from 2 to 11 p. m. Sunday, June 13, on the Prairie Township School grounds. Features of the picnic will include baseball games, many other games with prizes for all contestants, and free dancing from 8 to 11 p. m.

Community residents are invited to bring their picnic baskets and join in the fun. The business association will furnish coffee. Refreshments will be sold in the evening. Morgan C. Murphy is chairman.

Beverlee Drive-In On W. Broad Plans Grand Opening June 16-17

The new Beverlee Drive-In on W. Broad-st and Phillipi-rd will have a grand opening celebration on Wednesday and Thursday, June 16 and 17. The celebration will be from 10 a.m. to midnight each day.

Si Sokol, vice-president of the Beverlee Corporation, with offices at 1025 E. Hudson-st, said, "We have been planning this newest Beverlee for many months and want our Hilltop neighbors to come out and see the most modern drive-in in America."

The Beverlee was opened for business today. "This week of operation prior to the grand opening celebration will allow us to smooth out personnel and operational functions," Sokol said. "By Wednesday we will be ready to handle the terrific crowds expected to take part in the opening."

An extensive advertising campaign will accompany the opening. The first ads appear in The Hilltop Record today.

"There will be free gifts for every member of the family each day," Sokol continued. "We have miniature ice cream cones and many other gifts for kiddies from two years and up. Spooks Beckman will be at the Beverlee both days from 3:30 to 5:30 p.m. Streamers and signs will brighten the beautiful Beverlee exterior during the promotion."

Other Beverlee Drive-Ins already located in Columbus are at Broad-st and James-rd, 3375 S. High-st, and 1025 E. Hudson-st. The E. Broad-st Beverlee was opened formally three years ago this month.

"The most outstanding feature of the New Beverlee," Sokol added, "is that almost all cars are parked under roof. More than 22,000 square feet of covered area will protect cars from the weather while customers are eating at the Beverlee. Approximately 125 cars can be parked in the Beverlee lot."

Another feature introduced for the first time in the Midwest is a drive-in food service for carry-out customers. "A section of the building will cater to carry-out customers only," Sokol said. "There is a window just for this trade and special warming equipment to keep food warm until the customer picks it up."

Eddie Johns, student minister at Westgate Evangelical United Brethren Church, left Columbus last Wednesday to take a summer job in Anchorage, Alaska. Eddie, son of Mr. and Mrs. Chester Jones, 55 S. Wayne-av, has been selected as senior class representative on the student council this coming fall at Asbury college, where he is studying for the ministry.

WIN VFW AUX. ESSAY HONORS

In a picture caption last week in the Record, Charlene Sunker, Marietta Morgan, and Karen Reeber were listed as West High School winners in "an essay contest." Correctly it should have been stated that they were winners in an essay contest sponsored by the Ladies Auxiliary of the Veterans of Foreign Wars, Franklin County Council.

State Hospital Grounds Proposed As Site For Near Downtown Air Strip

The State Hospital grounds were prominently mentioned last Saturday when C. E. A. Brown, state aviation director, proposed five locations for a "near downtown" airstrip in Columbus to ease congestion at Port Columbus and add facilities.

Brown said it was his office's opinion that either a diagonal strip on the state hospital farm running west of Schultz-av and north of W. Broad-st or a strip running from Stimmel-rd south to Frank-rd along the west side of the Scioto River would be the most practical of the suggested sites.

State-owned land on the hospital grounds could presumably be deeded to the city for the airstrip, with the possibility of [illegible] state-owned airplanes there.

Want-Ads Can Help Your Sales

Want-ads in this newspaper will sell anything from straight pins to elephants. We can't prove the extreme limits of our claim with examples from the file, but we can point with pride to the results obtained from the first insertion of a classified ad in this paper last week by Foxy's Nursery out on Georgesville-rd. "Foxy" Fosnaugh, proprietor, had several power lawn-mowers he wanted to sell. His wife, Dorothy, finally convinced him to try the "want-ad way." "Results in the first seven days have been phenomenal," declares Foxy, "and I'm going to make a habit of using want-ads."

Sorta bears out our point: If your product is big or little or in-between—want-ad results are really keen!

Why dent you try this proven method of boosting sales? Telephone RA. 1125 or GA. 9262 for skilled assistance in getting your sales message to 32,000 families each week.

81 Entrants In Newsies' Annual 'Cycle' Classic

The entry list of 35 experts and 46 amateurs gives the Charity Newsies' 11th annual motorcycle races a most formidable galaxy of competitors, it was declared yesterday by Robert L. Durham of 199 S. Brinker-av, president of the welfare organization.

"Given a weather break next Sunday, this program at the state fairgrounds half-mile track will be the finest show and congress of thrills ever sponsored by our organization," Durham continued.

The program proper begins at 2 p.m. Sunday, June 13, with time trials starting four hours earlier. Gates will be opened also at 10 a. m., with popular prices to be charged. It was pointed out by Fred "Fritz" Moritz, the Newsies' first vice-president and chairman of the traffic committee for Sunday's card. Moritz lives at 90 N. Warren-av.

With prize money at $3500 posted, entries have been filed from such distant points as Rock Island, Ill.; Kansas City and St. Louis, Mo.; Kenosha and Milwaukee, Wis.; Wichita Falls, Tex.; Hyattsville, Md.; London, Ont., and Battle Creek, Lansing, Kalamazoo and Grand Rapids, Mich.

Profits are used by the Charity Newsies in furtherance of its direct help to needy children of school age. This organization of old-time newspaper boys was founded in 1907, and annually provides new shoes and all-new clothing, food, medical supplies, shelter and fuel to some 4000 children in distress.

The races are staged in an atmosphere of pageantry and military display; with the colorful flag-raising ceremonies being put on by an honor guard from all the armed forces installations in central Ohio. There will be a parade of uniformed members of the Motor Maids of America, composed of women riders who own and operate their own machines.

The 10-mile national championship event will climax the day's festivities.

Mr. and Mrs. Joseph E. Six, Jr.
(Photo by Groom)

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. L. C. Williams, 686 Chestershire-rd, and the bridegroom's parents are Mr. and Mrs. Joseph E. Six, 3115 Oakridge-rd.

The bridal gown of white organdy featured embroidery trim, a yoked and pleated bodice and a full train. A crown of organdy and pearls held her finger-tip length veil and she carried a white Bible topped with a white orchid, pink rosebuds and streamers with lilies of the valley. The attendants wore ballerina-length, strapless gowns of mauve silk shantung, with skirts jackets and picture hats of mauve tiers. Their Colonial bouquets were fashioned of lilies of the valley, violets and pink rosebuds.

Mr. Jack Six attended his brother as best man and seating the guests were Mr. Jerry Fry, Mr. Ronald Maier and Mr. Bill C. Williams, brother of the bride.

Mrs. Williams chose, for her daughter's wedding, a navy print, silk shantung frock with navy accessories and a corsage of white roses. The mother of the bridegroom was gowned in pink silk with navy accessories and her corsage was also of white roses.

A reception was held in the church basement immediately following the ceremony. Mrs. Ralph Worthington, hostess, was assisted by Mrs. Henry Ruegg, Mrs. Jack Kight, Miss Louise Ruegg, Miss Susan Donnelly, Mrs. Ronald Maier, Mrs. Neil Kinley and Miss Evelyn Steele.

The new Mrs. Six is a graduate of Grove City High School, attended Otterbein College and is associated with Westinghouse Corp. About The Hilltop

With Peg Warren

Thursday evening a week, the "boss" man Carlton Hartley had all us hungry columnists and correspondents out to eat at Armando's Restaurant, where we tied into fried chicken and all the trimmings. The boss closed the session with the big question of the week, "Have you your tickets for the Kiwanis nite ball game for underprivileged boys?" Seen at Seiller's

by Sue Fredendall

It's Father's Day when Mother cooks his favorite dessert, his disgarged demons suddenly start to act angelic, and the date is June 20. Beguile him with a new electric shaver, or a wallet, or some comfortable cool shirts and slacks for golfing, fishing or gardening.

June is a very busy month, with weddings, graduation, picnics, barbecues, family reunions, children's day (13th), Father's Day, anniversaries and vacations. You'll find a gift and the right wearing apparel for each occasion at Seiller's. You'll want to purchase one of the beautiful Mother and Daughter "squaw" dresses, Seiller's have. The gay brilliant colors are very flattering and youthful.

Children's shorts for only $1.00. Cute little outfits with vests, swim suits, beach towels.

Go to Seiller's where the friendly, homey atmosphere makes shopping a pleasure. —Adv.

From The Top O' The Hill

By Betty Deff

Visits to Africa, Arabia, Ceylon, Calcutta, Cairo, Cuba, Denmark, England, Idaho, Jerusalem, Kansas, Macedonia, Mesopotamia, Mexico, Moscow, Nevada, Ontario, Paris, Pekin, Peru, Poland, River Styx, Sardinia, Scotland, Tokyo, Toronto, Versailles, Vienna, Wyoming, Yale and Princeton are on the summer schedule of Mr. and Mrs. Bill Coon and sons, Bill C. and Alan, 398 N. Warren-av.

Incidentally, they are all in Ohio. Intrigued by so many foreign-sounding names on the map of Ohio, the family has decided to visit all of these towns during vacation and week-end trips this summer.

Recently returned from a visit to Homewood, Ala., are Mr. and Mrs. Wilbert J. Wozniak, 1987 Brown-rd. They were guests of former Hilltoppers Maj. and Mrs. Charles E. Davis. Mrs. Wozniak (Helen Terry), Mrs. Davis, (Ferne DeVine) and Maj. Davis, were 1928 graduates of West High.

Jane Ann Richardson, 321 S. Hague-av, returned home Sunday from White Springs, N. Y. where she was sent by Farm Bureau Insurance Co., as an instructor in their new office there.

Mrs. Sue Stewart, 43 S. Wayne-av, left Sunday, May 30, accompanied by Mrs. Dewey Murry and daughter, Jay, of Springfield, on a motor trip through the West. They will visit Mexico City and friends in Long Beach, Calif., and are expected home June 20.

Howard Merriman is home from Miami University. He will leave on July 17 for a cruise with his Naval ROTC unit, with stops at Quebec, Havana and Guantanamo Bay.

Sunday guests of Mrs. William McKinley Miller, 2905 W. Broad-st, were Dr. Quentin R. Jeffries of Batelle Memorial Institute and Judge and Mrs. John Jeffries of Terre Haute, Ind.

A baby boy, Glenn Alan Hilton, was born at Camp Gordon, Ga. hospital, May 21, to Mr. and Mrs. Roger A. Hilton. The proud father, son of retired police officer Willard Hilton, 662 S. Hague-av, was a graduate of West High in June 1950 and the mother, formerly Wilma E. Vawters, 2185 Springmont-av, was a graduate of West High in June 1951. Roger is with the army at Camp Gordon, Ga.

Skip Stout, a 1948 graduate of West, received the degree of Bachelor of Science in Architecture from the University of Cincinnati, College of Applied Arts on June 5. Skip and his wife Juanita "Nesie" have a small daughter, Jean Anne, who will be three years old on June 17.

He is associated with Firestone and Metter, architect firm in Canton, where he has been working during the past five years, in connection with the co-op plan at the University. Skip is the son of Mr. and Mrs. Phil Stout and his wife is the daughter of Mr. and Mrs. Fred Krull.

A man's home may be his castle, but Earl Taylor of 171 S. Harris-av, and senior clerk at the City Sewage Treatment, can also attest to the fact that it is sometimes full of hazards. On Jan. 6 he suffered a compound fracture of the wrist in a fall in his home. He recently fell again at home; this time he broke his leg.

Two members of Camp Chase Post No. 99, American Legion are on the "sick list" and would appreciate cards. They are Red Holt, ill at home and Pat Looker, a patient in Room 219, Good Samaritan Hospital, Zanesville.

About Cremation

Cremated remains are not ashes but fragments of bone structure. Cremation of today is vastly different from the method of yesterday. No preheated, crematory vaults. No ashes. No muscular contraction or body movement.

The body is prepared and casketed the same for a cremation service as for any other type of burial. The body is not removed from the casket, the casket is placed in the crematory vault without being opened after delivery to the crematory. The casket is cremated with the body. The cremated remains being calcareous are heavy—the withered disintegration of the casket and the clothing being light are blown away by air leaving the cremated remains undisturbed.

After cremation the cremated remains may be left at the crematory until the surviving members of the family decide upon their final disposition. The urn with its cremated remains may be placed for all time in a niche in the Columbaria. When the original purchase price of the niche is paid, their is no further cost. A name ineffaceably engraved on a cast bronze urn and placed in a niche of a columbarium is a permanent memorial. A single niche carries with the purchase the privilege of transfer to a larger family niche later. When burial of the cremated remains is desired a suitable burial container may be had from the funeral director of the crematory.

Cremation is not a method of disposal of the dead, but is rather a method of preparation for permanent preservation.

Cremation is within the reach of all. It combines sanitation, economy and perpetuity as in no other form of burial. For further information call Sunset Cemetery and Crematory, ALton 8-5365, 6959 W. Broad Street. Adv.

Sunday Sermonette

"NEITHER COLD NOR HOT"
BY REV. A. L. ROTH
PASTOR OF HILLCREST BAPTIST CHURCH

There's an allegorical character, made unforgetable by John Bunyan in his famous Pilgrim's Progress named Mr. Facing Both Ways. He was of broad and hospitable mind, one of his characteristic expressions being "There's much to be said on both sides." He often found it conveniently possible to say "yes" to both sides of a proposition. The easy thing about his position was that he never had to commit himself to consequences for firm convictions held. He'd

Rev. A. L. Roth

never fall into the hands of the law for a crime, nor would he ever suffer persecution or pay in terms of sacrifice for being a Christian.

It's that easy, tepid, in-between position that is under condemnation in the Biblical words ascribed to the Risen Christ, addressed to a church full of lukewarm people, "I would you were cold or hot. So, then, because you are neither cold nor hot I will spew you out of my mouth." (Rev. 3:15, 16). The great Head of the Church rejects all that as being unsatisfactory and unacceptable. Jesus never pronounced a blessing or beatitude on a half-hearted Christian. For the vilest of sinners he had compassion and forgiveness when they became repentant. With the clumsiest bungler with life he had patience and held out hope. But, in the presence of a church-full of lukewarm Christians he reacted with nausea and disgust.

It shouldn't be hard to understand Christ's dislike for an impatience with religious lukewarmness. All he ever did, Himself, He did with all His heart. The urgency of His cause is such that half-hearted followers are a liability rather than an asset. If anyone would be an approved follower of His he must bring to an immediate end all indifference and half-heartedness. Thou shalt love the Lord Thy God with all thy heart and all thy mind and all thy soul and strength. These are His terms.

The picture is right, the saying is true... "We Go to Church... Do You?" God has set the *solitary in families*, so that each could help the other do better than he could do alone. We sleep as families, we eat as families, we play as families, we work as families. That means we live as families. *Children will find "church going" easy if they have the family as company.*

"We go to church" for our own sakes. We want to live nearer to the ideal. *Just as the soil grows sour and barren without sunshine, so must the human heart have its heaven, if it is to keep sweet and rich and productive of good.* At church we bow together before the God of forgiving grace, and tell our sins to Him. The good family on the earth may be the unbroken family in Heaven. *"We Go to Church... Do You?"*

YOUR BRANCH LIBRARY

Summer Hours Now In Effect; Several New Books Received

Summer library hours became effective June 1 and will be in effect until Sept. 14, at the Hilltop Branch Library, 2958 W. Broad-st. All branches and the Main Library will be open daily from 9 a. m. until 5:30 p. m. and on Saturday from 9 a. m. to 9 p. m.

The Summer Reading Club for children has gotten under way. One hundred children registered in the first two days. Registration will continue through June and July. Reading certificates are to be awarded Aug. 18.

New books received last week at the Hilltop Branch Library were varied in content, ranging from a book of good grooming for men by Bacharach, called "Book For Men," to the technical book by Haines, "Automatic Control of Heating and Air Conditioning."

Other non-fiction titles included two books on child care, "Off to a Good Start," by Irme Black and "Introduction to Exceptional Children" by Harry Baker. In the field of medicine and psychology, "Doctors, People and Government" by James Means, discusses socialized medicine. "Cure Your Nerves Yourself," by Louis Bisch, is self-explanatory.

"No Stone Unturned" recreates the theft of the "Stone of Destiny" from Westminster Abbey last year and will interest the mystery fans. In the field of adventure, "The Silent World" captures the thrill of the weird life undersea.

Of practical value are the books by Peterson and Field, "Dairy Farming" and "Practical Poultry Breeding" by Don Warman.

Fiction titles just received include "Adrift" by Sara Bassett; "Tall men, by Clay Fisher; "Rendezvous" by Rose Franken; "Reap the Whirlwind" by Jean Houghton, "The Blind Spot" by John Creasey; "Tyronne of Kentucky" by Clark McMeeken; "Law Man" by Lee Leighton, and "Three for the Money" by James McConnaughey.

EPIDEMIC THREAT

All Pets Must Get Rabies Shots Immediately, Dr. Goodloe Says

Columbus dog owners who want to keep their pets must have them immunized against rabies immediately, Dr. Ollie M. Goodloe, Columbus health commissioner, emphasized this week.

"We have been asking people to have their dogs vaccinated since May 1st," he stated. "Many have complied. But many more have not. In the face of the epidemic in southern Ohio, which has not been brought under control, our only course to prevent its spread into this area is to immunize our dogs.

"It wasn't so important during the colder weather," the health commissioner explained, "but now with people going on vacations, fishing trips and the like—often taking their dogs with them—the disease could be brought here almost overnight. One infected dog could start an epidemic."

Columbus has had no cases of human rabies since 1937 and none in animals since 1952.

The health department assigns one man, Dr. Charles W. Anson, exclusively to the control of rabies in Columbus. He visits each person reported to have been bitten by a dog, observes the offending animal and orders it quarantined. The dog is then kept under observation so that, if rabies does develop, those bitten by it may be put under immediate treatment.

Once symptoms of rabies develop, there is no known cure, either for humans or animals. It is one of the most horrible deaths.

All warm-blooded animals are susceptible to rabies, but dogs are the chief concern because of their mobility and close association with humans. Two types of the disease exist. One is known as "dumb rabies", the symptom of which is a paralyzed lower job. The other is called "furious rabies," which includes an urge to run and bite other animals or humans. Dogs with "furious rabies" have been know to run for more than 20 miles biting every living thing in their path.

"One animal of this type could bite dozens of other animals in the course of one day," Dr. Goodloe observed. "This one animal could start an epidemic that would take months to stamp out. With the disease so close we can't afford not to prevent its spread here.

"Consequently," he added, "The Humane Society will start picking up all dogs which aren't wearing inoculation tags on their collars. Whether they're strays or pets, they are still unsafe and they're going to be picked up."

The tags are procured from veterinarians at the time of the dog's immunization. The protection lasts one year. Consequently, dogs not wearing current tags are to be impounded by the Humane Society at the animal shelter.

SCHOLARSHIP WINNER

Carolyn McCheaney, West High School graduating senior, has been awarded a teacher's scholarship to Ohio State University by the university, which will pay her $135 each school year. Carolyn, who will start to OSU this fall, intends to complete four years of study in elementary education.

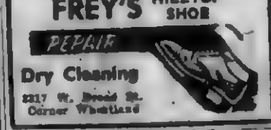
Army Worms Attacking Barley In Franklin Co.

Army worms have been reported in barley in Franklin County. Entomologists do not expect the numbers nor damage to compare with a year ago. Farmers will be wise to be on the lookout for their appearance so that, if present, treatment may be applied before widespread damage occurs.



Barley will suffer most if infected. While some infested wheat fields lost most of the leaves to the worms in 1953, the yield was apparently little affected. Corn and pastures also suffered damage in 1953. Early treatment with chemicals will prevent spreading damage.

FLAG DAY OUTING SET

Hilltoppers Approve Mayor's Plan For 'Package' Bond Issue

Five Hilltoppers were in unanimous agreement this week to Mayor Sensenbrenner's proposal of a $12,325,050 package bond issue to cover slum clearance, grade crossing elimination and expansion of park and recreation facilities.

Mrs. George Swinehart, 1914 Sullivant-av: "My husband and I agre that it is a very good idea. The package bond issue would probably pass and I believe it would do our city a lot of good."

J. Earl Tayler, 171 S. Harris-av: "I surely do think that each of the items is of equal importance and necessity, and they all should be included in one 'package' to be voted on."

Mrs. Joe Wolfe, 755 S. Wayne-av: "I agree with Mayor Sensenbrenner that the four items are all important. I imagine the city would benefit if such a bond issue should pass."

Mrs. Robert Nicklaus, 629 S. Harris-av: "From all that I have heard and read on these problems, I believe the bond issue should be passed. The situations are all important and should be corrected."

Mrs. Joseph Chawner, 209 N. Hague-av: "We certainly need everyone of those improvements and I think it's a very sensible idea to 'package' them all in one bond issue."

Another Memorial Day has come and gone. To some of us it meant the beginning of the "fun season"; to others it meant memories, and taking our flowers to cemeteries. I always remember memorial services held in a little white church in a country cemetery, and the few Civil War veterans who were still there to march in the processions from the church to the cemetery. They were slow and stooped but gallant still. One of the songs which was always sung at these services was "The Boys in Blue Are Turning Gray."

Three Eyes —

How Well Do You Know Them?

The owner of last week's mystery eyes, who has received two significant honors in the community on recent Thursdays is John Dickson of 24 N. Powell-av, who was named on Thursday, Apr. 22, to the Hilltop Y board of directors and was elected on Thursday, May 6, as proxy of the Hilltop Lions Club.

As to the clue that stated he is extremely orderly in his work—that refers to the fact that he is superintendent of methods engineering at the Ternstedt Division of General Motors. An alumnus of the Pennsylvania State College and a native of Pittsburgh, Pa., he has lived in Columbus since 1946. He and his wife have an 11-year-old daughter.

Today's ocular orbs should keep a lot of the older people guessing but should be as simple as pie for the younger set to identify.

Their owner has three daughters,

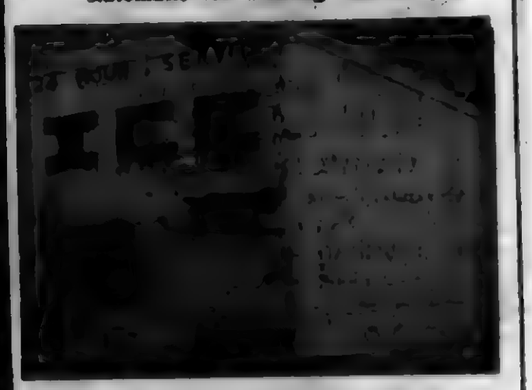
Attention: Mr. C. C. Hartley
Dear Mr. Hartley:

We have been receiving the Hilltop Record every Saturday, and enjoy reading it very much. After we read it we hand it to other Columbus people who are living here. Now they look for it as soon as we get it read.

We have moved into our new home in Ft. Lauderdale. I have not been able to do much fishing as my injured leg just won't let me stand very long at a time. We sit on our porch and watch the fish jump in the river which is only 40 feet away. It's quite a sight to see Snook, Mullet, Tarpon, Sea Cows and almost all kinds of Salt Water fish play in the water.

If you are ever in Ft. Lauderdale we would be glad to have you call and see us.



Very truly yours,
C. W. Vance

Starling Junior High Pupil Enjoys 11-Day Stay With Family In Hawaii

By Karl Barth

Dick Bright, a Starling Junior High School pupil, left Columbus at 9:15 a.m. Wednesday, May 12, on board a DC5 for a vacation to Hawaii. With him were his sister-in-law, Diana Bright, and his parents, Mr. and Mrs. W. E. Bright, owner of the barber shop at Tyrrell and Princeton. They arrived in Chicago at 10:55 a.m. and there boarded a TWA, for their flight to California.

They arrived Wednesday evening in Hollywood, where they spent the night at the Hollywood Roosevelt Hotel, the largest in Hollywood. Early Thursday morning they boarded a United Airline DC6, for their 11½-hour flight to Hawaii. When they landed at Honolulu international Airport, they were met by Dick's brother, Don, who is stationed there with the U.S. Marines. He then drove them to a house where they lived during their 11-day stay in Hawaii.

During that time they visited the Aquarium at Waikiki, the Blowhole, Koko Head, Diamond Head, Pearl Harbor, and Honolidy. They also saw Tripler General Hospital, which is the best in Hawaii, and went swimming at Waikiki beach.

On the 11th day it was time to say goodbye to Don and to Diana, who were to remain there. Dick and his parents left for their return trip home aboard a United Airline plane at Honolulu International Airport. It took them only eight hours to return to the mainland because of the 30-mile per hour tail wind. They arrived in Chicago at 10:15 where they boarded a TWA for Columbus. They arrived at Port Columbus at 12:15 a.m.

Dick gave an interesting report to his 8B English class which his classmates enjoyed. His talk was illustrated with many pictures which he had collected on the trip.

On his first day back to school, Dick wore an Hawaiian lei made of the islands' orchids. It was the first time most of the class had seen so many orchids at one time.

HISTORICAL HOBBY

Newspaper Files Are Sources Of Historical Data For Info. Seekers

Turning the pages of practically every newspaper published in Columbus and many other cities since 1811 is a physical feat in itself.

Reading and exploring the columns of these papers has captivated much of the time and interest of Myron T. Seifert, 46 S. Westgate-av, West High School teacher. His voluminous newspaper-source files hold more than a million surprises, via newspaper stories, which he has laboriously transcribed and indexed. His chronicles are constantly sought-out when other sources are exhausted.

During the summer months Seifert plans to implement his vast newspaper story of Ohio, and especially Columbus, with other sources of information.

Reproducing hundreds of local pictures and photos found in Columbus and Ohio newspapers and in the albums of many local families will be a major undertaking of the high school teacher.

Diaries, catalogs, calendars, almanacs, books, pamphlets, glass, china and relics of every description, having their origin in Ohio, and particularly Columbus, are being sought, purchased by Seifert.

Purpose of the photos is to provide eventually a visual story of Ohio, particularly Columbus, for students in the Columbus schools.

With the extensive number of news stories already edited by Seifert, the pictures may serve as a first step in providing a text-book about Ohio history.

Persons having photos or other historical documents for sale or loan are asked to contact Myron T. Seifert, 46 S. Westgate-av, or call RA. 7271.

Ball Diamond On State Hospital Grounds Is Open By Assignment

During the past few weeks many requests have come to the attention of Dr. M. M. Wedemeyer, superintendent of the Columbus State Hospital, as to the use of the ball diamond on the hospital grounds. As of this year the playing field is not under the supervision of the City Recreation Department.

The ball diamond will be opened to the use of other ball clubs desiring the use of the area, by assignment. However teams of West Columbus will be given preference, and teams representing school-age groups will secure first choice. Managers desiring the use of the diamond are accountable for any property damage or loss.

At present the diamond is in use by the Industrial Little League on Monday evening, with the Hospital Family using the area on Wednesday and Friday, both afternoon and evening. Teams interested in securing the use of the diamond for practice of games may make arrangements by contacting Sprout W. Sissor of the recreation department, RA. 1171. A nominal fee will be made by the hospital for the use of this area.

Annexation by petition of freeholders would still be permissible.

Council also repealed by a 3-4 vote its resolution of Mar. 8 which endorsed Service Director Floyd C. Redick's freeze on water permits to areas beyond the city limits. This action did not rescind the freeze, but only served to shift the "blame" for it to the mayor and his administration.

The annexation proposal was made by Councilman Albert B. Gregg and seconded by Councilman Walter Snider.

Meanwhile, the following petitions concerning Franklin Township are pending before the county commissioners:

June 15—161 acres; 10 petitioners; area west of Valleyview to Wilson-rd between Valleyview-dr and Columbus corporation line on south and Pennsylvania Railroad on north.

Nearly 9 Million Enjoy State Parks During 1953

In the park areas operated by the state department of natural resources, some 8,971,561 persons came through the gates to enjoy their favorite type of outdoor and vacation fun during the 1953 season alone. During 1952 some 7,500,000 visited the park areas. This represents an increase of over 1,000,000 in one year.

The department of natural resources mainly through its divisions of parks and wildlife has been working at top speed in an effort to provide facilities for this tremendous growing demand.

Many Ohioans visiting Ohios lakes and park areas early this year have noted the recently constructed sanitary toilet facilities, spacious parking areas and additional wells for drinking water supplies.

Ex-Colombian Missionary To Address Hilltop Church

Florence Cavender, of the Oriental and Inter-American Missionary Society, who spent two terms as a missionary in Colombia, S.A. will speak at the 7:30 p. m. service Sunday, June 13, in the Hilltop Community Church, 179 N. Huron-av.

Rev. J. L. Dean, pastor, invites the public to hear Miss Cavender and see missionary pictures after the message.

YOUR YOUTH

By Dick Wilson and Bob Schmidt

Hey gang, the June program schedule is off the press! Hurry down to the Y for your copy. Plenty of special events for all boys and girls of the Hilltop. The Y Summer Fun Club will start July 12 and run for eight weeks. We are encouraging all boys and girls to attend Vacation Bible School in their own churches during the month of June and then in July they can enjoy the Summer Fun Club.

Each boy will receive one of the tee shirts which were purchased by the Hilltop Lions and Kiwanis Clubs. The Little Bigger League will be organized June 18 at Westgate Park at 2 p. m. Any Hilltop boy age 13-16 is eligible to join this league. Pick up an application blank at the Y office today.

The Hilltop Y Father and Son Indian Guides will again take to the war path and attend a weekend campout at Camp Wilson, the Columbus Y Camp. This will be an area Longhouse meeting, with Big and Little Braves attending from the Northwest and Southwest cities of the state. The Hilltop Y Ghost Dancers will perform during the evening campfire program. During the workshop sessions Stan Ruoff and Bob Wilson will conduct the crafts workshops while Harry Grashel and Charles Parks will conduct the Indian Costume workshop. Any Father and Son interested in the Y Indian Guide program can secure additional information by phoning the Y office, JO. 4641.

Aug. 20 Important Date For Vets Studying Under Terms Of Korean GI Bill

Aug. 20 will be a critical date for many veterans planning to study under terms of Public Law 550, the "Korean G.I. Bill," an announcement from Dr. Bland L. Stradley, Ohio State University vice president, today pointed out.

The law provides that a veteran must actually begin training before Aug. 20 or within two years of his discharge date, whichever is later. He must be "in actual pursuit of his program" on this "delimiting date" except for normal summer vacations or for certain other reasons.

The law also makes added restrictions against changes in a veterans educational program after the delimiting date.

Korean veterans affected by the Aug. 20 deadline who are planning to begin work at Ohio State will have to enroll for the summer quarter. Summer classes begin June 22, and June 21 will be the final day for registration and fee payments.

It seems that the meatless and eggless days turned out to be fruitless.—St. Louis Post-Dispatch.

SUMMER VACATION means a variety of things to Hilltop kids. These boys above, for instance, are practicing up on their casting for many a jaunt to local fishing haunts at Harder Lake in Westgate Park. Left to right are John Catlard, 282 S. Sylvan-av, age 7, and in the second grade at Westgate School; Jeffrey Leighninger, 289 S. Powhatan av. age 8, and in fourth grade at Westgate School; and Eugene Parkerson of Enon, O., who is visiting his grandmother, Mrs. Nina Bell at 280 S. Sylvan-av.

BEST WAY TO BEAT THE HEAT most summer vacationing students say is to immerse the body in water, preferably a swimming pool, at least once a day. Crowds at the Hilltop Swim Pool, shown above, have been large almost every day since vacation started. Hilltop kids are especially lucky in the variety of pursuits available to them. In addition to the full program offered by the Hilltop [illegible] local kids are utilizing to the fullest extent local baseball diamonds, tennis courts, and other sports facilities.

NOT TOO MANY SMILING FACES greeted Edgar M. Hancock, principal of Greenlawn School, and Jean Hane, teacher at Fairmoor School and summer school instructor, as they registered students for summer school, June 21 to Aug. 13, at Franklinton School last Friday. Many Hilltop youngsters were included in the numerous kids from all over the city whose parents have decided they will spend the summer deriving maximum educational benefits. Hats Dotted To Dad On His Day

Our hats are off to the dads of the community as we approach Sunday, June 20, Father's Day. Shortened work hours in recent years have enabled dads to take a more active role in molding good citizens. Are you measuring up?

Father's Day Big Holiday For Pop Of 13 Kids

Wouldn't Trade Role For Million Says Happy Dad

You'd consider 13 a lucky number, too — especially on Father's Day, Sunday, June 20, if 13 of your children brought out their gifts of slippers, ties, and socks.

That's the opinion of 46-year-old John A. Snyder, who's lived at 368 S. Powell-av since 1940 and who has the honor of having the largest family on the Hilltop.

"Nothing can compare with the thrill of returning heartfelt 'Happy Father's Day' greetings 13 times," declares Snyder, all of whose children still live at home.

A Hilltop resident since the age of five, he and his wife, Sally, a native of MacArthur, were married in early 1933. Parents of 14 children, seven boys and seven girls, tragedy struck the tight-knit family when one of their sons died at the age of two days.

Their youngest child, a daughter, is 15 months old. Their oldest, another daughter, who was 20 last February, is competing for national roller-skating honors and has already won several trophies.

Their second oldest daughter is taking up modeling. Six are now students at St. Mary Magdalene School and another was graduated from there earlier this month. Two are graduates of Sacred Heart High School and one is a senior at Aquinas High this year. Three haven't yet started to school.

"Just keeping up with their varied interests, schooling, and life plans has kept my wife and me young and on our toes," says Snyder. There's a thrill to a large family that kids and parents from smaller ones will never realize.

It's lots of work just to provide the necessities for such a family. That's why I work evenings at the Hilltop Florists in addition to the day shift as a printer for the Dispatch.

"But with 13 kids . . . Man, it's a three-ring circus! I wouldn't trade it for a million dollars."

Snyder doesn't smoke a pipe, so that's one traditional gift he doesn't expect on Father's Day. "I don't do so bad, though," he opined. Just that one day of the year usually takes care of my needs for socks, slippers, shirts, and other things along the same line for the rest of the year. Trouble is," he reflected, "only a couple of the youngsters are old enough to work and I guess I end up pretty much buying my own gifts."

A lifetime member of St. Mary Magdalene, Snyder is also active in the church's Holy Name Society. He's a member of Typographical Union 8. His mother, Mrs. John H. Snyder, lives at 137 S. Wheatland-av. His father died two years ago.

Snyder had eight brothers and sisters and his wife was one of three children.

Just try to tell Snyder that 13 is an unlucky number, especially around Fathers Day, and you'll have the makings of a first-class argument.

You know something? After looking over his happy family, we don't blame him.

PROUD FATHER—John Snyder displays the wrist watch he received on Father's Day last year in the above family group picture. Left to right in the first row are Eileen, 15 months; Snyder; Paul, 9; Anthony, 6; Patty, 7; Tommy, 4; and Cathy, 5. Second row, Michael, 13; Janet, 12; Regina, 10; and Mrs. Nellie Snyder. Third row, Mary, 20; Helen, 18; John, Jr., 17, and George 15. (Hilltop Record photo)

Hilltop Record Publisher Now Touring Canada

C. Carlton Hartley, publisher of The Hilltop Record, West Side News and South Side Leader, is currently taking part in the 11th annual US Editors' Goodwill Tour of Ontario, Canada, sponsored by the Ontario department of travel and publicity, as the representative of the Ohio State Press Association.

He and 28 other editors, each of whom represent separate state press associations, started their junket across Ontario last Tuesday, June 8, and are expected to wind it up with a look-see at the Canadian side of Niagara Falls tomorrow.

By the time they return, they will have logged some 1700 miles by Colonial Coach Lines. Their itinerary will include Chatham, London, Stratford, Kitchener, Toronto, Midland, Muskoka, Algonquin Park, Renfrew, Ottawa, Hawkesbury, Cornwall, Kingston, Cobourg, Hamilton and St. Catherines.

A few quotes from the letters so far received indicate that the entire party is enjoying the trip immensely.

Hartley writes of his breakfast the first morning of the tour in Windsor's Prince Edward Hotel:

"Controller Bob Fuller, Windsor City Council, added a novel touch to the bacon and eggs by appearing with a full beard. It turned out that he was a competitor in the beaver growing contest, which is a part of Windsor's Centennial celebrations."

Hilltop Lions Prepare Their July 5th Plans

A brand new feature of this year's Hilltop Lions Club Community 4th of July celebration, to be held from 6 p. m. to midnight on Monday, July 5, at West High, will be the presentation of six month's free diaper service to the parents of the first Hilltop baby born on Independence Day or afterwards.

Bill Mertz

It was also announced this week that Will Marot Orchestra will play for the variety show, with 10 local acts, which will begin at 7:30 p. m. Radio Station WVKO's youngest disc jockey, Bill Mertz, who broadcasts each Saturday afternoon from the window of the Hilltop Tune Shop on W. Broad-st, will serve as emcee.

Among local talent already signed for the variety show are: Judy Fenimore, song and dance; Tom Smith and Larry Carroll, tap dance; Roxainne Ebner, acrobatic number on a revolving barrel; and Ray Hunt's Quartet; plus added varieties by Will Marot and his combination piano and organ.

Gateway Realty, 2705 W. Broad-st, has joined the Lions with the "day baby" service feature prize.

Rural Zoning To Decide On Two Valleyview-dr Petitions

An executive board session of the rural zoning board in its courthouse offices last night was scheduled to bring forth the final answer to the plea of Harold F. Cunningham, 3115 Valleyview-dr, for rezoning of 17 acres on Valleyview less than half a mile east of Wilson-rd for the purpose of building a swim pool, skating rink, party house and general recreation area.

The session was also slated to decide on the request of the Universal Realty and Investment Corp. of 150 E. Broad-st, for reclassification of approximately 33½ acres about one-third of a mile east of Wilson-rd from a residential and agricultural district to a heavy manufacturing district.

Ray Hickey, executive secretary to the rural zoning board and the rural zoning board of appeals, indicated the probable granting of the request for reclassification from residential and agricultural to general commercial or light manufacturing of the Cunningham property in the absence of opposition from the regional zoning com[illegible]

Opening Set For Monday At Glenwood Recreation

Glenwood Recreation Center will officially open its playground season in ceremonies beginning at 1:30 p.m. Monday, June 21. The rites will feature a vehicle parade, flag raising, and games and contests.

Prizes will be awarded to the boy and girl in each age group, 7 and under and 8 through 13, for the best decorated vehicle.

Other contests will be held for children under 6 years of age and separate contests for boys and girls 6 through 8, 9 through 11 and 12 and 13. Prizes will be furnished by the Hilltop Community Council.

Water Conservation Warnings Issued As City "Cuts In" New 36-Incher

A sharp warning was issued by Water Superintendent Paul Laux on June 10 to Hilltop residents in connection with conserving water. Residents were warned to curtail sprinkling in order to bolster water pressure while a new 36-inch main in Fisher-rd was cut into the city's water system.

The new main, which was linked to the city system by the evening of June 12, will provide as much as 15,000,000 more gallons of water daily for the entire West Side. A 12-inch Hague-av line will be utilized to bring water to the Hilltop from the new line.

The necessity of conserving water during this project was pointed out by Service Director Floyd C. Bedick, June 11, when he warned:

"The West Side and everything south of Fifth-av and west of Alum Creek can be in serious trouble if a major fire should develop. We are asking for conservation throughout the entire city so that all water possible can be ready for those areas."

Community Council To Open Eight Hilltop Parks June 21

The Hilltop Community Council will formally open eight parks on the Hilltop on Monday, June 21, according to Council President Dick Wilson.

The parks are Glenwood Recreation, Highland, West Mound, Hauntz, Westgate, West Broad, Holton, and John Burroughs.

The committee in charge of the openings includes Charles Moore, chairman; and Mrs. Robert Nichols, Mrs. Howard Waidelich, Mrs. R. P. Ealy, Mrs. Howard Hartranft, Mrs. Helen Radcliffe and Mrs. Bill Burns.

The program will begin promptly at 1:30 p. m. with the parade of vehicles followed by the bugle call to colors at 1:40. Contests, with groups divided into age classes and assigned to different areas, will begin at 1:50 p. m.

The age groups will be: under six years old (boys and girls together); 6 through 8 (separate contests for boys and girls); 9 through 11 (separate contests for boys and girls); 12 through 13 (separate contests for boys and girls).

Contests will include a kangaroo race, standing jump, shoe scramble, paper plate-throw, balloon batting, crow race, seal walk, crows and cravens, forest five, vehicle parade, and many other activities for all ages.

The public is cordially invited to attend these openings by the playground directors and members of the Hilltop Community Council.

Hilltopper Suffers Broken Rib In Motorcycle Crash

Bob Perkins, 29, of 308 N. Eureka-av, was convalescing at his home today after being treated at Mt. Carmel Hospital for a broken rib and sprained ankle received Monday, June 13, when his motorcycle collided with a two-year-old part collie.

The dog, Brownie, pet of 21-month-old Christina Arnold, 479 N. Eureka-av, gave chase as Perkins left home on his motorcycle for work. The dog died that afternoon.

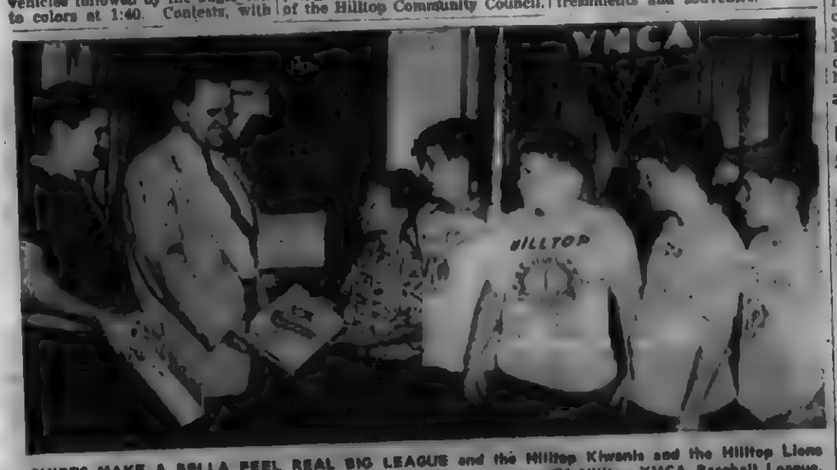
STANDARD OIL OPEN HOUSE

Columbus Division of the Standard Oil Co. will hold open house at its Wilson-rd terminal, 303 Wilson-rd, on Sunday, June 27 from 2 to 5 p. m. The general public is invited. There will be refreshments and souvenirs.

Want-Ad Plans Get Priority

One of the first things Eloise Porter does every Thursday (in between phone calls) is to decide what properties she will advertise for the following week in this newspaper's classified columns. Mrs. Porter, who is associated with the Larry Wade Realtors at 1089 E. Broad-st, advertises every week in this paper.

Getting her sales message to more than 32,000 families each week via the classified columns has paid her great dividends, she declares. "That extra boost want-ads give my business means the margin between success and failure," Mrs. Porter said.



Why don't YOU observe for yourself how much additional business those powerful little salesmen can bring you — no matter what your product or service? Call RA. 1125 or GA. 9262 for swift, courteous assistance in your selling problem the "want-ad way."

Hilltop Joins In Power Shutoff Because Of Storm

The Hilltop unwillingly joined in a 22 county blackout Tuesday when lightning hit a 40,000-volt transmission line on Refugee-rd at 3:46 p. m. Power was generally restored to this district by 5 50 p. m.

Traffic was hopelessly snarled at Broad-st and Hague-av for approximately 30 minutes because of the blackout of traffic signals. A patrolman soon arrived to take the place of the blank signal in directing traffic. In connection with the traffic problem, Capt. Roy Compton of the sheriff's office dispatched deputies to key positions near the General Motors Terminal and Westinghouse plants to keep traffic flowing safely.

The residential sections, those with electric stoves, were forced to give up the idea of a roast for dinner and content their family with cold cuts.

SHIRTS MAKE A HELLA FEEL REAL BIG LEAGUE and the Hilltop Kiwanis and the Hilltop Lions Clubs, co-sponsors of 190 local youths making up this year's Little "Y" Hilltop YMCA Baseball League, are aware of that fact. That's why the two clubs recently purchased enough shirts for every player in the league. Shown above at the presentation of the new shirts last week are, left to right, Dick Wilson of the Hilltop Lions and the local Y staff; Joe Goodwin, representing the Hilltop Kiwanis; and Larry McKenzie, Jon Kelly, John Graham, Dick Sines and Frank Grove. Health Official Says Fear Of Polio Exaggerated

Because we're moving into the epidemic season for poliomyelitis is no reason for parents to alter their vacation plans or plans for their youngsters, Dr. Ollie M. Goodloe, Columbus health commissioner, noted recently.

"If you've planned to take a trip or to send your child to camp, don't let the threat of polio spoil it. It would be advisable, however, if you would inform your physician of your itinerary. He has the means of knowing epidemic areas and can guide you away from them," the health commissioner suggested.

"As for camps, most of them are as safe as homes. They make regular tests of drinking and swimming pool water, they observe a high degree of sanitation and they supervise activity of the campers throughout the day. This latter phase is important," Dr. Goodloe continued.

There are several rules parents can follow to decrease their child's chances of acquiring polio, Dr. Goodloe said. He listed them as (1)—Cleanliness, washing hands before every meal, before going to bed, and after visiting the toilet, plus a bath at least once a day. (2) Do not permit him to get overtired, maybe have him quiet down for a few minutes two or three times each morning, include a nap a half hour or so twice a day. (3) Keep him in good health with plenty of rest at night and nourishing food during the day. (4) Don't permit him to become over-heated and then cool off too rapidly; in fact, don't permit him to become chilled at any time.

"If those rules are followed, your child has a small chance of contracting polio," Dr. Goodloe added. "He's just about as safe one place as he is in any other, except if he should get into an epidemic area. Here in Columbus last year, we had 133 reported cases of polio, by far the most in our history, out of 100,000 or more children. That would mean one out of every 3,000 children, there were four cases of polio and that more than half were non-paralytic or so slightly paralytic that they soon completely recovered.

"So don't let the threat of polio spoil your vacation or your child's," Dr. Goodloe concluded. "It isn't worth it."

Governor To Dedicate $180,000 Ohio Credit Union Bldg. On Dublin Rd.

Governor Frank J. Lausche has proclaimed the week of June 14-20 as Ohio Credit Union Week, and has announced that he will lay the cornerstone of the Ohio Credit Union League's new, ultra-modern headquarters at 1201 Dublin-rd, here on Saturday, June 19.

His proclamation reads in part as follows:

"One of the great institutions planting and encouraging these qualities in our office workers and laboring men is the League of more than 800 credit unions located throughout Ohio and found in our smallest and largest industries. In recognition of the work of the Ohio Credit Union League in fostering qualities and practices which make our state stronger and greater, I, Frank J. Lausche, Governor of Ohio, do hereby declare the period beginning, Monday, June 14, and ending Sunday, June 20, to be Ohio Credit Union Week."

The $180,000 Ohio Credit Union League headquarters building which the Governor will dedicate climaxes a two-year boom in credit unions in Ohio. During the past two years membership has risen from 350,000 to 450,000 members and assets increased $75 million to $115 million. During 1953 Ohio credit unions had a loan volume of $132 million.

Corresponding For Rea and Rainbow Family Tradition For Myrtle Kidd

Serving as Rea and Rainbow Addition correspondent for the Record is somewhat of a family tradition with Mrs. Myrtle Kidd, 2200 Vadis-st.

Her daughter-in-law first began the column some eight years ago. A year later Mrs. Kidd's daughter, JoAnn took over and handled the community's news until four years ago when Mrs. Kidd began the job.

Mrs. Kidd and her husband, Hobart, were among the first settlers in the community some 17 years ago. She recalls how they had to wait 10 months to find four other residents so they could get an electric power line strung.

The Kidds built their own home. Their five sons were all carpenters or other skilled craftsmen.

Tragedy has struck the family twice in their years in the addition. Their 16-year-old son was drowned three years ago in a quarry on Hart-rd. The shock was too much for the health of Mrs. Kidd's husband, who was forced to retire from the Union Fork and Hoe Co. after 18 years of service. He is now recuperating at the farm home of a son, Ernest, at Somerset, O.

Their daughter, JoAnn, narrowly escaped death at the age of 16 when she saved a child from a burning house while baby-sitting.

Mrs. Myrtle Kidd

All four of the remaining Kidd sons have been in the armed services.

Mrs. Kidd has attended the Warren Avenue Church of the Nazarene for 19 years.

Actively interested in community service, Mrs. Kidd is eager to record local news and social happenings in her column. She invites telephone reports of such activities at JO. 5181.

Saturday Grand Opening For George's Drive-In At 5960 West Broad St.

Hilltopper George Katsahos, 777 Wiltshire-rd, will hold a grand opening Saturday of his George's Drive-In Restaurant, at 5960 W. Broad-st, three miles west of Columbus.

Katsahos started in business at the same location in 1948 with a small drive-in and golf range. The new black-tiled 400 by 200 feet drive-in is a model of modern architecture and he has increased his golf driving range from 11 to 27 tees.

The new restaurant features acoustic tile ceiling, marlite-covered walls and vinyl in a 40 by 45 feet addition. Formica booths will seat 85 patrons in addition to the counter service offered in the older portion of the restaurant. Thermopane windows give all-around vision to patrons and 1200 outside blinker lights on the portico make it impossible to overlook the wonderful eating site when driving at night.

George's specializes in George's Farmer Boy one-quarter pound ground beef sandwiches, chicken, fish, steaks, and shrimp. Both the restaurant and drive-in, open from 5:30 a. m. to 2:30 a. m., feature prompt, courteous service.

A new feature of the driving range for the summer is a glass jar containing $25 in silver dollars. Every time a golfer breaks the jar, he gets the cash and a new jar is placed on the range.

Ann Kimball Opens Studio To Teach Guitar, Piano

Ann Kimball of 502 Hilltonia-av, announces the opening of a studio to teach Spanish guitar, Hawaiian guitar and piano in her home. Mrs. Smith Offers Favorite Family Recipe, 'Cheese Puffs'

Mrs. Ruth Smith, 721 Wiltshire-rd, is the donor of this week's favorite recipe. Her contribution is for "Cheese Puffs."

A long-time member of West Park Methodist Church, she belongs to the Women's Society of Christian Service, King's Daughters Class and teaches in the nursery department. She is also affiliated with Frances Willard Chapter WCTU, the Bay View Literary Club and the Elizabeth Collier Circle of Florence Crittenton Home.

Her husband, a partner in the G. Frederick Smith Chemical Co., is vice-president of Aeration Processes. The couple's only daughter,

Mrs. A. H. Smith

Frances, is a student at Northwestern University and the family has resided in their present home for the past 22 years.

Mrs. Smith's favorite recipe for "Cheese Puffs" combines simple ingredients into a truly "party fare" dish.

Cheese Puffs
8 slices day old bread
6 oz. American cheese
2 cups milk
3 eggs
¾ teaspoon salt
¼ teaspoon paprika
¼ teaspoon pepper

Trim crusts from bread and cut inch thick. Top with bread. Beat eggs slightly with rotary beater. Add remaining ingredients and beat well. Pour over bread and cheese and allow to stand one hour. Bake at 350 degrees for one hour or until puffed and golden.

ON THE ALERT—Shown above is a tense moment in the local community phase of the county-wide air raid Civil Defense alert, held Monday from 2:30 to 2:40 p. m., as workers in CD Zone 4 Headquarters in the firehouse at Brinker and Sullivant-ave., await radio instructions from central communications. Headquarters personnel of Zone 4, comprising area south of Broad and west of High-st, remained at their stations from 2 to 4:30 p. m. and on a standby alert basis for 24 hours. Zone 4 Warden Arthur Witt declared that while the Hilltop and the West Side phase provided needed practice for CD workers, it also showed a lack of awareness of community residents as to the potential danger and pointed up the almost desperate need for more CD workers. Standing, left to right, are Arthur J. Beller, administrative assistant for Franklin County and Columbus CD; Theodore Pashovich, district warden; Bob Rau, assistant radio communications officer; L. J. Schneider, district warden; Kenneth G. Battelger, assistant district warden; and Transportation Officer Merriman. Seated, from left, are Arthur Witt, Zone 4 warden; Mary Rafferty, communications clerk; and Radio Communications Officer Cramer. Missing from the photo is Grover Kadderly, CD supervisor of activities.

MEET THE STAFF

Corresponding For Rea and Rainbow Family Tradition For Myrtle Kidd

Serving as Rea and Rainbow Addition correspondent for the Record is somewhat of a family tradition with Mrs. Myrtle Kidd, 2209 Vadis-st.

Her daughter-in-law first began the column some eight years ago. A year later Mrs. Kidd's daughter, JoAnn took over and handled the community's news until four years ago when Mrs. Kidd began the job.

Mrs. Kidd and her husband, Hobart, were among the first settlers in the community some 17 years ago. She recalls how they had to wait 10 months to find four other residents so they could get an electric power line strung.

The Kidds built their own home. Their five sons were all carpenters or other skilled craftsmen.

Tragedy has struck the family twice in their years in the addition. Their 16-year-old son was drowned three years ago in a quarry on Hart-rd. The shock was too much for the health of Mrs. Kidd's husband, who was forced to retire from the Union Fork and Hoe Co. after 18 years of service. He is now recuperating at the farm home of a son, Ernest, at Somerset, O.

Their daughter, JoAnn, narrowly escaped death at the age of 16 when she saved a child from a burning house while baby-sitting.

Mrs. Myrtle Kidd

All four of the remaining Kidd sons have been in the armed services.

Mrs. Kidd has attended the Warren Avenue Church of the Nazarene for 19 years.

Actively interested in community service, Mrs. Kidd is eager to record local news and social happenings in her column. She invites telephone reports of such activities at JO. 5181.

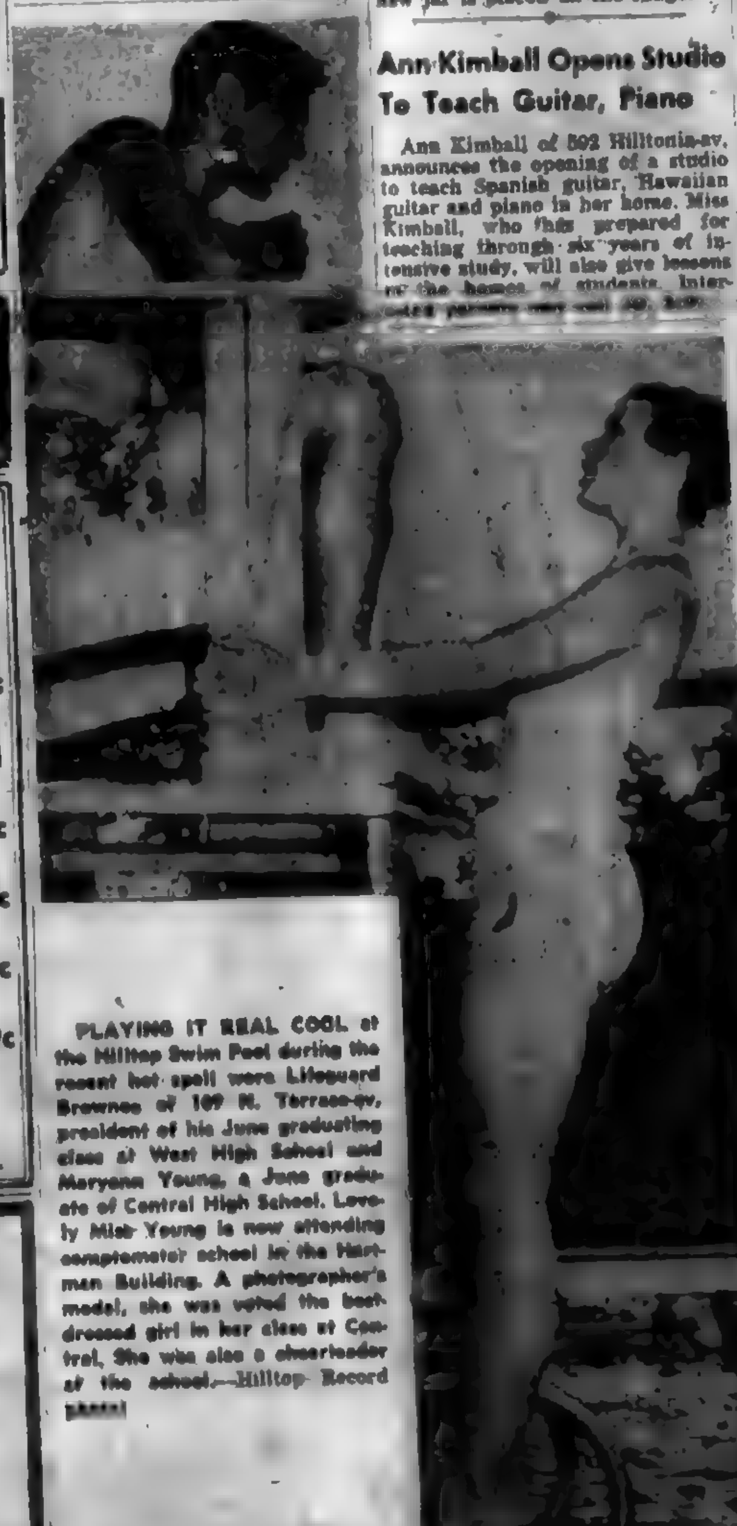
PRESBYTERY TO MEET

The June meeting of the Presbytery of Columbus will be held at 4:30 p. m. Tuesday at the West Broad Street Presbyterian Church, W. Broad-st and Dakota-av.

Saturday Grand Opening For George's Drive-In At 5960 West Broad St.

Hilltopper George Kotsanos, 777 Wilshire-rd, will hold a grand opening Saturday of his George's Drive-In Restaurant at 5960 W. Broad-st, three miles west of Columbus.

Katsanos started in business at the same location in 1948 with a small drive-in and golf range. The new black-tiled 400 by 200 foot drive-in is a model of modern architecture and he has increased his golf driving range from 11 to 27 tees.



The new restaurant features acoustic tile ceiling, marlite-covered walls, and vinyl in a 40 by 45 feet addition. Formica booths will seat 85 patrons in addition to the counter service offered in the older portion of the restaurant. Thermopane windows give all-around vision to patrons and 1200 outside blinker lights on the portico make it impossible to overlook the wonderful eating site when driving at night.

George's specializes in George's Farmer Boy one-quarter pound ground beef sandwiches, chicken, fish, steaks, and shrimp. Both the restaurant and drive-in, open from 5:30 a. m. to 2:30 a. m., feature prompt, courteous service.

A new feature of the driving range for the summer is a glass jar containing $25 in silver dollars. Every time a golfer breaks the jar, he gets the cash and a new jar is placed on the range.

Mrs. Smith Offers Favorite Family Recipe, 'Cheese Puffs'

Mrs. Ruth Smith, 721 Wiltshire-rd, is the donor of this week's favorite recipe. Her contribution is for "Cheese Puffs."

A long-time member of West Park Methodist Church, she belongs to the Women's Society of Christian Service, King's Daughters Class and teaches in the nursery department. She is also affiliated with Frances Willard Chapter WCTU, the Bay View Literary Club and the Elizabeth Collier Circle of Florence Crittenton Home.

Her husband, a partner in the G. Frederick Smith Chemical Co., is vice-president of Aeration Processes. The couple's only daughter,

Mrs. A. H. Smith

Frances, is a student at Northwestern University and the family has resided in their present home for the past 22 years.

Mrs. Smith's favorite recipe for "Cheese Puffs" combines simple ingredients into a truly "party fare" dish.

Cheese Puffs

8 slices day old bread
8 oz. American cheese
2 cups milk
3 eggs
¼ teaspoon salt
½ teaspoon paprika
¼ teaspoon pepper

Trim crusts from bread and cut in half diagonally. Make pinwheels of eight halves in ungreased shallow eight-in casserole. Cover bread with layers of cheese one-fourth inch thick. Top with bread. Beat eggs slightly with rotary beater. Add remaining ingredients and beat well. Pour over bread and cheese and allow to stand one hour. Bake at 350 degrees for one hour or until puffed and golden.

The celebration will begin Friday, June 18, with tours of the building conducted for the public from 7 to 10 p.m. Saturday will be dedication day, with open house from 10 a.m. to 1 p.m.

At 2 p.m. that day the dedication ceremony will begin with the U.S. Marine Corps color guard raising the flag. Frank J. Gorsler, past president of the league and master of ceremonies, will introduce Rev. Roy Burkhardt, First Community Church, who will deliver the invocation, and Rev. She will speak briefly about the history of the building program; and then Paul Deaton, a director of the Credit Union National Association, will introduce Governor Lausche.

The governor will lay the cornerstone with a special trowel provided by E. K. Augustus of the employees credit union of the Farm Bureau Cooperative — the first credit union chartered in Ohio.

ON THE ALERT—Shown above is a tense moment in the local community phase of the county-wide air raid Civil Defense alert, held Monday from 2:30 to 2:40 p. m., as workers in CD Zone 4 Headquarters in the firehouse at Brinker and Sullivant-aves. await radio instructions from central communications. Headquarters personnel of Zone 4, comprising area south of Broad and west of High-st, remained at their stations from 2 to 4:30 p. m. and on a standby alert basis for 24 hours. Zone 4 Warden Arthur Witt declared that while the Hilltop and the West Side phase provided needed practice for CD workers, it also showed a lack of awareness of community residents as to the potential danger and pointed up the almost desperate need for more CD workers. Standing, left to right, are Arthur J. Beltar, administrative assistant for Franklin County and Columbus CD; Theodore Pashovich, district warden; Bob Rau, assistant radio communications officer; L. J. Schneider, district warden; Kenneth G. Battelger, assistant district warden; and Transportation Officer Merriman. Seated, from left, are Arthur Witt, Zone 4 warden; Mary Rafferty, communications clerk; and Radio Communications Officer Cramer. Missing from the photo is Grover Kaddorly, CD supervisor of activities.

One of the ways to show him is to insist on his going to Seiller's to pick out the Palm Beach suit he's always longed for secretly. Handsome cool slacks, or Palm Beach Resort Weave coat.

He really should get in on the shirt special of the year at Seiller's, $2.99 value for $1.99. The Arrow people have come out with a new loose weave fabric this summer to keep Dad cool and good natured during the hot weather. You can even get underwear shorts in this wonderful fabric.

About Cremation

Cremated remains are not ashes but fragments of bone structure. Cremation of today is vastly different from the method of yesterday. No preheated crematory vaults. No ashes. No muscular contraction or body movement.

The body is prepared and casketed the same for a cremation service as for any other type of burial. The body is not removed from the casket, the casket is placed in the crematory vault without being opened after delivery to the crematory. The casket is cremated with the body. The cremated remains being calcareaus are heavy—the withered disintegration of the casket and the clothing being light are blown away by air leaving the cremated remains undisturbed.

After cremation the cremated remains may be left at the crematory until the surviving members of the family decide upon their final disposition. The urn with its cremated remains may be placed for all time in a niche in the Columbaria. When the original purchase price of the niche is paid, their is no further cost. A name ineffaceably engraved on a cast bronze urn and placed in a niche of a columbarium is a permanent memorial. A single niche carries with the purchase the privilege of transfer to a larger family niche later. When burial of the cremated remains is desired a suitable burial container may be had from the funeral director of the crematory.

Cremation is not a method of disposal of the dead, but is rather a method of preparation for permanent preservation.

Cremation is within the reach of all. It combines sanitation, economy and perpetuity as in no other form of burial. For further information call Sunset Cemetery and Crematory, ALton 8-8355, 6059 W. Broad Street. Adv.

REALISM OF FAITH

BY REV. HAROLD DUTT

Pastor of Westgate Evangelical United Brethren Church

Rev. Harold Dutt

The history of the Bible is the History of Faith. Today as in every day the world is divided into two camps, first whose who have faith and second those who do not have it.

In the story of David and Goliath we see true faith demonstrated. David had faith in God and therefore he had faith in himself. Truly his faith in himself depended upon faith in God.

The same formula will work in our day. Faith still kills or destroys giants. Jesus said, "If you have faith as a grain of mustard seed, you shall say unto this mountain, remove hence to yonder place and it shall remove; and nothing shall be impossible unto you." Truly the realism of faith is seen when we can honestly say, "And nothing shall be impossible to me."

RECITAL DATE SET

The Fenstermacher Studio of Musical Expression will present students in the final Spring recital of the year on Saturday at 7:30 p. m. at the studio, 1616 Welsh-av.

'Shades Of Buck Rogers'; Some Believe Space Travel Possible

This week's query, "Do you believe space travel may be developed in our time?" brough thoughtful answers from Hilltoppers, with the majority agreeing that it very well might happen.

Glenn Wendt, 13, of 673 Derrer-rd, "Yes, I think it really might happen. I hope so for I'd like very much to know if there is life on any of the other planets, and if there is, what Gods they might worship. I wonder if they would worship our God."

Mrs. Franklin Paxton, 2432½ Sullivant-av, "I really haven't formed a definite opinion but I believe that it could happen. It's been talked about so much that we accept the fact that it is possible."

Mrs. Paul Kiser, 90 N. Princeton-av, "Yes, I do, and I believe space travel will come within 20 years or maybe sooner. When our grandfathers were young the idea of air travel was amazing, and considering all the advances that have been made within the past 40 years, I truly believe space travel will come."

Ed Hakola, 136 S. Richardson-av, "It will never happen in our time. I believe that it may be possible, but not for a long time yet. There's still too much work to be done on the idea."

Nothing can hold the petal to the rose.
Suddenly like a moth its beauty goes.
Nothing can keep the color in the leaf.

When something is troubling you, walk in your garden just before sunrise. If you don't have a garden or yard, weed your flowerbox or water the plants in your window or take a ride out into the country. You will find beauty and peace. And they will not be just words. If it is a ride, you might turn on your car radio and listen to the inspirational program at 6:15 over WHKC. The birds will be competition for the music on the program, but it doesn't matter much which wins out. There is help for everyone early in the morning. Too bad so many people don't know it. From somewhere—Jealousiy is a friendship between two women . . . Money used to talk. Now it hasn't cents enough . . . Mail—From Columbus: "You figure this—the other night I watched a late show. It was "Corregidor." After it was over I turned the dial to the McCarthy-Army hearings, and felt I could never look a GI in the face again. Is THAT what they fought for?" From Zanesville: "Columbus should pay our rates!"

Those Eyes —

How Well Do You Know Them?

Last week's eyes displayed in this sharpen-your-powers-of-observation feature resulted in several phone calls from members of the Hilltop "small fry" set.

In case you didn't guess the identity of their owner, we'll let you in on the fact that they belong to Bob Schmidt, 32-year-old adopted Hilltopper who has made quite a name for himself as

By Bob Schmidt

executive secretary of the Hilltop YMCA since taking over the post in June 1952.

Bob, who lives at 118 N. Powell-av, with his wife and three daughters, is a deacon at Hope Memorial Presbyterian Church and a member of the Hilltop Kiwanis Club, Camp Chase Post of the American Legion, and Hilltop Community Council. He is a past president of the latter organization.

Born in Franklin, O., Bob came to Columbus from Mansfield, where he was also in Y secretaryship work. An alumnus of Whittenberg and Otterbein Colleges, he was graduated from the latter in 1946. He served in the Coast Guard during World War II.

Almost everyone in the entire western portion of the city knows the owner of today's mystery orbs, so we'll make the clues a little mysterious.

First off, let's tell you he's lived on the Hilltop at the same location for the past nine years. We'll add only that he has three sons and that he is one of the solidest supporters of home games of the Ohio State University football team you're likely to run into anywhere.

HILLTOP BRANCH LIBRARY

Local Artist Has Collection Of Oil Paintings On Display

by Frances Gawlik

Carl Edwin Shull has a number of oil paintings on exhibit at the Hilltop Branch Library, 2968 W. Broad-st.

Shull is working on his dissertation at Ohio State University in the field of art history in completion for his doctorate degree in August.

After completing academic work for his MA degree, he studied under Francis Chapin at the Chicago Art Institute before world War II. During a four-year tour with the Navy in the last War, he painted murals for the enlisted men's recreation centers in the Pacific area.

Since coming to Ohio in 1952, his local exhibits have included the Columbus Art League May Show for two years, in which he received the Louise Shepard Hengst memorial prize last year. He has also had exhibits in the Ohio Print Show, Ohio State Fair, Ohio Drawing Show, and many others.

In addition to private collections, paintings are in the permanent collections of the Swope Gallery, Canton Art Institute and the Illinois Education Association. He has exhibited extensively throughout the mid-west and won numerous awards.

Our new books for the week are, "Ladies with a Unicorn" by Monica Stirling, a novel about filmmaking in Rome and ladies in love. "The Carioli Affair," by Mary Deasy is the story of two strong and desperate victims of themselves and of a love that bound them together against a hostile world. "Dangerous Angel," by Clarence Kelland, is a hard-boiled and beautiful adventure of a fabulous hoax in San Francisco's history in the early making.

"Handbook of tomorrow's Antiques," by Carl W. Drepperd, is a valuable book for any lover of antiques. "A Treasury of Hymns," by Marie Leiper, is dedicated to the principle that singing hymns is a joy and should be enjoyed by more families. It is a very beautiful book, featuring many of the great composers.

We have many more new books for you to select from.

Letters To The Editor

Columbus, Ohio

Dear Editor:

I'm going to take this opportunity to write you again about the traffic on N. Hague-av. We know the slogan "Protect Our Children" and now since school is out many of these children are finding recreation at the Hilltop swimming pool, some walking, some riding bicycles and some of the older ones driving cars racing to see who can get there first.

Also ban cars parked on both sides of the street. Last night a car was parked on the west side of Hague-av and directly across it there was another car parked, not a space between them to allow cars to pass through, one or the other had to wait until the way was clear.

There are other streets where parking is not allowed on both sides. Why not enforce this law on Hague-av, and a speed limit of 25 miles an hour or have one of our policemen patrol the area?

My children are grown up but I am a lover of children and would not like to see any parents' hearts broken when it can be averted.

15 Hilltoppers List Many Favorite Vacation Pursuits

Many Week-End Trips Included Along With Boating And Fishing

Vacation plans of Hilltoppers questioned this week ran from "just lazing around the house to fishing and swimming at Lake Burr Oak, about six miles from Glouster.

For the most part, those contacted seemed to include a lot of small in-state jaunts in their plans, plus numerous outings and picnics. It was surprising to note how often boating was mentioned in addition to the old standby of fishing.

T. W. REESE, 102 S. WESTGATE-AV: "We do some driving in the summer taking short auto trips, but personally, I like to go fishing. I don't catch many fish; but I like to go."

MRS. L. W. GARRETT, 1261 S. SYLVAN-AV: "We are divided on our ideas of how to spend the summer. My son and son-in-law like to fish, my husband takes short trips and I like to travel most of all."

MRS. GLEN DOUGLASS, 2764 RIDGE-AV: "Boating is our summertime hobby. My husband and I belong to the Scioto Boat Club and we own a 25 h.p. motor with a 14 foot Dumphy boat. Most all of our time outside of working hours is spent in that boat, just ridin' up and down the river."

MRS. E. F. CASSELL, 98 N. WESTGATE-AV: "My husband's work doesn't permit us to take a long summer vacation, but do take short weekend trips. We also spend a lot of time in the yard, caring for flowers and the lawn."

MRS. FRANCIS ATER, 153 DEMOREST-AV: "We took our vacation trip in February and March this year and went to Florida. During the summer months we always spend each week-end on our farm near New Holland. It's only about an hour's drive and we do enjoy going each week."

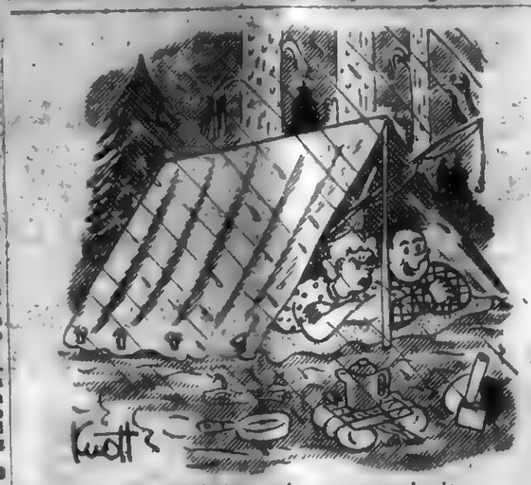
MRS. JOHN LUDWIG, 2388 SULLIVANT-AV: "My husband and I went to Newport, La. in May, so our vacation is over for the year. I think during the summer we'll just stay home and relax."

MELVIN DIGGS, 484 S. RICHARDSON-AV: "My hobby is golfing and we also go on family picnics often. Our favorite spot is someplace where boating is available, such as Lake Hope."

MRS. STEPHEN NOLAN, 2479 EAKIN-RD: "My family enjoys most a vacation at a lake, with lots of fishing and some swimming."

ERNEST HESKETT, 940 CLARENDON-AV: "I'm afraid I really don't do anything different in the summertime; work goes on as usual and wrestling is still my favorite sport."

MRS. WALTER J. NEWLON, 134 N. BURGESS-AV: "We like best to vacation at summer resorts" although we might not make it this year. We do enjoy fishing and all summer sports."



MRS. HAROLD H. MOORE, 176 S. SOUTHAMPTON: "Picnicking and swimming and Michigan sum up our summer plans."

EDGAR F. ROSE, 348 S. OAKLEY-AV: "Fishing most all the time, is the way we spend the summer. Both my wife and I enjoy it and spend all our leisure time fishing."

RALPH SIMS, 309 S. HARRIS-AV: "The usual summertime picnics and fishing trips are most popular with my family. Since we all enjoy them so much, we take many of these outings."

MRS. STELLA VEELEY, 464 S. HURON-AV: "We spend our summer in our own backyard. At least two or three times a week we cook our dinner in our outdoor fireplace and I do so enjoy getting out of the kitchen occasionally. We don't care for large crowds either, so staying home is popular with all of us."

MRS. KENNETH WOLF, 827 TERRACE-AV: "We all agree on fishing and swimming as summer pastimes. Our favorite spot is Lake Burr Oak, about two miles from Glouster. On a day like this, I can hardly wait to get started."

"Just think! Last week we were cooped up in town with nothing to do but play bridge, watch TV, go to parties, and ....."

Anti-Dust Treatment Set For 850 Miles Of Road

About 850 miles of "traffic bound" roads will be treated before the middle of June in an all-out drive against road dust by the Ohio highway department. Highway officials explained that the 850-mile figure represents every gravel-coated or untreated roadway on the State's 12,400-mile highway system.

C. W. McCaughey, deputy director of operations under Highway Director S. O. Linzell, said that some two million gallons of bituminous material will be used in the dust control program, at an approximate cost of $800,000. The program, he explained, was started early in the spring and should be finished by the middle of June.

WARNING TO MOTORISTS

"Schools out — watch for children playing — Remember you will never regret driving carefully," was his advice. "Drive sanely and signal plainly."

Special Breads Will Give Spice To Outdoor Cooking

Musts for almost any picnic are hamburger or frankfurter buns, or the crisp crusted French and Italian breads. While the meat is grilling, the vegetables cooking, the buns or bread may be heated in a metal basket warmer. The bread may be sliced and spread before hand, with herb or garlic butter for added flavor.

Desserts usually are simple, requiring a minimum of attention. Bakers' cakes or cupcakes go well with steaming hot coffee. A fruit pie is an easy-to-handle dessert that may be heated on the grill after the meats have been served.

MEAT COOKING TIPS

Meat, such as hamburgers, may be pre-cooked on the range, wrapped in aluminum foil and heated later over outdoor fireplace coals. In addition to the meats, fish and poultry that lend themselves as well to fireplace cooking, many vegetables are favorites, too. Roasting corn, baking potatoes, summer squash, or the cubed vegetables that can be cooked on kabobs are all menu items that appeal to the man in the chef's cap.

Popularity of this backyard eating is prompted from many fields such as introduction of intriguing gadgets for preparing, cooking and serving the foods—all of them with a special appeal to the man of the house. His skills are being encouraged. The magic of the open fire gives him a new role as the gourmet of the household.

Columbus Automobile Club Forecasts Biggest Travel Year In History for 54'

Well — It's travel and vacation time again, and the wheels are turning all over America.

In fact, the summer touring season already is off to a booming, splurging start that holds almost certain promise that 1954 will be the biggest ever with bright new records being set for number of travelers, for overall mileage and for money spent.

Millions are going by family car to famous and choice spots in the U.S., Canada, and Mexico. The Columbus Automobile Club members in particular, are hitting the high roads to fun and adventure with great zest in great numbers, if the club's touring service is any criterion. Requests for touring information, mapped routes, trip-tiks, etc., currently are keeping staff members working the clock around.

This year the Columbus Automobile Club will distribute over 120,000 maps, tour books, etc., to its members and affiliated members. The touring staff gives out a wealth of material for virtually every kind of vacation in nearby spots noted for their interest and charm and in the always alluring far-away places. The club's accurate, comprehensive, and legible maps cover the vast network of the nation's touring lanes and its running directions are unexcelled in accuracy and simplicity.

Costs of motor travel remain pretty much about where they were a year ago, President Russell H. Campbell stated. Several persons —say four—traveling in a car about 200 or 300 miles a day, spend about $40 a day in round figures, or about $10 a person. This breaks down to about $16 for meals; $14 to $18 for lodging and eight dollars for the car's operation. That amount covers only the necessary expenses, of course. Another $10 a day should be alloted for emergencies and incidentals.

Here is a typical two week vacation:

Tour of Some 1800 Miles

This trip will be of interest to every member of the family. It includes mountains, seashore and historical points of interest.

After leaving Columbus, the first major point of interest would be the Great Smoky Mountain National Park. The road passing through the park offers many fine views of the mountains; then travels through Cherokee, N.C., home of the Cherokee Indian reservation. Leaving Cherokee the route then travels through Ashville, N.C., then on north to the Blue Ridge Parkway, providing a beautiful drive through mountainous country.

We leave this Blue Ridge Parkway to travel on a route through Southern Virginia leading us through Norfolk, Va., to the famed Virginia Beach. From this point we then travel to Williamsburg, Va. This colonial village has been restored nearly as possible to its appearance during the 18th century.

Then we move on to Charlottesville, Va. "The Monticello", three miles east of Charlottesville, is one of the most imposing estates in Virginia. This was Jefferson's home from 1770 until his death in 1826. After leaving Charlottesville we again take to the mountains along the beautiful Sky Line Drive. Our route then travels back through Winchester, Va., Clarksburg, W. Va., and thence by way of Marietta, O., to Columbus.

How To Make Your Picnic A Success

BEST NEWS FOR LOVERS OF THE GREAT OUTDOORS is that the picnic, most honored of American summer institutions, has finally turned into an art. The fun has been left in, but the "bugs" have been ironed out!

Gone are the haphazard one-day expeditions when folks grabbed a sandwich, jumped into a car and headed for a nearby clump of trees without a second thought. This simple approach to nature's call turned out to be not so simple after all.

That was the old-fashioned picnic of yesterday. But today it's a thoroughly different story.

The picnic has developed into a relaxed, pleasure-filled affair, thanks to the combined efforts of Outdoor Conservation specialists plus the ingenuity of American industry.

The conservationists have established a set of easy to follow rules, while industrialists have come up with a host of new products to take the pain out of the picnic.

Authorities on outdoor living tell us it's the planning that counts. As one conservation expert stated recently: "Most picnics are spoiled by what folks forget to take along. How many people think to pack something as simple as a first-aid kit?"

Here are some other all-important "DO"s and "DON'T"s:

DO make a check-list of the simple items you're most apt to forget: salt, pepper, mustard, sugar, cream, paper plates and cups, cutlery and something to spread on the ground or picnic table.

DON'T forget matches, a flashlight and a can opener. If the menu calls for charcoal broiled hamburgers, frankfurters or steak, make sure you have a sturdy and efficient grill. One of the best is the new grill illustrated above. The cleanest and safest fire-pot you can buy. It's scientifically controlled draft completely eliminates any danger of a spreading fire, and it's nice looking, too.

DON'T place an unopened can over the fire. Puncture a few holes in it, or you'll find beans plastered all over the picnic grounds when the can explodes.

DO have the car checked and while you're at it, drop a few games in the back seat for the youngsters.

DON'T try to live seven days in one. Country life is exhilerating, but sudden, strenuous exercise can be a severe strain on the heart.

DO bring along your own beverages. Coffee, beer or soda can be kept cold in an insulated container such as the cooler pictured above. The handsome, plaid-covered bucket will also keep your food fresh.

DO wrap white bread and sandwich ingredients individually in wax paper or aluminum foil and pack them in the cooler. Incidentally, if there's fishing on the agenda and you have any luck, pack your catch in the cooler for the homeward trip.

That's the advice from the experts, the tips that can insure a pleasant day in the country for every member of your family. Good picnicking is a newly-found art to which all the answers have been provided and none of the fun taken out. Now the pleasure is up to you.

APPLESAUCE AND PORK

Roast pork and applesauce, summer style, comes by way of the sandwich. The sandwich made with enriched bread and filled with a slice of cold meat is an ideal main food for picnics on the porch. Spread 12 slices of enriched bread with soft butter or margarine. Place one slice of pork and two tablespoons of applesauce between each two slices.

FRESH AIR COOKING

Out-of-door cooking gives many foods as you like them . . . plus a generous seasoning with fresh air. Please the pre-picnic pickle snitcher with a hot snack. Run two skewers lengthwise through a big piece of salami, heat on side of grill, carve and serve between thin slices of buttered rye bread. P. S. Pass the pickles early.

Let's Explore Ohio

This State's top tourist attraction, according to the records of the Ohio Historical Society, is Schoenbrunn, the reconstructed 1772 Indian mission village south of New Philadelphia on the site of Ohio's first settlement. Last year more than a quarter million people from all parts of the nation visited this State Memorial.

Why Not Have A Shore Dinner In Your Own Yard

Maybe you can't follow the sod sails over the horizon but you can have a shore dinner on your own barbecue grill.

Here is a menu for the saltiest sailor at heart: Barbecued fish steaks, potato salad, carrot sticks, rolls, and cherry tarts. Broiled fish is improved if it is marinated for several hours with salad oil, lemon juice, and salt. Grill the fish directly over coals and cook until golden brown. Serve with a piquant sauce.

YWCA's Summer Swim Program Started June 14

The Young Women's Christian Association swimming program for summer began Monday, June 14. Classes for adults and juniors will be scheduled throughout the summer weeks. Diving, synchronized swimming and family night on Fridays are special features of this season's program.

Appointments for medical examinations may be made by calling AD. 9121—the health education department of the YWCA.

A special speed-up course with two lessons a week will be a help to the swimmer who is a beginner or who has gotten rusty.

A SANDWICH TREAT

Picnickers welcome hearty, satisfying frankfurter-baked bean sandwiches, and they are easy to prepare. To make, spread the cut, toasted side of frankfurter buns with catsup, place sizzling franks in the buns, and top with heated baked beans. Enjoy these sandwiches often during July—National Picnic Month—and throughout the summer.

Running Of Dogs Not Permitted On Hunting Lands During Summer

Running of dogs on public hunting areas will be prohibited until Sept. 1, according to a Wildlife Council order now being prepared.

Ohio's two most important game species, rabbits and pheasants, begin raising their families in early spring and many late broods of young pheasants and litters of young rabbits are still under mother's care in late August.

Many of Ohio's public hunting areas are ideal for the production of both rabbits and pheasants but dogs running over these areas can materially reduce the amount of game produced during the year.

Appetizers For Picnics

Why not appetizers at the picnic party? Pass them around to stave off the growing hunger as everyone waits for the food to cook. Bring along thinly-sliced party rye bread sandwiches spread with a Roquefort cheese mixture. For a dozen slices, cream a tablespoon of grated Roquefort cheese with three tablespoons of cream cheese. Add enough milk to soften and dash of Worcestershire sauce for flavor.

SOMETHING NEW

Gourmet hamburgers are a delicious new treat to serve at backyard picnics during July—National Picnic Month. Spread grilled hamburgers with a mixture of Bleu cheese, soft butter, mustard, and Worcestershire sauce. Place the hamburgers in buns that have been split and toasted in the succulent meat juices.

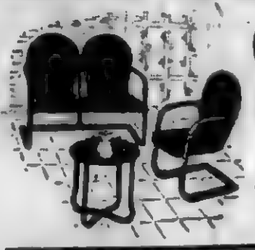
Camera Can Add To Fun Of Your Summer Outings

Everyone has fun on a family picnic, whether it is off to the woods and far away or no more distant than the backyard. In either case it takes a camera to record permanently the fun and excitement of the picnic day.

One doesn't have to be an expert photographer to get the kind of snapshots which will make the event live in memory in the years ahead. Nor does one have to own an expensive camera bristling with gadgets of every description. These days even the most simple cameras take good pictures. It does help, though, to use a little forethought about the pictures to be taken, rather than going "shutter happy" on the scene and shooting roll after roll of film on everybody and everything.

A major rule to follow is never pose the folks at the picnic. Is there anything sillier than a picture of a group of people posed stiffly and staring blankly at the camera? Have them doing something! Dad, garbed in his chef's hat and apron, can be busily engaged in spearing the frankfurters when you snap his picture. Sister and brother can be lugging the heavy lunchbasket from the car or from indoors to the picnic site. Snap a picture of Uncle Ed down on his hands and knees starting a fire in the grill. In other words—let informality reign.

Another suggestion: If your picnic is being held away from home and you are driving to the happy site, don't leave your camera and film in the glove or trunk compartment of the car. The heat in such close quarters will practically parboil your film.



If the picnic is out in the country or at the beach, remember to bring along a few extra rolls of your favorite film. You might get caught short otherwise.

One thing more: Be sure and have extra prints made of the best snapshots you take for those folks at the picnic who were not members of the family. Your friends will like to have souvenirs of the happy day too!

county or in any portion of county affected.

The plan will afford disaster care in the event of natural disasters such as fires, floods, tornadoes, riots, or enemy attack. Some 5,000 first aid workers will be needed eventually to staff the first aid stations.

Zone 6 comprises all the area south and west of the Scioto River in the county. Dr. Robert H. Davis, 3230 W. Broad-st, is the assigned zone medical leader. Dr. Robert Sinclair, 3191 W. Broad-st, and Dr. Chester Hanson, 970 Sullivant-av, are deputy zone medical leaders.

Dr. Paul M. Pontious, 2556 W. Broad-st, is zone dental leader, and Dr. Edna Kadel, 126 S. Eureka-av, is zone nursing chief. Joe E. Goodwin, 2909 Sullivant av, is zone pharmacy chief, and C. C. Hanawalt, 287 S. Roys-av, is zone pharmacy deputy.

Zone 6 aid stations, their locations, doctors in charge, and medical supply dump from which they are serviced are as follows:

General Motors Ternstedt Division—Dr. Kenneth Smith of 1529 Guilford-av, out of New Rome supply dump; Grove City High School, Dr. James L. Henry of Grove City, Glendale Hospital; Harrisburg School in Harrisburg, Dr. Deanne Davis of Grove City, Glendale Hospital; Georgesville School in Galloway, Dr. J. M. Gettrost, 2527 W. Broad-st, out of New Rome; West Broad Street School, Dr. W. W. Hicks, 2893 W. Broad-st, out of New Rome; West High School, Dr. James Hardie, 2879 W. Broad-st, out of New Rome; John Burroughs School, Dr. Hugh Dorr, 2680 Sullivant-av, Glendale Hospital; Central High School, Dr. A. Pollack, 373 E. Town-st, Glendale Hospital; Franklinton School, Dr. John H. Richardson, 869 W. Broad-st, Glendale Hospital.

Starling Junior High School, Dr. Charles E. Johnston, 1251 W. Broad-st, Glendale Hospital; Highland Avenue School, Dr. George Millay, 2147 W. Broad-st, Glendale Hospital; Skidmore School, Dr. Eldred Heusel, 78 S. Fifth-av, New Rome; Prairie Township School, Dr. Jack Miles, 2586 W. Broad-st, out of New Rome; Sunshine Park, Dr. Joseph Shepard, 150 E. Broad-st, out of New Rome; and Health and Safety Center, [illegible] Washington-blvd, Dr. Richard Wenzel, 458 W. Eighth-av, out of New Rome.

It has been emphasized by Dr. David K. Heydinger, chairman of the county disaster committee, that volunteers during "First Aid Roll Call Week," June 20-26, must be citizens who have had previous first aid training, from the Red Cross, as medical corps personnel in the armed services, or as policemen, firemen, or other groups which deal with first-aid on a semi-professional basis. Others will be called for special training later in the fall. The plan calls eventually for a trained first aid worker in every home.

Your help is needed! You will benefit! Clip the coupon on page one of this issue and mail in your application. You will be assigned to an aid station within walking distance of your home.

We Are Here To Serve You
INSURANCE OR REAL ESTATE
2596 Sullivant Ave. RA. 3194

THE SILVER CIRCLE CLUB now has a large group of fine members of all ages. We do have a shortage of young girls in the 20's and early 30's to compete with fine young men of that age. We need more nice elderly gentlemen from 50-70 to meet ladies we now have. Do not let your small children prevent you from joining as long as you are a single person. Our aim is to help all lonely people and the only way we can do so is for you to join our Club. We will introduce you to nice members at our next meeting Saturday evening, June 19, at Schiller Park. For more information call DI. 3965.

WE BUY, SELL, trade and repair bikes. Wheels re-tired. Shoes refinished to look like new from top to bottom. Bicycle license. Martin's Shoe and Bicycle Service 1330 S. 4th St. GA. 2519

McFADYEN'S ACRES

Ranch sites, conventional sites, 100 ft. frontage and over. Some wooded. $75 down, $15 mo. Before buying any lot always ask these questions—
1. Have you provided a park for my children to play in so they may be safe from the streets?
2. Are the parks and roads dedicated for the public use? You may save a little now but OH! those assessments that come later.
3. Are there any foul smelling factories within 2 miles of the location?
If you get a yes answer to all the above questions then ask to see the plat. If it is signed by the planning commission, county engineer and county commissioners then it is true. If the plat is not signed then go to 4415 Alum Creek Dr. and see the sign there. It is always wise to call O. W. Dunn if you want to buy or sell. DI. 2496 or FA. 9063.

Canada, a Land of Opportunities

Canada is indeed a land of opportu[illegible]

This is our number one conclusion after completing two weeks on the eleventh annual U.S. Editors' Tour of the Province of Ontario.

I am grateful for the opportunity to have been selected as the Ohio representative on the tour this year and found it delightful in every respect.

Starting from Windsor on June 7 and ending at Niagara Falls this past Saturday morning the trip covered about 1600 miles of Ontario where the representatives of 29 states were royally received morning, noon and night.

This annual event sponsored by the Ontario Department of Travel and Publicity was for the purpose of making it possible for more Americans to "Know Ontario Better."

One can't help but be impressed by the beauty of the province and a closer association with the people therein bring out the fact that their hospitality is unexcelled nowhere.

In most respects Canadians are no different than our next door neighbors. Their government is much the same as ours. Most of us agree that they perhaps have more respect for their government and officials than do we Americans. Perhaps we could well take a few pages from their [illegible].

The province is growing rapidly and every community affords a world of opportunities. Any ambitious young man who wants to get along in the world has such opportunities awaiting him in Canada today.

In the belief that a story of this past two weeks of travel as a guest of the province would be of general interest we have a fairly consolidated version of same which we will present in this paper in installment form during the next few weeks and starting next week. We trust that it will be of interest to many.

Co. Commissioners Decline 2251-Acre Annexation Plea

The Withdrawal of 56 names from the original petition for annexation of the largest and richest tract in Franklin Township Tuesday spelled doom to the proposal in an opposition-packed hearing before the county commissioners.

The rejection of the petition for the annexation of the 2251-acre tract, which includes both the Westinghouse Appliance and the General Motors Ternstedt plants, was termed "disappointing" and "a defeat for the central city" by Clyde McBee, executive assistant of the Columbus Chamber of Commerce. He declared the refusal of the petition probably means that a certain undisclosed large industry will not locate in the Columbus Metropolitan area.

Rumblings were heard in the wake of the legal death of the annexation plea to the effect that improper pressure had been applied to make signers to the original petition change their minds. Charges ranged from political threats to social pressure. One annexation proponent complained that the way the commissioners were permitting withdrawal of names from certified petitions at the time of the hearings made "a mockery of the law."

Loss to the city of the tax-rich tract is not necessarily final since all of Franklin Township may vote in favor of annexation in the fall election if the issue is placed on the ballot.

Commissioners were apparently unhappy about hearing the petition, but went ahead as advertised in the public notices on the advice of Assistant County Prosecutors Lawrence A. Ramsey and J. Baxter Evans.

The hearing was packed with members of Franklin Township Citizens Association who successfully opposed the annexation.

Attorney Robert R. Shaw, retained by backers of the move, asked for a week's delay to amend deficiencies in the description and map of the area. His plea was denied.

Citizens Association Attorney Thomas W. Applegate presented signed withdrawals of 56 of the 214 original petitioners for annexation and challenged 16 others on grounds that they were not resident freeholders of the area in question. He also presented affidavits showing 436 resident freeholders in the area.

The 156 signatures which were valid, he declared, did not constitute

Marot Orchestra To Play For Lions 4th Of July Fete

Will Marot

Musicians playing for the variety show at this year's Hilltop Lions Club-sponsored community Independence Day celebration on Monday, July 5, at West High, will be Will Marot, his organ, and his orchestra.

Arthur "Smitty" Schmidt will serve as caller. The band also will play for round and square dancing.

Will Marot has been a Hilltopper for the past 30 years and has played many years for dances at Westgate Masonic Lodge, Knights of Columbus and other Hilltop organizations. Fading Opposition To Mayor's Bond Issue Is Reported

Opposition to the mayor's proposed $15 million "package" bond issue's being placed on the November ballot appeared to be collapsing, according to informed City Hall sources yesterday.

Several members of the powerful 10-man Metropolitan Committee have shown special interest in the issue in past days, with one member indicating his firm support. Members of the entire committee are slated to meet with the mayor in the near future to discuss the entire plan.

One of the selling points of the bond issue on the general election ballot is that only 55 per cent of the electorate could okay the issue while 65 per cent would be required to pass the measure in a special election. Among the projects covered by the [illegible] issue," which has interested members of the Metropolitan Committee especially is the one covering additional slum clearance on a section of Goodale-st. Supporters point out that unless additional funds are found to remove junk from the area, all previous slum clearance efforts in the area have been wasted.

City Hall sources also disclosed that the mayor plans a special conference with members of his personal advisory committee later to discuss the proposed Columbus bus franchise.

Bean Dinner Queens Of Yesteryear

BEAN DINNER QUEENS of yesteryear include Ruth Price, left, who reigned in 1941. Now married to Richard Hall, she lives with her husband and two children at 445 S. Huron-av. Queen at last year's Bean Dinner was Louise DeMastry, right, daughter of Mr. and Mrs. H. C. DeMastry, 749 S. Hague-av.

Applicants Should Be 17-21, Live Or Be Working In This Community

Hilltop girls, 17 to 21, inclusive, who believe their beauty, charm, and personality qualify them as candidates for the title of 1954 Hilltop Bean Dinner Queen are being sought by the Hilltop Business Association Queen Committee.

In addition to the age bracket, all that's necessary to qualify is that the candidate reside on the Hilltop area or that she is employed by a Hilltop business man, according to Miss Sarabel Henderson, chairman of the queen committee. Those who desire to compete are asked to register at the office of the Hilltop Business Association, 3183 W. Broad-st.

The Bean Dinner queen will be selected at 7 o'clock the first evening of the two-day affair, scheduled for July 27 and 28.

Selection of a new queen brings to the minds of many Hilltoppers those who have won the coveted honor in the past. Research indicates that five have been named since the first Bean Dinner was held in 1936.

The first Bean Dinner Queen Contest was introduced at the second Bean Dinner in 1936. Ella Marie Hulls, formerly of 2685 Sullivant-av, carried off the honors that year. Daughter of Mr. and Mrs. Charles H. Hulls, 305 S. Brinker-av, she is now Mrs. Herman Lichterman, and lives with her husband and two sons in Silver Springs, Md. A past queen of Bethel 2 of Job's Daughters and a former employee of the State of Ohio, she was married in December 1943 at the Amarillo Army Air Base, where her husband was stationed as an instructor.

Bonnie Lear, formerly of 112 S. Hague-av, was named Queen of the Bean Dinner in 1946. Daughter of Mr. and Mrs. Donald G. Lear, she was married in February 1950 to Robert Asaman and now resides at 942 Studer-av with her husband and two children. Mrs. Asaman was a secretary at

Detour Announced After Closing Of Trabue Rd.

Trabue-rd, which was closed yesterday from Hague-av to McKinley-av, will continue to be "off limits" to motorists for about six weeks, County Engineer Guy Elbin said yesterday.

Cause of the detour is a new road, which is being constructed from Rome-Hilliards-rd through San Margheritta. The detour route for westbound traffic south of McKinley-av will take motorists over Fisher-rd and west to Hague-av, then north of Hague-av back to Trabue-rd. East-bound will reverse the process.

Her litter consisted of seven pups, all males. She died while undergoing a Cesserian operation last week. Also pictured is Mrs. Sheets with one of Dagmar's sons. (Hilltop Record photo)

Prairie-Twp. Board of Education Signs School Contract With Lincoln Village

The Prairie Township Board of Education has signed a lease with the Peoples' Development Co. to provide temporary school facilities for children of Lincoln Village residents, it was announced yesterday.

Board President Fredrick Kuns and Clerk Lawrence Karnes were signatories to the lease which provides for the construction of the development firm of beautiful California-type twin-singles to serve as school buildings. Each interior will be constructed to accommodate two large classrooms and two complete sets of toilet facilities in each building.

Each room will hold about 35 children. Construction of eight classrooms has been provided for in the contract.

The board of education emphasizes that these rooms will provide not only for Lincoln Village residents but will also be used for the three or four classes which, next year, could not be accommodated in the present Prairie School Building. Just which classes will occupy these rooms has not as yet been decided by the school administration, Principal Paul Noblitt said.

The contract for the new buildings specified that they shall be one-floor, masonry buildings, on the ranch-type plan, with playground space, partly blacktop and partly sodded, at each end of each building. There will be four buildings of two classrooms each, set in a row on paved street with easy access to all areas of Garden Heights, Lincoln Village, and New Rome. The plans have been inspected and approved by state officials.

The Prairie board of education has acted with foresight and intelligence in this matter, Principal Noblitt declared.

In other school districts of Franklin County, schools have been swamped with new pupils from new housing developments. Half-day sessions have been the rule with classes being held in places unsuitable for school purposes.

The Prairie Township School Board insures that this will not happen. Six rooms are expected to be occupied at the opening of the school year and the two other rooms shortly thereafter as new residents move into Lincoln Village, Noblitt said.

At its June meeting, the Prairie board of education also voted to place a request for a two-mill levy on the ballot at the November election. It was emphasized by Board Member Paul Lehnert that this request had no connection with the action on Lincoln Village.

Additional levy was declared necessary because the state has passed a law to the effect that school districts must levy 10 mills for operating expenses before the state will grant any additional money. The levy in Prairie Twp. is now eight mills.

Lehnert said "If we do not pass a two-mill levy and bring our total levy to 10 mills, we will lose approximately $75,000 in state money. Without this money, Prairie schools might not be able to operate a full school year. Even with this money, our financial situation may continue to be very tight."

Other business of the meeting included a report that teacher positions in grades five through eight were filled and that not more than two vacancies might exist in other grades. It was also agreed that the Prairie Twp. fire department would have full use of the school and grounds for their annual carnival July 17 and 18.

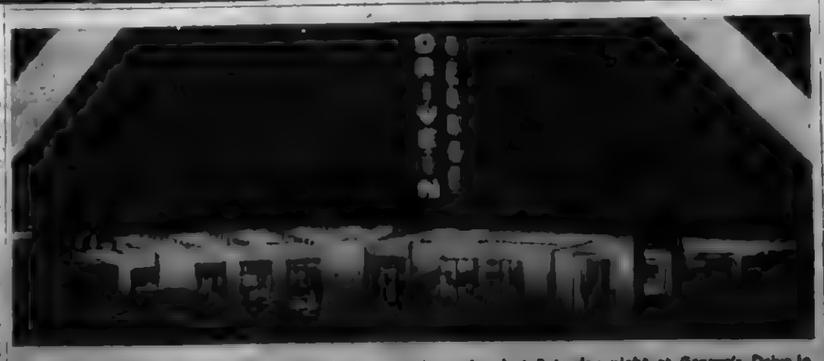
West Hi's Y Groups To Sponsor Moonlight Serenade Saturday

The "Moonlight Serenade" will be held June 26, from 8:30 to 11 p. m. at Glenwood Recreation Center. Bill Grim's Orchestra will play for the dance, which is sponsored by the Hi-Y and Y-Teens of West High School with the co-operation of the city recreation department and the Hilltop Community Council.

Dee Patton and Vic Jutts, presidents of the Y-Teens and Hi-Y respectively, head the general planning committee. The decorating committee includes Judy Swartz, Judy Krouse, Sue Severns, Judy Mateon, Tom Howells, Bob Brownlee, Dave Williams, Glyn Davis and Dave Riamiller. Other committees are; tickets, all members of the Hi-Y and Y-Teens; refreshments, Mrs. H. C. Booth of the Hilltop Community Council; publicity, Tom Howells and Dee Patton; and chaperones, Glenwood Recreation Center.

The evening dance will be highlighted by entertainment by members of the band, Bunny Hop and other novelty dances.

Tentative plans call for future dances at Westgate Park's new shelter house and Glenwood Recreation Center.



COSTUMED and riding specially decorated tricycles, the kids at the left were snapped as they were en route to the opening day program Monday at Holton Park, which included a special contest for the best decorated bikes and costumes. They are, left to right, Lois Echols, Stephen Dodson, and Douglas Dodson. (Hilltop Record Photo)

Hilltopper Named Field Director For Camp Fire Girls Council In City

Ruth Heffron, 27 N. Terrace-av, has been appointed field director for the local council of Camp Fire Girls.

Miss Heffron is a graduate of West High School and received her B.S. degree in the field of social administration from Ohio State University earlier this month. She has been a member of the Camp Fire organization and has also taken an active part in church work at Glenwood Methodist Church.

As a new field director on the staff of the Camp Fire Girls Council, she will be taking part in both the resident camp program at Camp Wyandot, and the day camp program which is held at Camp Cherokee, and also working directly with leaders of Blue Bird, Camp Fire Girls, and Horizon Club groups.

GRAND OPENING—Thousands attended the grand opening last Saturday night at George's Drive-In and air-conditioned Restaurant, located one mile west of New Rome on W. Broad-st. Two huge searchlights plus 1200 blinking electric lights on the portico and the huge neon sign made the event "one of the brightest" in this area for many a year. Hilltopper George Kotsonis is owner of the combination restaurant-drive-in. The site also boasts a huge golf driving range.

THIS IS YOUR LIFE,' MISS SALLEE

Suprise Party Honors Seiller's Saleslady

By Grace Durflinger

Edith Grace Sallee had the thrill of her life last week when her friends and co-workers paid tribute to her in a novel way in recognition of her 35 years of service at Seiller's Department Store.

Known as Edith, to a great many folks on the Hilltop, Miss Sallee was born in Pickaway County, June 13, 1889, to Frank and Clara Sallee. At the age of two, Edith moved with her parents and five-year-old brother, William, to her grandfather's farm at Grovepost, where her father died suddenly about six months later.

Edith has many happy memories of life on the farm. She, of course, attended a little country school. And on bad, stormy days her grandfather would take Edith and her brother up in the buggy and drive them to school through the muddy puddles and swollen streams.

In thinking back, Edith says, "He was a cagey old man. You see, he was a trustee of the school, and on nice June days like these, when the fish were biting, he'd drive up to the school with the horse and buggy and tell the teacher he needed us for the afternoon . . . then Willie and Grandfather and I would go fishing."

When Edith was eight years old, she moved with her mother and brother to a house on E. Fulton-st, their first home in Columbus. There, she attended both the Mound Street and Fourth Street Schools. Leaving the eighth grade, she attended Edminston and Johnson Business College, securing her first position at the age of 14 with the Columbus Merchandise Co.

In 1918, Edith was married to Ed Wilson, now deceased. In July, 1919, Edith and her mother moved to the Hilltop, residing at 24 S. Burgess-av.

One afternoon soon after her arrival on the Hilltop, Edith started downtown to apply for a job at the telephone company. On the way, she stopped at Seiller's for some curtain material. L. M. Seiller, who was then proprietor of the store and an old friend of the family, learned of her intentions and persuaded her to stay and work for him instead of looking further.

Edith, who first worked as a sales clerk and later in the office of the store, laughingly recalls that Jack Merriman was just a little delivery boy when she first started to work there. She also remembers the Saturday nights when bosses L.M. and M.W. Seiller would send down to Umbenhauer's Drug Store for cold pop and treat all the clerks and customers in the store.

"We'd just stand around and chat—sometimes we wouldn't get out of there until 11:00!"

A member of St. John's Lutheran Church for 35 years, Edith belongs to the Women of the Church group and is also a member of Circle No. 3, the evangelistic circle of the church. Her favorite pastime is making calls, not only on members of the church, but on visitors as well. She has done a great deal to make new arrivals on the Hilltop feel at home. If they are not Lutheran, Edith sees to it that a pastor of their own denomination calls on them.

Edith celebrated her 65th birthday, Sunday, June 13, when everyone in attendance at the annual Sunday School picnic honored her by singing "Happy Birthday."

However, the biggest thrill of all came about on June 18, when Paul Leighninger, co-manager at Seiller's, invited Edith to dinner at his home. Upon her arrival, Edith was surprised by a party in her honor, and waiting to greet her were many friends and co-workers of the past years.

She was moved to tears when Howard Merriman sat down beside her and began to unfold the story of her life before her, told her guests in a "This Is Your Life" theme.

Many incidents in her life, in addition to those above, were recalled and enjoyed by Edith and her friends, who presented her with a corsage of pink and white carnations and baby's breath and—the big surprise!—a table model television set.

Looking over her "memory book," which was signed by all her friends, Edith says, "I just cried and cried. I've always enjoyed working there. They're such wonderful people to work for and work with. Such a surprise—I'll never forget it!"

Jo Ann McFarland Is Saturday Bride

Mrs. Edward N. Ongaro

A trellis of Southern huckleberry and woodwardia formed an altar background and stately white gladioli and snapdragons surrounding bought of lyrata and interspersed with many candles, formed the setting of the garden wedding of Miss Vilma Jo Ann McFarland and Mr. Edward Nolan Ongaro, Saturday at the home of the bride's parents. The couple repeated their vows at half after four before Rev. Carl Smith, pastor of the Hilltop Church of Christ.

Dr. James Martin, soloist, sang "I Love Thee," "Until" and "Because."

The bride is the daughter of Dr. and Mrs. Richard LeRoy McFarland, of 1649 Wilson-rd, and the bridegroom's parents are Mr. and Mrs. Frank Ongaro, of Lockbourne av.

Dr. McFarland escorted his daughter to the wedding circle through an sideway formed of Shasta daisy trees. Her original gown, designed for her by William Cahill of California, was fashioned of imported Chantilly silk lace and tulle, with a portrait neckline, fitted lace petal bodice, brief sleeves and matching gauntlets that formed points over the hands. Billows of lace and tulle in the bouffant skirt cascaded over a Dior hoop and nylon tulle petticoats. The floor-length gown was designed with pleated tiers and lace inserts.

Her matching lace coronet was strewn with seed pearls and held a four-tiered veil of imported silk illusion. She carried a cascade of lilies of the valley, and white orchids surrounded by Chantilly lace and pearls.

Mrs. Allen B. McFarland, aunt of the bride, served as matron of honor. Her waltz-length gown of white nylon tulle featured a butterfly back-effect of ombre tones of pink into azalea. Her open-crown picture hat had a ripple brim of hair-braid and a maline bow of azalea and her shoes were azalea. She carried sweetheart roses with ivy leaves centered with garnet roses.

The bridesmaids were Miss Joyce Tingler and Miss Shirley Klopfer and the bridesmatron, Mrs. Frank Ongaro, Jr. Their costumes were identical with the one worn by the honor attendant and they carried sweetheart roses bordered with ivy leaves.

Mr. Frank Ongaro, Jr., attended his brother as bestman and seating the wedding guests were Mr. Jerry Solinger, Mr. Robert N. Henery, Mr. Thomas Ongaro, brother of the bridegroom and Mr. Malcolm McFarland, brother of the bride.

Mrs. McFarland chose for her daughter's wedding, an imported Chantilly silk lace waltz-length frock in rose champagne, an original design, with a portrait neckline, matching mitts and bouffant skirt worn over matching nylon tulle petticoats. Her accessories were of shell pink and she wore blush pink cymbidium orchids in a wristlet corsage.

Mrs. Frank Ongaro wore a Cell blue silk organza gown in waltz-length with shirred sleeves, portrait neckline headed in seed beads and pearls in petal effect and gored skirt, over taffeta petticoats, white accessories and a wristlet corsage of cymbidium orchids.

A garden reception was held at the home of the bride's parents, 1648 Wilson-rd immediately following the ceremony, for 300 guests.

The bride is a graduate of Ohio State University and a member of Alpha Delta Pi sorority. She has taught in the Lakewood Elementary School for the past year. Her husband attended Ohio State University and is the owner of Ongaro Landscape Architects.

The new Mrs. Ongaro changed to a white linen costume ensemble with petal pink trim and white accessories, and pinned a white orchid on her lapel for their wedding trip to Havana.

Brofford-Morgan Rites Are May Event In Hilltop Chruch Of God

Mr. and Mrs. Lawrence L. Morgan

Miss Lois Brofford, daughter of Mr. and Mrs. Alfred Brofford, 786 S. Hague-av, became the bride of Mr. Lawrence L. Morgan, son of Mr. and Mrs. Lawrence Morgan, 494 N. Powell-av, on May 22 in the Hilltop Church of God. Rev. O. G. McClure read the wedding service at 8:30 p.m. Vases of white gladioli, stock and white mums and arrangements of ferns and palms decorated the altar.

Mr. Brofford escorted his daughter to the altar. She chose a gown of pure silk organza, featuring a fitted basque bodice and portrait neckline enhanced with hand-embroidered flowers centered with rhinestones and long, fitted sleeves tapering into points over her hands. Her bouffant, floor-length skirt of silk organza was strewn with hand-embroidered flowers and was worn over hoops and crinoline.

Her fingertip-length veil of French illusion was caught to a Juliet cap of lace over satin and she carried a cascade bouquet of white roses, carnations and lilies of the valley.

Mrs. Carl Brofford served as matron-of-honor, Miss Shirly Morgan as bridesmaid and the little flower girl was Linda Shafer.

Mrs. Brofford and Miss Morgan were identical waltz-length gowns of mint green silk organza with fitted, basque bodices and portrait necklines formed by crystal pleating. Their bouffant skirts were worn over crinolines and they wore matching flower half hats with theatre nose veils and carried cascade arrangements of yellow baby mums. The flower girl wore a floor-length gown of yellow silk taffeta and net and carried a basket of assorted flowers.

Mr. Donald Morgan attended his brother as best man and the ushers were Mr. Carl Brofford, Mr. James Ely and Mr. Eugene Sealey.

The mother of the bride chose a gown of ice pink silk taffeta and organza, with white accessories and a corsage of deep red sweetheart roses. The bridegroom's mother wore an aqua lace gown with white and black accessories and a corsage of pink carnations.

Hostesses for the reception held at the home of the bride's parents were Miss Mary Brofford, Miss Evelyn Brofford, cousins of the bride, and Miss Joy Plank and Mrs. Donald Morgan.

A graduate of West High School, the bride attended Otterbein College and is associated with Timken Roller Bearing Co. Mr. Morgan also was graduated from West High and is now associated with Mr. Brofford in the home-building business.

Following their return from a wedding trip to Daytona Beach, Fla., the couple is at home at 980 S. Harris-av.

From The

Top O' The Hill

By Betty Buff

To those friends who have laughed at the account of a black panther prowling around the summer cabin of Hilltoppers Mr. and Mrs. Charles Waltman comes substantiation in the form of a newspaper clip.

Waltman and his wife leaped from their bed on the second floor of their log cabin home on an 84-acre farm in Stump Run, Hocking County, about a year ago when Mrs. Waltman heard what sounded "like a woman being murdered" outside their window. Waltman ran out with a rifle and was much chagrined, not to mention scared, when he came face to face with a huge black panther and found that his rifle was not loaded. Both parties to the tete-a-tete took off in opposite directions.

Local friends have listened often to the tale in the intervening time. And sad to relate, most of them passed it off as the yarn of a dry-land fisherman.

But a clipping from a nearby newspaper dated May 21, 1954, bears out the story of the panther. It states that the black panther was spotted just recently by at least five reputable witnesses and footprints confirmed the large size of the beast. The Waltmans, who visit the cabin every week-end or so, are making certain the rifle is ready and loaded.

Capt. Arthur J. Bellar, Jr., 184 S. Demorest-rd, returned last week from a tour of duty at Fann Meade, Md., where he served as operations officer of the 830th Counter-Intelligence Unit. "Jack" is the Ohio representative of the Valspar Co. A reserve officer, he was called to active duty for 15 days.

Mrs. Helen Y. Huff and Mrs. Bertha M. Deerud of the Deerud Piano Studio left Wednesday for Canton to attend the Ohio Music Teachers' Association convention, and will return in time for their Thursday evening recital at West High School.

Mr. and Mrs. C. E. Neil and daughter, Elsie, 123 Coolidge-av, left yesterday for Cincinnati to attend the district convention of Jehovah's Witnesses, Cincinnati Gardens, June 24 to June 27. The Neil family will also visit points of interest in Cincinnati and nearby Kentucky.

Repeating his "green thumb" accomplishment of 16 years ago, Hilltopper Al Kiefer lays claim to having the first home-grown ripe tomatoes of the year in his garden. Kiefer, who is balliff for Judge Bartlett in common pleas court, it may be recalled, was credited with the same "first" in 1938 in these columns. Then, as now, the tomatoes ripened on June 19. Kiefer's home and garden are at 458 Woodbury-av.

A family gathering and turkey dinner was held at the home of Mr. and Mrs. H. C. Davis, 265 Eldon-av, June 19, on the occasion of the visit of their granddaughter and her husband and children, Robert and Christine Garnett, of Burbank, Cal.

Present were Mr. and Mrs. Van Smith, 406 Arden-rd; Mrs. Dan Davis, Patriot, O.; Mr. and Mrs. Robert Glowacki and daughter, Debbie; Mr. and Mrs. W. E. Pyers, N. Lewisburg, and the guests of honor.

"Florida is cooler than Columbus," was the opinion of Mr. and Mrs. Herbert Thomas, 207 N. Warren-av, when they returned from their two-week vacation trip. They visited former Hilltoppers, Mr. and Mrs. Oscar Mason, in Hollywood, Fla., and Mr. and Mrs. Don Hutchison (Joan Mason) and baby daughter, Debbie, in Camp Lejeune, S. Car. They also stopped at Portsmouth, Va., to visit newlyweds, Mr. and Mrs. Bob Wilson (Doris Thomas).

Four Attendants Precede Diane Renollet To Altar

Mrs. Earl Robert Cline
(J. Curtis Allen Photo)

A bridal gown of white skinner satin and lace was chosen by Miss Diane Renollet for her marriage to Mr. Earl Robert Cline on June 13 at 2:30 p.m. The couple repeated their vows before Rev. Roy A. Burkhart in First Community Church. All white arrangements of gladioli and pompons surrounded by ferns and palms decorated the altar for the occasion.

Given in marriage by her uncle, the bride is the niece of Mr. and Mrs. Robert B. Walker, 328 S. Powell-av, and the bridegroom's parents are Mr. and Mrs. Earl F. Cline, 4815 Dublin-rd.

Imported alencon lace with opalescent sequins trimmed the fitted bodice and long gauntlets of matching lace were worn. The pannered hipline formed unpressed pleats and the skirt extended into a full cathedral train.

Her fingertip veil of imported French illusion fell from a flowered bandeaux and she carried a shower bouquet of white gladioli and white shattered carnations with an inserted corsage of pink rosebuds and white carnations. Her only jewelry, a fine gold chain separating cultured pearls, was a gift of the bridegroom.

Miss Patty Renollet served as maid-of-honor for her sister and the bridesmaids were Miss Marilyn Green, Miss Charlene Souslin and Miss Marilyn Miller.

The honor attendant was gowned in a moon-yellow, strapless floor-length frock with a pleated trim around the bodice and a tiny shrug jacket and carried a bouquet of pink carnations and pink gladioli. Her headpiece was fashioned of matching flowers. The other attendants were identically styled gowns in Canterbury blue and carried bouquets of yellow shattered carnations and gladioli. Their headpieces also were of matching flowers.

Mr. George F. Cline, brother of the bridegroom, served as best man and the wedding guests were seated by Mr. Kurt Cline, Mr. Bob Roberts and Mr. Edward Alford. Junior ushers were Paul Cline and Bill Galloway.

Mrs. Walker chose, for her niece's wedding, a gown of rose silk organza with [illegible] black accessories and a shoulder corsage of ruby [illegible] roses. The bridegroom's mother wore a polished cotton dress of eggshell and cocoa with matching accessories and her shoulder corsage was of pink cymbidiums.

Miss Susie Jennings, Miss Ann Durham, Miss Shirley Dunham, Mrs. George F. Cline and Mrs. Myrna Vincent were hostesses at the reception held in the church parish hall, following the ceremony.

A rehearsal dinner for members of the bridal party and friends was held at the home of Mr. and Mrs. Cline, 4815 Dublin-rd. The former Miss Renollet was honored at a personal [illegible] shower at the Southern Hotel on May 8 by Mrs. Robert Walker, Mrs. Arthur Galloway and Mrs. Jay Green. Mrs. Myrna Vincent was hostess at a miscellaneous shower in her home, 632 Wedgewood-dr, on May 15 and on May 16 a miscellaneous shower was given by Mrs. Martha McConnell and Miss Georgine McConnell at 19 S. Powell-av.

A kitchen shower was held by Mrs. Robert Durham, 196 S. Brinker-av, May 16; a dinner party by Mr. and Mrs. Roger Yaple, 2334 Northwest-blvd, on June 5, and on June 2, Miss Marilyn Miller, Miss Susie Jennings and Miss Charlene Souslin were shower hostesses at 130 N. Powell-av.

Mrs. Cline is a graduate of West High School, attended Otterbein College and is associated with Gulf Refining Co. Mr. Cline also was graduated from West High School, attended OSU and is associated with the Northwestern Development Co.

Local Girl Scouts Will Attend Camp

The Girl Scouts of St. Mary Magdalene along with other scouts of District 16 will spend the week of July 8 at Camp Darby Girl Scout camp.

St. Mary Magdalene Troop 200 has Mrs. Jones as its leader; Troop 202, Mrs. Ruth Scales; Troop 203, Mrs. James Graham, and Troop 208, Mrs. Joseph Saunders.

USE RIGHT CONTAINER

The right container is the one to foods arriving at the picnic in an appeasing condition. Instead of jars, use waxed containers with disc lids. They are lighter and will not crush the sandwiches if packed in the same basket. The empty bakery foods containers, such as cake boxes, can be stored if opened flat and will be in readiness for the next picnic.

Miss Houston, Charles Veeley Repeat Marriage Vows

Mr. and Mrs. Charles R. Veeley

Candlelight illumined the center aisle and arrangements of white gladioli and snapdragons banked the altar of Holy Family Church June 19 for the marriage ceremony of Miss Jo Ann Houston and Mr. Charles Robert Veeley, Rev. George Gressel officiated at the 9:30 a. m. rites.

The bride resided at 186 Columbian-av, and is the daughter of Maj. and Mrs. R. C. Murnane of Greenfield, Ind. The bridegroom is the son of Mrs. Estella Veeley, 464 S. Huron-av.

Given in marriage by her father, the former Miss Houston was gowned in a waltz-length bridal gown of white lace over white net, worn over satin. The gown was styled with a strapless bodice and a lace jacket with long sleeves tapering into points over the hands and buttoned to a tiny Peter Pan collar.

A lace juliet cap secured with pearl pearls held her shoulder-length veil and she carried a white Bible topped with a corsage of white lilies and cascades of stephanotis and streamers.

Miss Frances Houston served as maid of honor, Miss Mary Ann Houston as bridesmaid and Mrs. Jack Stanley, bridesmatron.

The honor attendant was gowned in yellow and Miss Houston and Mrs. Stanley in aqua. Their frocks of net and lace featured strapless bodices, short lace jackets and bouffant skirts terminating with net ruffles. The maid of honor carried an arm bouquet of white Japanese iris tipped with yellow and the other attendants carried a similar arrangement with yellow Japanese iris.

Mr. William Crabbe served as bestman and seating the guests were Mr. Joseph Houston and Mr. George Veeley.

Mrs. Murnane chose for the occasion a gown of gray lace over pink satin with gray and pink accessories and a shoulder corsage of shirred pink carnations. The mother of the bridegroom wore navy blue lace with accessories of navy and white and an identical corsage.

Immediately following the ceremony, breakfast was served at the Seneca Hotel for members of the wedding party and immediate families. A reception was held from 2 to 5 p. m. at Holy Family School auditorium. Hostesses for the affair were Mrs. L. S. Phister, Miss Dorothy Nichols, Miss Joanne Cochran and Miss Mary Margaret Veeley.

The new Mrs. Veeley is a graduate of Holy Family High School and was associated with the Army Finance Center, Ft. Benjamin Harrison, Ind. Her husband also was graduated from Holy Family School. He is now enrolled in Franklin University and is employed as office manager of A. W. Martin Sheet Metal Co.

The couple is residing at 695 Wedgewood-dr, Westgate Manor.

(Hilltop Record Photo)

Local Park Improvements Promised At Community Council-Mayor Confab

The promise of outside lights at both Glenwood Recreation Center and Westgate Park as well as new parking facilities closer to the picnic area at the latter grew out of a meeting of Mayor Sensenbrenner with members of the Hilltop Community Council and Councilman Jerry Spears, Jr., last Wednesday evening in the Hilltop YMCA.

The mayor revealed that a 200-car parking lot had already been completed at Westgate, only 200 feet from the shelterhouse and that a 130-car lot is under construction. He said improved parking facilities will be installed within the next week, with Westgate slated to get its new illumination only days before Glenwood. He disclosed that a number of benches are on order and will be placed in various parts of Westgate as soon as they arrive, possibly within the next week.

The mayor was present at the request of Community Council, President Dick Wilson and Spears. Mrs. Ray Cave, chairman of the community council's committee, was also present.

Members of the group requested the mayor also for a traffic light at Sullivant-av and Demorest-rd. The mayor said he would refer the matter to the traffic commission for study. Wilson stated that the intersection is practically impossible to cross in late afternoon because of heavy traffic from Ternstedt Division of General Motors and the Westinghouse Appliance Plant as well as comprising a real hazard during the school year to pupils of Westgate School.

JAY D. STRATTON, son of Mr. and Mrs. Charles Stratton of Grove City and a June graduate of Capital Theological Seminary, was ordained June 20 at his home church, St. John Lutheran, Grove City. Rev. Three-Week Evangelistic Services Being Held By Bellows Avenue Church

Three-week evangelistic services were started at Glenwood and Sullivant-avs by the Bellows Avenue Church of the Nazarene, Bellows and Cypress-avs.

The Rev. Charles Williams will speak at the services which will open at 2:30 p. m. Sunday. Services will be held at 7:30 p. m. daily and at 10:30 a. m., 2:30 p. m. and 7:30 p. m. on Sunday. The last meeting will be held on Sunday, July 11.

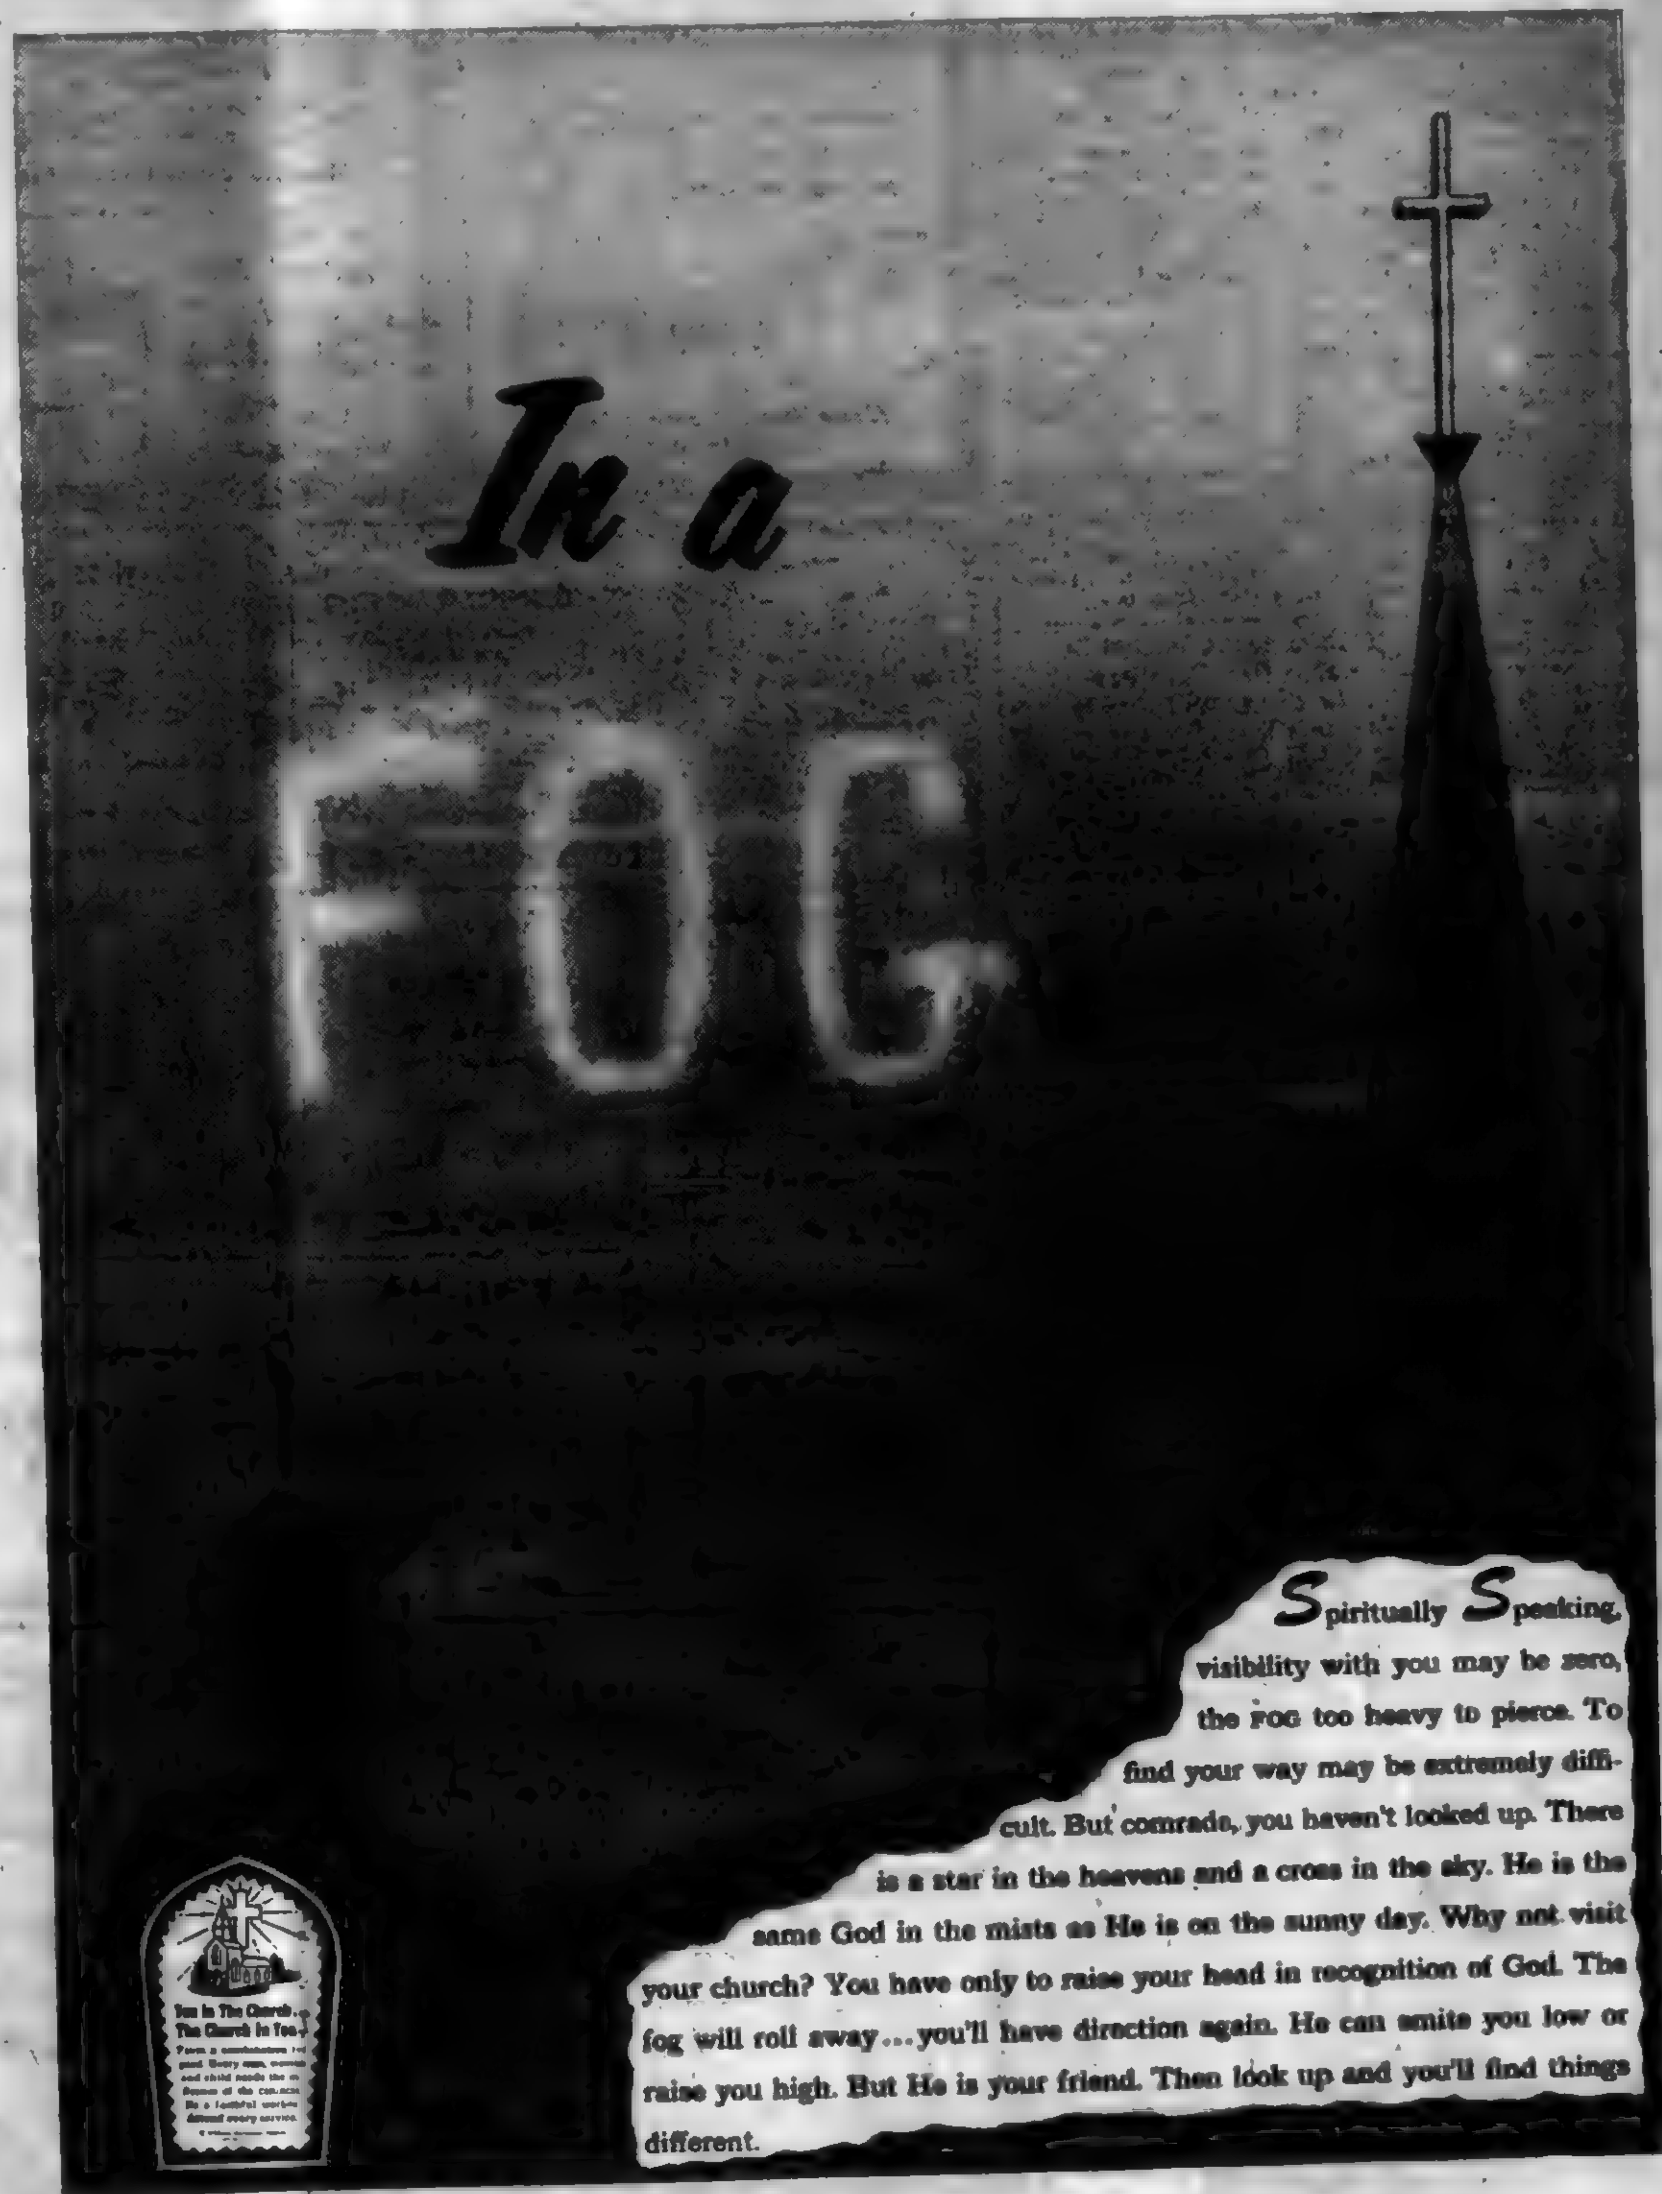
About Cremation

Cremated remains are not ashes but fragments of bone structure. Cremation of today is vastly different from the method of yesterday. No preheated, crematory vaults. No ashes. No muscular contraction or body movement.

The body is prepared and casketed the same for a cremation service as for any other type of burial. The body is not removed from the casket, the casket is placed in the crematory vault without being opened after delivery to the crematory. The casket is cremated with the body. The cremated remains being calcareous are heavy—the withered disintegration of the casket and the clothing being light are blown away by air leaving the cremated remains undisturbed.



After cremation the cremated remains may be left at the crematory until the surviving members of the family decide upon their final disposition. The urn with its cremated remains may be placed for all time in a niche in the Columbaria. When the original purchase price of the niche is paid, their is no further cost. A name ineffaceably engraved on a cast bronze urn and placed in a niche of a columbarium is a permanent memorial. A single niche carries with the purchase the privilege of transfer to a larger family niche later. When burial of the cremated remains is desired a suitable burial container may be had from the funeral director of the crematory.

Cremation is not a method of disposal of the dead, but is rather a method of preparation for permanent preservation.

Cremation is within the reach of all. It combines sanitation, economy and perpetuity as in no other form of burial. For further information call Sunset Cemetery and Crematory, ALton 8-3856, 6950 W. Broad Street. Adv.

Spiritually Speaking, visibility with you may be zero, the FOG too heavy to pierce. To find your way may be extremely difficult. But comrade, you haven't looked up. There is a star in the heavens and a cross in the sky. He is the same God in the mists as He is on the sunny day. Why not visit your church? You have only to raise your head in recognition of God. The fog will roll away… you'll have direction again. He can smite you low or raise you high. But He is your friend. Then look up and you'll find things different.

W. Broad-st Block Hard Hit By Rain Last Wednesday

One of the sections of the Hilltop hardest hit by the driving rains of Wednesday evening, June 16, was the 2480-2518 block on the north side of W. Broad-st, just within hailing distance of the Record office.

At the Career Achievement Institute and Westgate Plumbing Co., both located at 2490 W. Broad-st, occupants had to use brooms to push the streams of water through the store to basement drains. Their task was disturbed, however, when trucks went by outside and forced water to come gushing up through the mail chute.

The Ladies' Railroad Auxiliary was forced to forego its regular meeting Wednesday night at the Hilltop Branch office of the YMCA, 2502 W. Broad-st, as the water on the floor of the room reached to the members' ankles.

Barbara Boisvert, a secretary at the Tonti Brothers Rentals Co., 2506 W. Broad-st, stated that as she passed the establishment at about 11 Wednesday night, "it looked like an assembly line, with everybody sweeping the three inches of water out with brooms, mops, and what have you."

The storm left four feet of water in the basement of the Westgate Maintenance Co., 2518 W. Broad-st. A whole day was spent in hand-drying the machinery in the sheet metal shop which occupies the basement.

Although no damage was reported by merchants, they were wondering, Thursday morning, if the sewers shouldn't be checked. At any rate, they are hoping that something can be done to prevent another such nuisance.

Dale Evans Starred In Ohio Film Premiere At Christian Drive-In

Dale Evans, Queen of the West and author of the best seller, "Angel Unaware," appears in her first religious motion picture, "Symphony of Life," to be shown at the Interdenominational Drive-in Christian Theatre, one block south of 1900 W. Mound-st, Saturday and Sunday, June 26 and 27 at 8:15 p. m. Admission is Free.

Miss Evans, wife of Roy Rogers, is active in religious work in Hollywood, being vice-president of the Hollywood Christian group, composed of various Hollywood celebrities, which meets every Monday night for the purpose of spreading the gospel among members of the motion picture industry. Formerly with Republic Pictures, Miss Evans, with her husband, stars in a western series on radio and television.

This will be the premiere showing of this great film in the state of Ohio.

Your Own Backyard Now Popular Spot For Many Picnics and Barbecues

Something new has been added to the American picnic picture. The backyard picnic site steps out front as the popular spot for recreation seekers.

Portable grills, barbecue pits, and out-of-door fireplaces are building up the man-hours that father spends in preparing steaks and hamburgers, franks, fish and poultry. Backyard cooking definitely is being taken over by the man of the house, and the donning of a chef's cap and apron is bringing out latent "Oscar of the Waldorf" talents. The aroma of sizzling meat on a grill, the succulence of a chicken roasted on a spit give background and glamour to tasks that would have no allure in the confines of a kitchen, even with the most gleaming of ranges.

The success of this meal starts with the carefully built and controlled fire. It should be neither a roaring bonfire nor a smoky, smouldering sodden mass. Hot glowing coals are best for most types of out-door cookery. Producing them is an accomplishment. If the cooking is to be done in one's own backyard, an easily accessible supply of logs, tinder, and charcoal, that can be kept dry in garage, toolshed or basement, starts the job right.

STORY STIRS UP HORNET'S NEST

Grabills Now Hold Claim To Largest Family On The Hilltop

BIGGEST LOCAL FAMILY?—The Record was informed that, contrary to our last week story, the largest family on the Hilltop is really the family of Mr. and Mrs. Everett Grabill, 162 N. Ogden-av, by virtue of the fact that the couple boasts seven grandchildren in addition to 13 children. Looking over a Father's Day gift in the picture above are, left to right (standing), Mary, 14; Paul, 26; Rex, 32; and Dean, 12. Seated are Mrs. Grabill, and Nancy, 15.

(Hilltop Record Photo)

The Record's naming of a local family as the largest family in the Hilltop last week in connection with Father's Day stirred up a hornet's nest.

After careful checking, it was found that the family of Mr. and Mrs. Everett M. Grabill, 162 N. Ogden-av, actually deserves the title. They too, as Mr. and Mrs. John A. Snyder of 368 S. Powell-av have 13 children. The Grabill's children range from 12 to 32 years of age. However, they also have seven grandchildren, making them top the family reported last week in terms of total numbers.

The Grabills, residents of the Hilltop for 25 years, were formerly of 46 S. Princeton-av. All of their children were born on the West Side and attended Highland Avenue and West High Schools. Four children are still attending the latter.

Two of the Grabill sons are in the service. One is in Korea and the other is at sea aboard the USS Wasp. Still another son, Paul, was married June 19 to a Hilltop girl, Carol Kaufman, of 37 N. Chase-av.

Grabill, now retired because of a heart ailment, served in the Columbus Police Department for 24 years in the capacity of patrolman. One of his strongest memories of police service is duty at the fire which destroyed part of the Ohio State Penitentiary in April 1930.

Grabill's main hobbies, since his retirement, are gardening and repairing and refinishing furniture around the house.

After hearing of the Grabill family and the Snyder family it's beginning to look like future Hilltoppers are being raised by the baker's dozen!

PUBLIC COMMENT

Three Of Five Hilltoppers Asked Say McCarthy Had Best Showing

Five Hilltop residents were picked at random to answer the Record's question of the week, which was, "Who do you think made the best showing in the McCarthy hearings — McCarthy or his opponents?"

Mrs. Lewis Harris, 261 Algonquin-av: "McCarthy. I like the way he went about it. He was more forward and out with what he thought."

Rachel Conrad, 152 N. Wayne-av: "McCarthy. I think a lot of what he's uncovering should come out. He may be making a fool out of himself to a certain extent but I'm for him."

Mrs. Robert D. H. Garrett, 352 Powhatan-av: "Opponents. I think when McCarthy first started out he was alright but I think TV has gone to his head. He may still be sincere, but he's going about it in the wrong way."

Mrs. Charles Bauer, 2486 Eskridge: "McCarthy. He made the best showing because I think he was more sincere and honest and knew what he was talking about."

Mrs. Robert E. Beall, 693 S. Burgess-av: "It was a good battle, that's all I can say."

Pre-Vacation Checklist Prepared By AAA Official

A helpful check list of things to do before leaving on your vacation has been compiled by Russell H. Campbell, General Manager of the Columbus Automobile Club.

(1.) Have your car checked and serviced; (2.) Stop milk, paper and other deliveries; (3.) Attend to insurance and other regular bills; (4.) Arrange for forwarding or collection of mail; (5.) Plan to have lawn mowed, flowers watered, etc.; (6.) Arrange for care of pets; (7.) Inspect kitchen and ice-box for perishables; (8.) Check all lights, faucets, stoves; (9.) Leave itinerary with someone, in case of emergency; and (10.) Lock all windows and doors.

Campbell also submits this safety slogan: "No one else is in a hurry to get to your funeral—why should you be. Take it easy!"

The meek-looking man is usually the one who signs the checks for the more important looking members of the family.—Christian Science Monitor.

THE PLOWMAN

Pausing now and then to rest
When the pull is hardest,
Back and forth the horses go,
Turning furrows, row on row.

Guiding with a steady hand
Plowshares through resistant land,
Potently his glad pulse springs
Rhythmic with all living things.

Around his glows unfolding green;
Black crows chatter, swoop and scream
Over the mellow lengths and turns,
Where they seek the upturned worms.

Stopping briskly in the morn.
Evening finds him slow and worn
But exulting in the thought
Of achievement he has wrought.

Jessie Chandler (reprinted.)

Just wondering — what ever happened to Hadacol and poor Miriam and Peaches Browning . . . how anyone can think of enough to fill a daily column . . . how some announcers on TV and radio can read some of the commercials they have to read in order to eat, with a straight face . . . who will be McCarthy's summer replacement on TV . . . what Senator Kefauver thinks of the hearings . . . when our six-month-old's first tooth will show . . . what will his first word be . . . when if ever will there be a traffic light on the corner where seven people have been killed in the past fifteen years.

Mail — From my favorite sheet: "The prodigal has returned. In other words, Bill Brabson has come back to WVKO. He would be the first to tell you that a criminal usually returns to the scene of the crime. Seriously, many of his fans have missed him and we are glad he is back. He is one radio personality whose 'patter' is never forced and he isn't affected and doesn't patronize his audience.

In Passing

By Esther Weakley

And he was always kind. While I'm writing, I may as well tell you what Marie Spaith wrote in her last letter. She asked if I had ever heard of the two cautious boys who would not get into the water till they had learned to swim. Now I ask you" . . . From Columbus: "I love June, but how many times this month have YOU heard 'June Is Bustin' Out All Over?' I didn't count, but if I never hear the song again it'll be too soon" . . . From the Army nurse mentioned in this column several weeks ago, who is now vacationing in Florida: "After Korea, I'll never get enough sun, even down here. I've a coffee-colored (black coffee, that is) tan and also I have bites from sand jiggers or whatever they are. But peace and sun — they're wonderful."

From somewhere: The average woman likes plain, specific, direct statements — like "Yes, dear" . . . "Mom, the teacher asked us today where we were born." "Did you tell her you were born in Memorial Hospital?" "Naw, I didn't want the kids to think I was a sissy so I said Memorial Stadium" . . . A sergeant, drilling a batch of recruits, saw that one of them was out of step. Going to the man as they marched, he said sarcastically, "Do you know that they are all out of step except you?" "Well," was the retort, "you're in charge, you tell 'em" . . . She said she likes to drive, but the loud crash when she backs into a parking space makes her nervous . . . Many of us may say of the various actors playing roles in the Senate Hearings (as Drayton said) "I wish he would explain his explanations."

Could very well be the emotion expressed by seven-month-old Jeff Steece, son of Mr. and Mrs. William Steece, 594 S. Terrace-av; P.S.: since Jeff looks like he's going to grow into a real he-man, we'll apologize later for remarking that the plaid in his suit reminds of Scotch kilts.

Ohio State Fire Marshal Warns Parents Of Illegal Fireworks Sale To Kids

State Fire Marshall Charles R. Scott, has appealed to all parents to exercise every precaution to prevent their children from buying or using fireworks between now and the 4th of July. Scott said, "I am sure no parent would want to be responsible, through his own sanction or neglect, for the loss of a hand or eye of his own or someone else's child."

The Congress of the United States, realizing the seriousness of the fireworks problem, recently passed a bill to prohibit the transportation of fireworks into any state in which the sale or use of such fireworks is prohibited.

Scott appealed, "Let's keep the fireworks away from our children and our children away from the hospitals."

Theee Eyes —

How Well Do You Know Them?

We were pretty mysterious with our clues last week in this sharpen-your-powers-of-observation feature for the simple reason that, had we said more, everyone would have guessed first thing out of the box that the eyes belonged to Sam Alford.

Sam Alford

Sam, born on the West Side, but a lifelong resident of both the West Side and Hilltop, is the president of the Buckeye Finance offices at 1259 W. Broad-st and 2466 Sullivant-av. He's president of the West Side Board of Trade and a member of the Hilltop Kiwanis, West Gate Masonic Lodge, and the Scottish Rite of Aladdin Shrine. Immediate past president of the United Businessmen of Columbus, he is a member of West Park Methodist Church.

Sam and his wife, Virginia, who have lived at 236 N. Terrace-av for the past nine years, have three sons, ages 10, 14, and 21. Incidentally, Sam wouldn't miss a home game of Ohio State University's football team for anything.

Today's pair of puzzlers belong to an unusally active Hilltop community booster from the distaff side of the fence. A 19-year Hilltopper, she is originally from Jackson County, O.

Married, she has been active in the Band Parents at West High. This year, she holds top office in two organizations which are working to make the Hilltop an even better community.

Old Timers Ball Players Pick Up Post-Rain Steam

After being rained out for two consecutive weeks, the Hilltop YMCA Old Timers Softball League resumed with a bang at the Westgate Park diamonds on Tuesday evening.

In the closest game, Westway Post VFW, squeaked out an 8-7 decision over a scrappy Hilltop Record crew. Elsey and Bradley each had three hits, while Ryan and L. Click clouted homers for VFW. Hutchisson and Whitacre each had three bingles, with one of Whitacres safeties a home run.

Glenwood Methodist showed much improvement in downing Hilltop Kiwanis 13-10. Glenwood scored five runs in the last of the sixth to come from behind for its first victory of the season. Bob Grashel had 2 homers and a triple to lead the Methodist hit parade, while brother Frank had two hits in addition to pitching a nice game. Ray McVay had two hits, including a home run for Kiwanis.

In a fast game (46 minutes), West Park Methodist remained undefeated after stopping the Hilltop Lions 6-1. Bill Kuhn, on the mound for West Park gave up only eight hits, while team-mate Bill Kearney was pounding out three for three. Ronnie and Dickson each had two safeties for the Lions, while Crayton pitched good ball, giving up only nine hits.

Westgate EUB hung onto the first place spot with a 16-10 victory over Hillcrest Baptist. Dusty Rhodes starred at third base for Hillcrest. For the Westgate team, Bill Williams and Dr. Heisel were standouts.

TENNIS BOOSTERS—Part of the overall program of the Hilltop Kiwanis Club is to develop good sportsmanship among the youth of the community. One of the personal projects of Kiwanian Jay Goodwin, owner of Goodwin's Drugs, is the promotion of tennis. He is shown here with a group of young people from all over the city. He is teaching them the finner points of the game on the tennis courts at Westgate Park. Goodwin is well qualified for the teaching role, since he was a tennis coach at Ohio State University. Interested youths and older folks, too, are invited to call him at RA. 9944 if interested in taking part in the workouts. Kneeling are Jane Davis, Marty Heuerd, Betty Jenkins, Betty Bussey, and Carolyn Kruse; standing, Jan Goodwin, Donna Schaffner, Judy Hummell, Barbara Foster, Virginia Thompson, Harriet Walters, H. W. Damage Of $4,100 Listed In Pre-Dawn Fire At Hilliards

The costliest fire in downtown Hilliards in many years called local firemen from their beds at 4 a.m. Sunday. It kept the men at the scene until 7:30 a.m., before being brought under control and finally tapped out.

Discovery was made at the early hour by Mrs. Addie McCann, who operates a newspaper route. She was passing the Red Men's Hall at the corner of Center and Main-sts when she noticed smoke pouring out of the upper floor of the two-story structure, and immediately notified the fire department.

Loss was estimated at $3500 to the building and $600 to contents by insurance investigators, Milburn Hoffman, Grand Sachem of the Order of Red Men said. While the cause was not immediately determined, it was thought an overheated motor in a refrigerator or other electric appliance on the premises might have started the blaze.

If Mrs. McCann had not happened to notice the smoke and turned in the alarm the whole mid-section of the village might have been wiped out. All the buildings in the block, with one or two exceptions, are of frame construction.

TIME IS RUNNING OUT!

For You To Join In County's Medical Disaster Aid Plan

The following "thought-stimulator" has been prepared by the Columbus Department of Health in the sincere hope that it will stimulate YOU to action in preparing against the eventuality of an enemy attack on Columbus. There is still time for YOU to volunteer for a post in your community's Disaster Aid Stations, established by the Disaster Committee of the Columbus Academy of Medicine and outlined last week in this newspaper. If you have had first aid training, as a medical corpsman, as a nurse's aid, or from any other heretofore agency such as the American Red Cross, call today, tomorrow, or Saturday, MA. 3366 or write to First Aid, Health & Safety Center, 121 E. Washington-blvd, Columbus 8, Ohio, for your assignment. Within two weeks you will be told where to report for refresher first aid training.

What would be the target in an enemy bombing of Columbus? Some might think the most effective spot would be the area around the General Supply Depot and North American Aviation plants might yield maximum damage. Others would consider the General Motors and Westinghouse as most advantageous to the enemy.

Actually, it is doubtful if this would be the case. These — and perhaps several others — would be left to saboteurs. An enemy probably would be interested in striking the greatest possible concentration of people, which probably would pinpoint the target at some place just south and east of Broad and High.

When would they strike? On a working day, Monday through Friday, at an hour in the day when most people would be in the area, which would suggest between 9 in the morning and 4 o'clock in the afternoon with mid-morning still more likely, unless other considerations affected the time table.

How many people would be affected? For any type of bomb an enemy might drop, certainly it would mean total destruction for a radius of at least one mile. That would mean every building in that perimeter would be collapsed and certain death for every person within it.

However, the number of people would depend upon whether or not there was previous warning. A surprise daylight attack with a nominal bomb exploded at 2,000 feet over an average metropolitan area would produce about 120,000 casualties — killed and injured. Of these, 40,000 (33 and one third per cent) either would be killed outright or would die the first day. An additional 20,000 (seventeen per cent) would die in the following five or six weeks. Thus, probably 80,000 casualties (66 and two thirds per cent would survive the first 24 hours. Of these, it is estimated 48,000 (60 per cent) would be suffering from burns, 40,000 (50 per cent) would be suffering from injuries and 16,000 (20 per cent) would be suffering from radiation injuries. The total of 110 per cent arises from a number suffering from two or more types of injuries.

The topography and geography of a city would have a bearing on the damage inflicted and so would the characteristics of building construction, the wind and the weather at the time of the bombing.

Actually, the exact locations of many of the aid stations will not be determined until after the attack. Those within the target area will be destroyed. Some of those in the fringe area may be partially or fully incapacitated, which will mean help must come from casualty-free areas. These would be set up in concentric rings surrounding the major damage area.

On the first circle, at about a mile and a half from ground zero, the stations would be located at intervals of about one sixth of a mile for a circumference of 9.5 miles, requiring 57 mobile first aid stations. Beyond these, a second ring would be set up about two miles from the target center at intervals of one-third, this requiring 30 more stations.

These are not rigid requirements, of course. Availability of proper structures, density of population, accessibility to highways and other factors incident to conditions, also would have to be taken into consideration.

Bread wagons, to be used as ambulances, and taxicabs, to be used as communication and transportation vehicles, also will not be assigned until after the "all clear". The bread wagons, however, will proceed to designated pool locations as soon as possible, immediately if there is an advance warning of an impending attack, otherwise at the first opportunity.

Rain Halts Hilltop Y Church League Opening Clashes

By Dick Wilson

Rain halted play in the opening games of the Hilltop YMCA Intermediate Church Softball League last Wednesday at Westgate Park diamonds.

West Park Methodist completed enough innings in its game with the Hillcrest Baptist team to have a recorded game. The Baptist team 12-6 in five innings of play. George Breckenridge was the winning pitcher and John Kuns was charged with the loss. Woodie Waltman starred afield for the losers and Earl Gates looked good defensively for the

DeMolay's game with Avondale EUB was not recorded because these two teams had completed only two innings. The DeMolays were leading 22-6 at the end of the second when the rains came. Ron Klein looked good on the mound for the DeMolay nine while Gary Ranot looked good in the field for the losers.

Next week Hillcrest Baptist will meet the DeMolay and West Park faces Avondale EUB.

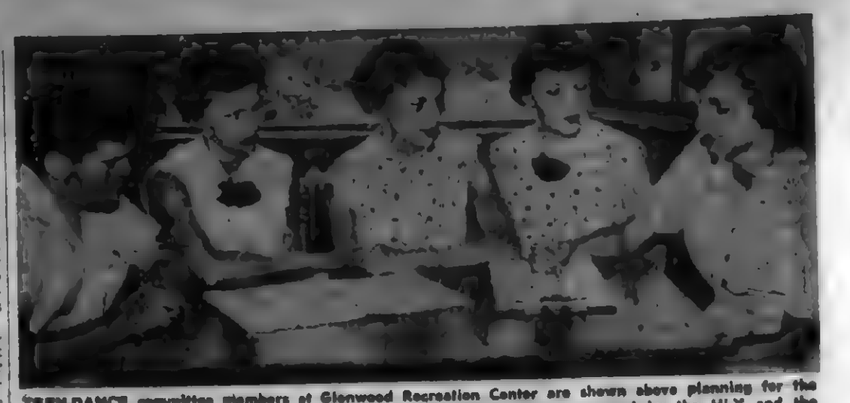
Four Local Men Apply 'Do-It-Yourself' Technique To Trailer Camp On Wilson-rd

"Do-It-Yourself" seems to be the modern and progressive idea these days; however, it seems slightly out of line when the subject is a trailer camp. Nevertheless, four Columbus men started proving early this year that the same method many people use in building garden furniture or a birdhouse can be applied to such a gigantic undertaking as a trailer camp.



The foursome — all executives of Ohio Fuel Gas Co. — is comprised of A. A. Long, assistant manager of production; Frank Adams, assistant superintendent of leases; A. J. Bennett, superintendent of the company's lease department, and Arthur P. Muhlbach.

The $100,000 project, now being constructed just off Wilson-rd, embraces five acres of choice property bounded on three sides by Westinghouse plant property. It will have space for 80 trailers and shows promise of ranking among the nation's finest trailer parks upon completion next year. One section has already been completed.

Since exchanging their usual "white collar" attire for denims and boots, the four owners have spent every available afternoon and evening on construction and have succeeded in completing the installation of private sewers to each trailer's parking apron in addition to individual electric outlets and water lines.

The 28 by 40-foot structure located in the center of the park serves as office for park manager George Smith in addition to housing automatic washers, dryers, showers, toilets, and a workshop — all free to renters. The trailers will have individual patios measuring 8 by 20 feet. Overall park size is 1320 feet in depth, 165 feet wide.

The "do-it-yourself" method, backed up by plenty of digging and diligence, will be paying off before long with the transformation of the cornfield into a model business.

TEEN-DANCE committee members of Glenwood Recreation Center are shown above planning for the new series of Saturday night dances at Glenwood Recreation Center, sponsored by the Hi-Y and the Y-Teens of West High with the cooperation of the city recreation department and of the Hilltop Community Council. Left to right are Dick Wilson, president of the community council, Judy Matson, Judy Swartz, Judy Krouse, and Marilyn Gordon of the Glenwood staff. First dance, the "Moonlight Serenade," will be held Saturday. All teen-agers are welcome. (Hilltop Record Photo)

"Smitty," the caller is no stranger to the Hilltop, having called for square dancing at West Gate Lodge, Westgate Shelter House and the Sullivant Avenue Airport. Marot, with his novel piano and organo combination, plus his able assistants, comprise a truly unique musical organization.

Additional acts signed for the variety show, beginning at 7:30 p. m., include the Condon Sisters, a trio which received tremendous ovation at the 20th annual edition of the Hilltop Minstrels, and Keith Miller.

The fun-packed evening, free to all members of the community and their families, begins at 6 p.m. on Magly Field and ends with special street dancing contests at 12 midnight. A highlight will be an extraordinary display of fireworks at 9 p.m.

Wild Bill Elliott Will Appear At Achbar Grotto Horse Show Here July 2-5

Wild Bill Elliott, [illegible] rough and tough Hollywood movie cowboy, will be one of the feature attractions at the Achbar Grotto Rodeo and Horse Show, July 2-5, at Ohio State Fairgrounds Coliseum.

Children who attend the performance wearing western clothes or at least have their shooting irons and pocketfull of caps—will get to participate in Wild Bill Elliott's horse-thief hanging junior posse.

During the four days he is here for the Grotto rodeo, Elliott will participate in the cattle-cutting contest and give a lift with the bucking bronc and steer riding tournaments using experience he gained while producing and directing his own nationally-known traveling rodeo.

While in Columbus, Wild Bill will stable his horses at the Earl Lambert farm, near New Rome. Lambert is president of the Western Horse Exhibitors Association of Ohio, Inc., who will produce the rodeo on Sunday, July 4.

Proceeds of the rodeo will be used by Achbar Grotto for local and national charity work. Children and adult tickets may now be purchased at Heaton's Music Store, 80 N. High-st.

the Ohio State Journal prior to her marriage.

Ruth Price who reigned as queen of the Bean Dinner in 1941, is a former resident of 162 N. Roys-av. She was a secretary at the Borger Brothers Boiler Works prior to her marriage to Richard Hall in March 1950. Daughter of Mr. and Mrs. Rollin H. Price, 358 Kendall-pl, she now resides with her husband and two children at 465 S. Huron-av.

The Bean Dinners were discontinued for the duration of the war and it was not until 1952 that another queen was chosen.

Queen of the 1952 Hilltop Bean Dinner, the first post-war edition, was Pat Robinson, formerly of 256 S. Cypress-av. Pat, who became the wife of Forrest Krumm in September 1952, lives with her husband and one-year-old son at 408 N. Virginia Lee-rd. A receptionist at the Columbus Plastics Co., Pat has retained the position she occupied prior to her marriage. Her parents are Fred Robinson, 162 N. Huron-av, and Mrs. Howard Miller, 316 Tappan-av.

[illegible] queen was Louise DeMastry, 749 S. Hague-av, who reigned over Bean Dinner festivities in 1953. Louise, daughter of Mr. and Mrs. H. C. DeMastry, is a graduate of West High School and is now associated with the Ohio Co., an affiliate of the Ohio National Bank.

NO ROOM FOR DISSENSION

Stephen A. Mitchell, Democratic National chairman: "There is not and cannot be a valid issue between the Democratic and Republican parties on Communism—because all Americans are on the same side."

CHEATED!

For many years a rancher employed a Chinese cook. After an unusually good dinner the rancher decided to raise his wages. The next pay day the cook noted the extra money in his envelope. "Why you pay me more?" he asked.

"Because you've been such a good cook all these years," replied the boss.

After thinking it over for a while, the Chinese said: "You been cheating me long time, eh?"

MISTAKE

What ultimate consumers recently mistook for the beginning of a collapse in prices proved to be merely the result of high prices slipping a little while relaxing to get second wind in the high altitudes.—Atlanta Journal.

McFADYEN'S ACRES
RESTRICTED
Ranch sites, conventional sites, 100 ft. frontage and over. Some wooded. $75 down, $15 mo. Before buying ask not always ask these questions—
1. Have you provided a park for my children to play in so they may be safe from the streets?
2. Are the parks and roads dedicated for the public use? You may save a little now but OH! those assessments that come later.
3. Are there any foul smelling factories within 2 miles of the location?
If you get a yes answer to all the above questions then ask to see the plat. If it is signed by the planning commission, county engineer and county commissioners then it is true. If the plat is not signed then go to 6418 Alum Creek Dr. and see the sign there. It is always wise to call O. W. Dunn if you want to buy or sell DI. 2488 or FA 9028.

YOUR HILLTOP LIBRARY

Offers A Cool, Comfortable Setting For Your Relaxation

By Mildred Phelor

Air conditioning, comfortable chairs, and late magazines such as "Fortune," "Holiday," "National Geographic," "The New Yorker," and "American Builder," add up to a relaxing interlude in a busy day. Why not spend some of your lunch hour in cool comfort at the Hilltop Branch Library, 2665 W. Broad-st, while enjoying the current numbers of the above and many other magazines, newspapers and pamphlets on the library magazine shelves?

The library subscribes to 55 of the most popular magazines. You may also be tempted to take a magazine or two for perusal at home in the cool of the evening. Back copies of all magazines are issued, as soon as the current issue arrives.

Circulation at the Hilltop Branch Library indicates that the community is book-minded. For the month of May, total book circulation was 10,874. Adults had a narrow edge on juvenile readers, with 5,710 adult books and magazines issued and 5,164 juvenile books. New registration and re-registration amounted to 189. Of this total 83 were adult patrons and 158 new books were added to the library shelves during May, bringing the total number of volumes in the collection to 15,586. Of this number, 8,799 volumes are adult, precisely 2,000 more books than are on the juvenile shelves.

The children are anticipating Story Hours which begin Wednesday, June 30, and continue for eight weeks. Patty Gibson, 269 S. Brinker-av, is to tell the stories for the first meeting of the series. All children are invited to be at the library at 10 o'clock on Wednesday mornings, beginning June 30.

Interesting new books received at the Hilltop Branch Library include: "Ambassador's Report," by Chester Bowles; "Pictorial History of the Jewish People," by Ethel Frimet; "Scientific American Reader"; "This Was Racing," by Joe Palmer; "Executive Leadership," by Chris Argyris; "Flight Into Space," by Jonathan Leonard; "Songbirds In Your Garden," by John Terres; "Pocket Guide To The Birds," by Allen Cruickshank; "Great Sea Stories of Modern Times," by William McFee; and "The Traffic In Narcotics," by H. J. Anslinger.

Fertilizer Cost Resists Cost-Of-Living Climb

While the cost of all goods and services used in farm production has increased by 132 per cent since 1935, the average cost of plant food in the form of commercial fertilizer has gone up only about 12 per cent over the same span of years, according to The National Fertilizer Association.

Official reports of the U. S. Department of Agriculture show that the cost per ton of commercial fertilizer increased by 51 per cent from 1935 to 1953. In the same period, however, the average plant food content of a ton of fertilizer also has been increased by nearly 35 per cent. Thus the increase in the average content of active ingredients has largely offset the higher cost.

Adams was minister of Oakley Methodist Church for two years.

Rev. Adams was an Air Force pilot during World War II and was taken prisoner and held in Stalag Luft I for nine months after his B-24 was shot down over Munich, Germany, crashing in Northern Italy on its first combat mission.

After his release from the Air Force, he attended Ohio Wesleyan University, graduating in 1948 with a BA degree. At OWU he was elected to Phi Beta Kappa and Omicron Delta Kappa, national honor societies.

Rev. Adams was graduated in 1952 from Yale University Divinity School with the Bachelor of Divinity degree. While at Yale, he was pastor of the Howard Avenue Methodist Church in New Haven, Conn. He is the son of a Methodist minister, Rev. Herman L. Adams, Hobart, Ind.

Hilliards Methodist Church will hold a picnic on Tuesday evening, June 29, at 6:30 on the grade school grounds. All groups of the church will join in welcoming the family of the new minister to the church and the Hilliards Community. The picnic will be a community event. All families of the community are invited to bring baskets of food and join in giving the Adams family a warm welcome.

LOCALLY-OWNED COWS which have been undergoing tests under the direction of Ohio State University have been producing record yields of milk and butterfat.

Vaniard Ruby Inka Walker, a Holstein owned by Vaniard Farm, recently completed an official Herd Improvement Registry production record which totaled 21,695 pounds of milk and 752 pounds of butterfat in 334 days. This is about four times the production of the average cow in the United States.

An Ayrshire, Brookies Craig Judy, owned by Brookies Farm, produced 85 pounds of butterfat in one month, putting her in first place among all high butterfat producers in the senior three-year old class during the month covered by the test. Her milk production for the month totaled 1963 pounds of 4.2 percent milk.

Vaniard Farm is operated by William and Owen VanSchoyck and Brookies Farm by Raymond Dellinger.

HILLIARDS BUSINESS MEN'S ASSOCIATION is sponsoring the featured race at Hilliards Raceway the evening of July 5. The association will also award the Chevrolet Bel Aire coupe as the feature of its Fourth of July celebration. The community Fourth observance hitherto sponsored by the association has given place to the numerous other activities in the area going on at this time.

AFTERMATH OF STORM — The cardinal's nest in the pine tree hangs in limp shreds. The lifeless bodies of week-old babies lie still upon the ground. Parents are nowhere to be seen or heard — the air is strangely still without the valiant song of milord of the scarlet coat and crested head. Last week two cock robins staged a vicious fight over a worm on the lawn beneath his nest and he scattered them pronto — no common squabbles should disturb the peace and sanctity of his home! Supreme over the feathered neighborhood, he had no power to withstand the fury of nature in one of her viler moods.

Tourist Seeks Famed Hilltop

Makes a fella proud: Florida tourist visiting town the other day called the office and wanted to know how to find "Hilltop, O., near Columbus." 'Seems he heard so much bragging from vacationing Hilltoppers he wanted to see the place.

Celebrate With Lions July 5

Make your family's celebration of the Fourth, on Monday, July 5, a happy one. Plan now to attend the Hilltop Lions-sponsored community carnival, fireworks display, street dance, and fun frolic in the evening at West High. See you there!

Briefly Told: The Arthur Utts', Jr. were recent visitors at Homespun Valley, Gatlinburg, Tenn . . . Elsie Radcliff, 64 S. Central-av, won the baritone solo contest at the national Grotto Convention in Pittsburg June 16 . . . Frank Grooms is out of the hospital again and living at his log cabin up Wilson-rd way . . . Al Stephens and Jack Wolfe are new members of Hilltop Kiwanis . . . The Frank Princes are touring the east.

You Are Invited To Visit Park of Roses

A special invitation has been extended by Mayor and Mrs. Sensenbrenner to the public to visit the Columbus Park of Roses on Sunday, July 4. There will be no admission charged that day.

Barbara Kearney will present a piano recital at 5 p. m. that day as an added attraction.

Over a million blooms are out in the Park of Roses at present.

City Needs Services Of Local Airport

Columbus city officials will do well to take steps that will insure the continued use of the Sullivant Avenue Airport.

This is the beginning of an air age and should anything happen that the services of the Sullivant Avenue Airport are no longer available within the next few years the city will be the loser.

The convenience of this facility to the central part of the city and the fact that the municipal port cannot take too many private planes makes it a must that the city take steps to see that every consideration be given the Sullivant Avenue field, either as a private field or city owned and operated.

It is evident that large industries that have come to our community recently have availed themselves of this facility and will continue to do so.

Democrat Club To Sponsor Patriotic Talks, Fireworks

A spectacular fireworks display and patriotic speeches will feature the Independence Day observance July 5 at Franklin Park. Mayor M. E. Sensenbrenner and Attorney Robert Barton will deliver the principle addresses at the event, which is scheduled to start at 7 p. m. The fireworks display will open shortly after darkness.

Sponsor of the event is the Franklin County Democratic Club, with its president, Ollie Oelgoetz, in charge of arrangements. Theme of the speeches will be the significance of Independence Day and the Bill of Rights. Outstanding civic leaders have been invited to the affair.

The area will be set off from the rest of the park and cars will be barred from the road.

HILLTOP BEAN DINNER imported talent will include the Kentucky Boys, Zeke and Red Turner, above, who are one of the most popular acts with WLW and WLW-T. They and much other name talent will help make this year's Bean Dinner, sponsored by the Hilltop Business Association the "best ever."

ROLL OUT THE BARRELS

Bean Dinner 'Ticket' Holders Distributed

Hilltop merchants are "rolling out the barrels" this week in preparation for the rush for free Bean Dinner tickets, which is expected to hit them on Friday, July 2.

The barrels, 15 in number, which are really a sight for sore eyes—chartreuse and orange—are to be placed strategically at various points in the area and will serve as depositories for tickets obtained from merchants.

Barrels have been placed at Superior Drug, Hilltop Furniture, Seiler's, Distelhorst Market, Westgate Maintenance, Westgate Electric, Rausch Brothers Hardware, Trott's Foodtown, Fell's Westgate Hardware, C&S Super Center, City Furniture, Reeb's Confectionery, Goodwin's Pharmacy, Edward's Rexall Drugs and J. C. Penney Co.

Each participating merchant has contributed toward the Bean Dinner cash prizes. These cash prizes will be awarded the second night of the two-day affair, scheduled for July 27 and 28 at Westgate Park. Top prize will be $100 cash.

The "division of the spoils" will be short and sweet at the 11th annual community fair sponsored by the Hilltop Business Association, with many major prizes to be given, instead of numerous merchandise and small cash awards, as has been the custom in the past.

Those whose names are called MUST BE PRESENT TO WIN! And only one prize per [illegible] will be awarded.

According to C. H. Campbell, executive secretary of the HBA, the change was made this year in order to streamline the affair, permitting additional time to be spent at the numerous exhibits and features.

'BEST EVER' EXHIBITS SET

Plans for the "biggest ever" display of exhibits at the Hilltop Bean Dinner have been announced by Bob Edgar, chairman of the exhibits committee.

A mammoth 60-foot wide tent has been secured. Exhibit spaces will be seven feet in depth, with as much frontage as needed in 10-foot units. Costs to merchants will be $2 per front foot.

As application will be made on a first-come, first-serve basis, starting at the end and working around, Edgar suggests that merchants reserve their exhibit space as soon as possible. He may be reached for additional information at RA. 6847. Deadline for filing is July 15.

LARGE CROWD EXPECTED AT HILLTOP INDEPENDENCE DAY FETE AT WEST HI

SELECTING TROPHIES which will be awarded to the best couples in several dance classifications at the Hilltop Lions Club-sponsored Independence Day celebration Monday evening, July 5, at West High, are, left to right, Lions Pinky Higgins, Chuck Neil, general chairman of the event; Bob Phillips; and John Dixon, incoming president of the club. Waiting on them as they select the trophies at Auld's Crafters is Barbara Teatine. (Hilltop Record Photo)

Lions-Sponsored Evening Will Include Fireworks

A large segment of the Hilltop community will "play it cool" on Monday, July 5, staying at home over most of the holiday weekend and taking in every minute of fun at the Hilltop Lions Club-sponsored fourth annual community Independence Day celebration on Monday evening at West High.

The event, absolutely free to all members of the community, will get underway at 6 p. m. and last till midnight. A highlight will be a gigantic fireworks display at 9 p. m., arranged by Bill Lynch.

A variety show at 7:30 p. m. on Magly Field under the chairmanship of Bill Coss will start the program portion of the evening rolling.

There will be street-dancing, featuring both the round and square variety, 10 p. m. to midnight, with Pinky Higgins in charge of this part of the program.

Furnishing the music will be Hilltopper Will Marot, his organo, and his orchestra, the members of which are also all Hilltoppers. Arthur "Smitty" Schmidt will serve as caller. "Smitty" has called at numerous local dances, including those held at the West Gate Lodge, Westgate Shelterhouse, and the Sullivant Avenue Airport.

Among acts signed for the variety show are the Condon Sisters, a trio which was extremely well received at the 25th annual Hilltop Minstrels, and Keith Miller. Victoria Paxton, local Hilltop miss, will present a toe dance.

Among other talent signed for the variety show are: Judy Fentmore, song and dance; Tom Smith, and Larry Carroll, tap dance; Roseanne Ebner, acrobatic number on a revolving barrel; and Ray Hunt's Quartet; plus added varieties by Will Marot and his combination piano and organ.

Radio Station WVKO's youngest disc jockey, Bill Mertz, will serve as emcee for the evening. Mertz broadcasts each Saturday afternoon from the window of the Hilltop Tune Shop.

Gateway Realty, 2705 W. Broad-st, has joined the Lions with the "dry baby" service feature prize for the half year through the courtesy of the, Banner Diaper Service.

"Admission is free to this bigger-than-ever fourth annual Lions community party," declares Chuck Neil, general chairman. "Why not stay home and enjoy a SAFE and sane holiday as guests of the Hilltop Lions Club? Bring mom and pop too," he added.

Funds for the celebration are raised by such activities through out the year as carnivals, turkey sales, and other projects and do not come from money collected in the newspaper sale, according to chairman Neil. Funds from the newspaper sale are allotted only for night-saving work and assistance to youth of the community.

Eight loving cups will be awarded at the street dance, with couples—man and woman or boy and girl — judged best at round, square, polka, and foxtrot each earning cups.

In previous years, the Lions held an afternoon Fourth of July fete for kiddies. This was eliminated this year to make way for the street dance, Neil said.

MONDAY'LL BE HOLIDAY FOR US, TOO!

This newspaper will join in the general cessation of business activities on Monday, July 5, in celebration of the 178th anniversary of the Declaration of Independence.

That means advanced deadlines for news, society, church and advertising copy. For the issue of Thursday, July 7, churches are asked to submit their news and schedules by noon Saturday, July 3; all women's news pictures, picture requests and organizational news by Saturday noon; correspondent news by Saturday noon; and the remainder of news and pictures by not later than Tuesday, July 6.

Our offices will be open until slightly after noon on Saturday, July 3.

Prairie Township Fire Dept. Plans Its Annual Carnival For July 16-17

A carnival fish-fry sponsored by the Prairie Township Volunteer Fire Department will be held July 16 and 17 at the Prairie Township School on Norton-rd.

Capt. William Lamb, of the department, announced that there will be dancing both evenings and that proceeds of the event will be devoted to purchasing additional equipment for the department, in order to uphold the Class A rating which it has received from the Ohio State Fire Marshal's Office.

The department, which was organized in 1942, numbers 26 strong and is headed by Chief J. R. Richards. Asst. Chief Grover Kaderly, Capt. Lamb, and Lieut. Lawrence Karns. It is equipped with three pumper trucks and one squad car which serve all of Prairie-Twp and part of Pleasant-Twp. Firemen have answered some 80 squad runs and numerous fire runs, this year, at a salary of $1 an hour, the maximum pay being for three hours work, even though, at times, the men must work most of the night.

City Decides To Repair McKinley Ave. Incinerator

The McKinley-av garbage incinerator will soon be in operation after an interruption of a number of years because of lack of funds for its remodeling and rehabilitation.

An ordinance was passed by city council on June 14 calling for the issuance of bonds for $140,000 to pay for the needed work on the incinerator plant and necessary landscaping.

'SO MUCH HOG WASH?'

Opposing Positions Listed In Feud Over Hiking of Meat Inspection Fee

More than 250 Hilltoppers and West Siders are interested spectators in the current "battle of words" between the City Council and the David Davies Packing Co., Inc. That's the number of West End employes company officials estimate work at the W. Mound-st cattle and pork and the Jackson Pike cattle-only plants of the firm.

Local residents are watching, too, as the outcome may eventually affect the price of more than 800,000 to 900,000 pounds of meat and meat products which flow from the two plants, as well as meat prices in general.

In brief, here are the positions as they were outlined by Dr. Ollie Goodloe, Columbus Health Commissioner, strong proponent of the current city law which calls for a levy of 45 cents per head of cattle and 23 cents for small animals such as hogs and sheep; and Adrian Downes, 72 Letchworth-av, vice-president of the local firm.

Both agree that local meat inspection is necessary for the health of the public. And both agree that Columbus inspection is unsurpassed in the nation.

Dr. Goodloe, however, claims that the fee per head is just, not too high, and is necessary in order to make the $80,000 a year meat inspection program pay for itself as required by state law.

Downes, on the other hand, declares that the more than $45,000 Davies is paying each year under the new setup is inequitable and acts as a "penalty for efficiency." He says that as a result, Davies ends up paying for veterinary and lay inspectors who are stationed to perform "post-mortems" on animals in most of the other 26 local plants. The recent upping by city council of the inspection fees from 25 cents for cattle to 45 cents and from a dime per head for small animals to 23 cents "could very well lead to the founding of a moneyed dynasty in the health department," he said.

"Who knows what they might ask for next year?" Downes asked.

The revised levy, which has been in effect since March 24, is currently the subject of an objective study by Citizens Research, Inc. Findings are awaited anxiously by both sides.

As a result of the decision of the Davies firm to cease its entire pork kill activities to its plant in Zanesville, where inspection fees are not so high, some 40 to 50 people in this and allied departments who were handling some 300-350 hogs per day before, have been switched to lower-rated jobs in other departments at the W. Mound-st plant.

Goodloe says that talk of high inspection fees putting Davies to unfair competition to local meat importers selling meat inspected in other cities for a smaller fee is "so much hog-wash." He declared: "An increase of 13 cents on a 300-pound hog is not going to put a firm like Davies out of business."

Complicating the entire situation is one of the nation's slowest hog seasons, with receipts at stockyards throughout the nation running well below the normal "off-season" expected in late spring and early summer. A bumper crop of pigs on farms now, however, should start reaching the markets by late August.

Hilliards Raceway Harness Driver Killed When Sulky Turns Over

Carl Short, 29, of New Holland, O., was killed in a pile up of three horses and sulkies Monday night at Hilliards Raceway as 2400 spectators, including his wife, Thelma, and his parents, Mr. and Mrs. Otis Short, looked on.

Short was the first driver killed at the Raceway, although there have been four accidents this year, each of them involving pacers. He suffered a skull fracture and internal injuries when he was hurled from his sulky into the track infield on the backstretch in the sixth race.

He was pronounced dead on arrival at University Hospital at 10:30 p. m. by Coroner Robert A. Evans, who said he might have been stepped on by a horse.

A second driver suffered a broken right femur and a third was hospitalized with a possible concussion following the mishap.

Monday night was to have been Short's last night at Hilliards Raceway as he was to have left for Goshen, N.Y., shortly thereafter with part of the Castleton horses.

Coming into the back stretch for the first time around, in the sixth race, the eight-horse field reached a point directly across from the grandstand when apparently Fleet Mite, 4-year-old brown pacer, stumbled at the quarter pole.

Navy Command, a Little Brown Jug eligible, with Short in the sulky, also fell, the sulky stood on end, catapulting Short into the infield.

Short, popular, and one of the coming young horsemen in the sport, was a driver for Castleton Farm, owned by Mr. and Mrs. Frederick Van Lennep, Lexington, Ky.

Annexation Of 19-Acre Tract On Mound Ok'd

Over the vigorous protests of other Franklin Twp. residents who were spectators, the county commissioners Tuesday approved annexation of 19.4 acres just west of the Central Point Shopping Center along W. Mound-st. The petition to come into the city was signed by the only property owner in the area, Mrs. John R. Savage, 903 Woodbury-av.

Since the tract includes several business areas which heretofore had been partially in Franklin Twp. and partially in the city, spokesmen for the Franklin Township Citizens Association said the group would "probably file court action against the annexation."

None of the industries or other residents of the area appeared at the public hearing to oppose the move, which members of the association termed "land-grabbing." At one time in the hearing, City Service Director Floyd C. Redick was accused by a spectator of collusion in aiding Mrs. Savage to prepare one of the few successful petitions. Redick replied he had never seen Mrs. Savage before Tuesday.

"I will say this," Redick said. "If this annexation is approved, I will grant the area sewers and water as of today."

Although the annexation was approved, commissioners gave notice that it would only become effective after court action involving the recent incorporation of Franklin Heights is heard in the courts.

CHILD HURT IN FALL

Shellon Mick, five, of 186 Nashobe-av, was taken to Mt. Carmel Hospital by emergency squadmen early Tuesday, for treatment of a chin contusion and lacerated lip, suffered in a fall.

Mayor Says He'll Not Support 'Another' Bond Issue For Fall Ballot

Mayor Sensenbrenner declared Tuesday that he was unwilling to support any bond issue for the November ballot which does not include the package proposal he had already made for a $12,500,000 issue for urban redevelopment, grade crossing eliminations, parks and recreation facilities.

A $1,250,000 issue, suggested by county officials and which would provide money for finishing the new Veterans' Memorial building, is under consideration by the Metropolitan Committee along with Mayor Sensenbrenner's proposal. Mayor Sensenbrenner said he would not sacrifice the interests of Columbus and said the question of money for finishing the Veterans' Memorial building "should have been looked into before this."

PLEASE COME BACK!

A photographer's job is no snap. Harley Groom, lensman for The Hilltop Record, wherever he is at the moment this story is being written, will testify.

Harley and another staff member, Walter Davis, rushed out to the Pennsylvania Railroad crossing at Hague-av shortly after 8:30 a. m. Wednesday to investigate and take a couple of pictures on-the-scene of a collision of a train with a truck.

To get a better view, the two men decided to walk through one of the train cars to the other side of the track. When they were midway, however, the train, loaded mainly with troops, jerked forward and started highballing for St. Louis.

Davis jumped. Harley, fearful of the safety of his camera equipment, paused just a moment too long.

A report received seconds ago placed Harley in Springfield where he long-distanced his wife. She, incidentally, says this is his first train ride.

Arnold Tuggle, Jr., 19, of 14 E. Hudson-st, driver of the truck which had its front end demolished by the train, was uninjured. Tuggle is a driver for the Zinn Lumber Co.

N. Sylvan Ave. Residents Ask For Flasher Light At NYC Railroad Crossing

Resident of N. Sylvan-av, led by Mrs. Mildred DeLong, have petitioned the Ohio Public Utilities Commission to have the New York Central Railroad ordered to install flashing warning lights at the grade crossing just north of Broadway.

Mrs. William J. Wolfe, 336 N. Sylvan-av, a signee of the petition, stated that the crossing was considered very dangerous by residents and that they were afraid to allow their children to cross alone because many times the trains do not even signal. A fatality occured at this spot about a year ago. The petition is to be taken up by the commission later this week.

Cowboys Whip Indians 6-2 In Opener Of Little League

The Glenwood Recreation Center Little League got underway on Thursday, June 24, with a Cowboy-Indian game following the pre-game flag raising ceremonies followed by the pledge to the flag.

The opening game was won by the Cowboys, last year's champions. The Cowboys defeated the Indians, 6-2 behind the five hit pitching of Michael Mental, while three Indian pitchers were unable to stop the Cowboys who collected eight hits.

The losers' bright spot came in the top of the second inning when Thomas Dowdy smashed a line drive homer into center field, scoring Larry Fritzius ahead of him. This put the Indians ahead 2-0, but not for long... The Cowboy sluggers came back in the bottom of the second with four big runs to go ahead, 4-2, and collected two more runs in the third on three walks and a double by Pete Howell. At this point, Thomas Dowdy was called from third base to assume pitching duties, relieving Carl Brown who was unable to find the plate.

The last innings found neither team able to produce runs thus the game ended in a Cowboy victory, 6-2.

LITTLE LEAGUE SALUTE—The Glenwood Little League got underway on Thursday, June 24, following a pre-game ceremony in which the flag was raised and members of the league recited the pledge of allegiance to the flag. Spectators described it as "just as impressive as a big league opener." (Hilltop Record Photo)

Fire Department Warns Of Danger In Illegal Fireworks Use On Fourth

With the celebration of Independence Day only a few days away, it is time again to remind everyone concerning the dangers of fireworks. The state of Ohio laws prohibit the sale or use of fireworks, with the exception of toy cap guns and caps containing twenty-five hundredths grains of explosive compound.

Last year, through the co-operation of the fire service, law enforcement agencies, and the Railway Express Agency, we were able to greatly reduce the number of injuries caused by illegal fireworks. There were, however, 20 injuries reported, including two very serious ones.

An eight-year-old boy and a 17-year-old boy each lost an eye from exploding fireworks. There were 93 arrests resulting from the illegal sale of fireworks in the state of Ohio.

Chief W. G. Strickfaden, Chief of the Columbus fire department is again asking the co-operation of everyone in helping stop the illegal sale and use of fireworks in the hope of making this 4th of July celebration a safe one.

'Open End' Mortgages New Service Offered By Dollar Federal Savings

"Open-end mortgages," which provide for increasing the amount of a loan anytime during the life of the original mortgage are now available through the Dollar Federal Savings and Loan Association, announces Executive Vice-President, H. C. Gockenbach, Jr.

Gockenbach explained that this type of financing is a great advantage to the borrower through eliminating most of the costs of another mortgage if the property owner wishes to obtain additional funds for improvements or maintenance of the property.

Ordinarily, the individual would have to finance this improvement with an entirely new mortgage, or with high-rate short-term loans. But with the new "open-end mortgage," he can merely borrow an additional $3,000, for example, to pay for the improvement, and have it added to the balance remaining on the original loan.

KEEP KIDS BUSY

Give Them Worthwhile Job Hunting Discards For Volunteers Of America

If the summertime doldrums have hit your children, here's a new and useful activity for them. Have them check all through the house, basement, and attic for old clothing, papers, books, magazines, and furniture you no longer can use.

Volunteers of America will pick up your discard and put it to work for some other family. Magazines are sorted out, the current issues sent to prison libraries, old ones are baled and sold as discard. Old clothing is repaired and distributed to needy families. Old furniture is repainted and given away.

School-age children make a treasure-hunt game of looking for your discards. Volunteers of America makes them useful to someone else. The telephone number is ADams 5665.

Double Ring Ceremony Unites Miss Muchmore and Mr. Weese

Mr. And Mrs. William Fredrick Weese (J. Curtis Allen photo)

In a bridal gown of Chantilly lace over Paris faille, which she made herself as her senior year sewing project, Miss Frances Rae-Ann Muchmore became the bride of Mr. William Fredrick Weese, Sunday afternoon, June 27, at 4. The couple repeated their vows before Rev. C. T. Langhoh in St. John's Evangelical Lutheran Church. Arrangements of palms and baskets of gladioli decorated their church for the occasion.

Escorted to the altar by her father, the bride's gown was styled with a fitted bodice of lace over faille enhanced with seed pearls, and long sleeves tapering into points over the hands. The full skirt of nylon tulle over faille extended into a small, sweep train.

A headpiece of lace with lilies of the valley held her fingertip-length veil of illusion and she carried a white Bible topped with a purple-throated white orchid and streamers of satin and stephanotis. The Bible was gift of the bride's maternal grandparents, Mr. and Mrs. Edward J. Dearwester.

Miss Nancy Morrow served as maid-of-honor. Her ballerina-length gown of white nylon net and lace was worn over pink taffeta. The bridesmaids, Miss Connie Ward and Miss Kay Muchmore, wore identically styled gowns over blue taffeta. They each wore a halo headband of yellow asters and carried Colonial bouquets of yellow asters with matching ribbons.

The two little flower girls were Sharon Dearwester and Kathleen Dearwester. Their frocks were of pastel yellow Paris faille with white net overskirts and they carried nosegays of pink asters with yellow ribbons and yellow ribbon headbands with miniature flowers.

Mr. Ronnie Ellis served as bestman and the ushers were Mr. Raymond Muchmore, Mr. Joseph Muchmore and Mr. Harold Hubbard. The wedding rings were carried on a white satin pillow, edged with gold, by tiny Dick Dearwester.

The mother of the bride chose a gown of iridescent green and rose pure silk with white accessories and a shoulder corsage of yellow asters. The bridegroom's mother wore pink Quaker lace with pink and white accessories and an identical corsage of yellow asters.

Hostesses for the reception held in the basement of the Church following the ceremony were Mrs. Raymond Muchmore, Miss Erna Gerdel, Miss Jerry Seliger and Miss Nancy Wolf.

The new Mrs. Weese is the daughter of Mr. and Mrs. Joseph R. Muchmore, 60 N. Harris-av. She is a June graduate of West High School and is associated with J. Curtis Allen studio. Mrs. Thomas Paul Metcalf (J. Curtis Allen Photo)

Miss Sonya Rae Albery, daughter of Mr. and Mrs. Harold Albery, 2634 Elliott-av, and Mr. Thomas Paul Metcalf, son of Mr. and Mrs. Ira Metcalf of Mt. Vernon, repeated their wedding vows Sunday, June 20, at half past three in Glenwood Methodist Church before an altar banked with ferns, palms, and baskets of white gladioli and carnations. Rev. Joseph Shellhaas solemnized the ceremony.

The bride chose a bouffant bridal gown of nylon tulle and chantilly lace featuring full length fitted sleeves which tapered to points over her hands. The lace basque bodice was enhanced by a portrait neckline and the voluminous hooped skirt of layer upon layer of filmy nylon tulle with tiers of lace trim, terminated into a scalloped lace train. The full circular French half veil of imported bridal illusion draped from a crown of tiny seed pearls.

The bridesmaids, Mrs. Mickey Cherup, Misses Scheila and Sharon Albery, sisters of the bride, and Miss Sally Kendall wore gowns of aqua silk fashioned with bouffant ballerina length skirts. The strapless basque bodices were partially covered with brief jackets. Seed pearl tiaras held matching aqua veils and each carried a cascade of pale pink carnations.

Miss Caroline Metcalf, the honor attendant, wore a gown of pale pink, designed identically with those of the bridesmaids, and carried a cascade of deep rose carnations.

The flower girl and ring-bearer were Rebecca Miller and Michael [illegible].

The bridal gown was of pastel blue nylon tulle with an off-the shoulder tulip neckline bordered with chantilly lace motifs. Pleated bands of tulle created a surplice gilet bodice. Layers of tulle formed the floor length bouffant skirt, which ended in a cotillion train. The bridal bouquet was of carnations, pompons and lillies of the valley, arranged in a semi-formal cascade.

The bride's attendants were waltz length gowns of blue silk tissue taffeta and carried flat wicker baskets of deep colored asters and trailing ivy. They wore blue picture hats and white gloves to complement their costumes.

Hats off to the sweat-begrimed Lions who will be setting up the tent and other items for their annual community Fourth of July celebration at West High. We understand that even though they'll be working plenty hard at the job, it won't be the soul-straining job it's been in past years. Seems that an automatic posthole digger will lighten their load considerably.

Incidentally, I'm planning to take my family and stay throughout the event. Nice part about it, is that the kids will get to see fireworks without the danger of handling them and its all free!

The celebration of their 43rd wedding anniversary was the occasion for the family gathering Tuesday in the home of Mr. and Mrs. C. A. Moss, 146 N. Ogden-av. Present were their three married children and their families. The Moss's have been Hilltop residents all their married life.

Russell Hiner of 441 Catherine-st recently turned a three-week vacation in Florida to advantage when he passed examinations to practice pharmacy in the Sunshine State. Hiner works at the Jones Pharmacy, 3515 N. High-st, and is associated with the Wendt Bristol Co. No. two.

Mrs. N. Kates and children, Carl Frederic, Geoffrey Wayne and Barbara Helen arrived by plane Sunday from their home in Washington D. C. for a visit with her mother, Mrs. Helen H. Noble, 176 Midland-av. Mr. Katsu will join his family here July 2 and they will all motor back to Washington July 9.

Eva and Estella Burnside, 92 N. Powell-av, returned to their home Friday after a week's visit with their nephews, the John B. Churtons, Huntington, W. Va., and the Paul M. Churtons, Nitro, W. Va.

Edith Gibbon has as her guests this week, her daughter and family, Rev. and Mrs. Don R. Bachman and sons, Rusty and David and daughter, Joan, of Chillicothe, Ill.

Robert Frederick, son of Mr. and Mrs. Vernon Frederick, 204 Binns-blvd and a June graduate of West High School, left Monday for Bainbridge, Md., to enter training for the Navy.

Most fascinating visitor to this office we've had in a long time was former Merchant Marine Norman Beckwith of 111 Algonquin-av. He lugged with him a veritable treasure chest of old clippings, photos, and foreign periodicals, concerning the end of World War I, War II, and his "shipwrecked-enforced" stay of some three months near Port Chalmers, Dunedin, New Zealand.

Highlights of his adventure-thrill-packed career, in addition to 34 years as a "dry land" man with the New York Central Railroad, include service on old Vincent Astor Yacht, the Nome, and working the Murmansk Merchant Marine route in 1915 and 1916. He also showed us many pictures of wild pig hunts in New Zealand and some of the most unusual foreign money we've seen in years.

Bethlehem Ladies Guild To Meet

Bethlehem Ladies Guild will meet Wednesday, July 7, at the church for a potluck luncheon at [illegible].

Hostess will be Mrs. William Stanley and Mrs. O. L. Schneeberger. Mrs. Don Creamer will present the topic from the Women's Missionary Outlook and Mrs. Forrest Wilson, president, will have charge of the meeting.

About Cremation

Cremated remains are not ashes but fragments of bone structure. Cremation of today is vastly different from the method of yesterday. No preheated crematory vaults. No ashes. No muscular contraction or body movement.

The body is prepared and casketed the same for a cremation service as for any other type of burial. The body is not removed from the casket, the casket is placed in the crematory vault without being opened after delivery to the crematory. The casket is cremated with the body. The cremated remains being calcareous are heavy—the withered disintegration of the casket and the clothing being light are blown away by air leaving the cremated remains undisturbed.

After cremation the cremated remains may be left at the crematory until the surviving members of the family decide upon their final disposition. The urn with its cremated remains may be placed for all time in a niche in the Columbaria. When the original purchase price of the niche is paid, their is no further cost. A name ineffaceably engraved on a cast bronze urn and placed in a niche of a columbarium is a permanent memorial. A single niche carries with the purchase the privilege of transfer to a larger family niche later. When burial of the cremated remains is desired a suitable burial container may be had from the funeral director of the crematory.

Cremation is not a method of disposal of the dead, but is rather a method of preparation for permanent preservation.

Cremation is within the reach of all. It combines sanitation, economy and perpetuity as in no other form of burial. For further information call Sunset Cemetery and Crematory, ALton 8-5855, 6900 W. Broad Street. Adv.

Our new, large chapel is finished and in use. Our East Parlors are also complete. There is now ample room, facilities for comfort and personnel who know the value of courtesy.

Sunday Sermonette

BY REV. N. E. HARWOOD
Pastor of Edgewood Chapel
Eccl. 1:17: "All the rivers run into the sea."

LIFE IS LIKE A RIVER

Little river, little river,
Now so shallow and so narrow;
Just starting on your way,
Brightly beams your golden stream,
Like our childhood dreams.
Little river, little river,
Over sand and pebbles dancing,
Like our childhood play.

Flowing river, flowing river,
Larger, broader, deeper is your cry,
Over the rough and over the [illegible]
Clearing the way making room,
Like the visions in our youth.
Flowing river, flowing river,
Foaming, frothing, whirling, leaping,
Around the rocks and bends sweeping,
Like ambitious youth.

Swelling river, swelling river,
Your banks are full to overflowing,
Spreading life and wealth abroad
Never resting, onward moving all the time,
Like our manhood's prime.
Swelling river, swelling river,
Broad and deep, ever in motion,
Moving onward toward the ocean,
Like manhood in its prime.

Silent river, silent river,
Not a wave, not a quiver, still as time.
Swiftly on now you pass along,
Down the valley on your way,
Like maturity's closing day.
Silent river, silent river,
Swift and silent as a ray of light,
Lost at last in the shadow of the night,
Like the ending of this mortal life.

Rushing river, rushing river,
Deep and dark and cold.
Now as you near your journey's end,
Rushing on into the broad expanse;
Like the end of humanity at last.
Rushing river, rushing river,
Dashing out into the sea,
Forever losing your identity,
Like mortality in eternity.

HISTORICAL SITE?

Whether Johnny Appleseed Slept Here Is Open To Question

APPLESEED STOPPED HERE?—Shown above are the ruins of the old Elliott cabin on the west bank of the Scioto River in the Griggs Dam area, where, the author points out, Johnny Appleseed was often said to stay on his trips through Ohio. Left to right, in this photo taken nearly three decades ago, are the late Mrs. F. B. Montgomery and the late Mrs. W. C. Pohlmann (mother of the author), and Mrs. T. J. O'Connor.

By Louise Pohlmann

Whether or not Johnny Appleseed ever established an orchard in Franklin County is a moot question among historical researchers, who so far assert no proof of the fact exists. An older generation might have been able to state the origin of gnarled stags of ancient apple trees, which, as late as 40 years ago, were to be seen in eastern Norwich-Twp. in the valley bordering the Scioto River.

However, it is reasonable to assume that Johnny Appleseed traversed central and western sections of the county on his way to locations where it has been historically established that he did leave apple plantations.

Accepting the assumption that he did pass through the county and that a reasonable route for him to follow on his way was up the Scioto River, it is not outside the realm of probability that nightfall may have overtaken him while he was still within the borders of Franklin County.

Further, there is the testimony of a member, now dead, of the family at whose pioneer cabin Appleseed was a welcome visitor, on the hearth of whose fireplace he was wont to spend the night and, rising early, prepare his simple breakfast and be away into the forest on his journey toward his next stopping place.

The family was that of Robert Elliott, a pioneer settler of the Wesley Chapel community on the west bank of the Scioto, in the Griggs Dam area. The testimony was from Robert's son Daniel's widow, "Aunt" Sidney Elliott, as she was affectionately known.

The story was that Appleseed periodically made the Elliott cabin an overnight lodging place and was more than a legendary figure to the family.

The cabin has long been dust, but the remnant of the massive stone chimney from which the fireplace rose can still be seen on the west side of Dublin-rd just north of Wesley Chapel Cemetery, some four miles southeast of Hilliards.

Trivial Notes

By the Backward Editor

Here's the explanation of the above byline: Although my entire family has fallen in love with the Hilltop in the less than a year we've lived here, because of the fact that I've only marshalled the editorial end of the Record for a scant five months I have felt that up to now it would have been presumptuous for me to editorialize.

On the other hand, I believe it is almost a sacred duty of a good newspaper to take an editorial stand on issues vital to the community and on which there is apparently a clearcut "right and wrong" or a good, better, and best."

As I go along there'll be editorials, I promise. And they'll be based on what we THINK is best for the community, the individual, and the nation.

That certainly doesn't mean that our NEWS columns will ever be closed to the other side. Fact is, when we do take an EDITORIAL STAND on an issue involving the welfare of this community, I promise you we'll bend over backwards to present both sides of the issue in our NEWS columns — fairly, impartially, and accurately.

Of course we can't give the "other side" an even break in our NEWS columns if its proponents get sore at our EDITORIAL STAND and refuse even to talk to us or submit NEWS for publication.

Please pardon a slight grammatical lapse, needed to make one thing clear: "We're not mad at nobody."

The Record naturally doesn't have the large news-gathering staff a huge daily can boast. So, we're forced to rely a good bit on what is submitted to us. Charges or other allegations by the "other side" will be used and credited to their source (as long as these statements are not libelous, and fair and impartial treatment will be given to all concerned. Of course that doesn't mean we're willing to mix EDITORIAL COMMENT in the NEWS ACCOUNTS of your organization. That we refuse to do!

Incidentally, long as I'm talking to you Hilltoppers (love the ring of that word!) into my confidence, I might as well point out some of the problems involved in serving the community.

First off, our backshop is one of the fastest-growing, best-equipped and busiest in the city. It really does print everything from calling cards to a newspaper. In fact, we sometimes print as many as seven newspapers in one week, in addition to numerous pamphlets, signs, handbills, etc.

Here's my point: The very success of the firm means that "organization" is the keynote to the operations. I have to get "page dummies" back to the printers on a pretty tight schedule.

It helps us help you if you can bring or send as much of your material as possible into the office on Thursday, Friday, or Saturday morning for the next Thursday's paper. That'll make it possible for us to get pages "rolled" and out of the way early in the week, leaving us more time to concentrate on doing the best possible job with news that comes in later or that must be written immediately prior to publication.

And this is a personal note: It'll help us to avoid those midnight candle-burning hours and to spend more time with our families in sheer enjoyment of just being Hilltoppers.

Incidentally, one of the things I'm proudest about in working for the Record is that very definite role I've found the Record has played over the years in making the Hilltop truly a community worth bragging about. This is YOUR paper, with news about YOUR doings, YOUR civic hopes, YOUR churches, YOUR clubs and organizations, YOUR schools, YOUR business firms, YOUR problems.

If YOUR (supply the proper noun) doesn't have someone specifically charged with the responsibility of getting the news of YOUR (again supply the same noun), make a motion at your next board meeting to have someone named. I refuse to use the term "publicity director," because what we're really interested in are the very concrete accomplishments and activities of YOUR ———.

Then, follow through on this progressive motion by making certain that he or she either visits or calls the Record for information as to deadlines, forms, etc., places his or her name, address and telephone number in our Registry of News Contacts, and really gets into the spirit of things.

We're so dog-gone proud of the Hilltop that we'd like to see every Hilltopper happy!

P. S. — Next time this column appears, it will contain maybe some inspiration, one or two stolen jokes, names and more names, interesting happenings we know of that don't quite classify as news, a certain amount of editorial comment, and sharing of our problems in giving the best possible news service to the Hilltop in its own publication, The Hilltop Record.

U.S. EDITORS' TOUR OF CANADA

Ontario Fascinates Newspapermen

By C. Carlton Hartley

I'm a lucky fellow!

I came to this conclusion again after having been selected to represent the state of Ohio on the eleventh annual U. S. Editors' Goodwill Tour of the Province of Ontario, Canada.

On the evening of June 7 I joined some 28 other editors and publishers of small daily and weekly papers representing the same number of states. We checked in at the Norton Palmer Hotel in Windsor, just across the border from Detroit, and I was paired off with a room mate for the trip, Morris Shawkey of the Tyler Star News of Sistersville, W. Va., and a more congenial chap you have never met.

At 8 a.m. the next day we began to get acquainted at a breakfast at the Prince Edward Hotel. Clint Melville, our tour director, began to crack the whip and see that we missed nothing that was on the full schedule. At the noon luncheon we were given large silver medallions commemorating the 100th anniversary of Windsor.

Probably the highlight of the luncheon was the official greeting of the Honorable Louis P. Cecile, Q.C., who welcomed us on behalf of Ontario.

The speaker's theme was that all in Ontario were happy to welcome southern cousins of our great North American family.

It was felt that people of U.S. form opinion of Canada generally, and Ontario in particular, by the way they were treated in Windsor.

Bill Whitehead of Arkansas thanked our hosts on behalf of our party, adding that the Ontario Goodwill Tour was cherished by U.S. editors.

After a tour of Essex County our next visit was for the birds—namely Jack Miner's bird sanctuary at Kingsville, said to be Ontario's number two tourist attraction. (Niagra Falls still remains the number one magnet.) Though this is the off-season for migratory birds, some 100 birds of all types were present. The story of Jack Miner and his famous bird sanctuary has become world-wide, due in no small part to the number of countries which have included this story in their school books. The latest to do so is Denmark, whose new school book will contain a reprint of the U.S. school-book story entitled, "A Duck's Best Friend."

That afternoon we visited the museum at Fort Malden National Historic Park and this was followed by a reception at the Anderdon Tavern at Amherstsburg.

An important part of this function was the presentation of Commissionary fishing licenses on behalf of the Honorable Welland Gemmell, Minister of the Department of Lands and Forests. This duty was performed by the Speaker of the House for the Ontario Legislature, the Reverend M. C. Davies. This little act was to enable the editors to catch some 45 species of game fish.

In his dinner remarks Minister Cecile outlined the functions of the Department of Travel and Publicity and pointed out that it is the only department connected with tourism to have a cabinet member at its head. He mentioned that Americans in 1953 had spent some $225,000,000 in Ontario, but that Canadians had spent much more in the U.S.

Carl Turner of Wisconsin, formerly with International News Service in Columbus, and no friend of the junior senator from that State, thanked the hosts and speakers for the editors.

On June 9 breakfast took an hour at the Norton Palmer Hotel. Acting on behalf of the Norton Palmer, Bill Garrett bade us welcome. The City of Windsor representative, Controller Hugh Simpson, was on hand to bid us a fond farewell. Hugh made many world's claims for Ontario and Canada, many of which we would be inclined to dispute and have not room for here, but his assertion that "Leamington, 35 miles east from Windsor, is the 'tomato' capital of the world," was one that we could argue against. Come to think of it, Windsor doesn't do too badly where tomatoes are concerned. We saw some real dandies right outside our hotel.

Sharp at 9 we left for the city of Chatham, a distance of 51 miles, along some of the flattest country we have ever seen. Chatham is closely linked with serfdom. According to tradition, a building still standing, was one of John Brown's headquarters during his campaign against salvery. Like its English namesake it is located in Kent County on the Thames River.

Still heading in a northeasterly direction and keeping up with our schedule, we left for London (60 miles away), otherwise called "the Forest City." It has a population of 82,780, and is the home of the University of Western Ontario. London, founded in 1792 by Col. John Graves Simcoe, has an annual fair that dates back to 1852. It is a nice roomy city. The streets are wide and fresh-looking, and as far as I could see, it is without the atmosphere usually associated with industrial sites. It certainly doesn't look like London, England, but it is similar in the respect that it is on the Thames River, and street titles include names like Cavendish, Picadilly, etc.; a not-too-subtle attempt on the part of its founders to transplant some of the old city atmosphere to its younger sister.

At the Fanshawe Dam and Park the reception was as overwhelming as that of Windsor.

While trying to recover from the London luncheon, we set out for Stratford, 40 miles away. Its principal industry seems to be the Stratford Shakespearean Festival, which had its debut in 1953 with Alec Guinness and Irene Worth. It made such and impact on everyone, that it is back for a repeat performance in 1954 with James Mason, Star of England and Hollywood.

Our party was met at the city limits by the mayor's representative, Alderman Fred W. Cox, T. J. Dolan, managing editor of the Stratford Beacon Herald, and others.

We were taken for a short tour of inspection of the workships of the festival and the theatre tent in the Stratford City Park, which is some tent having a seating capacity of 1900, and 157 feet in diameter. Preceding this short inspection jaunt, we had a very pleasant ride along the Avon River, which is complete with swans, including two black ones, just presented to the park by a Michigan citizen. Incidentally, the stage in the theatre tent is the apron type stage and considered to be the only one of its kind in the legitimate theatre.

Hobnobbing with Shakespearean actors, directors, producers took about an hour. The nose of the bus turned almost due east at five and we were off on a 27-mile sprint to Kitchener. Registering, freshening up and getting settled in our rooms at the Walper Hotel, a solid, old-fashioned type of hostelry, took until seven. Thereafter we ran through a reception, courtesy Kitchener Chamber of Commerce, were greeted by Acting Mayor Alderman Fred Dreger, Jack G. Brown, veep of the Chamber of Commerce, and hustled into a sensational(no other word for it) dinner in the hotel, courtesy Joe Zuber, paid a visit to the Kitchener-Waterloo Record (Circulation 28,-189) had another reception at the local press club, where John Motz, ultra-progressive publisher of the K-W Record was host.

A brief word or two about these "Kitchener dinners", which seem to be a combination of Pennsylvania Dutch and Ontario concoctions. They take a lot of time (ours consumed something akin to two and one-half hours), a tremendous appetite, endurance, and a good stomach, especially the latter. And, oh, yes, a taste for pork, beer and apples. Edibles include pigs' knuckles, tails, hocks (it seems they use every part of the porker), sauerkraut, German sausage, strife delicacies and fluffy pastry.

As someone remarked, "It wasn't a dinner, it was an experience for a gargantuan gourmet." We couldn't agree more.

Besides our principal hosts, Minister of Travel and Publicity, the Honorable Louis P. Cecile, Q.C., and Deputy Minister C. Douglas Crewe, the aforementioned Deputy Minister's Assistant, Clint Melville, were Jack O'Rourke, Assistant Director of Publicity; Ted Johnson, Accountant and Chancellor of the Exchequer for this trip; Jim McHattie, Assistant Director of Development, Colin McDonald and Marv Little, Photography Crew; Sgt. Gene Raymer, Provincial Police escort, and Cec Halliday, bus pilot.

While the tour was on, color movies were shot, and still pictures taken, with the latter made into individual albums for each member of the tour. A sound, on color movie of the trip will be distributed to each member of the tour during the fall and winter months.

As they say in travelogues, we bid farewell to Kitchener about 9:05 a.m. and headed south and east to Toronto, affectionately known in this part of the world as "Hogtown." Enroute we passed through Preston and Galt, sitting in the rich agricultural and industrial Grand River Valley and before we had a chance to catch our collective breath, we were sent aboard Canada's first subway, on Younge-st, the main thoroughfare of Ontario's capital city.

We were somewhat nonplussed at the appearance of Yonge-st on the street level. It looked like something you'd find in boom town. Excavating and shoring could be found everywhere. Our host, the Toronto Transit Commission hastened to assure us that it wasn't always like this, and the condition was due to work on the recently-completed underground. The "tube" itself runs for 4.6 miles north and south. Plans are now underway to extend the subway in other directions. It is quite a modern layout, and cost $50,-000,000.00. Cars were made in England, and run in trains of four to six. (Our guide explained that while the cars could have been made in Canada, it was found to be less costly to buy them in England.) However, trains vary with traffic, up to a maximum of eight cars (four two-car units) which is the maximum number that can be accommodated at the 500-foot platforms provided at all subway stations. Operation of eight-car trains will provide transportation for some 40,000 passengers per hour in each direction. Stations are gleaming tile, with passengers having stairs and escalators to ascend and descend.

After a fast run downtown, our party registered at the Royal York, the largest hotel in the British Empire. It is really some establishment, sitting opposite the huge Union Station, not far from Toronto's waterfront. We booked into the hotel at 11 a.m., and were on our way to the Canadian International Fair at 11:30. And they say the Americans move fast!

The Canadian International Trade Fair is housed in the three of 12 permanent buildings that go to make up the Canadian National Exhibition in the 12-acre Exhibition Park on Toronto's waterfront 10 minutes from the heart of downtown Toronto. Wandering through the miles of Trade Fair displays, bearing the different languages of some 60 nations, not to mention the flags, one could be forgiven for wondering if this wasn't some new commercial League of Nations, but without the "hair-tearing" that sometimes occurs at the League of Nations. It's the only International Trade Fair in North America, though many take place in Europe. This galaxy of color and speech needs some explanation, so briefly here 'tis. World War Two over, Canada took three main steps to streamline its conversion from a war economy to one of peace; granting loans to other countries, setting up an import division of the Department of Trade and Commerce, and the launching of the Canadian International Trade Fair in 1948.

Luncheon was on the Trade Fair, held at high noon, and we were served whole broiled chicken. On leaving the fair a special edition of the fair paper was passed out, bearing individual names in page one headlines.

Our next stop was the Ontario Legislative Buildings, where we were received by Premier Leslie G. Frost, who offered the freedom of Ontario.

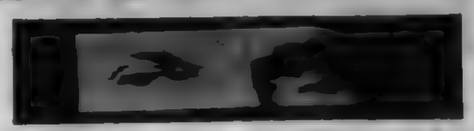
A red-coated receptionist of the Department of Travel and Publicity very quickly outlined the workings of the Ontario government, and explained that in Ontario they have a two-party system essentially, Liberals and Conservatives, with the Conservatives in the majority. The Ontario House is in session only once a year, from February until Easter.

An interesting sidelight on the parliamentary sessions is the fact that the Sergeant-at-Arms bears a mace during proceedings as a symbol of authority, and no law can be passed until the mace is placed on a table in the center of the legislative chamber.

After a short tour of the University of Toronto we wound our way through the upper part of Toronto to see Casa Loma, a large castel, operated by the Kiwanis Club as a tourist attraction. The buildings belonging to the castle and the main section cover many acres, and was built by one Sir Henry Pellat for his wife, who unfortunately, died before it was completed. It is patterned after a castle in England.

versity of Toronto we wended our

Frank Rasar, president of the Ontario Hotel Association, greeted us on behalf of his organization at the reception and dinner that evening.



Very outstanding mementoes of the occasion were presented to U.S. editors. The hotel association topped off the day with a full bill of entertainment, featuring singers, instrumentalists and dancers.

Metropolitan Toronto has a population of 1,172,556, while Toronto proper boasts a total of 663,500. Toronto proper is almost five miles in depth from north to south, approximately 15 miles long from East to West, and is crescent-shaped, rising sharply from the waterfront and tapering off at each end, resembling roughly, a semi-saucer.

Those Eyes —

How Well Do You Know Them?

You really didn't need to be a private eye to guess the owner of the mystery eyes shown last week in this feature. Several local ladies called in with the correct answer: Mrs. Edith McNamee, 2541 Sullivant-av.

The wife of Dr. E. E. McNamee, a Hilltop chiropractor, Mrs. McNamee is a native of Jackson County, but qualifies as a "naturalized" Hilltopper, having lived here for 19 years.

This year's president of the Kiwanikwe, auxiliary of the Hilltop Kiwanis Club, Mrs. McNamee is immediate vice-president of the organization and a past secretary. A member of the Glenwood Methodist Church, she is chairman of the West High Neighborhood of Scouting, and has been active in the fine work of the West High Band Parents over the years.

The ocular orbs peering at you today in this strictly-for-fun guessing game belong to another "adopted" Hilltopper, a native, by the way, of Chillicothe. His wife, we might add, hails from there, too.

Mrs. Edith McNamee

He's a Hilltop Lions Club man and one of its most enthusiastic boosters. Might mention this one more give-away fact. The younger you are, the more likely you are to know him.

THAT DAY

How strange it is that every small detail
of trivial and unimportant things
is fixed indelibly upon our minds
(things at which we stare, but do not see
at the time our worlds fall, silently)

The day the wire came, saying "We regret"
A cup, half filled with tea—the cup was blue—
the bowl of marigolds; a silly doll you'd sent from Paris—she had red yarn hair;
an ink spot on the wall beside your chair.

Strange, that I remember best, a doll and tea
about the day my heart broke suddenly.

Her parents died when she was twenty, and since then she had lived alone in her house in the hills. She had only been away from home three times in the 50 years—to two funerals and a family reunion. She died a month ago. She died, we think, because well-meaning cousins thought she should not live alone, and insisted that she stay with them in the city about 20 miles away. It isn't a large city, but she never quite got used to the noise, steam heat, smoke and so many people. She lived two months away from her hills. You would think, since she never left her home during the 50 years, and only saw the cousins who took time to drive the 10 miles of dusty, hilly road to see her, that she wouldn't be missed. But she is. We always knew she was there and we were always sure of a welcome. She always said she could hear the cars climbing the big hill and knew we were coming so the coffee pot was always on and she was standing at the gate in a clean white apron. She had a dog named Guard, and he was there too, till he became too feeble to leave the porch. She was proud of the small radio her relatives "went together" and gave her one Christmas, but she never used it. She always said she thought she might break it and she didn't know very well, how to work it. She had no electricity, and one of the male cousins showed her how to fix the batteries, but she never could remember. After her death, several boxes of small gifts that had been given to her were found. They had been put away because they were "too nice" to use, not because she was a hoarder. She never married but what a wonderful mother she would have made. She could always show her cousins' children, then the grandchildren, where there was a nest of bluebirds, and she always let them string the buttons in her sewing basket and play with a big basket of gourds. Her cookies were always delicious and her blackberry pies better than anybody's. I have seen her stand at the the top of the hill back of her house and watch a sunset and she has laughed at fat robins trying to pull worms out of the ground, and she made the best snow icecream we kids ever ate. She showed us how to walk barefooted in a hay field so the stubbles wouldn't hurt our feet, and she told us a lot of things that nobody bothers to tell children these days. A few of her sophisticated city cousins thought she might be a bit "disturbed," mentally; but we kids knew better. The older I get, the wiser I think she was. A faded motto hung on her wall: "I will lift up my eyes unto the hills, from whence cometh my strength." Once she told us that God wants little children to be happy and He wants to be happy too; when we did things that were bad. He was not happy and we weren't either.

Birthdays—they come around too often and too fast. I appreciate very much, that my friends don't forget my day but do hope they have forgotten WHICH birthday it is this year. One "gang" that never forgets is the Blue Star Mothers, West Unit. I am grateful to them for their lovely card. As The Gleason says, "You are a good group;" I mean that sincerely . . . One card I treasure is under the glass on my desk. It is from my young man (age 5, then) and says "Mom, have a birthday. Your son, Mr. Robert Weakley."

From somewhere — Floorwalker: "What's the matter, little boy, why are you crying?" Little boy: "Please, mister, have you seen a lady without a little boy who looks like me?" . . . I never knew what "a lot" meant till I saw her clean out her purse . . . A San Francisco music shop displayed nothing in its window but a single harp and this sign: "Drive carefully. Do not even stare.
Doubtless there'll be many folks

NEWS OF HILLIARDS

Legion Post 16 Names Kletrovets As Commander For The Coming Year

By Louise Pohlmann
FR. 5-4186

Hilliards Post 614, American Legion, elected Neil Kletrovets as its new commander at its regular meeting at Legion Hall, Thursday evening, June 24.

Other new officers are Harry B. Shaefer, first vice-commander; Lester Fladt, second vice-commander; Former Adjutant John Penfield, treasurer; Harold Conklin, adjutant; Charles Hahn, chaplain; and Robert Mayer, as sergeant-at-arms. The new officers will be installed in September.

Following the election members talked about speeding up planned repairs and improvements to the post home. Because the furnace hot-air ducts now run just below the ceiling and the post intends to sound-proof the ceiling, it will be necessary to relocate the heating plant. Other improvements include new painting and decorating and the installation of rest room facilities for women.

Because of the quantity of work necessary before all the program can be completed, the post voted to hold meetings straight through the summer instead of suspending them as has usually been done.

These will be "work-meetings," when members will assist in getting the building into full readiness for community use on the first floor and also protect the tenants of the apartment on the second floor from disturbance of their quiet while the first floor is being used for meetings and entertainments.

A CENTRAL OHIO BREEDING Association office staff group drove to Springfield one evening last week to visit Jean Lemmerman, former assistant manager of COBA, who has been a patient in Mercy Hospital since the first of June. Lemmerman was suddenly stricken when preparing to return from a Jersey Dairy meeting at Springfield and rushed to the hospital there for emergency treatment, which included a splenectomy and numerous blood transfusions.

He is now showing improvement and plans at the earliest date allowed by his physician to take up residence at Tiffin, where he will be associated with the Northern Ohio Breeding Association in charge of Jerseys.

Those from Hilliards who visited him were Sharon Tinapple, Helen Shambaugh, Hazel Campbell, Oma Horch, and Irene Lyday.

HILLIARDS GRANGE met last Thursday evening with a rather small attendance, partially caused by hot weather and also the rush of farm work.

Austin White presented on the lecture hour details of the new Grange insurance program, following his talk with a question and answer period.

The next regular meeting will be held on July 8, when Gerald Kidwell will have charge of the program. A full attendance is desired.

A MOTOR DRIVE through the rich farming area surrounding Hilliards reveals rapidly maturing wheat, hay going into bales in numerous meadows, oats in heavy head, corn pushing above "knee-high by the Fourth of July," and soy beans in luxuriant growth.

Wheat combining probably will begin next week, Howard Windle of Russell Grain Co. said. Prospects for an extremely large oats crop are good.

Rural Ohio's good old summer time of lots of hard, sweaty work in sunsoaked fields and promise of income to offset expenses has arrived.

OUR FAVORITE FIVE-YEAR-OLD, almost six, says: "Someone ought to show that old redbird how the robin builds HIS nest, then maybe the storm wouldn't ear to pieces their nest and kill baby redbirds."

FOURTH OF JULY INACTIVITY: As far as can be ascertained, there will be no community notice taken of Independence Day this year in the Hilliards community. The Business Men's Association, which has promoted such observances in the past, is concentrating upon its sponsorship of the feature race at the Hilliards Raceway on Monday evening, when the association also will award a Chevrolet Bel Aire coupe. Business men urge all who are interested in helping them build up their fund to buy new motor equipment for the village to support the Monday night, July 5, racing events. Leo Shade, manager of the Hilliards Lumber Co., is president of the BMA.

John Penfield, adjutant of Hilliards Post 614 American Legion, stated that his group is not promoting a Fourth of July program this year because it is desired to rush as speedily as possible the completion of the new Legion Hall. To assist in financing the renovating program, the post will sponsor a feature race at the Raceway on Thursday, July 8. All who plan to attend the races on Thursday of next week should therefore buy their tickets of Legion members and help bring nearer the day when Hilliards folks can celebrate another community venture brought to completion.

Everyone interested in seeing the village have a proper meeting place for the youth organizations should be interested in helping the Legion attain its aims, local members assert, since free use of the hall will be made available to all such groups, some of which are now making use of the facilities.

West Park Tries On For Size Crown Of YMCA Church Loop

By Dick Wilson

West Park Methodist moved into undisputed first place in the Hilltop YMCA Intermediate Church Softball League last week by blasting Avondale EUB 23-4. The game was never in doubt as Gates and Brackenridge hurled effective ball for the victors. Potter was charged with the loss and was relieved by Rayot in the third inning.

Sanford looked good afield for the Brackenride coached nine, while the "heads-up" player for the losers was Gary Rayot who fielded well and hit effectively. DeMolay was upset by a young and inexperienced Hillcrest Baptist nine, and knocked out of a first-place tie.

The Tallman coached team jumped into a first inning lead as they pushed across six runs on six hits. The DeMolays were unable to score until the third inning when Williams crossed the plate on a hit by Ruffner. The losers rallied in the sixth for three runs, but fell short as the Hillcrest defense tightened to cut the rally short.

Ruffner was charged with the loss and John Kuntz who was greatly improved from the previous week when he lost to West Park 12-4 in 4⅓ innings, was credited with the win.

Next Wednesday DeMolay faces West Park Methodist and Hillcrest Baptist meets Avondal EUB at 6 p. m. at Westgate Park diamonds.

YOUR YOUTH

By Dick Wilson and Bob Schmidt

Many of our youth on the Hilltop believe that the YMCA is only a place where you go to play ball, make crafts, take hikes, camp out, or take part in the many other events which the Hilltop branch offers. But there is a great deal more to the Young Men's Christian Association than this.

The YMCA is primarily a Christian fellowship. Every boy, girl or adult becoming a member of the Y should feel its religious influence and find the experience stimulating. Its program of Christian emphasis is designed to help boys to know what it means to be a Christian, and to grow in their understanding and love of God and in their loyalty to Jesus Christ. This Christian emphasis permeates everything that a YMCA group does. It is evident in the way in which activities are carried on.

There are some activities, however, that are characterized as definitely religious. These are the club rituals, the induction ceremonies for new club members, the charter ceremony for regonition of clubs, the devotional period in each

Montenaro is well known to club meeting, the election of a club chaplain, and the observation of religious holidays. All of these worship experiences are so closely related to the ongoing program of a Y group that they contribute to a better understanding of the significance and purpose of activity as it relates to character development.

New Softball Field Readied

Work is underway on construction of a softball field at Glenwood Recreation Center.

City council appropriated $176 on June 14 to pay for labor, equipment, and material for the construction, grading, and levelling. Stipulation was made, in the ordinance authorizing the move, that it be constructed immediately, in order that it might be used during the current softball season.

Fireman Burned In Blaze Above Stationery Store

Fire, in an apartment above Sensenbrenner's Office Supplies, 2467 W. Broad-st, resulted in a loss estimated by firemen at $30 Monday night. The store is owned by Mayor Sensenbrenner.

Cause of the blaze, firemen said, was overheated paraffin on the stove of the apartment occupied by Edna Spring. Fire Lt. Paul Casey, 46, of 19 S. Wheatland-av, suffered minor burns in handling the paraffin and was treated at Mt. Carmel Hospital.

THERE'LL BE SOME CHANGES MADE IN PHONE DIRECTORY

Distribution of 275,000 copies of the 1954 telephone directories starting July 2 will mark the end of many old and familiar telephone numbers.

The new books will be distributed throughout Columbus and the county for eight days. Old phone numbers in little black books and elsewhere will be good only until midnight July 10, the Ohio Bell Telephone Co. reported.

Changes in telephone prefixes after July 10 are:

ADams to CApital 4, MAin to Capital 1, Fletcher to CApital 8, FAirfax to HIckory 4, Diomand to HIckory 3, KIngswood to HUdson 8, and LYceum to HUdson 6.

Eight other changes will take on nek prefixes in 1955, a company spokesman said.

Local Man Appointed County Division Head Of VA Appeal

William A. Spangler, superintendent of Green Lawn Cemetery Association, has been named county division chairman of the United Appeal-Red Cross campaign by General Chairman T. Kline Hamilton.

Spangler, who lives at 712 Brownrd, will have to recruit about 1,000 workers to handle the drive in all areas outside the city of Columbus. Last year this division reported $80,000 to be percentage leader on "Victory Night." This year the division has been expanded by including all business firms of less than 25 employees in the area, as well as all shopping centers located outside Columbus.

The new VA official is a member of the Columbus Lions Club, Big Brothers, Town and Country branch of the YMCA, and Briggsdale Methodist Church.

V. OLD-TIMERS LEAGUE SOFTBALL

Westgate EUB Remains Only Undefeated Team In League

After a regular schedule of games last Tuesday evening and several make-up games Wednesday and Thursday, Westgate EUB remained the only undefeated team in the Hilltop YMCA Old Timers League as the previously undefeated teams, Westway VFW, West Park Methodist, and New Rome were upset.

The Hilltop Kiwanis Club pulled the first upset of the season by walloping the favored VFW team by the tremendous score of 36-11. Westway Post tallied seven runs in the first inning, but thereafter Curt Wilcox, on the hill for Kiwanis, throttled the big bats of the VFW squad. The entire Kiwanis team pounded the ball with regularity, running up the highest run production of the season.

New Rome won a very close game from the Hilltop Record team by the score of 7-5 in a very well played game. The game developed into a pitchers' battle between Rings of New Rome and Dixon of the Record with both sides giving some spectacular support.

West Park Methodist won a game from its rival, Glenwood Methodist, 12-6. Glenwood led during the early innings, but West Park put on a seven-run rally in the last of the fifth to ice the game. Ford's homer was the big blow for West Park.

Westgate EUB was given some excellent pitching by L. Williams to thump the Hilltop Lions 10-1. D. Horne with two homers and six RBI's, was the big man on offense for Westgate. Dickson, with three safeties, led the Lions.

In a make-up game, Westgate EUB dropped the West Park Methodist club from the undefeated ranks with a 6-3 victory. Again it was a case of good pitching by L. Williams and fine support by the steady Westgate defense. It took only 40 minutes to complete the full seven innings of play.

In another major upset, Glenwood Methodist won a high scoring affair from the defending champions, New Rome, in a make-up game played at New Rome. The score of this game was 26-19, with both squads having their hitting clothes on.

Powell Speedway Plans Three Nights Of Races

Powell Speedway will celebrate the Fourth of July week end with three nights of stock car racing on the new quarter-mile asphalt track, Friday, Saturday, and Sunday. A fireworks display is scheduled Sunday. Rain up until race time will not interfere with scheduled programs since the asphalt surface is steeply banked and will drain and dry very quickly.

Friday, Saturday, and Sunday night's races will open with time trials at 7 p. m., with the first of seven races starting at 8:15 p. m. Powell Speedway and the adjoining picnic grounds is located two miles east of the Columbus Zoo, on Rt. 750.

BREAK GROUND FOR SCHOOL

Giant earth movers went into action breaking ground for the new $600,000 Franklin Twp. Elementary School last week at Demorest and Briggs-rd. The 24-classroom building may be completed by January 1955, while completion of a $1,058,000 high school, to be built on the same 40-acre tract, is scheduled for the fall of 1955.

More Action, More Fun Promised In This Year's Achbar Grotto Rodeo

More acting, more fun for the kiddies and more everything is promised for the 1954 version of the Wild-western Rodeo and Horse Show starring movie cowboy Wild Bill Elliott Friday, July 2, through Monday, July 5, at Ohio State fairgrounds coliseum.

Show directors, Henry Ruhwedel, of the Achbar Grotto, and Earl Lambert, of the Western Horse Exhibitors Association of Ohio—the two organizations sponsoring the rodeo—originally planned for an entry of 500 horses. Now they say there will be 750 horses participating in the huge four-day benefit spectacle.

McFADYEN'S ACRES
RESTRICTED
Ranch sites, conventional sites, 100 ft. frontage and over. Some wooded. $75 down, $15 mo. Before buying any lot always ask these questions—
1. Have you provided a park for any children to play in so they may be safe from the streets?
2. Are the parks and roads dedicated for the public use? You may save a little now but OH! those assessments that come later.
3. Are there any foul smelling factories within 2 miles of the location?
If you get a yes answer to all the above questions then ask to see the plat. If it is signed by the planning commission, county engineer and county commissioners then it is true. If the plat is not signed then go to 4415 Alum Creek Dr. and see the sign there. It is always wise to call O. W. Dunn if you want to buy or sell. DI. 3498 or FA 9063.

HILLTOP BRANCH LIBRARY

530 Future Readers Registered For Branch's 'Rocket Readers'

By Mildred Phelps

Hilltop Branch library has registered 530 of its Future Readers into the "Be a Rocket Reader," the Summer Space Reading Club. The children are having fun moving their "Space Ship" from one planet to another among rockets, spacemen and spacemobiles. We are expecting more children to join as Bible schools, camping and early vacations end. A reading certificate will be given all children who finish reading 12 books by Aug. 14. This will average only one book a week for the summer Reading Club.

Story Hour, a Hilltop Branch Library tradition, will have Mrs. Catherine Hakola, 136 S. Richardson-av, a former teacher at West Broad Street School and a member of the Story Tellers League for many years, telling stories on Wednesday morning, July 7, from 10 a. m. to 11 a. m. at the library, 2955 W. Broad-st. All interested children may attend.

Some new books received this week are "One Thousand and one Poems of Mankind," compiled by Henry W. Wells. Because the poems are brief, this volume contains many pieces and much variety. "The Lady for Ransom" by Alfred Duggan, is a story of Roussel de Bailliol, the foxy, red-haired commander of heavily mailed and mounted Frankish warriors in search of lands to conquer and hold as his own, which leads him to the eastern rim of the world and adventure. "The Golden Fool," by David Divine, is laid in Africa with much suspense and thrills. "The Glass Giant of Palomar," by David O. Woodbury, is the story of the world's largest telescope and the exciting work of exploring the heavens to a depth never before possible. "The Pictorial Baseball Instructor," by Lamont Buchanan —book shows by means of photography just how each position is played, and on three levels, the college level, the Big League professionals, and the Little League. "Creative Home Decorating" by Hazel Rockow is a "must" for every home maker.

Watch for the interesting and educational display of The Hilltop Record the way it is made each week, and the full explanation of the mysteries of newspaper printing in our display case starting this week. You won't want to miss it!

By Pat Martindale

All young people in the vicinity of Holton, West Mound, and Westgate Playgrounds are invited to participate in a "play day" which will be held at Westgate Park on Thursday, July 7, from 1:30 until 4:30 p. m.

Races and contests for all young people under 17 years of age have been arranged. There will be a free puppet show and several dance and vocal selections.

These representatives will be the boys and girls who have been acclaimed winners from their respective playground Hi-Li contests held before July 1.

Already a program in softball is underway and oilcloth animals, clay sculpturing, wood burning, and toothpick dolls have been made during handcraft period.

Our children's interests which may be answered are such physical activities as volleyball, horseshoes, and jumping rope, checkers, and chinese checkers.

Check Your Calendars

Whoops! Better take another look at that calendar when you are planning your vacation. Draw a big red circle around July 27 and 28. You won't want to be out of town, thereby missing the best Bean Dinner ever, at Westgate Park!

Good Advice For Cyclists

One of the best pieces of advice we're run across lately applies to kids and their bikes. The article pointed out how cheap reflector strips for basic bike fenders are in comparison to funeral expenses and decried double-riding.

Girls 15-21 Have Chance To Be Bean Dinner Queen

The romance of royalty and the imagery of regal splendor that the very word inspires conjures up an exotic vision — even in such a thoroughly democratic and sophisticated community as the Hilltop.

That's why we're presenting on page one of this issue a coupon which will assist Hilltop girls, 15-21, inclusive, to enter the Hilltop Bean Dinner queen contest.

The bean dinner, the 11th annual such event, sponsored by the Hilltop Business Association, shows promise this year of being the biggest and best ever. The $25 savings bond prize offered to the girl selected for queen honors is in keeping with the spirit of the gala event.

The queen will be selected and crowned at 7 o'clock on the first evening of the two-day affair, July 27 and 28. All that's necessary, according to Miss Sarabel Henderson, chairman of the HBA queen committee, is that the individual queen applicants meet the age requirements and either live on the Hilltop or be employed by a Hilltop [illegible].

Names of two more Hilltop businesses have been added to the long list of progressive local merchants who are cooperating by giving the valuable tickets for the bean dinner. They are Majestic Paint Center at 2760 W. Broad-st and Anderson Heating Co. at 367 S. Glenwood-av.

Fifteen specially-constructed barrels have been placed at strategic locations throughout the Hilltop for the deposit of the valuable bean dinner coupons.

They are located at the following places of business:

Superior Drug, Hilltop Furniture, Seiller's Bistelhorst Market, Westgate Maintenance, Westgate Electric, Rausch Brothers Hardware, Troit's Foodtown, Fell's Westgate Hardware, C&S Super Center, City Furniture, Reeb's Confectionary, Goodwin's Pharmacy, Edward's Rexall Drugs and J. C. Penney Co.

Each participating merchant has contributed toward the Bean Dinner cash prizes. These cash prizes will be awarded the second night of the two-day affair scheduled for July 27 and 28 at Westgate Park. Top prize will be $100 cash.

Many major prizes will be given, instead of numerous merchandise and small cash awards, as has been the custom in the past.

Those whose names are called MUST BE PRESENT TO WIN!

YOUNG AND ATTRACTIVE Bonnie Lou, Swiss yodeler and ballad singer on WLW and WLW-T, is among the top talent being imported for the Hilltop Bean Dinner on July 27 and 28 at Westgate Park. Bonnie Lou, 28, has spent more than half her life entertaining in radio. You won't want to miss her!

West Junior Hi-Y Takes Extra Inning Tilt At Westgate

West Jr. Hi-Y scored a 14-13 eight-inning victory over the Westgate EUB Juniors last Thursday evening at the Westgate Park diamond. Dick Furry pitched a steady game for the Hi-Y team and was particularly effective in the final innings with the score tied. Jack Kight pitched good ball for Westgate in addition to banging out four hits. Link and Morical, with four and three hits respectively, led Jr. Hi-Y. The winning run was scored in the last of the eighth when "Bevo" Pruper singled to right field and continued to [illegible] the ball was juggled in the outfield. With one out, Cruse promptly lined a base hit into center scoring Francis and winning the ball game.

West Park Methodist climbed into first place with a 19-18 win over a scrappy Glenwood Methodist team. The West Park Juniors were again led by George Breckenridge and Charles Doyo. For Glenwood, Herb Conad and Steve Byerly were outstanding.

This Issue Introduces New Local Homes Picture-Feature

Exterior photographs and interior "peaks" of outstanding Hilltop homes, as well as articles about the people who reside in them are being used as the basis for the newest Hilltop Record weekly editorial feature.

Pictures and an article concerning the Paul Navin home at Hague-av and Valleyview-dr, which has caught the eye of many a passerby, will be found on page 13 of this issue.

With everyone interested in homes, it is believed the new feature will prove extremely popular, particularly from the standpoint of providing ideas which readers may wish to incorporate in their own residences.

An attempt will be made to select homes in all categories — some of the luxury type, others in the medium price range.

Hilltop Playgrounds To Get $95,600 Share Of Mayor's Proposed November Bond Issue

Largest Single Project Would Be Building Of $12,500 Fieldhouses At Hauntz And McKinley Parks

Nine Hilltop playgrounds and parks would come in for a healthy $95,600 "shot in the arm" in the mayor's proposed fall bond issue of $12,800,000, the recreation commission disclosed yesterday.

The biggest single project in a local park coming out of bond issue funds would be the construction of playground field houses, including toilet facilities, at Hauntz and McKinley Parks at a cost of $12,500 each.

Acquisition of land for playground development and preliminary construction of playgrounds at a cost of $5,000 each is contemplated at Wheatland-av and Logan-st; Central and Thomas-avs; Dakota and Campbell-avs; and Highland and Union-avs.

Multiple use hard-surface playing areas at some $3,700 each would be contructed at Glenwood, Hauntz, and Holton Parks. Hauntz and Holton would also receive wading or spray pools at an estimated cost of $6,000 each. An outlay of $7,500 is contemplated for tennis courts at Westgate Park.

Tentative plans also call for the construction of seating facilities and lights for baseball, softball, and football at Westgate. Westgate would also be the scene of day camp facilities, which would cost some $11,000.

All these recommendations of the recreation commission are based on the Batchelor Public Survey and Long-Range Plan of 1948, which has been brought up to date by recreation experts.

The first part of the long-range plan recommended by Dr. W. C. Batcheler covered the period through 1949 and included the bond issue of $775,000, voted in 1945. The second period is 1950-1954 and the third is 1955-1959. For each of these periods a bond issue of $800,000 was recommended.

Because of rising costs of materials and labor, several capital improvements for the first period were not completed and are now grouped with the second and third recommendations which have been approved by the commission since the completion of the original survey.

'FIRST FAMILY' OF VILLAGE

Become First Lincoln Village Residents

GREETINGS—The Welcome Wagon hostess of the New Rome area, Mrs. Elsa Brickels, second from right, arrives at the home of the first family to move into Lincoln Village. In her basket laden with gifts and greetings from the local merchants, she also has helpful church, social and civic information to give Mr. and Mrs. John Smitherman of 226 N. Murray Hill-rd. Through the Courtesy of The Hilltop Record, she also presented the new Hilltoppers with a three-month trial subscription to the Record. Left to right are Karl Kumler of the Peoples Development Co.; Carol Smitherman, 8; Johnny Smitherman, 5; John Smitherman, Mrs. Smitherman; Mrs. Brickels, and Gerald Willey of The Hilltop Record circulation staff. (Hilltop Record Photo)

When Mr. and Mrs. John Smitherman and their two children, Johnny, 5, and Carol, 8, moved into 226 N. Murray Hill-rd at Lincoln Village, Tuesday, they became the first permanent dwellers of the multi-million dollar "model city" being constructed by the Peoples Development Co., a subsidiary of the Farm Bureau Mutual Auto Insurance Co. of Columbus.

The Smithermans, who formerly lived at 1748 Summit-st, are "pioneers" in a community which is expected to reach some 8,000 by 1960.

A foreman in the electrical department of the Ternstedt Division of the General Motors plant, Smitherman was forced to travel some 100 miles a week from his Summit-st home.

His comment, which is right in keeping with the thoughts expressed by the developers of the Village, was, "Lincoln Village is certainly a blessing to the fellows at our plant and the people who will be coming to Westinghouse."

A navy veteran, Smitherman is looking forward to the day in the near future when a former shipmate moves into the house across the street.

The Smithermans selected a one-floor plan home with three bedrooms, a basement, and an attached carport. Daughter Carol will attend the school now under construction on Schoolhouse Lane in the Village, a short distance from her home. Johnny will attend the same school in another year.

Ground was broken on April 16, 1953, for Lincoln Village. The development has received national recognition for its variety of housing, safety planning, and the community-planned commercial and industrial areas.

Fighting Furies Cop Their 1st Win In Junior Knothole League

Glenwood Recreation Center's second Furies defeated the Boys' Club 10-5 on 11 hits in a tight[illegible]-played Junior Knothole game Thursday night, July 1, at Southview.

For the Furies, it was an uphill battle and they were once trailing, 4-1. Sonny Delong came on in relief for Skip Martin and proceeded to strike out 12 in the next 4 2/3 innings. Meanwhile the Furies' big bats began to boom and, paced by Harvey Park's three for four, pulled the game out of the fire.

Furies' big inning was the fourth when they batted around and scored seven runs. Eddi Parks opened the inning by getting on by error, Dehl walked, Galluci flied out, both runners advancing, Nance singled home the tying runs, Martin singled, Nance reaching third, Martin stole second, and Harvey Parks singled home two more runs. Jewell reached base on error as the jittery Boys' Club changed pitchers. Crawford singled home Jewell, who had stolen second and third. Ace Reliefer Sonny DeLong singled home Crawford who had stolen second. Eddie Parks, up for the second time, struck out, Dehl walked for the second time, and Galluci again flied out to end the inning. For the Furies in the fourth, seven runs on four hits, two left on. Skip Martin also had a three for four night, but it was big Harvey Parks who drove in the four runs that sparked the Furies.

Risinger pitched good ball for the Boys' Club until the dramatic fourth that saw him followed by two other Boys' Club pitchers. Elliot homered for the losers for their only run off Delong. Boys' Club scored five runs on only three hits.

This was the first win in Junior Knothole ball for the Furies who are former City Little League champions, and puts them in first place in the league. Counting practice games, their season record is now 3-0. This impressive record has been compiled through the aid of practices on every week day there is not a game. They are coached by Lou Wright of Glenwood Recreation Center.

Valleyview Council Renews Its Fire Protection Contract

Valleyview Village Council at its meeting of Tuesday, July 6, discussed the matter of improvements in Rodgers Park on Dibblee-av and appointed a committee to accept bids to enlarge the blacktop area on the park's basketball court so the area may also be used for tennis.

Mayor Charles Ringer said the council also appointed a committee to accept bids to clean out weeds and dead trees in another area of the park.

Plans were made to renew the contract for fire protection with Franklin Township. The contract was to have expired on July 15.

One of the problems continually facing the village in hot months is the enforcement of speed and parking laws on Valleyview-dr in the vicinity of the Hilltop Swimming Pool.

Mayor Ringer said that many warnings to offending motorists have been issued and that traffic stickers and fines would be given if the public refuses to cooperate. He also declared that strict enforcement will be made of laws prohibiting parking in posted areas by the side of Valleyview-dr.

I always liked everything in the Record. I used to enjoy reading "Looking Back." I could remember the people and times it told about.

"I've advertised in the Record lots of times and always got immediate results. The last time I advertised in the Record it was for a radio for the Echo Home for the Aged out on Hamilton-av. I've always tried to help them. A nice man out here on the West Side answered the ad the next day and gave the home both a radio and a bed."

Mrs. Allen, who has always been active in her community as long as health would permit, has never had her picture in the paper before. She is a member of Trinity Baptist Church, originator of the Republican Club, and has been a member of the WCTU for more than 50 years. Family Gathers to Honor Arch Alder on Occasion of Birthday

HONORED—In the picture above, Arch Alder is shown receiving a 50-year star pin from Herman Geist, Worthy Grand Patron of Ohio Grand Chapter of Eastern Star. (Photo by Bidwells)

The home of Mr. and Mrs. Charles W. Young at 715 Wallace-av in Bowling Green, Ohio, was the focal point on Sunday for an ingathering of the Arch Alder clan in celebration of his birthday. Mrs Young is the former Alice Alder.

The date withheld, Alder was born in Brown Twp. in western Franklin County, a lineal descendant of Jonathan Alder, first white settler in Madison County, whose pioneer cabin has been preserved and stands just across Big Darby Creek from the ancestral home of Arch Alder.

Reminiscing about the early days, Alder recalled that he started out as a school teacher, serving one-room rural schools in Brown and Washington Townships. Later he sold farming implements for Renner & Elder, an early business firm located in Columbus, and then entered the hardware business at the location in Hilliards now occupied by the F. H. McMillen Hardware Co. Selling out this business he later purchased the filling station and garage property where he is still actively engaged, first handling Ford cars and allied lines and now for many years known far and wide as "your friendly Chevrolet dealer."

Alder recalls that the Hilliards of his youth was a sprawling little town along both sides of the railroad tracks, with mud streets, no sidewalks no water or sewerage no electricity, no gas, and few telephones. He has watched—and helped—the community grow to its present modern form of existence of well-paved streets, sidewalks, public water and all other modern utilities, and stretch out far beyond its original limits into a wide and constantly growing residential area.

Always an active and loyal member of his political party, Alder well deserves the appellation, "Mr. Republican." He was township committeeman for Norwich Twp for six years and served an equal length of time as mayor of the village. For 27 years he was secretary of the Franklin County Agricultural Society and was instrumental in locating the county fair grounds at Hilliards.

Alder has been active in Masonic circles for 50 years and on May 25 was honor guest at a meeting of Level Chapter 100, Eastern Star, when he was presented with a 50-year Star pin.

Summing up the community feeling Alder enjoys among friends, relatives and associates is a poem composed by Mrs. Rachel Seeds for the presentation of the 50-year pin by Herman Geist, Worthy Grand Patron of Ohio Grand Chapter of Eastern Star.

There is a man in our town—of whom we're justly proud.
He's quite at home with one or two —or happy in a crowd.
There's not a child for miles around who doesn't know his name
And makes a point of seeing him, a very special game.
He's fond of every kind of sport, but a card game suits him best
'Cause watching horses run all night, he needs to catch some rest.
The boys who work for him for hire, count work as lucky days.
To his neighbors he is friendly—his children sing his praise.
And when it comes to counting friends, there is no end in sight.
For this is just a sample — the friends seen here tonight.
With all we know about this man, a Star he'd have to be
For Stars measure up to standards set for folks like you and me.
And since this feller measures up —Arch Alder is his name

NEWS OF HILLIARDS

Village Council Announces That All Small Vehicles Must Obey State Law

By Louise Pohlmann
FR. 8-4184

Hilliards Village Council met in regular session Monday evening, June 28, and decided the increase in number of motor-driven bicycles, scooters, and similar small, motorized vehicles being operated on village streets calls for a clear statement of the status of their operators.

Accordingly, notice is given to all owners and operators of motor-driven bicycles or motor scooters and the like, that the Ohio law requires that each person operating such vehicle must have an operator's license and, further, that the minimum age for such licensing is 16 years. Such vehicles shall carry no more passengers than designed for, in most cases only one. Operators are liable, also, under the same state laws that are applicable to the operators of automobiles. Word was passed out that this notice will be strictly enforced by village authorities.

Council also adopted a resolution that the deed for 2.286 acres of ground purchased from Donald Tarbox on Cemetery-rd be accepted and filed for record. This ground adjoins the present waterworks and will be held for future expansion of the village water supply if, as and when needed. It was emphasized that the existing facilities are adequate to supply water for current and proposed requirements. The council having in mind the rapid real estate development in the area and possible future demands for water, has acted at this time to acquire the Tarbox ground while it was available for purchase at a cost, probably, lower than might later be the case.

Repairing the damage done to the interior of the lodge hall following the recent fire is proceeding rather slowly, Milburn Hoffman, Past Great Sachem of Stillwater Tribe, Improved Order of Red Men, reported last week. A considerable amount of plaster was so damaged by water it has to be removed and replaced with new, which will entail redecorating the walls. The floor also was burned away substantially, requiring extensive repair.

New officers of Stillwater Tribe were installed Wednesday evening, July 7, by Hoffman, the installing officer. They include Herbert Riebel, sachem; Edward Schellhaas, senior sagamore; Charles Kline, junior sagamore; and Delmar Weeks, trustee.

Sequoia Lodge Pocahontas installed the following new officers on Tuesday evening: Margaret Crager, Pocahontas; Inez Rice, prophetess; Mae Barr, Wenona; Mary Estelle Hoffman, Powhatan, and Dorothy Hamilton, trustee. Installing officer was Ellen Speers.

Rebekah Lodge held a pot luck supper Thursday evening followed by the regular business meeting. Rebekahs have suspended activities for the remainder of the summer and will convene in September.

Hilliards Post, 614 American Legion, repeats its suggestion that all who plan to attend the races this evening purchase tickets from the post, which is sponsoring tonight's featured race and will award a trophy to the winner.

Mrs. Paul Ward and children of Baltimore, Md., are spending the summer as guests of her father, Clarence W. Latham, and sister, Mrs. Monaleta Maxwell. Mr. Ward brought the family here last week to stay while he is at the music camp at Saranac Lake, N. Y., where he has taught for the past three summers.

Bliss F. Russell, John Russell, and Nelson Russell of the Russell Grain Co. attended a meeting of the Miami Valley Grain Dealers' Association at Sidney, Ohio, Thursday evening.

Barley harvesting got under way in the Hilliards area last week, John Russell said Friday morning. The yield is turning out pretty good with quality about average, he stated.

Word received from Mr. and Mrs. F. H. McMillen who are on their way to San Francisco by car was that they expected to attend the rodeo at Flagstaff, Ariz., Friday of last week.

Hilliards Fire Department was called to the farm of Joe Leppert on Leppert-rd, Tuesday afternoon to extinguish a $100 blaze in a hay baler there.

Local blaze-eaters also got a work-out on Friday evening when they quenched the embers of a car that was totally consumed by fire of an unknown origin on Cemetery-rd. They were called again on Saturday morning to fight a straw blaze at the farm of Carl Smith on Avery-rd.

Mrs. Robert McCormick, 178 Hamilton-rd is recovering from a major operation at Mt. Carmel Hospital. Also at Mt. Carmel is Mrs. Madeleine Williams of Amity-rd. Mrs. McCormick is the wife of the office manager of the Central Ohio Breeding Association and Mrs. Williams is an office employee at COBA.

The 'No Swimming' Signs Are There To Protect Health

What a disappointment it is to arrive at a favorite bathing spot, only to find a sign that says "No Swimming!" On a hot day, that makes us cross, and our irritation is likely to be directed at the sign rather than at the condition that makes it necessary.

All too often, according to the Tuberculosis Society of Columbus and Franklin County, swimming is unsafe simply because the water is not clean.

Water cleans itself, up to a certain point. But today as our cities and towns and industries grow, vast amounts of waste are poured into rivers and lakes.

The Tuberculosis Society points out that if more waste is being dumped than the water can purify by natural processes, it becomes polluted and unsafe. In that case, the waste must be purified before it is drained into the water.

Otherwise, water, which we must have for life itself, becomes a danger to us. It becomes a disease carrier. And the "No Swimming!" sign that goes up may be the least of our problems. It may be a lifesaver.

Six Attendants Precede Miss Salley Kendall To Altar

MR. AND MRS. EDWARD THOMAS
(J. Curtis Allen photo)

A bridal gown of sheer embroidered organdy was worn by Miss Salley Virginia Kendall for her marraige to Mr. Edward Thomas at half after 3 Sunday, in Glenwood Methodist Church. Rev. Joseph Shellhaas solemnized the double-ring rites before an altar decorated with bouquets of mixed white flowers, ferns and palms.

The bride's parents are Mr. and Mrs. W. W. Kendall, 172 S. Roys-av and the bridegroom is the son of Mr. and Mrs. Edward Thomas, 2724 Vida-pl.

Her bridal gown was styled with a scalloped portrait neckline, basque bodice, clip sleeves and long mitts tapering into points over her hands. The buoffant skirt fell into a brush train and a circular French half veil of bridal illusion fell from a net bonnet enhanced with seed pearls. She carried a Colonial bouquet of white carnations and her only jewelry, a heart-shaped rhinestone necklace, was a gift of the bridegroom.

Mrs. Bale J. Baughman served as matron-of-honor and the bridesmaids were Miss Janet Reed, Miss Patricia Sturdevant and Miss Jodelle Bargar and the bridesmatron, Mrs. Thomas Metcalf.

Their identical gowns were fashioned of orchid organdy in ballerina length with strapless basque bodices and buoffant skirts. They wore matching scarf-stoles and clip headpieces of net and seed pearls with small nose veils. The honor attendant carried a Colonial bouquet of yellow carnations and the other attendants carried white and yellow carnations. They each wore a pearl necklace and pearl earrings, gifts of the bride.

Little Cheryl Baughman was the miniature bride. Her gown was fashioned of embroidered organdy and net in a similar style with the one worn by the bride, and her bouquet was a miniature replica of the bride's.

Mr. Dale J. Baughman served as bestman and seating the wedding guests were Mr. Karl Cline, Mr. Herb Carpenter, Mr. Dave Kendall and Mr. Harold Wilkins.

Tommy Baughman and Steve Wander, dressed in white full-dress suits, carried the wedding rings on satin pillows edged with nylon lace.

Mrs. Kendall was gowned in blue lace with a matching hat and white accessories and wore a shoulder corsage of pink sweetheart roses. The mother of the bridegroom chose a gown of slate grey with pink trim, pink accessories and an identical corsage.

Immediately following the ceremony, a reception was held at the church. Hostesses were Mrs. Myron Bight, Mrs. Ronald Wander, Mrs. H. Jack Wilkins, and Miss Carol Rickert.

A graduate of West High School, the bride attended Ohio State University Night School and is employed with Gates, McDonald and Co. Her husband also was graduated from West High School, attended Ohio State University night school and is associated with Norman Products Co.

Following a wedding trip to Spring Mills, Ind. the newly married couple will be at home at 2578 Sullivant-av.

Deadlines Set Society News

The Hilltop Record society department is endeavoring to provide an enlarged and improved service to its many readers. In order to accomplish this and assure that weddings, engagements, club notes, and women's activities receive the attention in Record columns they so richly deserve, it has become necessary to restate sub mission deadlines for contributors.

Pictures which contributors desire to appear on these pages must arrive at the Record office by not later than 9 a.m. Monday for publication in the same week's paper.

Church notices and news of church activities must arrive not later than 9 a.m. Tuesday.

Deadline for the arrival of news of clubs and other women's activities has been set as 10 a.m. Tuesday.

Because of space and time limitation, only those contributors who meet these deadlines can be assured of fullest consideration for publication.

Ideally, wedding and engagement pictures submitted for publication should be glossy prints not larger than 5x7 inches. If pictures are larger and their owners will not permit them to be trimmed, a special engraving fee must be charged. Otherwise, the service is free.

Trailer Home Beautification

Three cash prizes will be awarded in the beautification contest which is being sponsored by the Westgate Trailer Park, 201 Wilson-rd.

The three prizes will be for $15, $10, and $5. The winner of the first prize will also be entered in a contest to select the most attractive trailer lot in the Greater Columbus Area.

Residents of the park, wishing to enter the contest, should place their names, and lot numbers on the entry list with George Smith and then proceed, under park rules, to clean up and beautify their lots.

About Cremation

Cremated remains are not ashes but fragments of bone structure. Cremation of today is vastly different from the method of yesterday. No preheated, crematory vaults. No ashes. No muscular contraction or body movement.

The body is prepared and casketed the same for a cremation service as for any other type of burial. The body is not removed from the casket, the casket is placed in the crematory vault without being opened after delivery to the crematory. The casket is cremated with the body. The cremated remains being calcareous are heavy—the withered disintegration of the casket and the clothing being light are blown away by air leaving the cremated remains undisturbed.

After cremation the cremated remains may be left at the crematory until the surviving members of the family decide upon their final disposition. The urn with its cremated remains may be placed for all time in a niche in the Columbaria. When the original purchase price of the niche is paid, there is no further cost. A name [illegible] engraved on a cast bronze urn and placed in a niche of a columbarium is a permanent memorial. A single niche carries with the purchase the privilege of transfer to a larger family niche later. When burial of the cremated remains is desired a suitable burial container may be had from the funeral director of the crematory.

Cremation is not a method of disposal of the dead, but is rather a method of preparation for permanent preservation.

Cremation is within the reach of all. It combines sanitation, economy and perpetuity as in no other form of burial. For further information call Sunset Cemetery and [illegible], Adams 8 4866, [illegible] W. Broad Street. Adv.

REALLY ENJOYED THE FOURTH

Mr. and Mrs. J. C. McNeil of 81 S. Wheatland-av are telling their friends that they had more fun just staying at home, looking at TV, and visiting nearby friends over the holiday than they had on their entire two-week vacation of a few weeks earlier.

Oakley Perry (at left) of 1174 Willard-av, has just completed the largest single delivery of Bell Telephone directories in the Columbus Metropolitan area—some 250 of them—to the Westinghouse Appliance plant on the Hilltop. YOUR HILLTOP BRANCH LIBRARY

10 New Fiction, Several Non-Fiction Books Added To Shelves In Past Week

Ten new fiction books were added to the shelves of the Hilltop Branch Library last week. Donald Chidsey, whose popular "Panama Passage" of a few years back will doubtless be remembered, has moved his locale to the Hawaiian Islands of the 1820's where lived Ann, the young widow of one of America's first Christian missionaries. The intriguing title of this new romance is "Lord of the Isles." The picturesque Indian city of Calcutta is the setting for the lively novel, "The City and the Wave" by Jon Godden. The racial, political, and economic ills of the country are present in this highly symbolic novel.

Again of other lands and times is the absorbing biographical novel of Louis XI of France, "The Spider King," by Lawrence Schoonover.

The ever-popular family story serves as the theme for the two novels, "The Moment of the Rose" by Lucy Kennedy, and "Many are the Travelers" by William B. Maloney. Four mysteries and one western story for the fans are as follows: "No Love Lost" by Margery Allingham "I'll Kill You Next," by Adam Knight Lariar, "Death Likes It Hot" by Edgar Vidal, and "Tears for the Bride", by Robert Martin. The lone western by E. E. Halleran is "Winter Ambush."

For those interested in Civil Service examinations the library has recently received several practice test books published by the Pergande Publishing Co. New titles added last week were: "Accounting Clerk, Stenographer-typist, Storekeeper," and "File Clerk."

In the fine arts and useful arts category is a beautiful and instructive new book on landscape painting, "Carson's Guide to Landscape Painting." If you have been longing for ideas on building modern furniture, the Arco Handi-Book, "Build Your Own Modern Furniture" should fill the bill.

Last, but by no means least, is a book by Dr. Barney Kotz, "How to Be a Better Parent." Dr. Kotz is clinical and child psychologist at the University of Southern California. "How to Be a Successful Emcee", by LeRoy Stabl, covers meetings and situations of all kinds.

One hundred one children came to the first Hilltop Library Hour last Wednesday morning Miss Polly Gibson entertained the Young sters royally with stories and amusing games. They all loved it.

Next Wednesday at the same hour, ten o'clock, the second story hour will be under the guidance of guest story teller, Mrs. Ed Hakola, 136 S. Richardson-av. All children are cordially invited.

'Blitz Kucken' Is Favorite Dessert Choice Of Mrs. Vale

"Blitz Kucken", or "Lightning Cake," is the favorite dessert recommendation of Mrs. W. D. Vale, 206 N. Chase-av.

Mrs. W. D. Vale

Known as Lora to her many friends, she has been a member of West Park Methodist Church for the past 40 years and has belonged to the adult Sunday School class for 36.

She is also affiliated with Robert Morris Chapter, OES and Bay View Literary Club. A member of Frances Willard Chapter WCTU, Mrs. Vale served as president of the organization for three years and as treasurer for the past 22 years.

Her husband, William D., is a retired Postal Department employe and the couple has resided on the Hilltop for the past 27 years.

The donor tells us that this cake retains its freshness well and is self-iced, which adds to its simplicity of preparation. She obtained the recipe from a friend long ago and the cake has been a favorite dessert in her family ever since.

BLITZ KUCKEN

One cup sugar.
½ cup butter.
4 egg yolks.
1 large cup flour.
1 heaping teaspoon baking powder.
1 teaspoon vanilla.
5 tablespoons sweet milk.

Mix in usual way and spread in thin layer in two nine-inch pans. Beat whites of 4 eggs until stiff, add 1 cup sugar, spread over batter and sprinkle with chopped nuts. Bake in slow oven, 250 degrees, 30 minutes.

Fashion Old Table Into Children's Game Table

If you have an old, small-sized table gathering dust in the attic or basement you can turn it into an attractive and useful game table for the children, or the whole family to enjoy.

Use red and black rubber tile, cut into small squares for a checkerboard in the center with a border of rubber tile in a contrasting color.

Cut and fit the tile and cement it to the table top with regular rubber flooring cement. Finish the legs and other exposed wood parts in a harmonizing color, or a natural wood finish if you prefer.

The West Sr. Hi-Y of the Hilltop YMCA and the Y Teens of the YWCA are going to sponsor a teen-age dance on Friday, July 16, at Westgate Park shelter house from 8:30 to 11:30 p. m. The dance will be sponsored with the cooperation of the city recreation department and the Hilltop Community Council. Its theme once again will be "Moonlight Serenade" and Billy Grimm and his 10-piece orchestra will once again be the serenaders.

Highlight of the dance will be a five-act variety show which will be emceed by a well known Columbus disc jocked. A Variety show will consist of singers, dancers, and novelty acts put on by Hilltop talent.

The co-chairmen of the planning committee for the dance are Dee Patton, of the -Teens, and Victor Jutt of West Sr. Hi-Y. Assisting them in an advisory capacity are Alma Booth of the Hilltop Community Council; Shirley Calhoun of the YWCA; Charles Moore of city recreation, and Dick Wilson of the Hilltop YMCA. The committee announced that this is an open dance with all teen agers invited. They also stated that the Hilltop youth should be on the alert to watch for the new and different promotion stunts which the clubs have dreamed up to advertise their "Moonlight Serenade".

Roger W. Babson, economist: "I am distinctly opposed to urging small investors to buy common stocks at this time."

YOUR YOUTH . . .

By Dick Wilson and Bob Schmidt

All the ball leagues are organized and going strong; so now it's time to start the ball rolling on the Hilltop YMCA Summer Fun Club. The club will officially begin on July 12, so all of you from the ages of 8 to 18 who want to join, should get your applications in as soon as possible. If you do not have blanks you can pick one up at the Y office.

Some of the events which the SFC will offer are hikes, campouts, swims, rubberneck tours, boys and girls craft classes, movies and any other activity the club desires as a group. When you register for the club, you get a YMCA tee-shirt to show that you are a full-fledged member.

The first reports of YMCA members who attended Camp Alfred Willson are beginning to come in. All of these reports are favorable as the campers have all reported that camping is life at its best. This camp is located on a beautiful 70-acre spring-fed lake in the highlands of Ohio near Bellefontaine. For a third of a century the camp has maintained an enviable reputation for providing the highest quality of camp leadership and programs. The lake and surrounding land, comprising 327 acres, are owned exclusively by the Columbus YMCA.

John Hutchinson, lay leader of the Hilltop YMCA, reports that the Hilltop is certainly giving a treat for both youth and adults alike. The schedule is Holton Park, Monday; Rosary Addition, Tuesday; West Mound Playground, Wednesday; Westgate Playground, Thursday; and Glenwood Recreation, Friday. In closing this week's column, the Y staff wishes to say "Thanks a Million" to Harry Grashel who has certainly done a fine job in helping out on the Hilltop YMCA athletic program and in writing up the athletic events for submission to The Hilltop Record.

Hilltoppers Enjoy Lions Fete

A SLIGHT DAMPENER on the fireworks display was a fire on the roof of 256 S. Chase-av, caused by a falling pyrotechnic. Damage was slight and after the firemen squeezed through the 10,000 or more spectators, the fire was quickly doused and the display continued.

ALMOST EVERYONE GOT INTO THE ACT during the square dance portion of the program. The happy couples above "swung their partners" with all the enthusiasm of happy Hilltoppers celebrating an auspicious date in our nation's history.

AMONG WINNERS in the street dancing contest were Bill Greene of West High School (left), and Barbara Ann Harper of Central High. They are shown here shortly after being presented trophies for top honors in the waltz contest by Lion "Pinky" Higgins (right).

PERT ROXAINNE EBNER had the audience gasping with his spectacular aerobatic number on a revolving barrel.

LIONS AUXILIARY members were on hand and busy, too. They manned the concession stands, where such refreshments as ice cream were sold at cost to the crowd. In the above picture, Mrs. Mary Nel Myers (center), auxiliary treasurer, completes a sale to Miss Charlene Florio. Others, left to right, are Mrs. Phyllis Higgins, Mrs. Betty Weaver, and Bobbie Higgins.

BLEACHERS AT MAGLY FIELD were jammed with Hilltop fans who came to observe in a safe and sane fashion the "glorious fourth" with the Hilltop Lions. An estimated 10,000-plus observed the spectacular fireworks demonstration. (Hilltop Record Photos)

STEALING THE SHOW was lovely Judy Fenimore, song-dance artist, during the variety portion of the evening-long program.

DIAPER WINNER—One of the top features of the evening was the awarding by Variety Show Chairman Bill Coen (hidden by mike) of a six months' "dry diaper" service to Homer Ellis, 366 S. Ogden-av, (right) through the courtesy of the Banner Diaper Service. Gateway Realty offered the prize, which was awarded to the brand new dad whose 13th child is still in the "triangle stage," having been born on July 4.

MUSIC for the festival, the variety show, and the street dance was furnished by Will Marat (right), his Organo, and members of his hard-working orchestra, who are all Hilltoppers. At left Bob Voltz beats out a few hard licks on the drums.

CAPTAIN DAVEY JONES of WTVN morning fame brings his famous boat through thick foliage en route to the Lions Independence Day fete with the help of several enthusiastic members of the small fry set.

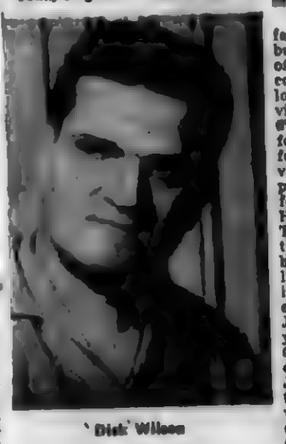
Those Eyes —

How Well Do You Know Them?



Last week's mystery eyes, even though we made them smaller than usual, were no mystery. We had a phone call minutes after the first mail delivery with the correct identification: Dick Wilson, Hilltop Y associate director and president of the Hilltop Community Council.

Dick, who lives with his wife at 229 N. Oakley-av, has only lived on the Hilltop for the past two years. He came here from Ohio University, where he was majoring in sociology and studying physical education. He's a native of Chillicothe, O., as is his wife, former Jacqueline Smith. A Hilltop Lion since his arrival here, he has served as chairman of the boys' and girls' committee, for which he holds a Lions' merit award.

He's a member of Westgate Methodist Church and the Camp Chase Post 88, American Legion. Dick collects records—of the classical variety.

Today's "guess-who-it-is" eyes belong to a fellow, well-known to almost everybody on the Hilltop, who is particularly active in Masonry and who hails from Coshocton County. He's got a boy and a girl and his wife is a native Hilltopper. Fishing is his forte. Put on your thinking cap. We'll [illegible] you shortly where your eyes [illegible].

Dick Wilson

If not, read the answer in next week's Record.

New Faces Appear In Pet Show Held At Glenwood

A number of new faces appeared on the playground last Monday night, June 2. The occasion was the annual pet show at Glenwood Recreation Center, and new faces belonged to a rabbit, kittens, dogs and guppies.

Judges Alice Thrailkill, Judy McAndrews, and Marilyn Gordon awarded ribbons for prettiest pets to a white rabbit entered by Anthony Zanetos, best performer—John Miller's dog for sitting, speaking and standing on her hind legs. Most unusual and also smallest—Jeff Koehler's bowl of guppies; cutest, Suzan Schotten's puppy; best costumed—a be-ribboned kitten carried by David Koehler; most affectionate, Ronnie Ogden's kitten; best groomed—Jean Westall's dog; largest and most obedient—Nelson Green's collie.

The coveted grand champion ribbon went to Glen Houdasheit's terrier, which was also the liveliest. Anthony Zapetos' rabbit was grand runner-up.

The collie of Nelson Green also won prettiest in the city wide pet show Wednesday, June 23, at Schiller Recreation Center.

Looking Backward Through Record Files

Fifteen Years Ago

July 7, 1939 . . . A Hilltopper for 28 years and well-known among local bowling enthusiasts, William "Bill" Wolfe, 2386 Plum-st, has purchased the Hilltop Bowling Alleys, 3419 W. Broad-st.

Lawrence G. Scales, 603 S. Eureka-av, past adjutant of Camp Chase Post of the American Legion, was named superintendent of Memorial Hall.

An amateur contest at the Hilltop Swimming Pool Saturday evening found Edmund Montgomery and Susie Johnson presenting a song and dance number, carrying away top honors.

The current dual feature at Lowe's Broad includes Jackie Cooper in "Streets of New York" and "Off the Record" with Pat O'Brien and Joan Blondell.

Ten Years Ago

July 7, 1944 . . . War Bond purchases were given a substantial boost on the Hilltop as a result of the War Bond Rally held at the corner of Broad and Hague-av last Friday night and the sale of a $40,000 bond to a downtown firm by one of the local block workers.

Mrs. Dave Randall and small son are in New York City this week spending a few days with Ensign Dave Randall who is in this country for a few days. The son of Judge and Mrs. Cecil Randall, 1989 W. Broad-st, he is in command of an armed guard crew on a Liberty ship.

Two local girls left last Wednesday night for Hunter College, New York City, to begin training as Navy WAVES. They are Anita Faye Hack, 2514 N. Burgess-av, and Gertrude Candace Steece, 464 S. Terrace-av.

Five Years Ago

July 7, 1949 . . . The 10th anniversary of Rev. A. J. Wold's pastorate of Hoge Memorial Presbyterian Church will be observed Sunday. The church session will give special recognition to him at regular services at 10:30 a. m.

J. Curtis Alles will be official photographer for the first annual horse show and rodeo held by the Western Horse Exhibitors' Association of Ohio.

Injuries suffered Sunday, when he was pinned beneath his auto trailer, when it went out of control on a grade near Mariposa, Calif.

David W. Ely, graduate of West High School, and son of Mr. and Mrs. Ely, 1977 Harrisburg-pk, on June 17 received his gold bars and reserve commission as a Second Lieutenant in Field Artillery in the US Army after completing the advanced training course at OSU.

Charles A. Slade, attorney, of 1114½ W. Broad-st, is in Mercy Hospital, Merced, Calif., with injuries suffered when Miss Whitten announced that the U.S. ambassador to Canada, due to circumstances beyond control, would not be present at the luncheon, and had delegated her to represent him. She felt that it was indicative of the good feeling existing between the two countries, when the ambassador would ask the mayor of a city in a foreign country to act on his behalf where American newsmen were concerned.

Deputy Minister of Travel and Publicity, C. E. Crowe, thanked Miss Whitten and Ottawa on behalf of Minister Cecile, and the party returned to our bus to visit Rockcliffe and the Royal Canadian Mounted Police Barracks, a short ride away.

I'm happy to say the Royal Canadian Mounted Police at Rockcliffe Barracks were not like those exemplified by the movies. They had the red coats all right, they looked handsome and efficient, but none bore resemblance to Nelson Eddy and they didn't come bursting in on wings of song with Rose Marie trotting along behind them. Superintendent C.N.K. Kirk, A.D.C., undertook to enlighten us regarding this famous law enforcement organization with a series of demonstrations in physical training, police holds (judo, etc.), pistol shooting and equestrianism (horse-backriding to you).

Mounties do the same job in Canada as the FBI does in the states. Recruits range from 18 to under 30 years of age. A recruit signs up for five years and at the end of that time he can re-enlist from one to five years. Married men are not eligible and those joining cannot be married for five years after enlistment, and even then must seek permission from his superiors.

Four-thirty was the hour at which we parted company with the highly-interesting mounties. A quick trip brought us back to the castle-like Chateau for another reception and dinner, as guests of The Honorable Jean Lesage, Minister of Northern Affairs and National Resources.

This was almost a formal affair, and one of the really important dinners of the tour. Head table guests were Jean Lesage, Honorable L. P. Cecile, D. Lee Dolan, Canadian Government Travel Bureau chief, Deputy Minister C. D. Crowe, Mr. Bliss, representing the U.S. Ambassador, Editors Arp Lowrance of North Carolina and William Rawland of Texas.

For those who like fish this would have been quite an occasion without the formal aspects. The menu offered lobster chowder, and Gaspe Salmon (served from whole fish)...which was about four feet long and to which Texas Bill Rawland referred to as "a Texas perch," when he thanked Mr. Lesage on behalf of the editors. Mr. Cecile spoke as host of the tour.

Mr. Lesage welcomed the editors and pointed out the lack of racial problems between French and English in Canada. Mr. Cecile, he said, was of French descent and picked for a cabinet post in the Ontario Government, which has a 90 percent English speaking population, while the Minister of Mines in Quebec was English in a province that was 90 percent French speaking.

FROM THE EDITOR'S DESK

STRAWS IN THE WIND: You'll notice the sudden quiet on the "We-Need-Central-High for-a-New-State- Office- Building front. Latest word is that the appraisal of the true value of the Central property was just too rich for the blood of promoters of the idea. Rather quietly, the city planning commission on June 16 gave the nod to the school board for interior remodelling and the addition of a boys trade school to Central.

Ohio Newspaper Association sent out miniature cakes to each of its members on the occasion of its 21st birthday this past week. Looked mighty appetizing . . . Keep your eyes open as you drive out W. Broad-st. One day you'll look and the next day your eyes'll nearly pop when you see what a gigantic project Lincoln Village is going to be . . . We're getting sorta tired of hearing the same old refrain of "Go sparing on the water." Hope the new mains will settle it once and for all!

We get lots of cooperation from the unsung men and women who serve as unpaid news gathers for so many Hilltop organizations this past week. We had to get the material together real fast so's we could all enjoy the "long Fourth" and they came through in true-blue style . . . Still wondering though — does your organization have one live-wire individual charged with the responsibility of getting YOUR NEWS to us for these columns?

SIGNS OF THE TIMES: Recent fact-finding survey of Columbus bus riders shows that 91 per cent of the riders think CTC drivers are courteous, 79 per cent think the local transit firm gives best service possible, all things considered; 67 per cent feel that four tickets for four bits is not too much to pay for rides; and 94 per cent say service is okay, based on their own experiences. Columbus Transit Co. footed the bill for the survey . . . Hear that both Westinghouse and Ternstedt GM plants were among the simplest problems in the phone book pass-out this week. Merely loaded about 250 of the new books in a car for each plant and dumped them off . . . Congressman John Vorys will nominate 17 to 22-year olders for the two slots the 12 Congressional District are allocated for new plebs at West Point in July of next year . . . CD Administrator George Arnold is pleased with industry's response to the recent alert, unhappy with fact that sirens couldn't be heard in many locations, wants legislation to enforce clearing of streets and going to shelters, suggests that filling station attendants take over the control of traffic during CD alerts at their corners . . . NAM writes that "constant investment to improve and expand our productive facilities is the historical process which has made us the richest and most powerful nation on earth." Along same line, Readers Digest of July points out eight things in daily use today which 25 years ago would have been considered miracles — all accomplished by private industry; while the simple-sounding job of making a highway surface that will last and last, tackled all these years by national, state, and local government, still has not materialized . . . Long as we're reviewing things, let's take our hats off to the recent 12-part installment in the Columbus Dispatch on the divorce problem in America. Sober thoughts and some good advice for keeping your marital statistics out of the court books.

We've noticed that the voluntary safety inspection of Columbus vehicles isn't working out exactly the way it was planned. Personal observation shows many gleaming '52 thru '54 models at the curbs proudly displaying the yellow and black safety inspection stickers. On the other hand, owners of the jalopies, near-wrecks, and over-age cars, seem carefully to avoid the inspection lanes.

ALMOST NEWS: Thought you might like to know what happened to the Record's roaming photographer, who our Page One story of last week placed in Springfield only seconds before the press started to roll. In case you've forgotten, Harley Groom got caught on a train when it pulled out suddenly from the Hague-av crossing after a slight truck collision at the intersection. Harley, with only 50 cents in his pocket, was in a heck of a predicament — dirty looks from the train crew, jokes from the soldiers enroute to St. Louis, and not a familiar face in sight. He finally borrowed bus fare back home from a Hilltop conductor, C. R. Graves, 2163 Harrisburg-pk, after the loan was arranged by still another Hilltop conductor, O. G. Burley, 80 N. Westmoor-av.

Our new circulation man, Gerald Willey, had a busy day on the Hilltop the other day — chased by a dog who ripped his right pantlegs off on S. Algonquin-av and locating a 30-year subscriber to the Record a little closer to the office.

U.S. EDITORS' TOUR OF ONTARIO (PART II)

Neighbor To North Boasts Excellent Super Highway; View Is Uncluttered

On June 11, we veered to the west, and then swung dead north up the Barrie or "Super Highway." The road map lists it as King's Highway No. 400, and it's really something to traverse. It's a four-lane affair, divided by a wide boulevard, and stretches away like twin grey ribbons of undeviating passage. There are some dips in it as it moves through green fields and rich farmlands, but these are few and far between. Views from rare hilltops are a treat to the eye. This highway passes through no towns, and is uncluttered by unsightly signs or gas stations. The Ontario Department of Highways has been strict about what shall border the 400, and it looks as if it has paid off. Gas stations are in existence, but several miles apart.

After awhile we swung around Barrie, left 400 and entered Highway 27. Penetanguishene was the next stop, where we rambled through the Old Fort in tow of Wilfrid Jury, Professor of Archaeology, University of Western Ontario.

The Old Fort at Penetanguishene, on Penetang Bay was founded during the War of 1812 to protect the Upper Great Lakes system and the Canadian West. The excellent natural harbor had been recognized by Governor John Graves Simcoe as early as 1793. Yonge Street (Highway 11) was intended by him to be a military road from Toronto (then York) to this point. Hulls of old American warships are in exhibition here, and many relics of those days reside in the Fort Penetanguishene Museum.

One o'clock in the afternoon found us at Martyr's Shrine as guests of the Midland Chamber of Commerce, whose representative, was Hugh Blair, president, and the Jesuit Fathers, represented by their director, Rev. Joseph Fallon.

The Martyrs' Shrine, a large church, overlooks the ruins of Fort Ste. Marie, built to honor Fathers Brebeuf and Lalemant of the Jesuit Missionaries, who were tortured and murdered for their faith in 1649. Fort Ste. Marie was the first permanent white-man's residence on Georgian Bay, and was the fortified domicile of the Jesuit Missionaries, who ministered from 1635 to 1649 to the 30,000 Huron Indians. The Iroquois drove the Hurons and missionaries out, and the whole story seemed lost in oblivion until 1930, Rome proclaimed the eight missionaries as the first canonized saints of North America.

Another outstanding record was in store for us a Orillia. The town of Orillia and the Orillia Chamber of Commerce were our hosts. This affair took place at local Armories after visits to the beautiful grounds of the mental hospital, library, community center and town hall, as well as many other points. Copies of "Sunshine Sketches" by Stephen Leacock were presented to the editors on behalf of Orillia, Leacock's hometown. A motor-boat ride on Lake Couchiching "Lake of Many Winds" ended our day in Orillia.

Sunny weather greeted us on June 12 at the Clevelands House in the Muskoka Lake area.

Clevelands House is, says its gaily-colored folder Ontario's first resort (1866), but doesn't seem to lack any of the modern conveniences. Again according to the folder, "it is 12½ hard-surfaced and paved miles north of Toronto." Evergreens are plentiful and add to the charm of the place.

The resort is made up of three main lodges, covers 160 acres, and has an accommodation capacity of 220. U. S. Editors inaugurated its 85th season, and according to Proprietor Wright it's the first time in that number of years that anyone other than a Minett(name of the founder) has been in charge of the place. Co-owners are Laura and Ted Wright. Ted is a former member of the Department of Travel and Publicity, and an ex-newspaperman from the Toronto Telegram.

A display by the Ontario Department of Lands and Forests under the direction of Jack C. Dillon, Supervisor of Forest Fire Control, was extremely educational. Planes took part in a water-bombing operation, which left onlookers impressed with their accuracy. The planes passed over a float several times dropping water-bombs (bags filled with water), six to eight bombs each time. Another demonstration of dropping supplies by parachute followed, and came off well despite a stiff breeze.

I was one of seven lucky members of the tour who were privileged that day to be flown by sea plane into the Algonquin Forest where we were set down along with two rangers and spent the afternoon and next a.m. fishing for lake trout. Lack of the proper equipment held the catch to three nice fish.

One of the outstanding features of the entire trip was that ride with George Phillips, park superintendent, over about 150 miles of lakes and forests and have him zoom down and point out moose and deer feeding along the lake shores. One can never appreciate the vastness of this country until seen from the air.

Ninety miles from Clevelands House, we joined the bus at Cache Lake in Algonquin Provincial Park, where we stopped as guests of Lands and Forests with Park Superintendent George Phillips being our man of the moment. Here we saw a 180-lb. black bear lying on the dock. He had been killed that a.m. after trying repeatedly to break into a local store house.

We were the recipients of more hospitality with a picnic lunch at the community house of the Forest Ranger Station at Cache Lake.

Algonquin Park has an area of 3,000 square miles and has been set aside and dedicated to the people of Ontario by the Department of Lands and Forests. Here are found the highest uplands in Ontario. It is a fountain spilling its water in all directions. The highlands, reaching an elevation of 2,000 feet, produce cool night of sleeping pleasure. Its lakes and streams produce some of the finest fishing in the province. The wildlife is protected by park rangers, and provides an unending source of surprise and delight.

Although the bear on the dock at Cache Lake was not huge, it is said that bear weighing 400 lbs. can be found in the park. And unless it be a she-bear with cubs, you are in no danger of being attacked. Brush-wolves the size of Airdale dogs are to be found here, as well as deer, and many other smaller animals. We saw many deer carouse through the park, many taking titbits from people.

This report of Algonquin Park would not be complete without some comment on six-foot George Phillips, a trim-looking man with a great sense of humor and a colorful background. Clint Melville filed us in on Mr. Phillips, while riding to Renfrew. Though in his 60's he doesn't look it. He has served in two world wars as a pilot, being captured in Vichy, France, during the second World War. When called in for the annual checkup of pilots by Lands and Forests, he astounded the medico by walking around the office on his hands and challenged the doctor to do the same. It is said that he can do anything with a Beaver plane, and after his flying exhibition of today, I can well believe it.

Renfrew, 116 miles along Highway 60 was the next port of call. We booked into the Hotel Renfrew about 6:15 p. m. Exactly 60 minutes later found us at the Renfrew Golf Club for a reception and dinner. This had been preceded by a reception at Hotel Renfrew, and when I state that the people turned out en masse to welcome the editors, I'm not kidding. The community pride in these Ontario towns and cities is something to be admired.

The dinner was highlighted by the presence of the Renfrew Highlanders' Band, which played several renditions on the bagpipes. This was a stirring display. An open-air show by the Highland laddies (Canadian version) had been planned, but rain drove them indoors! However, their show was no less impressive, and no less overpowering.

Next came a trip to the Chenaux Power Development on the Ottawa River, at the Chenaux Rapids, a project capable of developing 160,000 horsepower to serve the rapidly increasing demands of southern Ontario. This mighty source of power was started in 1948, and cost an estimated $28,900,000. Three dams were necessary to close the channels of the Ottawa River at Chenaux, and have a total length of 4,000 feet: The main dam, incorporating the intake, and powerhouse is 1,400 feet long. It stretches from the Ontario shore across the interprovincial boundary.

A special industrial show exhibiting 15 different products of local manufacture, was the curtain event for the visitors—except for another reception.

For three and one-half centuries, happenings along the mighty Ottawa have made Ontario history. Champlain and the early explorers blazed the trail. Missionaries and fur traders followed. Later, lumbering became the principal industry and today it still flourishes with giant rafts floating to market or to pulp mills. In modern times, harnessing of Ottawa's fast waterways has provided much of the power to make Ontario industrially great. Two of the main centers in this district are Renfrew, which we had just left, and Arnprior, which we passed through. All this I learned as we shot southeast along Highway 17 for a 63-mile perambulation to Ottawa, capital of Canada.

At the junction of Highways 15 and 17, on the outskirts of Ottawa, we were met by escorts from local police and Royal Canadian Mounted Police, only the latter was mounted on a motorcycle instead of a horse.

We rolled into Ottawa via the road encircling the 500-acre Ottawa Experimental Farm.

Our time table said we should leave for Lansdowne Park via Rideau Canal at 11:45 a.m. and we hit it right on the nose, once registering at the Chateau Laurier was over and our baggage problems squared away.

They told us it was Hotel Chateau Laurier, but you could have fooled me. With its towers and turrets, hard by the Rideau Canal, the solid structure reminded the writer of some medieval castle—and this is no flight of imagination.

A few minutes walk from the hotel and we embarked on a mile and one-half ride on the Rideau Canal for Lansdowne Park, and luncheon. Standing treat this time was the Ottawa Tourist and Convention Bureau, whose delegate was Alderman George Sloan, Vice-Chairman of the Civic Tourist and Convention Bureau. Lady Mayor Charlotte Whitton greeted the party on behalf of Ottawa at the Assembly Hall in the park.

Miss Whitton spoke at some length on the history of Ottawa, the wonderful relationships now existing between U.S. and Canada, and stated that our branch of the press, autonomous and independent, had a great influence on the public, and would do much to keep our relationship intact.

A unique touch was added here when Miss Whitton announced that the U.S. ambassador to Canada, due to circumstances beyond control, would not be present at the luncheon, and had delegated her to represent him. She felt that it was indicative of the good feeling existing between the two countries, when the ambassador would ask the mayor of a city in a foreign country to act on his behalf where American newsmen were concerned.

"Look, Mommy, I'm getting to be a big girl now. See, another tooth!"

Debby is the nine-month-old daughter of Mr. and Mrs. Lloyd Erdmann, 946 Binns-blvd. From her expression as the shutter was snapped, she might have been saying the words above at the instant.

"Daddy, what is leisure?" asked the child.

"My boy," replied the man, "leisure is the two minutes' rest a man gets while his wife thinks up something for him to do."

TOLERANCE

I think no thrush has ever changed its song
Because a sinner passed beneath its bough.
It sang for saints but yesterday, and now
It sings for one whose heart is stained with wrong.
Dear Lord, I ask: "Do nature's gifts belong
Alone to those who chant some pious vow,
Or do You, in Your providence endow
All men with love, the weak ones and the strong."
Can he be wholly evil's partisan
Who, on his way to some base rendezvous,
Pauses to hear the lark, or give a hand
To help a little child? Is such a man
Really corrupt and bad? Or is it true
That God will see and, seeing, understand?
H. F. Stoddard (Reprinted.)

Just wondering — How anyone who truly believes in God and in His teachings, can be intolerant or unkind. Surely a minister of the Gospel should be kind and should "judge not." That is why many of us were shocked at a funeral recently when the officiating minister told the bereaved family and friends that the deceased had not been a "good" man; the only reason he gave for the statement was tha' the man had not attended church. . took several of us "sinners" a long time to convince the seven-year-old daughter of the deceased that her daddy HAD been good and had gone to Heaven. It is not for me to criticize the minister—any more than it is for him to say the man had not been a good man—but I do criticize him, just the same. I have never claimed to be very good and am certainly no student of theology, but everyone is entitled to his own opinion; mine is that true religion is not "puffed-up" or holier-than-thou. One had only to look at the faces of the family and the friends and the neighbors of this man who had died, to know that he had been loved and respected. Neighbors spoke of his unfailing kindness. Many charities were richer for his many anonymous donations. Several years ago, I wrote about a little sick boy whose parents were in need of a great many things. After the story appeared in this column, the "sinner" was the very first one to ask for the boy's address. Later, I learned that he had sent food and money to the little boy's family. I hope that minister is sleeping well these nights, after breaking the heart of a little girl.

Also just wondering—if Dr. John N. Wolfe still likes cats. Now there's a cat-fancier from 'way back, and a nice guy, too . . . How many people drive out into the country at dusk, to watch the "lightning bugs" (fire flies, to you city folks) and listen to the whippoorwills . . . What ever happened to Mrs. Hattie Mann who was a correspondent from Korea, Ky., to a Louisville paper. Her columns were to be published in book form by a large eastern publisher, the last I heard. That is one book I must have . . . How many shopping days 'til Christmas.

From somewhere: The world started to smash about the time it abandoned the hand-cranked ice-cream-freezer, the finest device ever invented for teaching youth that hard work has its reward . . . Nothing damages a car more than attempting to trade it in . . . Mealtime is when youngsters sit down to continue eating . . . The lady who wanted to show off her son's scientific knowledge to members of her bridge club, called the youngster in and asked: "Bobby, what does it mean when steam comes out of the spout of the kettle?" "It means," said Bobby, "that you are going to open one of Daddy's letters" . . . It's amazing the heights a man can attain by remaining on the level.

Thomas Dowdy Pitches A No-Hit Game In Glenwood Little League

The performance of the week and maybe of the year was turned in Thursday, July 1, by Thomas Dowdy who pitched a no-hit game for his fellow Indians, while winning over the Dodgers in the Glenwood Recreation Center Little League. Dowdy struck out 18 men in the six inning affair. The lone Dodger run came in the fifth inning when Rich Nader walked and scored on an error for the Indian's second baseman.

Not only did Dowdy pitch a no-hit game, but he helped the cause in the third inning with a long homer into deep centerfield, his second home run of the season.

The Eagles had little trouble in clawing a 13-3 win from the Dodgers in Monday's game, June 28, at Glenwood Center.

Wildness on the part of the Dodgers' pitching staff counted for most of the Eagles' runs, but the Eagles' 10 hits added to 10 walks given up by Dodger pitchers seemed to be the big factor in the winning.

The Cowboys remained in first place in Glenwood's Little League this week by downing the Eagles 11-2 in Tuesday's game, June 30. The Cowboys had little trouble in winning behind the fine pitching of Mike Mentel, who allowed only three hits while his fellow cowhands were rounding up six hits. The win gave the Cowboys a 2-0 league record.

Dodgers forfeited to the Cowboys on Friday, July 2.

RING YOUR OWN

A man returning home in the early hours saw a notice on a factory door. It read: 'Please ring the bell for the caretaker."

He gave the bell a terrrific pull, nearly dragging it from its socket. Shortly a sleepy face appeared.

Are you a caretaker?" asked the man.

Yes," came the reply. What do you want?"

I just wanter to know why the dickens you can't ring the bell yourself "

The Rocetts won a 27-12 victory over Sunshine Friday, June 25, at Sunshine Recreation Center.

Jane McIlyar, Vicki Quinn and Dee Elliott scored six runs each, Beverly Gill, five, and Mary Huff, four for Glenwood while Sandy Nutini came in three times, Mary Seiner, Bev Bickert and Karen Leasure scored twice and Joy Lynn, Mary Landry, and Connie Kettell; once for Sunshine.

The Rocetts led 18-4 the first inning, 27-6 the second, and won 27-12.

Navin Home Is a Natural Eye-Catcher

By Grace Durflinger

Many who drive out N. Hague-av remark about the lovely home of Mr. and Mrs. Paul J. Navin, 2780 Valleyview-dr, located at the corner of N. Hague-av and Valleyview-dr.

The Navins, residents of this area since 1927, were formerly of 2716 Dibbles-av. Their two-year-old brick and stone home offers a particularly interesting exterior view as it is a two-level one-floor plan, set among the trees on a beautifully-landscaped hillside.

Within the two levels are six rooms and two baths, in addition to a utility room, office and recreation room.

The combined living room and dining room is decorated in green and rose, accented by gray and gold. It features a stone fireplace and a wall panel in a Shangri-la garden pattern, which is repeated in the white and gold drapes. One of the interesting pieces among the living room furnishings is a solid brass lamp with pewter trim, which belonged to Mrs. Navin's uncle and was saved from the 1913 flood.

The hall leading from the living room gives access to three bedrooms and two baths, in addition boasts a large four-foot cabinet, a towel cabinet, a large linen closet, and a guest closet.

The master bedroom is of a bold velvet blue, strikingly contrasted by white. The bedroom suite is of modern bleached mahogany.

Scarlet and Gray Used

The second bedroom features a bright scarlet ceiling contrasted by gray walls and a gray carpet. Scarlet spreads on the twin beds of the maple suite accent this unusual decor, which was selected by Mr. and Mrs. Navin's eldest son, a graduate of Ohio State University.

In the guest room, rose walls and carpeting make a warm background for the bedroom suite, which is painted a fresh and delightful pastel green. A sewing machine keeps Mrs. Navin busy when she is not occupied with her many other household duties. All the bedrooms boast spacious closets with double sliding doors.

The coral and burgundy bathroom is complimented by the pastel green of the fixtures. A concealed device in the ceiling includes a light, heater, and fan.

Handy Gadgets in Kitchen

The blue and yellow kitchen is outlined with the same birch woodwork that is featured throughout the home. Cheerful yellow tile surrounds the dinette, while the linoleum floor is of bright blue. The kitchen fetaures a dishwasher, automatic garbage disposal and one of the three exhaust fans in the house. A gas incinerator in the basement solves the problem of trash disposal.

The lower level of the home is made up of two L-shaped rooms, paneled in pine with a green and white floor of asphalt tile. Within these rooms is the office of the Navin Insurance Agency, as well as utility space, a freezer closet and a recreation room that includes a dinette and a fireplace of glazed white brick.

The Navins' two sons, Sonny and Phillip, share the lovely home with their parents. They also have two daughters, Betty Lou, wife of Dr. James Jones of Mt. Sterling, has four children; Joanne, now Mrs. Jack Federer, has one child. The Federers are residents of the East Side.

The Navins are members of St. Aloysius Church. Mrs. Navin is a member of the Valleyview Literary Guild, St. Charles Mothers Group, and Circle 9 of St. Aloysius Church.

This two-level one-floor plan of brick and stone, located at 2780 Valleyview-dr, is the home of Mr. and Mrs. Paul J. Navin. Its unique structure and gently sloped landscape help it make it an eyecatcher of passersby.

LIVING ROOM—The master touch which completes this green and rose living room is the Shangri-la Garden pattern which panels the far wall. The pattern is repeated in white and gold drapes at window.

KITCHEN—Any weary homemaker would perk up when introduced to this cheery blue and yellow kitchen. Birch cupboards in foreground frame the archway between dining room and kitchen and are a beautiful example of master workmanship.

RECREATION ROOM—The above picture of the Navin recreation room is a picture of comfortable living. The two large L-shaped rooms are paneled in pine and floored with long-wearing asphalt tile. Mr. Navin's business office is beyond doorway in background.

Importance Of Orientation Of House To Land Is Stressed

Although orientation of a house upon a plot of ground is frequently overlooked in home building, it is of utmost importance according to leading architects and builders. They advise planning the site and the building to fit together in closest possible harmony.

Orientation is explained as making the most of the view, of the sun throughout the day, and of the prevailing breeze. Privacy can also be obtained by properly locating a house.

Home building experience shows it is best to have the living room face south, southeast or east. Many families also find it desirable to have the living room face away from the street with its noise and dirt.

In this respect, odd-shaped lots can often be used to good advantage. A garden or terrace is placed at the side or rear of the house and the living-room situated with a view in that direction.

A variation of this style is a U-shaped house with the living room opening on a terrace between the wings. This frequently is desirable on narrow lots in crowded suburban areas.

The kitchen should not face west, because in that direction it gathers heat from the hot afternoon sun. Some architects prefer to place the kitchen on the north side of the house where normal kitchen heat will help absorb cold winter winds.

Bedrooms, used largely at night, ordinarily can face any direction. However, one common objection to a bedroom which has an eastward window is that morning sun enters the room at an unwelcome hour of the day.

Architectural styles in general must also be considered in planning harmony between house and ground. For example, a house designed for a level lot might not take advantage of certain charming features which can be devised for a hillside lot. Or an architectural treatment ideal for a corner lot can lose its appeal when placed between two other houses.

TAKE YOUR TIME

Don't be in too much of a hurry when you use paint and varnish remover. Give it time to soften the coating. The old paint or varnish then should be easy to scrape off.

EASIER TO CLEAN

Waxed woodwork cuts down cleaning. Rub spots that are handled often with a thin coat of liquid wax.

BEDROOM—The master bedroom, striking in its decor of bright blue and white is flooded with light and fresh air from the large corner windows which are framed by frilly organdy and straight drew-drapes of white. A chaise lounge matching the blue walls and trimmed in white edging completes this charming room.

'Studio' Room Is Regaining Its Popularity

The "studio" or general purpose room which was an accepted feature in big homes of the past is on its way back. A temporary victim of the trend to small houses, it had too many advantages to be permanetly ignored. Women of today, unable to get domestic help, find that such a room is more desirable than ever before.

A big advantage of the extra room is that it provides a place where household jobs can be done without disturbing or dirtying up other rooms. It need not be put in order after every use. Closing the door is sufficient to shut it off from the rest of the house when there are visitors.

A room of this kind makes an excellent play spot for the children. It can be used as a work room for sewing, ironing or any of the many tasks that require extra space or equipment. In an emergency it also can double as a guest room.

New Radiator Covers Come Asbestos-Lined

In a year for which more home remodeling is predicted, it is real news that good-looking enclosures for exposed radiators are now available.

These covers are made of heavy steel, lined in asbestos, and are made in several sizes and colors. An extra charge is made if simulated wood grain finish is desired. Not only do the covers tend to groom a room, but surface soil is diminished.

Heating Home At Baseboard Not New Idea

Although the first patents for baseboard heating systems were issued as early as 1900, it is only in the last 10 years that this type of heating has met with wide popular acceptance, says the Plumbing and Heating Industries Bureau.

Today nearly 50 manufacturers are making various types of baseboards which are being installed in a wide variety of structures ranging from home and apartments to motels, commercial buildings, schools, churches, and many other buildings.

Baseboards are being used extensively, the bureau points out, in the modernization of buildings. Old-style radiation is being replaced by the attractive inconspicuous heat distributors.

The earliest application of the baseboard heating principle was in railroad cars, the bureau explains. Finned-tubes were used for heating railroad coaches in 1926.

In 1941 and 1942, studies at the University of Illinois indicated the high degree of comfort provided by heat distributors installed just above the floor level. Cast iron and finned-tube baseboards were offered almost simultaneously in 1945 and 1946 for domestic heating.

The three types of baseboard currently offered are made of cast iron, finned-tube, and pressed steel. The majority of the 50 manufacturers now making baseboards are selling some variation of the finned-tube style.

Five manufacturers are making two types of cast iron baseboard—the radiant type and the convection type. The latter is equipped with fins to increase the heat output. The former has a high output of radiant heat, somewhere around 55 per cent. Finned tube baseboard is made of steel pipe with steel fins, copper tube with aluminum fins, and copper tubing with copper fins. The finned-tubes are concealed behind an attractive sheet metal enclosure. While the heat from the finned-tubes is largely convection heat, some radiant heat is provided by the metal enclosure. Some finned-tube baseboards are equipped with dampers to control the heat output.

The various types of finned tube baseboards available today differ in the heat output. By varying the size of the tube, the size of the fin, the fin spacing, and the height of the enclosure, manufacturers can obtain a variation in heat output.

In order to assure the public of the utmost efficiency from heating baseboards, this product is rated for heat output under standards developed by the Baseboard and Finned Tube Technical Committee of the Institute of Boiler and Radiator Manufacturers. This Committee has also prepared an Installation Guide as a further means of assuring the installation of baseboards in the most economical and efficient manner.

Closet Colors Vary To Suit Room Uses

Closet colors should vary according to the rooms they are in, says Lilian B. Burtenshaw, who has charge of the "closet shop" in a leading New York department store.

"Bedrooms seem to call for blue or rose," the specialist asserts. "The top sales in stock merchandise are these shades. Yellow and green predominate in linen closets, while red and white seem to be the favorite choice for bays. Men prefer dark red or brown for closet colors and almost as many men as women have their closets decorated."

Self-Cleaning Shower Bath Head On Market

A new type of head for bath showers has a simple arrangement for dislodging any particles, rust or sediment that may become lodged within it. Science Service reports. The head is bullet-shaped and has a button on its face which, when pushed, permits the water to drive out the foreign matter.

CLEANING ASBESTOS

The Department of Agriculture says that washing or scrubbing with water and a fairly mild soap is the safest and most satisfactory way to clean asbestos shingles. If the shingles are to be refinished, an oil paint rather than a stain should be used.

DDT CLOSET LINING

Cedar paper containing DDT has been developed as a lining for clothes closets and storage chests to protect against moths and other insects.

MENACE TO LIFE

A cracked furnace firebox may allow fumes to escape into the house and cause asphyxiation.

New Heating Plants Effect Fuel Savings, Research Bureau Finds

Postwar developments in home heating systems should be investigated by every home owner, according to engineers for the Construction Research Bureau of New York, clearing house for building information.

Virtually all the new furnaces, whether they burn oil, coal or gas, have been designed to produce maximum heat with a minimum of fuel. Many home owners discovered last winter that by replacing old burners with modern equipment they effected substantial fuel savings. When accompanied by full-thick insulation of the house, such savings amounted to more than 50 per cent, bureau engineers said.

One of the outstanding postwar developments is radiant heat supplied by hot water pipes embedded in floors or ceilings. This gives a constant uniform heat and is widely used in homes without basements.

Another idea used extensively is to equip warm air furnaces with mechanical blowers to force cool air through the ducts during the summer. In winter, the same blower is used to heat the house with a minimum amount of fuel.

One of the most novel postwar ideas, brought on by recurring fuel shortages, is a furnace that will burn oil or coal interchangeably.
